On account of the lateness of the date on which this Act was assented to, the moneys granted by it were not available during the fiscal year 1929-30. and did not lapse on March 31, and accordingly have been regarded by the Finance Department as applicable to the fiscal year 1930-31.

Fourteen special warrants of the Governor General, totalling $808,700, were issued under authority of Section 42 (*b*) of the Consolidated Revenue and Audit Act. The amounts thus provided were subsequently included in Appropriation Act No. 3 for 1930-31 as votes 431 to 444. The statement of the Auditor General with regard to these warrants, called for by section 44 of the Act, was laid before the House of Commons on February 24, 1930.

Page 120—Classification of Casual Revenue by Departments showing comparison with 1928-29.

In the first of these statements the Ordinary Revenue is shown under the heads of General Revenue, Casual Revenue, Fines and Forfeitures, and Premium, Discount and Exchange, to correspond with the accounts kept in the Dominion Ledger.

The distinction between the classes of receipts entered as General Revenue and Casual Revenue is not clearly defined and, in previous reports, I have drawn attention to certain collections treated as Casual Revenue which I consider should be included in the General Revenue. Speaking generally, however, it may be said that revenues, the collection of which is specifically provided for in Federal statutes, are classed as General Revenue while moneys received as fees for licences, etc., proceeds of sales, refunds of expenditures of previous years, etc., are classed as Casual Revenue.

The particulars of the revenues collected by the various departments are given in the Departmental Summaries, pages 121 to 191, with references to the relative details of revenue in volume II.

ORDINARY REVENUE

The Ordinary Revenue for the year amounted to $441,411,806.18, made up as follows: General Revenue, $435,831,387.96; Casual Revenue, $4,300,709.82; Fines and Forfeitures, $748,342.64; Premium, Discount and Exchange. $531,365.76.

For the purposes of comparison the amounts of the gross and net ordinary revenues for the last five years are given in the following statement.

Fiscal Year	Gross Revenue	Less Deductions	Net Revenue
1925–26	$ 400,021,159 79	$ 19,275,654 21	$ 380,745,505 58
1926–27	419,558,838 11	20,863,061 73	398,695,776 38
1927–28	447,815,840 95	25,097,858 27	422,717,982 68
1928–29	478,875,831 72	23,411,957 98	455,463,873 74
1929–30	471,202,585 19	29,790,779 01	441,411,806 18

General Revenue.—Of the total General Revenue of $435,831,387.96 the Department of National Revenue collected $377,068,791.70 or more than 86 per cent. The collections by that department for the last five years are given below, classified under the heads of Customs Duties, Excise Duties and Taxes, and Income Taxes, etc.

Year	Customs Duties	Excise Duties and Taxes	Income and Business Profit Taxes	Total
1925–26	$ 127,355,143 50	$ 141,020,654 84	$ 56,745,410 12	$ 325,121,208 46
1926–27	141,968,677 64	154,126,320 44	48,096,411 41	344,191,409 49
1927–28	156,985,817 65	147,623,828 78	57,527,078 83	362,136,725 26
1928–29	187,206,332 47	146,692,236 50	59,877,555 52	393,776,124 49
1929–30	179,429,920 46	128,444,844 56	69,194,026 68	377,068,791 70

The principal increases and decreases in the General Revenue for the year were in the following services:—

Service	Increase	Decrease	Percentage
Customs Duties		$ 7,776,412 01	4 p.c.
Excise Duties	$ 1,350,747 70		2 p.c.
Excise Taxes		19,598,139 64	24 p.c.
Income and Business Profits Taxes	9,316,471 16		16 p.c.
Interest on Investments	1,290,642 75		11 p.c.
Post Office	2,733,421 61		9 p.c.
War Tax Revenue		662,068 38	31 p.c.

The decrease of $7,776,412.01 in Customs Duties is due chiefly to an increase of $6,233,731.96 in the amount paid out of revenue as drawbacks of Customs Duties, while the decrease of $19,598,139.64 in Excise Taxes is largely the result of amendments to the Special War Revenue Act.

Casual Revenue.—The amounts received during the year and recorded as Casual Revenue, with the comparative figures for the preceding year are as follow:—

Class of Receipts	1929–30	1928–29	Increase or *Decrease
Miscellaneous Revenue, Fees, Licences, etc	$ 2,541,761 10	$ 2,366,200 38	$ 175,560 72
Proceeds from sales of properties, supplies, etc	619,977 12	643,921 34	* 23,944 22
Sundry Receipts	270,968 18	335,830 32	* 64,862 14
	3,432,706 40	*3,345,952 04*	
Refunds of Expenditures of Previous Years	868,003 42	695,142 55	172,860 87
Totals	4,300,709 82	4,041,094 59	259,615 23

A general classification, by departments, of these receipts is given on page 120 of this volume, and the details will be found in the several parts of Volume II.

The principal items in the net increase of $175,560.72 in Miscellaneous Revenue are:—

Increases—	
Agriculture Department—Inspection Fees, etc.	$ 48,808 14
Marine and Fisheries—Radio-Telegraph Service	145,264 17
Decrease—	
Secretary of State—Decrease in amount of fees collected under Companies Act	60,324 18

The decrease shown in the Sundry Receipts is chiefly due to the amount of the surplus from the year's operations of the Department of Public Printing and Stationery being less by $40,932.55 than in 1928-29.

The principal increases in the Refunds of Expenditure were $87,500 in the amount received by the Royal Canadian Mounted Police from the Province of Saskatchewan for the Administration of Justice, together with $24,657.31 for maintenance and transportation of prisoners, and $70,087.29 received by the Department of Railways and Canals from the Canadian General Electric Company for the construction of a power plant superstructure at Nassau, Ont.

I again call attention to certain classes of fixed receipts referred to in previous reports as being of sufficient importance to warrant their being included in the General and not in the Casual Revenue. These receipts in 1929-30 were:—

Inspection Fees, etc.—Agriculture Department	$ 195,842 50
Sales at Experimental Farms—Agriculture Department	181,485 81
Radio-Telegraph Service—Marine and Fisheries Department	498,911 31
Rents of Public Buildings—Public Works Department	119,785 74
Fees under Companies Act—Secretary of State Department	650,616 30

Fines and Forfeitures.—The total amount of fines and forfeitures collected during the year was $748,342.64, an increase of $92,857.78 over 1928-29. Of this amount $639,066.69 was collected by the Department of National Revenue as against $437,184.72 in the preceding year. In 1928-29 a fine of $100,000 was collected by the Department of Labour, following a prosecution under the Combines Investigation Act, but no fines were received by that Department in 1929-30.

Premium, Discount and Exchange.—The total amount credited as Revenue under this head was $531,365.76, of which $531,087 is shown as Finance Department Revenue. The greater part of this revenue is due to that department including as revenue the discount on stocks purchased for Sinking Funds, which in 1929-30 amounted to $516,148.21.

Observations.—Continuing the practice followed in recent years, a number of inspections were made at collecting offices, references to which will be found in various chapters of this report and particularly in that on "Special Audits". Although, generally speaking, some further improvement seems to have been made with regard to the returns of the revenue, in offices where the duties of cashier, accountant and comptroller are performed by the same officer the responsible officials have not in every case appreciated fully the importance of exercising greater care and vigilance in ascertaining the correctness of the returns and statements which under sections 37, 38 and 64 of the Consolidated Revenue and Audit Act and the Treasury Board Minute of May 23, 1890, they are required to forward to the Auditor General.

Considerable loss of revenue may result from loose and inadequate methods of recording the revenue in the departments and controlling its sources, as has been found lately to be the case in two instances where special audits of departmental revenue have been made by my examiners, and as has been reported to me as occurring in other Departments. On this account I strongly recommend that a thorough survey be made by the deputy heads of departments of the conditions under which the collection of the revenue is effected with the view of ascertaining if their present system of collecting and recording the revenue affords a proper safeguard of the receipts.

As the Treasury Board regulations with regard to the receipt, entry and accounting for the revenue do not appear to have been revised since the Auditor General was first directed, some forty years ago, to examine and audit the revenue accounts, I have under consideration the advisability of drawing up and submitting to the Treasury Board for their approval, in accordance with section 32 of the Consolidated Revenue and Audit Act, revised and more up-to-date regulations and forms for the guidance of accounting officers in making up their periodical accounts for examination.

I must again emphasize the necessity for more frequent examinations and test audits at irregular periods, both in the offices at Ottawa and at the outside branches, by departmental inspecting officers, and for a stricter compliance with Treasury Board directions with regard to prompt deposit of collections.

The more important matters relating to revenue which during the year were made subjects of correspondence with the departments are indicated below with page references to the Precis of Correspondence in this volume.

The following additional information is submitted in regard to matters concerning the revenue referred to in preceding reports:—

Pages 216, 1927-28 and vi, 1928-29—Refund to British Columbia of Chinese Head Tax collected in 1923—During the year three refunds of the head tax were paid, reducing the amount held in suspense by the Immigration Department to $4,000.

Pages 226, 1927-28 and vi, 1928-29—Returns of Postal Revenue—No further modifications have been effected as yet in the returns of postal revenue, but I understand that the department is considering material changes in these returns.

Page 231, 1928-29—Creation of a Reserve, as authorized by Order in Council, questioned as being in contravention to the Consolidated Revenue and Audit Act—Effect was not given to the terms of the Order in Council referred to in this correspondence and the whole amount collected from fruit shippers, $17,025.38 was placed to the credit of the appropriation as a refund of expenditure.

SPECIAL REVENUE

The amount of $4,540,479.42 credited during the year to the Consolidated Revenue Fund Account as "Special Revenue" is made up of the following items:—

Receipts from the Imperial Government on account of reparation payments by Germany, representing $2,584,658.70 under the Dawes plan and $1,740,615.60 for the first two quarterly payments under the Young plan. In accordance with Section 50 of the Consolidated Revenue and Audit Act, certified statements of the Appropriation Accounts were duly submitted to me by the various departments and were examined under my direction and certified by me, as directed by subsection 2 of section 50 of the Act. They are published, preceded by a general summary, on pages 10 to 114 of this volume.

The unexpended portions of grants for the fiscal year amounted to $73,609,335.23, an increase of $15,353,248.78 over the amount unexpended in 1928-29. The amount by which grants were exceeded was $505,510.46, for which a special parliamentary appropriation will be necessary.

The following comparative statement shows, under services, the amounts by which grants were exceeded in each of the last three fiscal years.

(a) Shown in 1928-29 as Soldiers' Civil Re-Establishment.

From the figures given in the above statement it will be seen that, after allowing for the unusual over-expenditure of $1,048,482.21 on account of Pensions in 1928-29, the amount of the over-expenditures of appropriations in 1929-30 exceeded that of the preceding year by approximately $20,000. As pointed out on page v of my report for last year, the responsibility for these over-expenditures rests entirely with the departments administering the appropriations exceeded and especially with the accountants of the departments whose duties in such cases are clearly defined in an executive regulation approved by the Governor in Council on July 7, 1892. The over-expending of appropriations has the effect of lessening parliamentary control over expenditures and, although in very exceptional cases it may have to be permitted, the practice is to be deprecated and means should be taken to prevent it.

No explanations with regard to appropriations not fully expended were furnished by two of the departments. As the amounts voted were based on estimates submitted by the various departments, I consider that the House of Commons is as much entitled to explanations of under-expenditures as of over-expenditures.

The unexpended portions of appropriations for 1928-29, amounting to $58,256,086.45, were surrendered and written off, while the over-expenditures were provided for by Vote No. 445 for $1,572,328.10, included in Schedule "B" to Appropriation Act No. 3, of 1930.

The audit of the expenditures was carried out, as far as possible, *pari passu* with the cash transactions. The application of a pre-audit, or examination of accounts before payment, was continued on the same lines and to the same extent as in previous years.

In accordance with the provisions of section 60 of the Consolidated Revenue and Audit Act, I desire to report the result of the examination of the expenditure in reference to the following matters:—

(*a*) Issue of Cheques—No Receiver General's cheques for public moneys were issued during the year without my certificate.

(*b*) Grants exceeded—A statement of the grants exceeded is given in a preceding section of this Introduction.

(*c*) Expenditures of Moneys received by a Department from other Sources than the Grants for the Year—The practice followed by certain departments of making use of various receipts, such as proceeds of sales, etc., has frequently been referred to in previous reports. Attention is called to this practice, so far as it prevailed during the year under review, by means of audit notes appended to the Appropriation Accounts and also in the Precis of Correspondence.

(*d*) Proofs of Payment—I am informed by my examiners that, except in a few cases which have been made the subject of audit notes and are also dealt with more fully in the Precis of Correspondence, satisfactory vouchers and other proofs of payment were sent me by the various departments.

(*e*) Payments which did not occur within the period of the account are made the subject of a subsequent chapter of this report. Payments which were not properly chargeable against a grant or were in any way irregular are referred to in the Precis of Correspondence.

In continuance of the practice of previous years, local audits and inspections, in regard to certain government accounts and activities concerning which sufficient information was only available locally, were made under my direction at a number of outside offices. The findings of these audits and inspections are referred to more fully in the chapter on "Special Audits" and in other chapters of this report.

A number of questions arising out of the audit were submitted by me to the Treasury Board; these are referred to in various chapters of this report, and the correspondence with regard thereto is published in full on pages 268 to 291 of this volume. I am informed that the Board has some of these matters still under consideration as well as several others submitted to them in previous years which had been held over for the time being.

The Precis of Correspondence published on pages 317 to 329 of this volume gives a very slight idea of the number of matters which were made the subjects of an exchange of correspondence with the departments, the great majority of which were satisfactorily dealt with and are not published. Certain of the matters, however, involving questions of principle although satisfactorily explained or adjusted, are published as a direction to the departments when similar questions arise in the future, including the following which are not referred to in other chapters of this Introduction.

Correspondence with various departments with regard to stationery supplies and printing obtained otherwise than through the King's Printer has not been included in the Precis as the whole question has been referred to the Treasury Board (see page xvii).

Additional information is submitted hereunder with regard to matters concerning the expenditures mentioned in the Precis of Correspondence published in my report for 1928-29 and in previous reports.

Page 228—Payments for Air Mail not satisfactorily vouched for nor properly certified—There has been no recurrence of the irregularities referred to and all expenditures are now supported by properly certified vouchers.

DEFERRED PAYMENTS ON BUILDINGS

During the year an agreement was entered into with the Regina Armoury Association for the purchase of a building erected by them for armoury purposes. The terms of this purchase, which were similar to those for the purchase of the Westmount Armoury, call for a series of semi-annual payments of $13,927.32 each, extending over a period of twenty years.

All instalments and interest charges falling due during the year in connection with buildings, purchased on the deferred payment plan, including the final payment on the Lavut Building in Montreal, were met.

Overdrafts of Letter of Credit Accounts

An application was made by the Post Office Department to repay the Bank of Montreal for letter of credit cheques issued during March to the amount of $512,830.53, which had resulted in an overdraft of $430,664.44 in the departmental letter of credit and also an over-expenditure of $224,850.67 in the vote for salaries of the postal service. Having called the attention of the Finance Department to this matter, it was agreed to issue an additional credit and to repay the bank, as it was not considered advisable to withhold repayment from the bank which was unaware of any irregularity in respect to the issue of the cheques. A few small overdrafts in the letter of credit accounts of other departments were also observed at the close of the year.

My remarks in previous reports relating to the illegality of these overdrafts still apply and I again recommend that means should be taken to avoid in future their recurrence at the end of each fiscal year.

Payments which did not occur within the period of the Account

Subsection (e) of section 60 of the Consolidated Revenue and Audit Act directs that I shall call attention, *inter alia,* to every case in which a payment charged did not occur within the period of the account. This subsection has been interpreted as a direction to report all cases in which payments have beeen made during a fiscal year of claims which had accrued and become due before the beginning of that year. As pointed out in my previous reports, so long as section 49 of the Consolidated Revenue and Audit Act remains in force, similar payments will be made each year. The large number of such payments, which are included in the general details shown in Volume II, precludes the reporting of each separate item, but the total amount of such payments during the year may be stated as being approximately $5,000,000.

Unexpended Balances of Advances

Considerable attention has been given by my examining officers to the matter of the prompt accounting for unexpended balances of advances to officials and the departments generally have appeared to be willing to co-operate with this office in an endeavour to have these balances duly accounted for during the year in which the advances were made or within a reasonable time after the close of that year. As a result of the steps thus taken several amounts which had been outstanding for a considerable time have been satisfactorily accounted for.

Recently serious irregularities have been disclosed with regard to certain of these balances which are being investigated by my representatives, and it is my intention to make numerous inquiries, during the current year, into the methods followed by departments in dealing with such balances.

The unexpended amounts reported last year as held by the liquidators of the Home Bank have been satisfactorily accounted for, and the unexpended amounts remaining in the hands of the Marine Biological Board and the National Research Council are referred to in subsequent chapters of this Report.

Automobiles and Operating Costs

As shown in the "Grand Summary and Classification of Expenditure by Departments," on page 192 of this volume, the expenditure during the year on new automobiles, automobile repairs and renewals, but not including gasoline and lubricants, was $783,076.75, being $148,527.65 greater than that of the preceding year.

The following are the expenditures of this nature for the past four years with the percentages of the increases over the expenditure of the preceding years:—

Year	Expenditure	Increase	Percentage of Increases
1926–27	$ 484,388 69	$ 140,959 91	41
1927–28	541,926 64	57,537 95	12
1928–29	634,549 10	92,622 46	17
1929–30	783,076 75	148,527 65	23

The continued increase of this class of expenditure which in 1929-30 exceeded that of 1926-27 by more than 62 per cent, warrants my again calling attention to remarks in previous reports pointing out the necessity of departmental provision being made for a comprehensive and systematic internal audit of this class of expenditures and also the advisability of the establishment of a central system of control over the acquisition and distribution of all automobiles.

Bonding of Government Officials

On page xiii of my Report for 1927-28 I drew attention to the various methods followed by the departments in dealing with charges for premiums on guarantee bonds. The situation remains the same as there outlined, although the question as to the legality of the payments has been clarified by an opinion of the Justice Department given in a letter to the Finance Department, under date of June 7, 1929, a copy of which was transmitted to this office in June, 1930, to the effect that, under Section 28 of the Public Officers Act, it is competent to the Governor in Council to direct that the premium in any case or classes of cases shall be paid by His Majesty, but that he does not find any authority in that Act for the quite general departmental practice of paying these premiums without the authority of a Statute or an Order in Council.

It is presumed that when the departments are informed of this interpretation of the Act they will apply for the requisite authority when they desire to make payments for guarantee bond premiums from public funds.

Another aspect of this matter appears to call for early consideration. The only existing general regulations defining the circumstances under which security is required to be given, are embodied in an Order in Council issued in 1869. As through efflux of time these regulations have become practically obsolete, I recommend that they be revised so as to meet present day requirements by giving the departments definite directions as to when and to what extent bonds should be given.

COMMERCIAL INTELLIGENCE SERVICE

The expenditure by the Department of Trade and Commerce on account of Commercial Intelligence Service amounted to $663,378.14, as against $495,183.92 in 1928-29, an increase of $168,194.22. This increase of approximately 34 per cent is the result of a considerable extension of the service, new offices being opened up at the following eight foreign cities: Athens, Chicago, Hong Kong, Lima, Oslo, Panama, San Francisco, Tokyo.

In the publication of the details of this expenditure on pages 18 to 23 of Part ZZ in Volume II, a new classification has been adopted this year which it is thought will be more informative.

DOMINION ASSAY OFFICE, VANCOUVER

The gold purchases in 1929-30 by the Assay Office amounted to $968,380.45, all of which together with the gold remaining on hand at the close of the preceding year, valued at $86,721.66, was transmitted to the Ottawa Mint, where it was valued at $1,055,754.57. The resulting profit of $652.46 is included in the Casual Revenue of the Department of Mines.

The expenditure, amounting to $22,665.04, in connection with operating the Assay Office was provided for by a Parliamentary appropriation.

ELECTIONS

A total amount of $26,292.02 was expended by this office on account of Elections, of which $23,738.40 was for by-elections held during the year, $2,190.02 for general expenses, and $363.60 for outstanding accounts in connection with the general elections of 1925 and 1926. The above amounts do not include the salaries paid to any of my staff engaged in this work. Particulars of these expenditures are given in Volume II, Part N, pages 14 to 16.

EXPENDITURE RESULTING DIRECTLY FROM EUROPEAN WAR

The expenditures directly attributable to the European War, exclusive, however, of interest on any part of the Public Debt representing War Loans, are shown in the following comparative statement:—

—	1929-30	1928-29	Increase	Decrease
Adjustment of War Claims	$ 94,995 75	$ 119,847 74		$ 24,851 99

Net decrease				470,213 66

Canadian Battlefields Memorials.—The payments during the year amounted to $168,966.63, as shown in Volume II, Part Q, page 69. Of this sum $121,414.37 was paid to H. T. Jenkins & Sons, on account of their contract for the erection of a monument at Vimy Ridge, making a total amount of $488,707.98 paid to these contractors since the beginning of the work in 1925-26.

The total expenditure to March 31, 1930, on the Battlefields Memorials amounted to $1,629,279.71.

EXPERIMENTAL FARMS

A summary of the revenue and expenditure in connection with the various Dominion Experimental Farms, compiled as in previous reports, will be found on page 251 of this volume, from which it will be seen that the net cost of operating the system of farms throughout Canada, including expenditure by the Public Works Department for repairs to buildings and the cost of the expropriation of the Booth Farm at Ottawa, was $2,280,889.67, or $431,496.72 more than in 1928-29.

During the year an amount of $271,328.10 was paid, under Exchequer Court award, from the Consolidated Fund to the J. R. Booth estate, in addition to $50,000 paid in the preceding year, bringing the total cost, to date, of the Booth Farm up to $321,328.10.

The proceeds of sales of produce, etc., amounted to $312,796.27, as against $295,061.97 in 1928-29, an increase of $17,734.30. Of the above amount of total sales, $131,310.46 was credited to the Appropriation Account and re-expended without due Parliamentary authority, and the balance of $181,485.81 was deposited as revenue to the credit of the Receiver General.

No change has been made in the system of control of advances to farm superintendents.

IMPERIAL AND FOREIGN SERVICES

The following is a comparative statement of the amounts expended in 1928-29 and 1929-30 for Imperial and Foreign Services:—

	584,812 13	524,703 52	60,108 61

The appropriations relative to these expenditures have, at my request, been inserted together in the Appropriation Act, under "External Affairs." The grants and expenditures thereunder appear in the Appropriation Accounts on page 24 of this volume, while the details of the expenditures are given in Part "E" of Volume II.

In addition to the above expenditures by the Department of External Affairs in connection with the High Commissioner's Office, the Department of Public Works expended $40,660.74 in 1928-29, and $40,758.92 in 1929-30 for rent, repairs, etc., for the Canada Building, London, Eng.

INTEREST PAYMENTS AND REDEEMED BONDS AUDIT

The audit of Interest payments and of cancelled securities called for by subsection 2 of Section 18 of the Consolidated Revenue and Audit Act and by Treasury Board Minute of January 20, 1925, was carried out with greater effectiveness and in a more complete and satisfactory manner than at any time in the past, as my examiners are furnished with additional information, including certified statements with regard to the engraving, the issuing and the cancellation of the bonds and interest coupons.

The following is a brief summary indicating the extent of the work involved in carrying out these audits:—

Coupons, cheques, bonds, etc.—number handled	5,917,152
Interest cheques	$ 36,789,683 12
Interest coupons counted and valued	$ 66,106,898 13
Redeemed bonds examined	$ 74,895,450 00

KING'S PRINTER'S ADVANCE ACCOUNTS

In accordance with the provisions of the Public Printing and Stationery Act an examination was made of the stock records for 1929-30 of the Government Printing Bureau and Stationery Office and of the stock on hand at the close of the year, which was found to amount to $472,108.33, a decrease of $68,522.24 from that of March 31, 1929.

Means have been taken by the King's Printer to deal in a practical way with the large quantities of obsolete and inactive stock carried over from year to year and also to remedy certain defects in the Distribution Branch to which his attention was called as a result of the above examination.

During the year the King's Printer paid $461,583.79 for printing, lithographing, etc., ordered by him and executed by outside printing establishments, which is $137,077.98, or 42 per cent, greater than the amount so paid in 1928-29.

Notwithstanding repeated observations in preceding Reports with regard to the large amounts due by departments at the close of each fiscal year, these amounts have more than doubled within the last three years, the figures being for 1927-28, $194,276.01; 1928-29, $293,936.37; 1929-30, $437,243.89. These amounts virtually constitute an over-expenditure for each of the years mentioned and I consider that the practice of not paying the accounts during the year in which they were incurred defeats the purposes of sections 40 and 49 of the Consolidated Revenue and Audit Act. This matter has been referred to the Treasury Board and is now reported to the House in accordance with section 60 of the Act.

The following comparative statement shows the amounts due by the various departments at the close of 1928-29 and 1929-30, with the increases or decreases. In the majority of cases the arrears at the close of 1929-30 extend over a period of several months, in some cases as many as seven.

Financial statements of the King's Printer's Advance Accounts for the Printing Branch and for the Stationery Branch appear on pages 222 and 223 of this Volume.

While the provisions of the Public Printing and Stationery Act which direct that all stationery supplies be obtained through the King's Printer are, as a rule, observed by the various departments, I have had occasion in a number of instances to question purchases of articles of stationery without reference to the King's Printer with the result that in most cases the accounts were subsequently submitted by the departments to the King's Printer for his approval. Such purchases may be divided into the following classes:—

(*a*) Supplies purchased locally for government offices situated outside of Canada.

(*b*) Supplies for Commissions, Boards and similar bodies under government control or supported from public funds.

(*c*) Emergency purchases of articles immediately required by departments.

(*d*) Small purchases through petty cash advances or by officials travelling on government business.

As explicit provision for none of the above cases is made in the Public Printing and Stationery Act, I consider that it would be in the interest of the public service if definite regulations, passed on the recommendation of the King's Printer, were laid down for the guidance of departments.

Another difficulty which I have encountered in this connection is the absence of a determinate definition of the word "stationery" or of the phrase "other articles of stationery of whatsoever kind," as used in the Act. In some cases, and particularly in that of one of the largest departments, when I have questioned the purchase of certain articles which I considered should have been obtained through the King's Printer the departments have replied that they did not consider that such articles could be regarded as stationery. In order to avoid divergent interpretations of the act in this regard, more definite directions should be issued as to the nature of the articles which are to be obtained by departments through the King's Printer.

The above remarks are also applicable, although in a modified extent, to accounts for printing and advertising which section 5 of the Act requires the King's Printer to audit and approve.

These difficulties in the application of the Public Printing and Stationery Act have also been referred by me to the Treasury Board and steps are being taken to establish the desired regulations.

Statements of the several Land Settlement accounts will be found on pages 206, 227 to 229, 254 and 255 of this volume, and remarks on the various settlement schemes are given below.

Empire Settlement Scheme, Assisted Passages.—The reconstruction of the accounting records, referred to in my last report, has been completed, and the examination of the departmental books has been resumed recently. The usual current audit of the year's receipts and disbursements was made in this office.

A new agreement for the calendar year 1930 was entered into with the Imperial Government along the lines of the former agreement except as to the method of paying the transportation accounts. Under the present agreement the Imperial Government is to pay all accounts and is to be reimbursed by the Canadian Government for its proportion of the expenditures.

Tripartite Agreements.—Three provinces, Ontario, Manitoba and Saskatchewan, have now entered into joint agreements with the Dominion and Imperial governments to provide for the maintaining, in each of these provinces, of provincial farms for training boys from the United Kingdom and for their subsequent settlement and after-care. During the year the Dominion Government's contributions under these agreements were as follow:—

Province of Ontario:	
(a) for 458 boys who passed through the Vimy Ridge Training Farm in 1928-29 and who remained in Canada, and (b) for 276 boys who passed through the Farm between April 1 and Sept. 30, 1929, and who also remained in Canada	$ 7,340 00
Province of Manitoba:	
For 102 boys who passed through the training farm of that Province and who remained in Canada	1,020 00
	8,360 00

Up to the close of the fiscal year no amount had been paid to the province of Saskatchewan in respect of 76 boys who arrived in Canada during the year and proceeded to the training farm of that province.

British Agricultural Trainees.—In the early part of 1929 arrangements were made with the Imperial Government to place a number of British farm trainees on farms in Canada. The total amount disbursed during the year on account of transportation and maintenance of 3,354 of these farm trainees was $57,755.83, which after deducting the amount of $20,117.75 provided by the Imperial Government towards supplying them with food, etc., while in transit in Canada, left a net charge of $37,638.08 against the Empire Settlement vote on this account.

Soldier Land Settlement Loans.—The amount remaining due by Soldier Settlers, on account of principal of loans, as at March 31, 1930, was $67,187,824.64, which is $5,402,038.65 less than the amount outstanding on March 31, 1929. This reduction is made up as follows:—

Reductions in charges for live stock	$ 741 08	
Reductions in land valuations	3,636,431 61	
		$ 3,637,172 69
Transfers to General Land Settlement		744,304 36
Excess of repayments of principal over amounts loaned during the year		1,020,561 60
		5,402,038 65

The amount of $3,637,172.69 was written off as a charge against Consolidated Fund under authority of sections 67 and 68 of the Soldier Settlement Act (R.S.C., 1927, chap. 188), and was credited against the amount of $21,282,409.45 appearing in Schedule "L" to the Balance Sheet of March 31, 1929, among the "Miscellaneous Investments and other Accounts (Non-Active)," which is thus reduced to $17,645,236.76 or approximately 26 per cent of the above total amount due by soldier settlers on March 31, 1930.

The amount of $744,304.36 transferred to General Land Settlement represents the value at which lands previously held under loans to Soldier Settlers were transferred to settlers under the 3,000 Family Settlement Scheme and similar schemes.

The amount collected during the year from soldier settlers, on account of loans, was $3,635,839.41, of which $1,620,317.78, representing interest, was credited to Revenue as Interest on Investments, a decrease of $246,680.16 as compared with 1928-29, and the balance of $2,015,521.63 was credited to this account as repayments of principal, a decrease of $279,158.07 from the principal collected in 1928-29. The amount of new loans charged against soldier settlers was $994,960.03 or $1,020,561.60 less than the repayments.

General Land Settlement Loans.—The advances to British migrants under the 3,000 Family Scheme from its inception to March 31, 1930, are summarized as follows:—

—	Advances to March 31, 1929	Advances in 1929–30	Total to March 31, 1930
Value at which lands held by soldier settlers were transferred to migrants	$ 7,394,737 53	$ 744,304 36	$ 8,139,041 89
Value of lands acquired by purchase, sold to migrants	230,837 33	7,515 02	238,352 35
Special Cash Advances	84,947 20	127,460 55	212,407 75
	7,710,522 06	879,279 93	8,589,801 99
Less—Repayments by migrants	85,098 29	59,173 51	144,271 80
	7,625,423 77	820,106 42	8,445,530 19

The books in connection with the 3,000 Family Scheme and the New Brunswick Scheme, for the year ended March 31, 1930, were audited under my direction and comments thereon were transmitted to the Department together with my reports to His Majesty's Secretary of State for the Dominions, as called for by the agreement. In the course of the audit it was found that during the earlier months of the year the financing of these schemes was not strictly in accordance with the agreements.

The Balance Sheets and Cash Accounts of these two schemes will be found on pages 254 and 255 of this volume.

Cottage Scheme.—The revised agreement, referred to in my last report, has not yet been received. During the year twelve of the cottages were sold, realizing the sum of $2,116, which has been held in suspense, in the Immigration Guarantee and Special Fund, pending final disposal.

Repatriation Work of the Province of Quebec.—During the fiscal years 1928-29 and 1929-30, contributions, charged to the votes for Immigration Contingencies, were made to assist the province of Quebec in the repatriation of Canadian families resident in the United States and their establishment on farms in that province. Under the agreement, these contributions are not to exceed $50,000 for any one year. The total cost of repatriation for the two years was $76,268.72 in 1928-29 and $108,356.03 in 1929-30. The amounts contributed by the Dominion Government were as follow:—

—	1928–29	1929–30
Transportation of repatriated families	$ 12,606 66	$ 25,530 74
Directional work and aftercare	17,073 96	24,389 66
Totals	29,680 62	49,920 40

Establishment in Great Britain of Hostels for training Girls for Domestic Service. An amount of $4,120 was paid in 1928-29 from the vote for Empire Settlement to the British Overseas Settlement Department in respect of 206 girls who sailed for Canada and $940 of this was recovered from Provincial Governments who co-operated in placing 180 of these girls.

LEGAL SERVICES AND DISBURSEMENTS, INCLUDING TAXED COSTS

The customary statement of payments for legal services, etc., will be found on pages 237 to 243 of this volume. The total expenditure during the year was $456,505.41 which is $26,107.80 greater than the expenditure in 1928-29, as appears from the following comparative statement:—

—	1929–30	1928–29	Increase or *Decrease
Legal Services and Disbursements	$ 449,894 76	$ 420,260 07	$ 29,634 69
Taxed Costs	6,610 65	10,137 54	* 3,526 89
Totals	456,505 41	430,397 61	26,107 80

LOANS, SUBSIDIES, GRANTS, ETC.

A statement of the amounts loaned and of the subsidies and grants paid is given on pages 233 to 236 of this volume. The total amounts of the Subsidies and Grants, etc., are approximately the same as last year, but there is an increase of $30,368,571.35 in the amount of the loans, due to advances of $22,832,652.91 to the Canadian National Railways and $2,459,023 to the Farm Loan Board, and an increase of $3,450,000 in the loans to Harbour Commissioners.

It is observed that there are still a number of cases of Grants, the expenditure of which is not accounted for to the Government, made from general votes which contain no permissive clause.

POST OFFICE ACCOUNT

Public moneys received by the Post Office Department are credited, in the first instance to the Post Office Account, and are subsequently allocated under their proper headings by periodical adjustment entries. While the greater part of the money deposited therein consists of cash received from the public to be transmitted to its proper destination by means of money orders and postal notes the practice has been followed for many years of charging against this account certain classes of payments made through the departmental letter of credit, such as indemnities for losses, redemption of post cards and stamped envelopes, purchases of United States Air Mail stamps, etc.

The attention of the Department was directed to these payments with the object of ascertaining if they could refer me to any definite parliamentary authority for making such payments from this account. I also pointed out that the payments were not supported by vouchers, as required by the Consolidated Revenue and Audit Act. As the department was not in a position to give a satisfactory reply to my objections the question of these payments has been submitted by me to the Treasury Board.

RELIEF TO CREDITORS OF THE HOME BANK

During the year the Liquidators of the Home Bank submitted statements and vouchers covering relief payments to the amount of $2,526,968.29, as a final accounting for the sums advanced to them for distribution under the terms of the Home Bank Creditors Relief Act, 1925. These were examined and found correct and as having been made in accordance with the terms of the Act.

The following is a summarized statement of the disposal of all sums advanced to the Liquidators for distribution:—

Total advances to Liquidators (See Report for 1928–29, Vol. I, page xxi)	$ 3,427,108 95	
Bank interest on relief moneys deposited	10,803 53	
Relief Payments—		
Previously reported		$ 901,529 43
Included in final accounting		2,526,968 29
		3,428,497 72
Amount remitted to Commissioner as not required for distribution (see Report for 1928–29, Vol. I, page xxi)		7,108 95
Balance undistributed, returned to Finance Department		2,305 81
	3,437,912 48	3,437,912 48

The Commissioner, shortly after the close of the fiscal year, submitted an account covering payments to two claimants amounting to $2,220.27 and refunded $3,764.73, thereby accounting for the balance of $5,845.28 reported last year as remaining in his hands and for $139.72 bank interest on deposits.

The amounts made available for the purposes of the Act and the disposal thereof are as follow:—

Amount provided under Home Bank Creditors Relief Act, 1925	$ 3,000,000 00	
Amount provided by Appropriation Act for 1928–29	460,000 00	
Bank interest: Liquidators account, $10,803.53; Commissioner's account, $139.72	10,943 25	
Relief payments to Creditors: by Liquidators, $3,428-497.72; by Commissioner, $2,220.27		$ 3,430,717 99
Expenses of distribution: paid by Commissioner, $31,263.67; paid by Finance Department (legal services), $2,891.05		34,154 72
Unexpended balances, refunded and placed in Special Account: Liquidators, $2,305.81; Commissioner, $3,764.73		6,070 54
	3,470,943 25	3,470,943 25

In addition to the above amount of $6,070.54, a further sum of $10,225.89, representing the amount of cheques issued by the Liquidators not presented to the bank for payment, was placed to the credit of the same account.

ROYAL CANADIAN MOUNTED POLICE

As shown in the following comparative statement, the cost of maintaining the Force has increased considerably, due mainly to the new duties of policing the Province of Saskatchewan since June 1st, 1928. As, however, the expenditure at Regina includes the pay and maintenance of the training division of the whole Force, the part of the increase due to the taking over of those duties cannot be shown separately.

—	1927-28	1928-29	1929-30

During the same periods there have also been increases in the amounts collected as revenue, due in part to the semi-annual payments of $87,500 by the Province of Saskatchewan, which have been credited as Casual Revenue. The revenues for these years are as follow:—

—	1927-28	1928-29	1929-30
Casual Revenue—			
Repayments by Provinces and Federal Departments	$ 8,716 72	$ 87,598 48	$ 200,230 07

Details of both revenue and expenditure for 1929-30 are given in Part X of Volume II of this report.

SINKING FUNDS

The amounts available in 1929-30 for sinking funds purposes for certain London Loans were:—

Annual contribution of one-half of one per cent of principal of loans	$ 1,272,263 60
Interest on Sinking Fund investments (London Loans)	1,820,319 99
	3,092,583 59

Dominion of Canada sterling bonds of the par value of $3,599,574.52 were purchased at a cost of $3,092,583.59, including $9,157.28 brokerage and transfer charges. These securities are carried in the Sinking Fund Accounts at their par value, the net discount of $516,148.21 being, as in previous purchases, credited to the current year's revenue (see Vol. II, part F, page 4).

The par values of the securities held as sinking fund investments for the London Loans, as at March 31, 1930, compared with those held on March 31, 1929, were as follow:—

—	March 31, 1930	March 31, 1929	Increase
1909-34 — 3½ p.c. stock	$ 15,396,154 12	$ 14,684,116 98	$ 712,037 14
1930-50 — 3½ p.c. stock	25,772,059 93	23,939,421 17	1,832,638 76

	54,499,672 82	50,900,098 30	3,599,574 52

The interest on bonds and cash held by the Bank of Montreal, at Montreal, for sinking funds of the 1916-31 and 1917-37 domestic War Loans amounted during the year to $103,090.52. Bonds of the 1916-31 War Loan, to the amount of $412,000, were purchased at par. The securities and cash held for the sinking fund of these two loans on March 31, 1930, as compared with those held at the close of the preceding fiscal year, were:—

—	March 31, 1930	March 31, 1929	Increase or (*) Decrease
War Loan Bonds, 1916-31	$ 1,211,300 00	$ 799,300 00	$ 412,000 00
War Loan Bonds, 1917-37	379,800 00	379,800 00

	1,671,400 88	1,568,310 36	103,090 52

SUBSIDIES TO PROVINCES

Payments to the several provinces on account of the statutory subsidies amounted to $12,496,958.50, which is $56,766 less than the amount paid in the preceding year. The decrease represents the difference between $93,750 retained from the amount payable on March 1, 1930, to the province of Alberta, on account of the overpayments to that province in 1914, 1915 and 1916 referred to in my report for 1924-25, Vol. II, Part F, page 63, and increases amounting to $36,984 in the payments to the three prairie provinces, due to an increased estimated population as at January 1, 1929.

The provinces of Nova Scotia, New Brunswick and Prince Edward Island were paid the amounts provided by Vote 274 in the Appropriation Act for 1929-30 as supplementary grants pending consideration of Provincial Subsidies.

UNFORESEEN EXPENSES

The expenditures from the vote of $80,000 for Unforeseen Expenses, which amounted to $55,735.86, were all duly authorized by the Governor in Council as called for by the terms of the vote. A summary of these expenditures, by departments, appears on page 48 of this volume.

FEDERAL DISTRICT COMMISSION

The accounts of the Federal District Commission for 1929-30 were audited by me as required by section 18 of the Federal District Commission Act, 1927. The following statements of the operations of the Commission will be found at pages 199 to 203 of this volume: (*a*) Statement of Receipts and Disbursements; (*b*) Comparison of approved Estimates and Expenditures, and; (*c*) Summary of Expenditures to March 31, 1930.

In connection with the comparison of approved estimates the attention of the Secretary was drawn to the fact that the authorized expenditure on ten projects had been exceeded and that a sum of $15,698.45 had been expended on one which had not been approved by the Governor in Council.

During the year I submitted a report to the Minister of Finance, based on the findings of the special audit and survey of the accounting methods referred to in my last report. A further brief inspection made in June, 1930, showed that a number of my recommendations were being adopted, particularly as regards the determination of the costs of construction and maintenance of the various projects undertaken by the Commission.

GOVERNMENT EMPLOYEES COMPENSATION ACT

The amount expended during the year under the authority of this Act was $452,626.11, being $50,374.30 more than in the preceding year. No local examinations of the expenditures of the provincial Boards were made during the year.

Details of this expenditure will be found in Part W of Volume II, pages 17 to 23.

INTERNATIONAL FISHERIES COMMISSION

The expenditure during the year on account of the International Fisheries Commission amounted to $61,216.97, details of which will be found in Volume II, Part O, at page 74. Of this amount $710.17 was considered as chargeable in full to Canada, leaving $60,506.80 borne equally by the two governments as joint expenses.

LIGNITE UTILIZATION BOARD

The agreement with regard to the disposal of the cash and other assets of the Lignite Utilization Board, referred to on page xxiv of my report for 1928-29 as having been entered into by the three governments interested, was approved by an Order in Council of February 17, 1930.

Under the terms of the agreement the governments of the Dominion and of the province of Saskatchewan were awarded such furniture, equipment, etc., as remained in their custody after the transfer of the plant, and the cash balance of $1,524.05 was apportioned as follows:—

Dominion of Canada	$ 784 95
Province of Saskatchewan	392 47
Province of Manitoba	346 63
	1,524 05

I am informed by the Deputy Minister of Mines that the distribution has been made and the accounts of the Board finally closed.

MARINE BIOLOGICAL BOARD

The Biological Board Act (R.S.C. 1927, Chap. 18) provides that the Secretary-Treasurer, under direction of the Board, shall expend such sums of money as are necessary for the work of the Board, whether these sums are derived from parliamentary appropriations or from donations or bequests.

It has been the practice for the Department to pay over to the Board, in equal monthly instalments, the full amount of the Parliamentary appropriation, and for the Board to carry forward to the following year any unexpended balance remaining in its hands on March 31. In this manner an unexpended balance of $24,877.43 was carried forward from 1928-29 to 1929-30, and one of $109,411.51 from 1929-30 to 1930-31.

This practice, though unobjectionable as regards balances of any donations and bequests that may be received by the Board is obviously, so far as moneys appropriated by Parliament are concerned, a non-compliance with subsection 2 of section 49 of the Consolidated Revenue and Audit Act which directs that the estimates submitted to Parliament shall be for services coming in course of payment during the fiscal year, while a subsequent section of the Act provides for the surrender of the balances on hand on March 31, and it is to be observed that the amount of the unexpended balance retained by the Board has increased from $1,352.79 on March 31, 1926, to $109,411.51 on March 31, 1930. No donations or bequests of any kind appear to have been received by the Board during the intervening four years.

The question of the retention of these unexpended balances has been referred by me to the Treasury Board.

Details of the receipts and expenditures of the Board will be found in Volume II, Part O, at page 75.

OLD AGE PENSIONS

Since my last report agreements were entered into with the provinces of Alberta and Ontario for the payment of pensions in those provinces, in accordance with the Old Age Pension Act.

In a communication to the Department of Labour, following an inspection in 1929 of the several provincial offices administering Old Age Pensions, I drew attention to a lack of uniformity in determining the incomes of pensioners, and pointed out the necessity for explicit regulations in this regard. I also questioned the legality of awarding pensions to inmates of Provincial Asylums and other public institutions. The Department informs me that these matters are receiving its careful attention "with the view of seeing that all payments of Old Age Pensions are made in accordance with the law."

In 1930 a further test audit was applied in the various provincial offices, the results of which will form the subject of comments to the Department, in which I am directing attention to certain overpayments of pensions.

This audit also disclosed a misinterpretation by one province of the Income Clause of the Act which resulted in a number of apparently irregular payments. I am recommending to the Department that a complete audit of some four thousand cases in that province be carried out by their own officers.

The total amount paid to the various provinces during the year on account of Old Age Pensions was $1,537,173.55, the particulars of which will be found in Volume II, Part M, on page 11.

PACIFIC CABLE

Under an agreement entered into between the Pacific Cable Board and International Communications Limited, the Pacific and West Indian cable undertakings were sold to the latter company, the sale prices being £516,486 for the Pacific cable undertaking and £300,000 for the West Indian undertaking.

In 1929-30 the following amounts were received on account of Canada's share of the proceeds and were included in the Postal Revenue of the year:—

October, 1929	£105,421-11-4	or	$518,726 81
April, 1930	14,990-17-4	or	72,935 06
Total	120,412- 8-8	or	591,661 87

I pointed out to the Post Office Department that I considered the proceeds of this sale should have been reported as Casual Revenue, instead of being included in the ordinary Postal Revenue, but it was then too late to make the adjusting entries as the accounts for the fiscal year 1929-30 were closed. A further amount of £2,217-2-2, or $10,773.82, received in May, 1930, has been credited to the Casual Revenue of the Department in 1930-31.

More definite particulars concerning the sale will be given when a final report regarding it is received from the Board.

RESEARCH COUNCIL

The amount expended by the Council, out of the Parliamentary appropriation for 1929-30, was $398,256.60, as against $299,745.68 in the preceding year. Of this amount $189,252.97 together with $18,617.48 received as contributions, bank interest, etc., and $36,195.29, transferred from the Grain Research Fund as indicated below, was handed over to special committees as grants for assisted researches.

The sum of $219,119.95 mentioned in my last report (page xxiv) as having been transferred from Suspense Account was applied to the establishment of a Grain Research Fund, a portion being invested in Dominion of Canada bonds held as part of that Fund. The above mentioned amount of $36,195.29, which included bank and bond interest received, was subsequently transferred from the Fund to the Grain Research Committee, leaving in the Fund $190,000 of these bonds, as of March 31, 1930. The grants for Assisted Industrial and Scientific Research remaining unaccounted for as at March 31, 1930, amounted to $202,502.53.

Notwithstanding the claim of the Council, referred to on page xxiv of my report for 1928-29, that they should be relieved from the necessity of supplying fully detailed vouchers for payments made to co-operating laboratories, certified vouchers in support of all expenditures were submitted during the year and all moneys received by the Council were satisfactorily accounted for.

Detailed statements, in connection with the activities of the Research Council, will be found in the second volume of this report, on pages 27 to 34 of part ZZ.

YUKON FEDERAL ACCOUNTS

For purposes of comparison the revenues and expenditures of the various departments in connection with their activities in the Yukon Territory during each of the last three years are shown, as closely as they could be determined, in a statement given on page 259 of this volume.

From this statement it may be seen that while there was an increase of $21,930.17 in the revenue there was a decrease of $5,244.89 in the expenditure, as compared with the amounts for 1928-29, the principal variation being an increase of $13,601.35 in the revenue of the Interior Department and one of $9,305.71 in that of the National Revenue Department.

There has been a marked decrease in recent years in the amounts by which the expenditure exceeded the revenue, the figures for the last three years being: 1927-28, $419,878.31; 1928-29, $396,115.68; 1929-30, $368,940.62.

YUKON TERRITORIAL GOVERNMENT ACCOUNTS

During the summer of 1930 one of my examining officers was sent to the Yukon Territory for the purpose of making a local examination of the Territorial Government Accounts, especially of the Liquor Account, the financing of which by means of bank overdrafts has been criticized by me in previous reports. Comments based on the report submitted by him will be communicated in due course to the Department of the Interior.

Detailed and comparative statements with regard to the General Administration Account and to the Liquor Account will be found on pages 260 to 264 of this volume. These statements have been compiled from the printed annual report of the Territorial Treasurer, and the following remarks are submitted with regard thereto.

General Administration Account (Yukon Consolidated Revenue Fund)—The receipts and disbursements on this account are given in a statement, page 260. A Dominion Grant of $35,000 for Bounty on Wolves and Coyotes is included in the total receipts of $251,672.15, and a similar amount is also included in the total disbursements of $256,004.69 as an expenditure on account of these bounties. Actually, only $2,125.05 was disbursed and the balance of the grant, $32,874.95, was returned to the Dominion Government and credited to the appropriation as a refund. Deducting the amount of this refund, the Net Receipts are $218,797.20 and the Net Disbursements, $223,129.72. These adjusted figures show a decrease of $1,471.14 in the receipts and an increase of $11,897.66 in the disbursements, as compared with the figures for 1928-29.

Liquor Account—This account has again this year been financed in part by means of bank overdrafts at 9 per cent interest, although to a very much less extent than previously, the amount of the overdraft after deduction of the cash on hand, having been reduced from $59,633.75 on March 31, 1929, to $22,803.15 on March 31, 1930, while the interest was reduced from $4,642.77 in 1928-29 to $712.57 in 1929-30. Including duty paid and payable, the stock was reported to be $97,754.84 as against $100,422.76 on March 31, 1929, and $101,554.62 on March 31, 1928. Of the total profits of $87,788.99 for the year, $50,000 was transferred to the Administration Account as in previous years, leaving $37,788.99 in this account, thus increasing its surplus, as at March 31, 1930, to $58,757.81 or $31,788.99 over the surplus of the preceding year.

Attention is directed to the Comparative Statement of Profit and Loss, given on page 264, which shows a considerable increase in the net profits from $44,515.24 in 1926-27 to $87,788.99 in 1929-30. The improvements in this account are due largely to the adoption of suggestions following a local audit made in 1927 by one of my examiners.

As has been already stated, the above figures are based on the Annual Report of the Territorial Treasurer. My examining officer, however, reports that due to incorrect inventory values, the amount of the Inventory, as at March 31, 1930, has since been reduced by $1,909.88, which results in a corresponding reduction in the Net Profits and in the Surplus.

CAPITAL EXPENDITURE

The Appropriation Acts for 1929-30 included grants amounting to $29,801,178.85 for expenditures " Chargeable to Capital." The expenditure under these grants was $24,737,018.25, leaving an unexpended balance of $5,064,160.60. A further amount of $645,544.54 was paid under the authority of the Exchequer Court Act, from unappropriated moneys in the Consolidated Revenue Fund, in settlement of Exchequer Court Awards, bringing the Capital Expenditure for the year up to $25,382,562.79.

A total amount of $3,049,738.67 representing proceeds of certain sales, etc., was credited directly to Capital Accounts as refunds of expenditures of previous years.

The following is a summary, by departments, of this expenditure and the refunds, the details of which will be found in Volume II, commencing at the pages indicated:—

——	Page in Vol. II	Expenditure	Refunds	Net Charge
Marine and Fisheries	O— 78	$ 3,161,046 44	$ 447,648 55	$ 2,713,397 89
Public Works	V—154	5,387,526 96	1,567,843 93	3,819,683 03
Railways and Canals	W— 54	16,833,989 39	1,034,246 19	15,799,743 20
Totals		25,382,562 79	3,049,738 67	22,332,824 12

The corresponding amounts for 1928-29 were: Expenditure, $23,515,570.81; Refunds, $706,295.68; Net Charge, $22,809,275.13.

The principal items of expenditure during the year were: Welland Ship Canal, $10,238,997.43 Hudson Bay Railway and Terminals, $6,485,559.33; St. Lawrence Ship Channel, including Sorel Shipyards and Regulating Dams. $3,158,608.34. The amounts credited as refunds of expenditures included $684,313.53 received from the Canadian National Railways for construction of lift bridge at Dainville, $444,524.79 received on account of the sale of government owned ships, and $1,552,827.43 resulting from the closing of the Halifax Dry Dock Account as explained in a separate chapter of this report (page xxxiv).

I am still of opinion that a revision and readjustment should be made of the values at which certain capital assets are carried in the Public Accounts, the classification of expenditures, whether as Capital or Ordinary, more clearly defined, and the Estimates submitted to Parliament based on the classification so established. The attention of the House has already been directed to this matter, more especially in the Introductions to my Reports for the years 1924-25, page xi, 1925-26, page xvii, and 1926-27, page xxiv, where information is given as to how it had been dealt with by previous governments, even so far back as 1878.

I would also recommend that each department be directed to prepare a complete list of all real properties belonging to the Crown, which come under its jurisdiction, showing in each case, as far as possible, the cost of acquiring and the use to which it is put at the present time. Such a list, if compiled at regular periods, in addition to being of value as a matter of record, would furnish a safeguard against any public properties being utilized for other than duly authorized purposes. A somewhat similar recommendation which was made to the House in 1908, by a sub-committee of the Committee on Public Accounts, is referred to on page xxiv of the Introduction to my report for 1926-27.

Hudson Bay Railway

The expenditure in connection with the construction of the Hudson Bay Railway amounted to $6,485,559.33, details of which will be found in Part W of Volume II of this report, pages 55 to 59. Refunds of expenditure in previous years, amounting to $88,732.89, were credited to Capital Account. The total capital cost to March 31, 1930, was $39,667,477.96.

Welland Ship Canal

The expenditure under Appropriations for the year in connection with the construction of this canal was $10,238,997.43 which includes contributions amounting to $75,000 to three municipalities, towards the cost of constructing filtration systems. A further amount of $8,713.36 was paid under the authority of the Expropriation Act in connection with the purchase of a certain property in Thorold township. Against these expenditures may be set an amount of $869,084.64 received as refunds of previous years expenditures, making a net charge to Capital Account of $9,378,626.15, and bringing the total cost of the canal to March 31, 1930, up to $112,891,841.73. Details of the year's transactions are shown in Part W of Volume II, pages 60 to 68.

AUDIT OF GOVERNMENT STORES

The following comparative statement of the value of stores on hand as at March 31st, 1930, was compiled in this Office from certified inventory returns reported by the various departments:—

Department	March 31, 1930	March 31, 1929	Increase	Decrease

Although certified inventories of the stores of the Department of National Defence were available, they have not been included in the above statement for reasons stated in my previous reports.

The annual inspection of the stock and records of the Department of Public Printing and Stationery including the Distribution Branch, now known as the Division of Documents, was made as at March 31, 1930, in accordance with statutory requirements. The result of this examination is referred to on page xvi of this volume.

The regular half-yearly joint inspections of the coin and bullion in the Ottawa Branch of the Royal Mint were made by duly appointed officials of this Office and of the Finance Department as directed by the Royal Proclamation of the 2nd November, 1907, and the results were communicated to the Deputy Master of the Mint.

In addition to the above periodical inspections made at regular intervals surprise inspections and test audits of stores were carried out since my last report, under my personal supervision, at the Military and Naval Stores in Quebec and in the Maritime Provinces, the Marine Stores at Halifax and St. John and the postal stores in the Maritime Provinces.

In my comments on these inspections to the departments concerned, I called attention to: (*a*) unsatisfactory housing conditions resulting in an increased cost of maintenance and handling of Military Stores and in a weakened control; (*b*) waste caused by the improper state of repair of certain buildings; (*c*) large quantities of stores obsolete or over-stocked, causing larger maintenance expenses and, in one store, resulting in losses from decay due to local atmospheric conditions; (*d*) insufficient control over stores at military units; (*e*) the necessity of periodical test audits of stores on hand, by independent departmental officers; and (*f*) in one case, the necessity of the installation of more adequate records with closer supervision over the issue of the stores. These inspections are also referred to in the chapter on Special Audits which appears on page xliv of this volume.

In order that the stores of all departments may be organized according to a uniform and efficient system and to facilitate the checking of the receipt, care, control and disposal of all stores, I consider it desirable that rules and regulations, drawn up on somewhat similar lines for all departments, should be prepared and approved by the Treasury Board.

Surplus and Obsolete Stores—The following comparative statement of surplus and obsolete stores has been compiled from information supplied by the Salvage Officer of the Government Contracts Supervision Committee:—

—	1929-30	1928-29	Increase
Transferred to other Departments	$ 92,373 84	$ 59,268 57	$ 33,105 27
Sales to General Public	86,344 00	53,630 33	32,713 67
	178,717 84	112,898 90	65,818 94

The increase of $65,818.94 in the amount of these stores this year is due in a large measure to increased sales and transfers by the Departments of Marine and Fisheries, National Defence (Militia Service) and Public Works. Although substantial progress in the disposal of obsolete stores by sale or otherwise is being made by some departments which only recently availed themselves of the services of the Salvage Branch, large quantities of such material still exist in some of the depots recently inspected.

OPEN ACCOUNTS

AMOUNTS DUE THE DOMINION GOVERNMENT

Amounts due recorded in the Dominion Ledger have continued to receive the attention of my examiners throughout the year. In the following paragraphs remarks will be found with respect to those accounts which appear to call for special attention.

Following the practice of previous years such amounts as have not been recorded in the Dominion Ledger but have been reported to me by the various departments as shown as arrears in their records, are given in a statement of Arrears Due on pages 230 to 232 of this volume and my remarks with regard thereto appear on page xl.

ADVANCES TO FOREIGN GOVERNMENTS

During the year the Government of Greece made payments amounting to $215,000 on account of principal, as called for under the agreement of December 27, 1923, thereby reducing the balance of the advances outstanding on March 31, 1930, to $6,865,000. The interest on these advances was also paid in full.

Interest was received on the bonds of the Kingdom of Roumania held as security for advances to that government. No payments of either principal or interest were received on account of the amounts owing by the Italian and Russian Governments.

CANADIAN FARM LOAN BOARD

Under the authority of section 5, subsection (*a*) of the Canadian Farm Loan Act (R.S.C. 1927, Chap. 66) and of an Order in Council of May 4th, 1929, forty-eight instalments of $50,000 each, totalling $2,400,000, were paid to the Board on account of the initial capital. Interest is not to be paid on these moneys during the first three years, but after that period 5 per cent per annum is payable.

A further amount of $59,023 was paid to the Board as subscription to the capital stock, under the authority of and in accordance with section 5, subsection *b* (i) of the Act.

In addition to the above payments to the Board, amounts totalling $1,455.72 were paid by the Public Works Department for rent at Ottawa of offices and telephones for the Farm Loan Board; these were made the subject of correspondence with the Department of Finance and were subsequently referred to the Treasury Board (see pages 272 and 273 of this volume). Further payments, amounting to $3,253.05, were made by the Public Works Department for maintenance of offices of the Board outside of Ottawa.

GOVERNMENT ANNUITIES FUND

The amount standing at the credit of the Government Annuities Fund at the close of the fiscal year was $20,612,250.28, while the liabilities were computed to be $20,720,895, or $108,644.72 in excess of the assets. In my report for 1928-29 the assets at the close of that year were shown as exceeding the liabilities by $33,906.88.

The liabilities as at March 31, 1930, were determined at too late a date to admit of a transfer from Consolidated Revenue Fund of the amount of the above deficiency of $108,644.72.

A statement of this Fund, indicating the transactions during the year, will be found on page 213 of this volume, followed by a statement of the liabilities or net present value, as computed by the Annuities Branch of the Labour Department, of outstanding contracts as at March 31, 1930.

HALIFAX DRY DOCK—HALIFAX SHIPYARDS LIMITED

Subsequent to the publication of my last report the Department of Finance made the adjustment entries required to give effect to the recommendations on page xvi of my 1925-26 Report with regard to the sale of the Halifax Shipyards Limited. The account in which the Dry Dock was carried as a Capital asset was closed and a new Miscellaneous Current account opened in the name of the purchasing company.

This resulted in a total charge of $602,827.43 against the Consolidated Revenue Fund account and a corresponding reduction in the assets shown in the Public Accounts, as at March 31, 1930. This reduction represents the difference between $1,552,827.43, the figure at which the Dry Dock property was previously carried in the Balance Sheet of the Dominion, and $1,250,000 the sale price of that property to the Halifax Shipyards Ltd., together with $300,000 paid on account by the latter Company prior to April 1, 1929, which had been credited when received to the Consolidated Revenue Fund account as Casual Revenue.

The annual instalment of $50,000, which fell due on January 1, 1930, was credited directly to the account against the Halifax Shipyards Limited, leaving a balance of $900,000 still to be paid in similar annual instalments.

INDIAN COMMISSIONER'S GREATER PRODUCTION ACCOUNT

The operations of the Greater Production Farm are now authorized by Statute, the Indian Act having been amended at the last session of Parliament by the addition of section 94 A to cover such operations.

A total amount of $7,143.25, paid for services not directly connected with this scheme, was charged to this account during the year but was refunded and placed to its credit in 1930-31.

A summary of the cash transactions of this scheme, from its inception in 1919 to March 31, 1930, is as follows:—

No local examination was made this year of the Indian Commissioner's Office at Regina, but additional statements are now received at this office which permit of a more comprehensive audit being applied to these accounts.

A statement of the year's transactions affecting this account is given on page 208 of this volume.

LOANS TO HARBOUR COMMISSIONERS

The amounts of the loans to the various Boards of Harbour Commissioners to March 31, 1930, and the total amounts authorized by Parliament, are as follow:—

—	Loans		Total authorized to March 31, 1930
	In 1929-30	Total to March 31, 1930	
Chicoutimi	$ 815,000 00	$ 1,315,000 00	$ 2,500,000 00

	10,436,000 00	97,496,895 68	

The amounts shown for the Three Rivers Board in the above statement comprise only advances, under the authority of Chapter 59 of the Statutes of 1929, to the present Corporation of Three Rivers Harbour Commissioners established under the legislation of 1923. Particulars with regard to the former Board are given on page 6 of Volume I of my report for 1926-27.

The Department of Finance reports the following amounts due as arrears of interest to January 1, 1930:—Quebec Harbour Commissioners, $10,826,805.62; Three Rivers Harbour Commissioners (former Board), $394,191. The claim of the Quebec Board against the Dominion Government for the use of their property still remains unsettled.

OUTSTANDING CHEQUE ACCOUNT

At the close of the fiscal year an amount of $42,241.33 was transferred from the Consolidated Fund to this account increasing the credit balance to $86,199.96, which represents the full liability as at that date for all outstanding cheques issued during the period April 1, 1924, to March 31, 1928. This balance, however, does not represent the total liability arising from all cheques which had not been presented for payment at the latter date as it does not include cheques issued before April, 1924, which are still outstanding.

It is the intention to make similar adjustments each year so as to maintain a balance equal to the full liability for a period of ten years, such balance being considered by the Finance Department as representing, for all practical purposes, the liability under this head.

RAILWAY GRADE CROSSING FUND

The expenditure during the year, under the authority of the Board of Railway Commissioners, in aid of grade crossings amounted to **$475,055.11**, which is $380,760.06 less than that of 1928-29. To meet this expenditure an equal amount was transferred to this Fund from the Consolidated Revenue Fund, under the provisions of section 262 of the Railway Act, as amended by Chapter 43 of the statutes of 1928.

A total amount of $2,699,224.44 has been expended through this Fund to March 31, 1930, leaving a balance of $1,500,775.56 still available as at that date, out of the amount of $4,200,000 authorized by Parliament, at various times, to be set aside for this purpose.

Details of the expenditure in 1929-30 will be found on pages 225 and 226 of this volume.

SEED GRAIN AND RELIEF ADVANCES

Seed Grain and Relief, Department of the Interior—During the year a further amount of $94,362.89 was written off by the Department and credited to that part of the Seed Grain account stated in my report for 1927-28 as having been transferred in the Public Accounts from Active to Non-Active Assets. This part of the account stands as follows, as at March 31, 1930:—

Transferred to Non-Active Assets in 1928-29		$ 2,000,000 00
Less—		
Adjustment of Balance with books of Interior Department (*see* A.G.'s Report, 1928-29, page xxxiv)	$ 745,496 23	
Written off under authority of D.L. Act and Orders in Council, in 1928-29	31,311 38	
in 1929-30	94,362 89	
	125,674 27	
		871,170 50
Balance, Schedule "L", Miscellaneous Investments (Non-Active)		1,128,829 50

A statement of the year's transactions will be found on page 212 of this volume. The outstanding balance of principal due the Dominion Government, on March 31, 1930, was $3,633,848.64, including the above amount of $1,128,829.50. In addition, the Department of the Interior reports arrears of interest amounting to $2,145,516.60, making a total of $5,779,365.24, a decrease of $235,297.66 from the amount due on March 31, 1929.

Saskatchewan Government, Seed Grain Advances of 1908—The amount of $741.01 was received on account from the Saskatchewan Government, which reduced the principal due to $89,562.32. The interest due on these advances, as at January 1, 1930, is reported by the Finance Department as $217,237.16, an increase of $4,518.76 during the year.

SUSPENSE ACCOUNT

The debit balance of this account was reduced from $287,909.25 to $108,943.54.

The explanations of the principal transactions affecting this account in 1929-30 are as follow—

Canada Wheat Board Reserve—During the year the balance of $173,235.53 at the credit of this account was transferred to Consolidated Revenue Fund as Special Revenue, in accordance with Order in Council of March 15, 1927, (P.C. 471).

Fire Losses, $5,568.31—This amount, received on account of fire insurance on buildings situated on the property expropriated between Sparks and Wellington streets, east of Elgin, Ottawa, was transferred to the credit of Public Works Capital Account—Exchequer Court Award *re* expropriation of the above property, the details of which account are shown in Volume II, Part V, page 159.

West Indies Steamship Service, Loss on Operation, $53,582.92—The governments of Jamaica and of the Windward Islands remitted sums totalling $53,582.92 as their shares of the losses in operating the service. As the service was maintained by the Canadian National (West Indies) Steamships, Ltd., this amount was transferred to that Company.

The following is a comparative statement of the cash balances on March 31, 1929 and March 31, 1930, standing at the credit of those open accounts which have been classified as "Trust Accounts" in preceding reports and in the Balance Sheet in the Public Accounts. The following remarks with respect to certain of the accounts refer to the transactions during the year under review.

Canadian Military Canteen Fund

The sum of $20,000 which the Canteen Funds Act of 1925 directed to be held by the Receiver General until July 1, 1929, for the payment of any outstanding accounts or claims, and which had remained unexpended, was distributed among the Boards of Trustees for the various provinces in the proportions indicated in Section 6(*e*) of the Act.

Indian Agents' Trust Accounts

The periodical reports of a special auditor appointed to the Regina office by the Department of Indian Affairs, in accordance with my recommendation which followed an inspection of that office in 1928, are now examined in this office in addition to statements, vouchers, cheques, etc., received as previously.

Indian Trust Fund Accounts

On page 209 of this volume is published a summarized statement of the Indian Trust Fund as dealt with in the Dominion Ledgers, and in Volume II, Part I, pages 47 to 65, a tabular statement of the accounts with the various Indian bands is given.

Full details of the receipts and disbursements of the individual band accounts and other information with regard thereto are readily available at this office.

INTERCOLONIAL AND PRINCE EDWARD ISLAND RAILWAYS EMPLOYEES' PROVIDENT FUND

To supplement the statutory contributions by the Government and the railway employees, the Canadian National Railways made special contributions to this Fund, amounting to $456,706.58.

A statement, showing the receipts and disbursements for the year, will be found on page 224 of this volume.

Administration expenses for the year were 4·88 per cent of the collections, as compared with 4·98 per cent in 1928-29.

MISCELLANEOUS STATEMENTS

On pages 230 to 264 of this volume a number of statements are published dealing with special activities of the Government. These statements correspond with those given in my last report with the exception that there is no statement of the receipts and disbursements for 1928-29 of the Pacific Cable Board, as the sale of that undertaking, referred to on page xxvii, was effective from April 1, 1928.

Arrears Due

The following three comparative statements of amounts due the Dominion Government on March 31, 1930, are published on pages 230 to 232 of this volume:—

General Arrears.
Interest Accrued on Loans and Advances to Railways, etc.
Principal outstanding on account of Indian Lands.

These statements were compiled in this office from returns furnished by the various departments of amounts outstanding in their books of account but which do not appear in the Balance Sheet of the Dominion published by the Minister of Finance.

As in previous years, no statements of arrears of sale taxes, business profits taxes or income taxes were received from the Department of National Revenue and consequently none are reported herein. I understand, however, that these arrears were reduced considerably during the year.

As stated in my last report, the departments were requested to submit definite statements of all arrears which they considered were uncollectible: the amounts so far reported are as follow:—

Agriculture	$ 12,099 19
External Affairs	65 00
Fisheries	200 00
Immigration and Colonization	882 75
Indian Affairs	4,180 89
Interior	3,640 36

Secretary of State	4,336 00
Soldier Settlement Board	1,433 09
Trade and Commerce	39,718 04
Total	1,043,453 10

In accordance with the remarks made in the Introduction to my Report for 1928-29 (page xxxix), and with the knowledge, expressed there and in other previous reports, that Parliament only had authority to write off amounts due the Crown, in May last I submitted to the Treasury Board statements of amounts reported as uncollectible by the Departments of Agriculture, Fisheries, Mines, National Defence, Post Office, and by the Soldier Settlement Board, in order that proper steps might be taken by the Board towards obtaining the requisite authority of Parliament to write them off. Similar statements received later from the other departments mentioned above were withheld until definite action had been taken with regard to those already submitted. Although, as shown in the correspondence published on pages 290 and 291 of this volume, the Board did not purpose taking any action at that time, I hope it may find it advisable to do so at a future session of Parliament.

In view of the fact that some of these arrears reported as uncollectible date as far back as 1861 and that, as stated in the opinion of the Department of Justice published on page 291, "the mere writing off of such debts would not, of course, release the debts, as proceedings could at any time be taken by the Crown to enforce the claim" I recommend that Parliament be asked to grant the necessary authority to write off these amounts after they have been further inquired into by the Treasury Board and the Public Accounts Committee.

I would also recommend with regard to amounts which are still regarded as collectible that departments having any such amounts due them, whether recorded in the Head Office at Ottawa or at any of the outside offices, should, without delay, make a thorough check of these amounts and take the requisite steps to collect those overdue, and that, if necessary, judicial proceedings for their collection be inaugurated through the Department of Justice. I am also of opinion that a uniform time limit should be fixed by the Treasury Board within which any amount that may become due the Crown should be paid.

General Arrears.—In the comparative statement presented this year, the total arrears on March 31, 1929, are given as $9,050,913.81, whereas in my last report they were given as $9,216,453.36. The difference of approximately $165,000 arises in part from a number of comparatively small adjustments made by the departments in the amounts previously reported, but mainly in the inclusion this year of amounts totalling $50,334.46 for outstanding accountable advances and the omission of the following items included in last year's statement.

National Research Council	$ 152,178 52
Immigration and Colonization—	
Detention accounts	18,178 60
Distressed Canadians	47,158 34
Soldiers' Dependents	10,474 38
Miscellaneous	9,125 98
	237,115 82

The following information with regard to these omitted items has been given by the Departments concerned. The first of the above amounts represents moneys in the hands of sub-committees of the Research Council to enable them to carry out original researches. The reduction in the amount of arrears for Detention Accounts is due to the Department having reversed in many cases the charges imposed by its agents on transportation companies for expenses arising out of appeals against the decisions of the agents, laid by immigrants seeking admission to Canada. The amounts for Distressed Canadians and Soldiers' Dependents were advances to enable Canadian citizens to return to Canada. The amount of $9,125.98 for Miscellaneous represents advances, under Section 81 of the Act, to immigrants shortly after their arrival in Canada, to enable them to become established in the country. Further inquiries will be made by me with regard to these advances by the Immigration Department.

On March 31, 1930, the amount of General Arrears was $8,967,456.19, a decrease of $83,457.62 from the adjusted amount of $9,050,913.81 on March 31, 1929. The principal decreases during the year were in the amounts due the Interior Department on account of Dominion Lands sales and leases. The variations in the arrears, as reported by this department may be attributed to causes similar to those mentioned in my report for 1927-28 (page xliv).

A decrease of $29,342.60 in arrears reported by the Marine Branch results, in part, from the settlement in 1929-30 of an advance of $25,000 in 1928-29 to Dr. H. T. Barnes.

The arrears due the Department of Pensions and National Health were increased by $47,467.31 due to pension overpayments and outstanding vetcraft accounts.

Of the increase of $46,579.65 reported by the Trade and Commerce Department, $39,131.59 represents advances to the Canadian Government Exhibition Commissioner in London, in connection with exhibitions held throughout the British Isles, not accounted for at the close of the year.

Although, under the decision of the Imperial Privy Council referred to in my last report, an amount of $128,084.17, covering certain fishery license fees, can no longer be considered as arrears due, this amount is still included in the arrears of the Marine and Fisheries Department, pending parliamentary authority to write it off.

Judgment in connection with the operation of the Alfred peat plant was rendered by the Exchequer Court on May 30, 1930, against the Peat Fuels Limited of Montreal for an unstated amount to be determined by the Registrar. The Department of Mines reported the amount due on this account, as at March 31, 1930, to be $88,993.24.

No settlement has been made as yet of the claim of the Department of the Secretary of State against the Clerk of the Peace for York County, Ontario, which now amounts to $13,142.50, having been increased by $1,085, the net amount of fees collected in 1929. I consider that this longstanding claim should be dealt with in the near future.

Interest accrued on Loans and Advances to Railways, etc.—The net amount of interest reported by the Department of Finance as having accrued during 1930 on these loans and advances was $30,716,499.67, a decrease of $8,283,210.31 from the amount reported for 1929. This decrease is due principally to the cancellation of all interest charges against the Canadian Government Merchant Marine with respect to vessels which have been sold.

Principal Outstanding on Account of Indian Lands.—The amount reported by the Department of Indian Affairs as outstanding on March 31, 1930, on account of principal due from sales of Indian lands was $1,623,931.58, as against $1,422,530.71 on March 31, 1929, an increase of $201,400.87. No statement was furnished me of the amount of interest due or of arrears of rentals.

GRAVING DOCKS, PUBLIC WORKS—REVENUE AND EXPENDITURE

A comparative statement of the revenue and expenditure of the Government owned Graving Docks and repair slips for the years 1927-28, 1928-29 and 1929-30 appears on page 252 of this volume. This statement shows an increase in revenue in 1929-30 of $23,172.01 over that of 1928-29 and an increase in expenditure of $10,593.44. The excess of expenditure over revenue was reduced from $56,745.95 in 1928-29 to $44,167.38 in 1929-30.

TELEGRAPHS, PUBLIC WORKS—REVENUE AND EXPENDITURE

A statement of the revenues and expenditures of the last three years of the telegraph and telephone lines operated by the Government is given on page 252 of this volume, from which it will be seen that, as compared with 1928-29, there were decreases in 1929-30 in both revenue and expenditure of $19,066.33 and $30,407.14 respectively. The expenditure for the year of $693,172.04 exceeded the revenue of $281,595.94 by $411,576.10.

The following are the increases and decreases in the revenue and expenditure of the various lines:—

—	Revenue	Expenditure
Increases—		
Lower St. Lawrence and Maritime Provinces	$ 4,637 45	$ 13,594 41
Pelee Island Cable	0 32	392 09
Saskatchewan and Alberta	4,859 54	
Vancouver Island District	2,813 30	1,424 63
Total Increases	12,310 61	15,411 13
Decreases—		
Saskatchewan and Alberta		1,051 13
British Columbia, Mainland	29,509 57	34,479 70
British Columbia, Northern		2,834 60
Yukon System	1,867 37	6,573 08
General		879 76
Total Decreases	31,376 94	45,818 27
Net Decreases	19,066 33	30,407 14

The continued decreases in the revenue and expenditure of the British Columbia Mainland line are due to the fact that the remaining portion of the line was sold during the year to the North West Telephone Co. The sum of $65,600 received from this sale was deposited direct to the credit of Consolidated Revenue Fund as Casual Revenue.

During the past summer an inspection was made by one of my officers at several of the offices on the Yukon, British Columbia and Vancouver Island lines. A number of irregularities were discovered, which are dealt with in the following chapter.

SPECIAL AUDITS

In addition to the regular current audit in this office of Revenue and Expenditure, a number of statutory, special and other audits as listed below, several of which were carried out at various departmental offices, were personally supervised by me, and my comments on their results were communicated to the Departments interested. Observations regarding these audits will be found hereunder or in other chapters of this report.

Canadian Patriotic Fund; Customs and Preventive Service Offices, Halifax and St. John; Dominion Arsenal, Quebec; Excise and Customs Import Stamps; Federal District Commission; Reparation Payments; Halifax Relief Commission; Immigration Agencies, Montreal, Quebec, Halifax and St. John; King's Printer's Advance Account; Marine Agencies, Dartmouth and St. John; Military Stores, Quebec and Halifax; National Revenue, Drawback Claims; Naval Stores, Halifax; New Brunswick Settlement Scheme; New Zealand War Pension Payments; Old Age Pensions, Manitoba, Saskatchewan, Alberta and British Columbia; Pilotage Office, Halifax; Post Offices, Halifax and St. John;

Post Office Guarantee Fund; Public Works Office, Halifax; Royal Canadian Mounted Police, Halifax; Royal Mint; Telegraph offices in British Columbia and the Yukon Territory; Three Thousand Family Scheme; Yukon Territorial Accounts.

CANADIAN PATRIOTIC FUND

The audit of this fund for the year 1929-30 was made as called for by section 10 of the Canadian Patriotic Fund Act of 1914.

Disbursements amounting to $284,725.23 more than the ordinary receipts were provided for by the sale of $300,000 of the securities, at a profit of $2,262.50, which reduced the amount at the credit of the fund, as at March 31, 1930, to $1,276,240.21, represented by $68,976.06 held in cash and $1,207,264.15 invested in securities.

CUSTOMS AND PREVENTIVE OFFICES, HALIFAX AND ST. JOHN

During 1929 these two offices were visited by myself and by one of my Chief Examiners. The Department was then conducting an investigation into the unsatisfactory conditions prevailing in the province with regard to the smuggling of liquors, with the view of reorganizing the Nova Scotia Preventive Service.

I understand that the measures taken have resulted in considerable improvement in local conditions.

EXCISE AND CUSTOMS IMPORT STAMPS

I caused an inspection to be made in the Department of National Revenue of the method of collecting the revenue from Excise and Customs Import Stamps. The inspection, on the whole, disclosed a satisfactory condition of affairs, but certain recommendations were made by me with the view of preventing possible loss of revenue, some of which have already been adopted by the department.

HALIFAX RELIEF COMMISSION

In 1929 the audit of the accounts of the Halifax Relief Commission was brought down to the end of January, 1929, when the present Commissioners were appointed. At the time of this audit my report on the investigation made in 1928 had not been fully considered by the Commissioners, but in the course of a further audit in the summer of 1930, it was found that, with one or two exceptions, all my recommendations had been acted upon by the Commissioners.

POST OFFICE GUARANTEE FUND

The Post Office Guarantee Fund was established in March, 1898, in accordance with the provisions of the Post Office Act and under regulations prescribed by the Postmaster General, for the purpose of making good to the Crown any losses arising from malfeasance or misfeasance of officers and employees of the department, which risks had previously been covered by approved Guarantee Companies or other accepted guarantees.

Contributions to the fund were originally made by employees of the department on an assessment basis. In 1909, when the balance at the credit of the fund amounted to $147,589, the assessment rates were considerably reduced, and from April 1, 1919, when the balance had risen to $304,636.30, all assessments were discontinued. Since that date all losses indemnified from the fund have been paid out of the operating surplus of $304,636.30 and the annual interest allowed thereon.

An examination of the Fund, covering the transactions during a period of six years from April 1, 1923, was recently made by one of my officers. These transactions may be summarized briefly as follows:—

Balance at credit of Fund, April 1, 1923		$ 316,500 81
Interest credited from April 1, 1923 to March 31, 1929		54,964 09
		371,464 90
Deduct:		
Indemnities paid to March 31, 1929	$ 75,807 66	
Less—Amount recovered	3,262 03	
		72,545 63
Balance at credit of Fund, March 31, 1929		298,919 27

Comments on this examination were communicated to the Postmaster General with a request for further information regarding various matters of administration of the Fund and particularly with reference to certain classes of claims paid therefrom. Recommendations were also made towards improving the existing methods of dealing with the claims.

Reparation Payments

The amounts granted by Parliament for the payment of claims for compensation for losses sustained by the civil population of Canada during the late war and the amounts expended by the Custodian to March 31, 1930, were as follow:—

Grants—		
Authorized by the Reparation Act of 1929	$ 2,500,000 00	
Vote 461, Appropriation Act for 1929-30	4,200,000 00	
		$6,700,000 00
Expenditures—		
Payment of Awards:		
Principal	4,238,665 32	
Interest	2,311,059 21	
Legal Services	500 00	
		6,550,224 53
Balance remaining in hands of Custodian, March 31, 1930		149,775 47

A special audit of the payments to October 31, 1929, amounting to $6,514,741.85, was made under my direction and my comments thereon were communicated to the Department of the Secretary of State. A similar audit will be applied to the balance of the payments.

Telegraph Offices in British Columbia and the Yukon Territory

During the past summer I caused an inspection to be made by one of my examiners, of fifteen telegraph offices of the British Columbia, Yukon and Vancouver Island lines.

Systematic fraud, extending over a period of three years, was found to have been practised in one important office, the amount involved being $1,180.49, of which $1,033.19 represented shortages in remittances to the Federal Government and $147.30 represented overcharges to the public. I am advised that the whole amount involved has since been refunded by the operator.

Similar frauds, but on a smaller scale, were found to have been practised in three other offices. In one case the operator refunded $200, representing under-remittances of telephone tolls; the other two offices are being further investigated by the Superintendent of the Prince Rupert District.

Comments on the results of my inspection are being forwarded to the Department of Public Works. Further reference to this matter will be made in my report for the year 1930-31.

SUPERANNUATION AND PENSIONS, CIVIL AND MILITARY

A statement of the receipts and disbursements, during 1929-30, on account of superannuations and civil and military pensions, will be found on page 253 of this volume followed by explanatory notes.

Contributions Not Made on Full Salary.—Further progress has been made in the determination of the "salaries" under the Superannuation Act of those officials who are in receipt of living or residential allowances (see Report 1928-29, page xliii), but the value of all the allowances in the Departments of Agriculture and Indian Affairs has not yet been approved by the Governor in Council and the statutory contributions on their full salaries are not yet being made by certain employees of the former department.

Superannuation.—The following matters arising out of the audit of the superannuation revenues and expenditures were referred by me to the Treasury Board and the correspondence with regard thereto will be found in a subsequent section of this report at the pages indicated. These matters are specially referred to here on account of their importance and as they may serve as a guide to departmental officers when similar questions have to be dealt with in the future.

Payment of Withdrawal Allowance to Dismissed Employee.—On page 268 is printed the correspondence relating to the payment of a withdrawal allowance to a contributor who had been dismissed from the service. Ten years' service is necessary to qualify a contributor for such allowance, but in this case the employee had only nine years and six months' actual service. To make him eligible for the allowance two periods of suspension were included, giving him a service of ten years and ten days. If he had been granted leave of absence without pay he could not have included such absence in his service unless he paid the full abatement on his authorized salary for the period of absence. It would thus appear that a contributor who is suspended may be granted more favourable consideration than those with good records who are allowed leave without pay. On this account I consider it advisable that the regulations should be amended so as to cover cases of suspension as well as leaves of absence.

Employment Beyond Age Limit.—The correspondence on page 283 with regard to employment beyond the age limit, indicates the difficulties which have arisen in the administration of Section 10 (2) of the Act, which provides that no contributor shall be retained in the Service beyond the age of seventy years with the exception that under certain conditions his employment may be extended yearly for a period not exceeding five years. Notwithstanding the obvious intention of the Act, contributors are in some cases retained in the service beyond the age of seventy years without the requirements of the Act being complied with, while some have been paid salary after passing the age limit of seventy-five, without special parliamentary authority having been obtained.

Sessional and Seasonal Services.—A ruling of the Treasury Board with regard to Sessional and Seasonal Service, which will be found on page 286, renders uniform the application of the Act as regards the service of all contributors, whether full time, seasonal or sessional, by directing that only periods of actual service shall count for superannuation purposes. This ruling overcomes the difficulty previously encountered in the cases of sessional employees claiming a full year of service for each parliamentary session.

Pension Act.—A fairly comprehensive test audit of the payments of European War Pensions was carried out during the year by a section of my staff, and is still in progress in the Department of Pensions and National Health. In the course of this audit some three thousand files were fully examined and numerous observations were communicated to the Board of Pension Commissioners and to the Department, in which attention was called to seemingly irregular issues of pensions due mostly to the absence of a thorough and efficient system of internal pre-audit and control by departmental officials, with the result that a considerable amount is being recovered from overpayments while in a number of cases future pension payments have been reduced or altogether cancelled.

As no previous audit had been made by the Department, I considered that in the examination of these pension payments I should apply the accountancy audit in addition to the statutory audit, with the view of ascertaining whether any of the moneys appropriated by Parliament for Pensions had been misapplied, or whether any of the payments were *ultra vires*. In doing this I do not believe I have overstepped my duty, as it is a recognized principle that while it is not within my province to criticize purely administrative matters, it is within my discretionary powers to comment upon the financial consequences of any administrative action which appears to result in an improper use of public moneys granted by Parliament for a specific purpose, as I have to ascertain whether the funds so voted have been applied in accordance with the intentions of Parliament and have not been diverted, even temporarily, outside the ambit of the vote, a procedure which would cut at the root of all control of expenditure through parliamentary appropriation.

In the course of an audit which must necessarily comprise the examination of all supporting documents relating to any payment it is the duty of the examiner to inquire into all sources of information which may have a bearing on the payment made. In doing this he has to be inquisitive and in some cases may appear to the officials concerned as exceeding his duties. This however can hardly be avoided as it is not always possible to fix a limit to the extent of his investigations without preventing him from applying a proper and sufficient audit to the payments involved.

In view of the large increase in the pension expenditure which will result from the amendments to the Pension Act passed at the last session and in order to comply with Section 54 of the Consolidated Revenue and Audit Act, which directs that the Department shall " audit the details of the accounts of the several services in the first instance and be responsible for the correctness of such audit," it is advisable that immediate steps be taken to establish an effective system of internal audit in the Department of Pensions and National Health, the Department responsible for the administration of the Act, thus affording the Treasury additional protection against loss.

ADMINISTRATION OF THE CIVIL SERVICE ACT

Among the subjects dealt with in the Treasury Board Correspondence and the Precis of Departmental Correspondence printed in subsequent sections of this volume are the following relating to the administration of the Civil Service Act, to which I consider special attention should be directed:—

Legality of Payment of Gratuities to Relatives of deceased employees who were not subject to the Civil Service Act—Page 274.

Prevailing Rates Employees paid at rates in excess of those authorized —Page 279.

Employment of Temporary Official without Approval of Civil Service Commission—Page 321.

Salary of Chauffeur—Page 327.

Employment of Clerical Staff, Exhibition Branch, London, England —Page 328.

Attention is also directed to the following matters which are not referred to in the precis of correspondence published—

Classification of Exempted Positions.—The departments have agreed to submit monthly pay lists prepared so as to show whether or not the exempted positions have been classified, and my examiners will then be in a position to call attention to cases where the regulations are not being complied with.

Leave of Absence to Employees in Exempted Positions.—As a result of correspondence with the Justice Department and the Civil Service Commission I understand that the Treasury Board has at present under consideration the question of authorizing the granting of leave of absence to employees in exempted positions on practically the same basis as to those whose positions are subject to the provisions of the Civil Service Act.

Granting of Sick Leave on Retirement.—In the examination of the monthly attendance reports it was observed that in a number of departments the retiring leave approved by the Civil Service Commission was occasionally immediately preceded by sick leave with pay. In some cases this sick leave amounted to eleven months, which with the six months retiring leave, gave the employee seventeen months leave with pay after his active service had ceased. As it was not considered compatible with the reasons for granting sick leave and the spirit of the regulations that an employee on retiring might be granted all the sick leave permissible under the letter of the regulations (Section 67) in addition to the maximum retiring leave I referred the matter to the Civil Service Commission and to the Justice Department, with the result that on October 17, 1930, the Commission issued a circular to the various departments of which the following is an excerpt:—

"The Commission feels it necessary to advise the departments that sick leave ought not to be granted in any case when the employee does not intend to return to duty on the expiration of such leave, or when there is no reasonable chance of his being so far restored to health as to permit of such return; and that, for this reason, in all cases of extended sick leave, careful inquiry should be made as to the likelihood of the employee's complete recovery. The Departments are further advised that, in all applications to the Commission for the granting of retiring leave, in cases where extended sick leave has already been allowed, a certificate will be required of the department to the effect that the application was made as soon as it was known that retirement was contemplated and that such sick leave as had already been granted was granted in good faith on the understanding that the employee in question would eventually be restored to health and able to resume his duties in the department."

Leaves of Absence to Departmental Employees.—In some departments the leaves of absence granted to certain of their employees were not shown in the monthly reports submitted to this Office and to the Civil Service Commission. As a result of correspondence on the subject these reports are now prepared so as to indicate the absences on leave, whether with or without pay, of all their employees at Ottawa.

During the year, the staffs of the Soldiers' Civil Re-Establishment and the Federal Appeal Board, under the Department of Pensions and National Health, were brought under the operation of the Civil Service Act and positions to the number of about 2,200 were classified by the Civil Service Commission. The paylists covering the salaries of about 600 of these who are employed at Ottawa are now submitted to this Office for pre-audit.

OPERATION OF THE CONSOLIDATED REVENUE AND AUDIT ACT

In several previous reports I have drawn attention to certain anomalies that exist between the directions of the Consolidated Revenue and Audit Act as regards the disposition of the gross departmental revenues and the practices followed by some of the departments of making certain classes of payments out of their revenues, such as the remuneration of postmasters from the collections of their offices. I have also referred several times to the difficulties experienced by the departments in complying strictly with the directions of the Act as regards the lapsing of balances of appropriations which remain unexpended at the close of the fiscal year and by this office in seeing that they are observed.

These matters, a résumé of which will be found on page xlvi of my report for 1928-29, are again referred to for the purpose of urging that if and when the Act is amended consideration be given to the embodying therein such amendments as will eliminate the difficulties and anomalies to which I have drawn attention and also to the amendment of other sections, particularly those relating to the Audit of Revenue, Government Stores and other Public Accounts.

AUDIT OFFICE

Personnel.—The number of employees on the staff of my office in March, 1930, was 202, of whom 92 were men, a slight increase as compared with 200, including 88 men, in the previous year. The aggregate leave with pay decreased from 5·45 per cent of the total number of working days in 1928-29 to 3·62 per cent in 1929-30, the lower percentage for the latter year being due to there being fewer cases of illness of a serious character than in the previous year in which a considerable number of employees had to be granted more extended leave of absence.

In all past reports I have emphasized the fact that I have not on my staff the requisite number of qualified men to enable me to perform efficiently all my statutory duties and although I have increased their number I am considerably short of my requirements. These duties have greatly increased of late, and are still increasing, on account of new and augmented activities of the Government, among which may be mentioned the payment of Old Age Pensions in the various Provinces and those arising from the amendments of last session to the Pension Act which will have the probable effect of increasing considerably the number of pensioners with a consequent large increase in the expenditure. In addition, as irregularities of a serious nature have recently been disclosed through an audit carried out in certain departmental offices, I consider that similar investigations should be made with the least possible delay in the offices of other departments. This, however, will entail considerable additional work which can be assigned only to specially trained and experienced accountants and auditors. I have therefore to urge that in the Supplementary Estimates for next year a sufficient amount be granted this office for this purpose.

A few years ago, in order to increase the efficiency of the individual members of my staff by giving them the opportunity of acquiring a more thorough knowledge of the science of accounts, which is in constant evolution and is being added to continuously, I placed at their disposal a library of modern works on accountancy and audit. Recently, for the same purpose and with the view of providing more uniform rules of audit in this office, the "Manual of Instructions", referred to in my last report, has been compiled under my direction and will be available for the use of my staff within a few months. I also propose establishing a course of lectures on accountancy, auditing and kindred subjects, to be given principally by the senior members of my staff. All grades of my personnel will, through these means, be able to increase their efficiency in connection with their official duties in my office.

Moving of Office.—The removal to the New Confederation Building of my staff, at present located in the East Block and in the Transportation Building, with the exception of those officials and employees who are assigned to the examination and cancellation of redeemed debentures, notes and other securities (Consolidated Revenue and Audit Act, section 18, subsection 2), will, I believe, considerably improve the general efficiency of this office, as it will have the effect of placing practically all my staff and the various sections of the work under the immediate direction and control of myself and my Chief Assistants. I am apprehensive, however, of the effect of the removal from the East Block of myself and my Chief Assistants, as well as that section of my staff which is directly in charge of the examination of the accounts of the Finance Department, all of whom are more particularly connected with the controlling duties of my office. I have always objected to such removal because of the fact that the provisions of section 40, subsections 1, 4 and 5, of the Consolidated Revenue and Audit Act call for constant co-operation and joint action between the Finance Department and the Audit Office with regard to the payment of public moneys and other like matters of public concern. In order that the provisions of this section of the Act may be satisfactorily complied with, both Departments should be so located as to afford continuous personal contact between their officials and mutual ready access to their respective records in connection with the various matters requiring joint control. In the correspondence exchanged with the Minister of Finance in 1929 and subsequently with regard to moving the Audit office, I referred to this apprehension and to the probable effect such step would have if it were insisted on. I was then and am still of the opinion that the facilities for carrying the statutory directions into effect will not be readily available and that it may prove a serious obstacle to the carrying out of certain of the duties which devolve on me as Auditor General.

GENERAL REMARKS

Again this year my examining officers report, and I have pleasure in confirming, that generally speaking there has been a continued disposition on the part of departmental officials to co-operate with this Office in improving the methods followed in their Services with regard to the receipt and expenditure of public moneys. It is evident, however, that in certain cases, the organization of the Service is not up to the standard of efficiency called for by modern methods and does not provide a sufficient measure of protection of the Public Funds. The safeguards for the protection of these moneys must be rigidly applied in order to insure that all moneys collected from any source are promptly brought to account. Among the most essential of these safeguards are an adequate double-entry system of accounting and an internal system of departmental audit and control, as wherever these do not exist, the danger of loss is infinitely greater.

In some of the services, as already mentioned, the accountant is also the cashier and the controller and no other responsible official in those Departments is charged with the audit of either the Revenue or the Expenditure, with the result that the provisions of section 54 of the Consolidated Revenue and Audit Act, requiring the Deputy Head or other officials of the department to audit the details of the accounts in the first instance, and be responsible for the correctness of such audit, are not complied with, the only audit applied in such cases being made in this office on the documents, vouchers, etc., submitted and certified to by the same official who handles the funds and pays the accounts and by another officer of the department whose signature may be only a matter of form. In order to supplement this latter audit, I have endeavoured to increase, as far as I could, the number of inspections of the records in the departmental offices but, as explained in the preceding chapter, my staff limitations did not permit of this being done to the desired extent. I consider, however, that such inspections should be carried out, especially with regard to certain services, by the proposed investigating section of my staff who would be kept constantly on this work, covering each year the majority if not all of the departments. In the past the audit in this Office dealt more particularly with certain features of the examination of the accounts, mainly the legal one, but most of the dishonest practices, losses and waste have occurred through lack of proper accounting and of administrative methods of control. Incompetency or negligence can only be discovered by means of such investigations applied by expert auditors to the original records in the departments.

Parliamentary control of the receipts and expenditures of public moneys provided by the Consolidated Revenue and Audit Act is in principle similar to that of Great Britain, the Canadian Act having been modelled on the Imperial Exchequer and Audit Act, and it should be exercised through similar organisms under the active guidance of the Public Accounts Committee, the functions of which are "designated to guarantee financial regularity and audit" of accounts concerning Public Moneys as appropriated by Parliament. It may however be questioned whether every constituted part of that control is functioning as intended and, if not, whether measures should not be taken to give fuller effect to the provisions of the Act.

Revenus.—Le revenu total de l'année fut de $445,952,285.60, soit sur les $460,940,727.78 de 1929, un fléchissement de $14,988,442.18.

Les revenus ordinaires ne comprennent pas les montants suivants, déboursés par certains ministères, et déduits de leurs revenus bruts, comme il est indiqué dans l'état paraissant à la page 118 de ce volume:—

Ministère des Postes—

Conformément à la coutume de virer aux revenus de l'année où elles auraient dû être encaissées, les taxes d'accise perçues après le 31 mars de cette années, $4,032,496.43 furent transférés du revenu de 1929-30 à celui de 1928-29, et similairement $3,291,514.93 de celui de 1930-31 à 1929-30.

Dans le revenu de l'année ne figurent pas les recouvrements sur les dépenses en capital des années antérieures créditées à "Capital", ni les remboursements d'avances faites à même des crédits ou en vertu de lois spéciales et créditées à des "Comptes spéciaux", paraissant dans ce rapport, (voir Index, pages 116 et 117).

Le Ministère des Finances, comme les années passées, n'a pas compris dans les dépenses de l'année le montant ci-dessus de $4,011,574.52, affecté à l'achat d'obligations pour les caisses d'amortissement.

Les crédits et les dépenses de l'année se comparent comme suit avec ceux de l'année précédente:—

Crédits.—En plus des lois des crédits n^{os} 1 à 4, 1929, une nouvelle loi de crédit, sanctionnée le 30 mai 1930, accordait un montant additionnel de $6,638,030.23 pour, du 1er avril 1929 au 31 mars 1930, couvrir certaines charges et dépenses non prévues des services publics. A cause de la date tardive où fut sanctionnée cette loi, les crédits votés, bien que n'ayant pu être utilisés durant l'année financière 1929-30, ne furent cependant pas périmés et le Ministère des Finances les considéra comme pouvant s'appliquer à l'année financière 1930-31. En vertu de l'article 42 (*b*) de la Loi du Revenu consolidé et de la Vérification le Gouverneur Général émit quatorze mandats spéciaux s'élevant à $808,700, compris par la suite dans le bill d'appropriation n° 3, crédits 431 à 444. Conformément aux dispositions de l'article 44 de la loi précitée, l'Auditeur Général établit un état de ces mandats qui fut présenté à la Chambre le 24 février 1930.

VÉRIFICATION DES REVENUS

Des états généraux des revenus paraissent dans ce volume aux pages indiquées ci-après:—

Page 115—Tableau sommaire des revenus (ordinaire et casuel)..

Page 118—État général des revenus ordinaires et comparaison du revenu net avec celui de 1928-29.

Page 120—Classification du revenu casuel, par Ministère, et comparaison avec 1928-29.

Pour établir une concordance avec les écritures du grand-livre du Dominion, dans le premier de ces états le revenu ordinaire est classifié en: revenu général et casuel; amendes et confiscations; primes, escompte et change.

Comme il n'existe aucune ligne de démarcation bien définie entre les catégories de recettes désignées sous le titre de revenu général ou de revenu casuel, j'attirais l'attention dans mes rapports précédents sur certaines recettes portées au revenu casuel qui, à mon avis, devraient être comprises dans le revenu général. Toutefois, sans entrer dans le détail, on peut dire, que le revenu général comprend les recettes dont l'encaissement est prévu plus spécialement par des lois fédérales, tandis que les argents provenant des droits de licences, etc., des ventes, des recouvrements sur les dépenses des années antérieures sont portés au revenu casuel.

Les revenus encaissés par les différents ministères paraissent aux "Sommaires des revenus et des dépenses des ministères" (pages 121 à 191 qui réfèrent à la page du volume II où en sont donnés les développements.

REVENUS ORDINAIRES

Les revenus ordinaires de l'année s'élevèrent à $441,411,806.18, se répartissant comme suit: revenu général, $435,831,387.96; revenu casuel, $4,300,709.82; amendes et confiscations, $748,342.64; primes, escompte et change, $531,365.76.

Le tableau ci-dessous permet la comparaison, des revenus ordinaires, bruts, et nets des cinq dernières années:—

Année financière	Revenu brut	Déduction	Revenu net
1925-26	$ 400,021,159 79	$ 19,275,654 21	$ 380,745,505 58
1926-27	419,558,838 11	20,863,061 73	398,695,776 38
1927-28	447,815,840 95	25,097,858 27	422,717,982 68
1928-29	478,875,831 72	23,411,957 98	455,463,873 74
1929-30	471,202,585 19	29,790,779 01	441,411,806 18

Revenu général.—Sur les $435,831,387.96 de revenu général, le Ministère du Revenu national encaissa $377,068,791.70, soit plus de 86 p. 100 du montant total. Les encaissements de ce Ministère, classifiés en droits de douanes, droits et taxes d'accise, impôts sur le revenu, etc., sont donnés ci-dessous pour les cinq dernières années:—

Années	Droits de douanes	Droits et taxes d'accise	Impôt sur le revenu et les bénéfices commerciaux	Total
1925-26............................	$ 127,355,143 50	$ 141,020,654 84	$ 56,745,410 12	$ 325,121,208 46

Les principales augmentations ou diminutions dans les revenus ordinaires se produisirent dans les services suivants: —

Services	Augmentation	Diminution	Pourcentage
Droits de douanes............................	....	$ 7,776,412 01	4 p.c.
Droits d'accise............................	$ 1,350,747 70	....	2 p.c.
Taxes d'accise............................	....	19,598,139 64	24 p.c.
Impôt sur le revenu et les bénéfices commerciaux......	9,316,471 16	....	16 p.c.
Intérêts sur placements............................	1,290,642 75	....	11 p.c.
Postes............................	2,733,421 61	....	9 p.c.
Produits des taxes de guerre............................	....	662,068 38	31 p.c.

Le fléchissement de $7,776,412.01 dans les droits de douanes a pour cause principale les drawbacks qui accusent une augmentation de $6,233,731.96, et celui de $19,598,139.64, dans les taxes d'accise, les modifications apportées à la "Loi spéciale des Revenus de guerre".

Revenu casuel. — Le sommaire ci-après donne le montant des recettes de l'année, créditées au revenu casuel, et permet leur comparaison avec celles de 1928-29:—

Catégories de recettes	1929-30	1928-29	Augmentation ou *Diminution
Revenus divers, droits, licences, etc....................	$ 2,541,761 10	$ 2,366,200 38	$ 175,560 72
Produits de la vente de propriétés, matériel, etc.......	619,977 12	643,921 34	* 23,944 22
Recettes diverses............................	270,968 18	335,830 32	* 64,862 14
	3,432,706 40	*3,345,952 04*	
Recouvrements sur les dépenses des années antérieures	868,033 42	695,142 55	172,860 87
Total............................	4,300,709 82	4,041,094 59	259,615 23

On trouve à la page 120 de ce volume, une classification générale, par ministère, de ces recettes et leur développement paraît dans les différentes parties du volume II.

L'augmentation nette de $175,560.72 dans les revenus divers provient en grande partie des sources suivantes:—

Augmentations:—		
Ministère de l'Agriculture—Droits d'inspection	$	48,808 14
Marine et Pêcheries—Service radiotélégraphique		145,264 17
Diminution:—		
Secrétariat d'État—Droits perçus en vertu de la Loi des Compagnies		60,324 18

Dans les "recettes diverses", le fléchissement provient, en presque totalité, de ce que les bénéfices d'exploitation de l'Imprimerie et de la Papeterie publiques, furent inférieurs de $40,932.55 à ceux de 1928-29.

Les principales augmentations enregistrées dans les recouvrements sur les dépenses sont celles encaissées par la Gendarmerie Royale à cheval, soit $87,500 reçus de la province de Saskatchewan, pour assurer la police, et $24,657.31 pour l'entretien et le transport des prisonniers. Le Ministère des Chemins de fer et Canaux reçut, de son côté, $70,087.29 de la "Canadian General Electric Company of Canada", pour la construction d'une centrale électrique à Nassau, Ont.

Comme dans mes rapports précédents, je veux encore attirer l'attention sur certaines catégories de recettes régulières dont les montants semblent assez élevés pour être inclus dans le revenu général au lieu d'être portés au revenu casuel. En 1929-30, ces recettes furent:

Droits d'inspection, Ministère de l'Agriculture	$	195,842 50
Ventes des produits des fermes expérimentales—Ministère de l'Agriculture.		181,485 81
Service radiotélégraphique—Marine et Pêcheries		498,911 31
Loyers des édifices publics—Travaux publics		119,785 74
Droits perçus en vertu de la Loi des Compagnies—Secrétariat d'Etat		650,616 30

Amendes et confiscations.—Les encaissements provenant d'amendes et de confiscations, s'élevèrent à $748,342.64, soit une augmentation de $92,857.78 sur 1928-29. Le Ministère du Revenu national encaissa $639,066.69 contre $437,184.72 l'année précédente. Le Ministère du Travail, qui, en 1928-29, avait perçu $100,000 à la suite d'une poursuite intentée en vertu de la "Loi des Enquêtes sur les coalitions", n'encaissa, cette année, aucun montant.

Primes, escompte, change.—Le montant total crédité aux revenus sous cette rubrique fut de $531,365.76, dont $531,087, par le Ministère des Finances représentant l'escompte sur les valeurs achetées pour les caisses d'amortissements. En 1929-1930, cet escompte avait été de $516,148.21.

Observations.—Comme les années passées, des vérifications dont il est fait mention dans divers chapitres, et en particulier au chapitre "Vérifications spéciales" furent effectuées dans plusieurs bureaux de perception des ministères. Bien qu'en général de nouvelles améliorations aient été constatées dans la façon de rendre compte des revenus perçus, quand le même employé remplit les fonctions de caissier, de comptable et de contrôleur, les fonctionnaires responsables n'ont pas toujours parfaitement saisi l'importance de s'assurer avec assez de soin de l'exactitude des rapports et des états, que les articles 37, 38 et 64 de la Loi du Revenu consolidé et de la Vérification et la minute du Conseil du Trésor du 23 mai 1890 les obligent d'envoyer à l'Auditeur Général.

Des méthodes comptables inadéquates ou appliquées avec négligence relativement au contrôle des sources de revenus et aux écritures s'y rapportant peuvent être la cause de pertes considérables de revenus pour les ministères, comme il l'a été constaté récemment dans deux cas où mes examinateurs avaient procédé à des vérifications du revenu, et comme on m'a fait connaître que cela s'était produit dans d'autres ministères. C'est pourquoi, je conseille fortement aux Sous-ministres d'examiner avec grand soin si les méthodes actuelles de perception et de comptabilité assurent une sauvegarde suffisante des recettes.

L'ordonnance du Conseil du Trésor relative à la perception, et aux écritures de la comptabilité des revenus ne paraissant pas avoir été modifiée depuis que, il y a environ 40 ans, instruction fut donnée à l'Auditeur Général d'examiner et de vérifier les comptes-recettes, j'ai l'intention de soumettre à l'approbation du Conseil du Trésor, conformément à l'article 32 de la loi du Revenu consolidé et de la Vérification, un projet de réglementation et des modèles plus conformes aux besoins actuels pour guider les comptables des ministères dans la préparation de leurs comptes périodiques qu'ils me soumettent pour vérification.

Je dois encore revenir sur la nécessité pour les ministères de faire faire à l'improviste, par leurs vérificateurs, de plus fréquentes inspections et des vérifications d'épreuve dans leurs bureaux d'Ottawa et de l'extérieur, et aussi à ce que l'on se conforme de façon plus stricte aux directives du Conseil du Trésor relatives, en particulier, à la promptitude à apporter au versement des argents encaissés.

Les questions les plus importantes concernant les revenus, ayant au cours de l'année, fourni matière à correspondance avec les ministères sont énumérées ci-après, avec indication des pages où elles paraissent dans le précis de correspondance:

Page 330—Agriculture (Ministère de l') Dettes annulées.

Page 330—Affaires indiennes (Dépt. des) Annulation des dettes dues à la Couronne.

Page 336—Marine (Ministère de la) Arriérés de quayage (Cheverie, N.-E.).

Il est maintenant possible de donner des informations complémentaires sur les questions suivantes, concernant les revenus, mentionnées dans mes rapports précédents:—

Pages 232 (1927-28) et liv. (1928-29)—Remboursements à la Colombie-Britannique d'une partie de la taxe perçue sur les Chinois en 1923 — Trois taxes d'entrée furent remboursées pendant l'année, réduisant à $4,000 le montant détenu provisoirement par le Ministère de l'Immigration.

Pages 242 (1927-28) et liv. (1928-29) — Rapports du revenu des Postes — Aucune nouvelle modification n'a été apportée dans la manière de rendre compte de ces revenus, mais je comprends que le Ministère des Postes projette d'y faire des changements importants.

Page 234 (1928-29) — Création d'un fonds de réserve autorisé par arrêté en Conseil, considérée comme contraire aux dispositions de la Loi du Revenu consolidé et de la Vérification. On ne se conforma pas aux termes de l'arrêté en Conseil mentionné dans cette correspondance et la totalité de la somme reçue des expéditeurs de fruits, soit $17,025.38, fut reversée au crédit comme recouvrements sur les dépenses.

REVENUS SPÉCIAUX

Conformément aux dispositions de l'article 50 de la Loi du Revenu consolidé et de la Vérification, chacun des ministères me transmit des états, dûment certifiés, des comptes de crédits qui, comme le prescrit l'alinéa 2 de l'article précité, furent vérifiés sous ma direction. Ils paraissent, précédés d'un sommaire général, pages 10 à 114 de ce volume.

Le total global des balances inemployées de crédits s'est élevé à $73,609,335.23, soit une augmentation de $15,353,248.78 sur 1928-29. Les crédits furent par contre dépassés de $505,510.46 qui devront être couverts par un vote spécial du Parlement.

(a) Donné en 1928 sous la rubrique "Rétablissement des Soldats dans la vie civile".

Il ressort du tableau précédent que, déduction faite des $1,048,482.21 de dépassements extraordinaires dus au paiement des pensions de 1928-29, les dépassements de cette année sont supérieurs d'environ $20,000 à ceux de l'an dernier. Comme je le faisais remarquer dans mon dernier rapport (page liii), la responsabilité en repose entièrement sur les ministères, chargés de l'administration des argents votés, et tout particulièrement sur leurs comptables dont les devoirs, dans de tels cas, sont clairement définis par un règlement ayant force de loi qui fut approuvé par un arrêté en Conseil du 7 juillet 1892. A moins d'être rendus inévitables par suite de circonstances imprévues, comme ces dépassements affaiblissent le contrôle du Parlement sur les dépenses, des mesures devraient être prises pour les empêcher.

Deux ministères ne fournirent pas d'explication sur ceux de leurs crédits non-employés en totalité et, ces argents ayant été votés d'après le budget présenté par chacun des ministères, la Chambre, à mon avis, a le droit de connaître les raisons pour lesquelles un crédit ne fut pas employé, aussi bien que celles qui occasionnèrent son dépassement.

Les portions inemployées des crédits de 1928-29, s'élevant à $58,256,086.45 furent reversées et rayées des livres, et les $1,572,328.10 de dépassement couverts par le crédit 445, loi des crédits, No. 3, 1930, appendice B.

La vérification des dépenses fut faite autant que possible *pari passu* avec les mouvements de caisse, et les vérifications préalables, c'est-à-dire l'examen des comptes avant paiement, furent faites de la même manière et aussi fréquemment que les années précédentes.

Pour me conformer aux termes de l'article 60 de la Loi du Revenu consolidé et de la Vérification, je fais rapport des résultats de mon examen des comptes de crédit relativement aux questions suivantes:

(*a*) Emission de chèques—Aucun chèque du Receveur Général ne fut émis sans mon certificat préalable;

(*b*) Crédits dépassés—Un état des crédits dépassés a été donné précédemment;

(*c*) Argents reçus par un ministère provenant d'autres sources que les crédits de l'année—En ce qui concerne la pratique suivie par certains ministères, déjà signalée dans des rapports précédents, de payer des réclamations à même leurs recettes diverses telles que le produit de la vente de matériel, etc., on trouve cette année, relativement à cette pratique, un précis de la correspondance à laquelle elle donna lieu, et à la suite des comptes de crédits, des notes de vérification.

(*d*) Preuves de paiement—Je suis informé par mes chefs examinateurs que, sauf dans quelques cas, faisant aussi l'objet de notes de vérification, et mentionnés dans le précis de correspondance, les différents ministères me transmirent les pièces justificatives de dépenses et autres documents exigés par la loi.

(*e*) Les paiements non effectués pendant l'année financière où les dépenses furent faites, font l'objet d'un chapitre séparé et ceux, improprement chargés à un crédit ou entachés de quelque irrégularité, ayant motivé des observations ou des objections sont mentionnés dans le précis de correspondance.

Comme ces dernières années, des inspections et des vérifications de certains comptes ou de certaines activités du Gouvernement, au sujet desquels je ne puis obtenir que sur place les renseignements voulus, furent faites, sous ma direction, dans plusieurs bureaux de l'extérieur. Les résultats en sont donnés plus en détail au chapitre "Vérifications spéciales", et dans différents autres chapitres.

L'examen des écritures de l'année fit ressortir plusieurs points que je soumis au Conseil du Trésor. Ils sont mentionnés dans différents chapitres de ce rapport et la correspondance en résultant paraît pages 292 à 316. J'ai été prévenu qu'ils faisaient l'objet d'études de la part du Conseil, ainsi que plusieurs autres qui avaient été momentanément laissés en suspens.

Le "Précis de correspondance" (pages 330 à 339) ne donne qu'une faible idée du nombre de sujets ayant fourni matière à correspondance avec le ministères, la plupart n'étant pas mentionnés, car ils furent réglés à ma satisfaction. D'autres, toutefois, se rapportant à des questions de principe, bien qu'ayant été expliqués ou réglés d'une façon satisfaisante, sont donnés, afin que les Ministères aient une directive si des cas semblables venaient à se reproduire. Au nombre de ces sujets sont les suivants qui ne sont traités dans aucun des autres chapitres de cette introduction:—

La correspondance concernant les achats de papeterie ou les impressions, faits sans l'entremise de l'Imprimeur du Roi, n'est pas incluse dans le précis, la question de ces achats ayant été soumise au Conseil du Trésor (voir page lxix).

Ci-après sont données des informations complémentaires sur certaines questions concernant les dépenses, mentionnées dans les "Précis de correspondance" de mes rapports précédents:—

Je n'ai reçu aucune nouvelle information sur les questions ci-après, paraissant dans le précis de correspondance de 1927-28: —

IMMEUBLES ACHETÉS À TEMPÉRAMENT

Durant l'année des arrangements ont été pris avec la "Regina Armoury Association " pour l'achat de l'arsenal qu'elle avait fait construire. Ces arrangements qui sont les mêmes que ceux conclus avec le "Westmount Armoury", prévoient, pendant vingt ans, une série de paiements semestriels de $13,927.32.

Les paiements échus, en capital et intérêts, sur les autres immeubles achetés à tempérament furent effectués pendant l'année, y compris le dernier versement sur le "Lavut Building" à Montréal.

DÉPASSEMENT DES CRÉDITS OUVERTS EN BANQUE PAR LETTRE DE CRÉDIT

Un remboursement, en faveur de la banque de Montréal, fut demandé par le Ministère des Postes pour des chèques d'un total de $512,830.53 émis pendant le mois de mars sur sa lettre de crédit qui avaient occasionné en même temps un dépassement de $430,664.44 de la lettre de crédit du Ministère et de $224,850.67 du crédit voté pour le traitement des employés des postes. Je signalai ce dépassement au Ministère des Finances et il fut convenu d'émettre un crédit additionnel pour son remboursement, la banque ayant payé ces chèques ne sachant pas qu'ils avaient été émis irrégulièrement. Il fut également constaté à la fin de l'année financière que d'autres ministères avaient aussi dépassé leurs lettres de crédit, mais par de faibles montants.

Les remarques que je faisais dans mes rapports précédents sur l'irrégularité de ces dépassements, ont encore toute leur valeur et je suggérerais de nouveau que des mesures soient prises pour éviter qu'ils se reproduisent à l'avenir.

Dépenses impayées au cours de l'année où elles furent faites

D'après les dispositions de l'article 60, alinéa (*e*), de la Loi du Revenu consolidé et de la Vérification, je dois, entre autres choses, attirer l'attention sur tous les cas " où un paiement débité n'a pas été effectué durant la période couverte par le compte". Cet alinéa a été interprété comme ordonnant de faire rapport de tout paiement fait au cours de l'année financière suivant celle où les dépenses furent faites. Comme je l'ai fait remarquer dans des rapports précédents, de semblables paiements seront faits chaque année, tant que l'article 49 de la Loi du Revenu consolidé et de la Vérification n'aura pas été modifié. Ces paiements sont inclus dans le développement des dépenses paraissant dans le volume II, mais leur grand nombre m'empêche de les signaler chacun en particulier. Ils s'élèvent cette année à environ $5,000,000.

Balances d'avances non employées

Mes examinateurs apportèrent une attention toute particulière à ce que les montants inemployés des avances consenties à des fonctionnaires soient portées en compte aussitôt que possible et, de leur côté, les ministères coopérèrent avec mon Bureau afin qu'elles soient justifiées au cours de l'année où elles furent faites, ou dans un laps raisonnable de temps après la fin de cette année. Il en est résulté qu'il a été rendu compte de plusieurs de ces avances dues depuis longtemps.

Tout dernièrement mes examinateurs relevèrent de graves irrégularités relativement à certaines de ces avances, et je me propose de faire examiner dans les ministères, les méthodes de tenue et de contrôle de ces comptes par rapport à leur gestion.

Les montants inemployés que, dans mon dernier rapport, je disais être entre les mains des liquidateurs de la Home Bank furent justifiés de façon satisfaisante et ceux du Conseil des Recherches et de la Commission de biologie marine font l'objet de deux des chapitres de ce rapport.

Achat et frais d'entretien d'automobiles

Comme il ressort du Sommaire général et de la classification, par ministère, des dépenses, paraissant dans ce volume, page 192, le total des dépenses pour achats d'automobiles, remises à neuf, réparations, non compris le coût de l'essence et des lubrifiants, fut de $783,076.75, soit une augmentation de $148,527.65 sur l'année précédente.

Le tableau comparatif sommaire ci-dessous donne l'augmentation de ces dépenses et de leur pourcentage au cours des quatre dernières années:—

Année	Dépenses	Augmentation	Pourcentage de l'augmentation
1926-27	$ 484,388 69	$ 140,959 91	41
1927-28	541,926 64	57,537 95	12
1928-29	634,549 10	92,622 46	17
1929-30	783,076 75	148,527 65	23

L'augmentation continue de cette catégorie de déboursés qui, en 1929-30, dépassent de 62 p.c. ceux de 1926-27, me justifie d'insister, comme dans mes rapports précédents, sur la nécessité d'adopter une méthode de contrôle systématique et efficace et de créer une organisation centralisant les achats d'automobiles et leur répartition entre les divers ministères.

CAUTIONNEMENT DES FONCTIONNAIRES

Dans mon rapport de 1927-28 (page lxiii), je faisais remarquer que le mode de paiement des primes d'assurance de garantie n'était pas uniforme dans tous les ministères. La situation est inchangée. Cependant, dans une lettre du Ministère de la Justice en date du 7 juin 1929, communiquée à mon Bureau au mois de juin 1930 par le Ministère des Finances, la question de la légalité de ces paiements a été élucidée.

Le Sous-ministre de la Justice est d'opinion que, d'après les dispositions de l'article 28 de la "Loi des Fonctionnaires publics", le Gouverneur en son Conseil a le pouvoir d'autoriser que, dans chaque cas, ou dans chaque classe de cas, où des primes d'assurances de garantie doivent être payées, elles le soient par Sa Majesté. Toutefois, il ne trouve aucun article de la loi permettant, comme les ministères ont généralement coutume de le faire, le paiement de ces primes, à moins qu'il ne soit prévu statutairement ou autorisé par un arrêté en Conseil.

Il est à présumer que quand les ministère connaîtront cette interprétation de la loi, ils demanderont l'autorisation nécessaire avant de payer, à même les deniers publics, les primes d'assurance de garantie.

Il est un autre aspect de cette question qui devrait être pris en considération sans retard. Le seul règlement général déterminant dans quel cas des assurances de garantie doivent être prises fut établi par un arrêté en Conseil de 1869. Par suite du temps écoulé cette réglementation est aujourd'hui surannée, et afin de donner aux ministères une directive définitive spécifiant quand ils doivent prendre des assurances de garantie, je conseillerais de l'adapter aux nécessités présentes.

SERVICES DES RENSEIGNEMENTS COMMERCIAUX

Les dépenses du Ministère du Commerce pour le service des renseignements commerciaux accusent une augmentation de $168,194.22, ayant passé de $495,183.92 en 1928-29 à $663,378.14 en 1930. Ce relèvement d'environ 34 p. 100 provient d'un accroissement considérable du service, de nouvelles agences ayant été ouvertes dans les huit villes suivantes: Athènes, Chicago, Hong-Kong, Lima, Oslo, Panama, San-Francisco, Tokyo.

Le développement de ces déboursés qui, cette année, ont été reclassifiés, paraît dans le volume II, partie 22, pages 18 à 23.

ESSAYERIE DU DOMINION, VANCOUVER

Les $968,380.45 d'or achetés par l'essayerie en 1929-30, et les $86,721.66 restés en main à la fin de l'année précédente furent en totalité expédiés à la Monnaie d'Ottawa, et évalués par elle à $1,055,754.57, soit un bénéfice de $652.46, compris dans le revenu casuel du Département des Mines.

Un crédit, inscrit au budget, prévoyait les frais d'exploitation de l'essayerie qui s'élevèrent à $22,665.04.

ÉLECTIONS

Pendant l'année, les frais d'élection payés par mon Bureau, s'élevèrent à $26,292.02, dont $23,738.40 pour les élections complémentaires, $2,190.02 pour les "Dépenses en général" et $363.60 pour les comptes impayés des élections générales de 1925 et 1926. Ces chiffres ne comprennent le traitement d'aucun des membres de mon personnel préposé à ces écritures. Le détail de ces dépenses paraît dans le volume II, partie N, pages 14 à 16.

DÉPENSES RÉSULTANT DIRECTEMENT DE LA GUERRE EUROPÉENNE

Les dépenses résultant directement de la guerre européenne, sans compter toutefois aucune partie des intérêts de la dette publique représentant les emprunts de guerre, sont données dans le tableau comparatif ci-dessous:—

Commission des monuments commémoratifs des champs de bataille.—Les dépenses de l'année s'élevèrent à $168,966.63, dont on trouve le développement dans le volume II, page Q-69. Sur ce montant, H. I. Jenkins and Son, chargés de l'érection du monument de Vimy Ridge reçurent $121,414.37, portant à $488,707.98, le montant total payé à ces entrepreneurs depuis le commencement des travaux.

Au 31 mars 1930, les dépenses totales de cette commission s'élevaient à $1,629,279.71.

FERMES EXPÉRIMENTALES

Un sommaire des revenus et des dépenses des fermes expérimentales du Dominion, établi comme dans mes rapports précédents, paraît dans ce volume, page 251. Il en ressort que le coût net d'exploitation de toutes les fermes, y compris les dépenses des réparations faites aux bâtiments par le Ministère des Travaux publics et les frais d'expropriation de la ferme Booth à Ottawa, s'élevèrent à $2,280,889.67, soit une augmentation de $431,496.72 sur 1928-29.

En vertu d'un jugement de la Cour de l'Echiquier il fut payé, à même le Fonds du Revenu consolidé, un montant de $271,328.10 à la succession J. R. Booth qui, venant s'ajouter aux $50,000 déjà versés, porte à $321,328.10 le prix d'achat de la ferme Booth.

Les recettes provenant de la vente de produits agricoles, etc., s'élevèrent à $312,796.27 contre $295,061.97 en 1928-29, soit une augmentation de $17,734.30. Sur le montant total des ventes ci-dessus, $131,310.46 furent portés au compte des crédits et remployés sans l'autorisation du Parlement, et $181,485.81, déposés comme revenus au crédit du Receveur Général.

On n'a apporté aucune modification aux méthodes de contrôle des avances consenties aux surintendants de fermes.

REPRÉSENTATION DANS L'EMPIRE ET À L'ÉTRANGER

Le tableau comparatif ci-après est un sommaire des frais de représentation dans l'Empire et à l'étranger en 1928-29 et 1929-30.

A ma demande, les crédits afférents à ces dépenses furent inscrits dans la Loi des crédits au chapitre du budget des Affaires extérieures. Les dépenses ci-dessus sont données dans les comptes de crédits (page 24, volume 1) et leur développement dans le volume II, partie E.

Outre les dépenses ci-dessus du Ministères des Affaires extérieures pour le Bureau du Haut Commisaire, le Ministère des Travaux publics dépensa $40,660.74 en 1928-29 et $40,758.92 en 1929-30, pour loyer et réparations du "Canada Building", à Londres.

VÉRIFICATION DES PAIEMENTS D'INTÉRÊTS ET DES EMPRUNTS REMBOURSÉS

Comme le demande le paragraphe 2 de l'article 18 de la Loi du Revenu consolidé et de la Vérification, et la minute du Conseil du Trésor du 20 janvier 1925, la vérification des paiements d'intérêts et des rachats d'emprunts fut faite d'une manière plus complète et plus satisfaisante qu'elle ne l'avait jamais été auparavant, des renseignements plus détaillés, y compris des états certifiés concernant la gravure, l'émission et l'annulation des obligations et des coupons d'intérêts, ayant été communiqués à mes inspecteurs pour examen.

Le tableau sommaire suivant fait ressortir l'étendue de ces vérifications et le travail considérable qu'elles nécessitèrent:—

Nombre de coupons, chèques, obligations vérifiés, etc	5,917,152
Chèques d'intérêts émis	$ 36,789,683 12
Coupons d'intérêts—comptés et totalisés	66,106,898 13
Obligations rachetées vérifiées	74,895,450 00

IMPRIMEUR DU ROI—COMPTES D'AVANCES

Conformément aux dispositions de la "Loi du Département des Impressions et de la Papeterie publiques", je fis faire la vérification des comptes-matières de l'imprimerie, ainsi que l'inventaire des stocks disponibles, représentant à la fin de l'année une valeur de $472,108.33, soit une diminution de $68,522.24 sur celle du 31 mars 1929.

L'Imprimeur du Roi a pris des mesures en vue d'introduire des méthodes plus efficaces pour disposer des stocks importants de matières sans valeur ou en surplus des besoins courants, portés à l'inventaire d'une année à l'autre, et pour remédier à certaines lacunes du service de distribution que je lui signalai à la suite des vérifications ci avant mentionnées.

Les travaux d'imprimerie et de lithographie, etc. exécutés en dehors de l'Imprimerie, mais sur l'ordre de l'Imprimeur du Roi, s'élevèrent à $461,583.79, soit une augmentation de $137,077.98 ou 42 p. 100, sur 1928-29.

Malgré mes observations réitérées au sujet des forts montants dus par des ministères à la fin de chacune des années financières, ces montants qui, en 1927-28, n'étaient que de $194,276.01, furent de $293,936.37, en 1928-29, et de $437,243.89, en 1929-30, soit, au cours des trois dernières années, une augmentation de plus du double. Ces montants impayés sont en fait un dépassement de crédit, et en contravention des dispositions des articles 40 et 49 de la Loi du Revenu consolidé et de la Vérification stipulant que les paiements soient effectués au cours de l'année où les dépenses furent faites. Cette question a été soumise au Conseil du Trésor et je la porte maintenant à la connaissance du Parlement, conformément aux dispositions de l'article 60 de la loi précitée.

Le tableau comparatif ci-après donne, avec leurs augmentations ou leurs diminutions, les montants dus par les différents ministères à la fin des années 1928-29 et 1929-30. Dans la majorité des cas les arriérés de 1929-30 s'étendent sur une période de plusieurs mois, allant parfois même jusqu'à sept.

Les états financiers des Comptes d'avances de l'Imprimeur du Roi, pour les divisions de l'Imprimerie et de la Papeterie, paraissent dans ce volume, pages 222 et 223.

Bien que les divers ministères se conforment d'une façon générale aux dispositions de la " Loi des Impressions et de la Papeterie publiques ", voulant que toutes les fournitures de bureau soient achetées par l'entremise de l'Imprimeur du Roi, j'eus, à diverses reprises, l'occasion de mettre en question des achats faits sans son entremise; toutefois, dans la plupart des cas, les ministères lui envoyèrent, dans la suite, leur compte pour les faire approuver. Ces achats peuvent être classifiés comme suit:

(*a*) Achats sur place par des bureaux du Gouvernement à l'étranger.

(*b*) Achats pour les commissions, ou organisations similaires, dépendant du Gouvernement ou maintenues à même les fonds publics.

(*c*) Achats d'articles dont les ministères ont un besoin urgent.

(*d*) Achats peu importants au comptant a même des avances ou par des fonctionnaires voyageant pour le service du Gouvernement.

Aucune des dispositions de la " Loi des Impressions et de la Papeterie " ne prévoyant les cas ci-dessus d'une manière explicite, je suis d'avis que, dans l'intérêt du service, et pour que les ministères aient une directive bien définie, il est à désirer qu'une règle fixe soit établie sur la recommandation de l'Imprimeur du Roi. Une autre difficulté que j'ai également rencontrée est le manque d'une définition bien arrêtée du mot "papeterie" ou de l'expression "autres articles de papeterie de quelque espèce que ce soit". Dans certains cas, et tout particulièrement dans celui d'un des ministères les plus importants, ayant mis en doute la régularité d'achats, qui à mon avis, auraient dû être faits par l'entremise de l'Imprimeur du Roi, il me fut répondu que les articles achetés n'étaient pas considérés comme articles de papeterie. Afin d'éviter que sur ce point la loi ne soit interprétée de différentes façons, des instructions devraient être données indiquant d'une façon précise quels sont les articles que les ministères doivent se procurer par l'entremise de l'Imprimeur du Roi.

Ces remarques peuvent également s'appliquer, mais moins généralement, aux comptes des travaux d'impression ou de frais de publicité, qui, d'après l'article 5, de la Loi des Impressions et de la Papeterie publiques, doivent être vérifiés par l'Imprimeur du Roi.

Ces difficultés dans l'application de la " Loi des Impressions et de la Papeterie publiques" ont été soumises au Conseil du Trésor et des mesures sont prises en vue d'établir le règlement voulu.

Outre les états des différents comptes paraissant pages 206, 227 à 229 et 254 à 255 de ce volume, des explications sur les différents projets de colonisation sont données ci-après.

Etablissement impérial, Paiement partiel des frais de passage.—Le Ministère ayant maintenant terminé la mise au point de sa comptabilité, dont il est fait mention dans mes rapports précédents, il a été possible de continuer la vérification de ses écritures. La vérification courante habituelle des recettes et des déboursés fut faite dans mon Bureau.

Une nouvelle convention fut conclue avec le Gouvernement impérial pour l'année 1930. Les dispositions en sont à peu près semblables à celles de la précédente, sauf quant au mode de paiement des frais de passage, payés maintenant en totalité par le Gouvernement impérial, qui, dans la suite, est remboursé de la quote-part incombant au Canada.

Conventions conclues entre trois parties.—Les trois provinces de l'Ontario, du Manitoba et de la Saskatchewan conclurent avec le Gouvernement impérial et celui du Dominion une convention pour l'entretien, dans chacune de ces provinces, d'une ferme où les jeunes gens venus du Royaume-Uni suivraient des cours pratiques d'agriculture, puis, à leur sortie, s'établiraient avec l'aide des provinces.

En vertu de ces conventions, la part contributive du Dominion fut:—

Province d'Ontario:	
(a) $4,580 pour 458 enfants reçus dans la ferme de Vimy Ridge au cours de l'année financière 1928-29 et restés au Canada, (b) et $2,760, pour 276 enfants reçus entre le 1er avril et le 30 septembre 1929 et restés également au Canada	$ 7,340 00
Province du Manitoba:	
$1,020 pour 102 enfants reçus et restés au Canada	1,020 00
	8,360 00

A l'arrêt des comptes de 1929-30 aucune somme n'avait encore été versée à la province de la Saskatchewan pour les 76 enfants arrivés au Canada, au cours de l'année, et reçus dans la ferme de cette province.

Elèves des fermes-écoles anglaises.—Au début de 1929, des arrangements furent pris avec le Gouvernement impérial pour installer sur des terres au Canada un certain nombre d'élèves de ces fermes-écoles. Les déboursés pour les frais de voyages et d'entretien de 3,354 de ces élèves venus au cours de l'année furent de $57,755.83, qui, déduction faite de $20,117.75, coût de leur nourriture pendant leur voyage sur les chemins de fer canadiens à la charge du Gouvernement impérial, laisse pour ce compte un montant net de $37,638.08 à imputer au crédit "Etablissement impérial".

Prêts pour l'établissement des soldats-colons.—Le montant, en capital, dû par les soldats-colons sur les prêts leur ayant été consentis était, au 31 mars 1930, de $67,187,824.64, soit une diminution de $5,402,038.65 sur le montant dû le 31 mars précédent. Cette réduction s'établit comme suit:—

Réductions sur la valeur des bestiaux	$ 741 08	
Réduction due à une nouvelle évaluation des terres	3,636,431 61	
		$ 3,637,172 69
Virements au compte "Etablissement sur des terres en général"		744,304 36
Excédent des remboursements en capital sur les prêts de l'année		1,020,561 60
		5,402,038 65

En vertu des dispositions des articles 67 et 68 de la "Loi pour l'établissement des soldats colons" (S.R.C. 1927, ch. 188) le montant ci-dessus de $3,637,172.69 fut rayé de ce compte, chargé au Fonds consolidé, et déduit du montant de $21,282,409.45, paraissant au Bilan, le 31 mars 1929, appendice "L", "Placements divers et autres comptes, Improductifs". Ce montant fut ainsi réduit à $17,645,236.76, soit près de 26 p. 100 du total dû par les soldats-colons le 31 mars 1930.

Le montant de $744,304.36 viré au "Compte des prêts pour l'établissement sur des terres en général", représente la valeur à laquelle des terres, précédemment vendues aux soldats colons, furent cédées à des immigrants, conformément aux dispositions du Projet d'établissement des 3,000 familles ou d'autres projets similaires.

Le montant total versé par les soldats-colons sur les prêts leur ayant été consentis fut de $3,635,839.41, dont $1,620,317.78 représentant des intérêts furent crédités au revenu comme intérêts sur placements, soit sur l'item correspondant de 1928-29 une diminution de $246,680.16, et la balance de $2,015,521.63, créditée à ce compte comme versement sur le capital, accusait également une diminution de $279,158.07. Le montant des nouveaux prêts fut de $994,960.03, soit sur le montant total perçu en capital une différence en moins de $1,020,561.60

Prêts pour l'Etablissement sur des terres en général—Au 31 mars 1930, les avances consenties aux émigrants britanniques depuis l'application du Projet des 3,000 familles s'établissent comme suit:

—	Avances au 31 mars 1929	Avances en 1929–30	Total au 31 mars 1930
Valeur à laquelle les terres des soldats colons furent transférées aux immigrants	$ 7,394,737 53	$ 744,304 36	$ 8,139,041 89
Valeur des terres achetées et revendues	230,837 33	7,515 02	238,352 35
Avances spéciales en argent	84,947 20	127,460 55	212,407 75
	7,710,522 06	879,279 93	8,589,801 99
A déduire—Remboursement par les immigrants	85,098 29	59,173 51	144,271 80
	7,625,423 77	820,106 42	8,445,530 19

Les écritures relatives au "Projet d'établissement des 3,000 familles" et à celui "d'Etablissement dans le Nouveau-Brunswick" furent vérifiées sous ma direction jusqu'au 31 mars 1930. Les remarques auxquelles donna lieu cette vérification furent transmises au Ministère et, conformément aux clauses des conventions, des rapports ont été adressés au Secrétaire d'Etat de Sa Majesté pour les Dominions. Au cours de cette vérification, il fut constaté qu'au début de l'année ces projets n'avaient pas été tout à fait financés comme le stipulaient les contrats.

Le bilan et le compte de caisse de ces deux projets paraissent dans ce volume, pages 254 et 255.

Projet d'habitations à bon marché.—Il ne m'a pas encore été délivré ampliation des amendements devant être apportés à ce projet, dont je faisais mention dans mon dernier rapport. Douze de ces cottages furent vendus durant l'année pour $2,116 qui, en attendant qu'il en soit définitivement disposé, sont détenus en suspens au Fonds spécial de garantie de l'Immigration.

Œuvre de rapatriement de la province de Québec.—Pour aider la province de Québec au rapatriement et à l'établissement sur des terres de cette province des familles canadiennes résidant aux Etats-Unis, le Gouvernement lui versa, au cours des années 1928-29 et 1929-30 des contributions qui furent imputées aux crédits des dépenses contingentes de l'Immigration. Conformément aux arrangements pris, ces contributions ne doivent pas dépasser $50,000 par an. Les dépenses totales s'élevèrent à $76,268.72 en 1928-29 et à $108,356.03 en 1929-30, sur lesquels le Dominion versa les sommes ci-dessous:—

Nature des dépenses	1928-29	1929-30
Transport des familles rapatriées	$ 12,606 66	$ 25,530 74
Direction et soins ultérieurs	17,073 96	24,389 66
Total	29,680 62	49,920 40

Création, en Angleterre, d'hôtels pour former les jeunes filles se destinant a uservice domestique.—Un montant de $4,120 fut payé à même le crédit "Etablissement impérial" et versé au "British over-seas Settlement Department" pour les 206 jeunes filles venues au Canada en 1928-29. Sur ce montant $940 furent remboursés par les Gouvernements des provinces qui aidèrent au placement de 180 d'entre elles.

FRAIS ET DÉBOURSÉS JUDICIAIRES, Y COMPRIS LES FRAIS TARIFÉS

L'état habituel des paiements des frais judiciaires, etc., paraît dans ce volume, pages 237 à 243. La dépense totale fut, cette année, de $456,505.41, soit, comme il ressort du tableau ci-dessous, une augmentation de $26,107.80 sur 1928-29.

Nature des frais	1929-30	1928-29	Augmentation ou *Diminution
Frais judiciaires et déboursés	$ 449,894 76	$ 420,260 07	$ 29,634 69
Frais, tarifés	6,610 65	10,137 54	* 3,526 89
Totaux	456,505 41	430,397 61	26,107 80

Prêts, Subventions, Allocations, etc.

Un état des prêts, subventions et allocations de l'année, paraît dans ce volume, pages 233 à 236. Le montant global des allocations et subventions est à peu près le même que l'année dernière, mais les prêts accusent une augmentation de $30,368,571.35 due aux avances de $22,832,652.91 et de $2,459,023, consenties respectivement au Chemin de fer National du Canada et à la Commission des prêts agricoles et aux prêts aux Commissions des Ports, qui sont supérieurs de $3,450,000.

Dans plusieurs cas il a encore été constaté que des allocations dont les débours ne sont pas contrôlés par le Gouvernement ont été imputées à des crédits généraux ne contenant aucune disposition à cet effet.

Compte des Postes

Les sommes encaissées par le Ministère des Postes, tout d'abord créditées au Compte des Postes, sont à la suite d'ajustements périodiques portées aux comptes auxquels elles appartiennent. Bien que la presque totalité de ces fonds proviennent d'argent versé par le public pour être transmis par mandats ou bons de poste, le Ministère a, depuis plusieurs années, chargé à ce compte certaines catégories de paiements, faits à même sa lettre de crédit, tels que indemnités pour objets perdus, rachat de cartes postales et d'enveloppes timbrées, achats de timbres de la poste aérienne des Etats-Unis, etc.

Voulant m'assurer s'il existait une autorisation du Parlement permettant d'imputer ces paiements à ce compte, je les signalai au Ministère lui faisant également remarquer qu'ils n'étaient pas appuyés des pièces justificatives exigées par la Loi du Revenu consolidé et de la Vérification. Le Ministère n'ayant pu répondre d'une façon satisfaisante à mes objections, je soumis cette question au Conseil du Trésor.

Aide aux déposants de la Home Bank

Au cours de l'année les liquidateurs de la Home Bank rendirent un compte final, avec pièces à l'appui, de paiements s'élevant à $2,526,968.29, somme qui leur avait été avancée pour distribution aux créanciers, conformément aux dispositions de la "Loi pour venir en aide aux créanciers de la Home Bank, 1925". Cet état et ces pièces furent vérifiés et trouvés exacts et les paiements reconnus avoir été faits conformément aux dispositions de cette Loi.

Le tableau ci-après est un sommaire de l'emploi des sommes avancées aux liquidateurs pour distribution: —

Avances totales aux liquidateurs (voir volume I, page lxix, rapport 1928–29)	$ 3,427,108 95	
Intérêts sur dépots en banque	10,803 53

Peu après la clôture de l'année financière, le Commissaire soumit un état de paiements additionnels de $2,220.27 en faveur de deux créanciers, et reversa $3,764.73, justifiant ainsi de la balance de $5,845.28 mentionnée l'année dernière et des $139.72 d'intérêts sur dépôt en banque.

Les sommes disponibles pour les fins prévues par la loi ainsi que leur emploi sont comme suit:—

Montant prévu par la Loi pour venir en aide aux créanciers de la Home Bank, 1925	$ 3,000,000 00	
Montant prévu par la loi des crédits 1928-29	460,000 00

	3,470,943 25	3,470,943 25

En plus des $6,070.54 ci-dessus, les liquidateurs versèrent au crédit de ce même compte, une somme additionnelle de $10,225.89, total global des chèques non encaissés émis par eux.

GENDARMERIE ROYALE À CHEVAL DU CANADA

La police de la Saskatchewan étant assurée depuis le 1er juin 1928, par la Gendarmerie, ses frais d'entretien ont, principalement de ce fait, considérablement augmentés (voir tableau ci-après). Toutefois, les déboursés effectués à Regina comprenant la solde et les frais d'entretien de la division d'instruction de toute la Gendarmerie, il est impossible d'indiquer à part la proportion de l'augmentation due à ces nouvelles activités.

Nature des dépenses	1927-28	1928-29	1929-30
Gouvernement civil	$ 48,870 25	$ 46,892 50	$ 46,125 67

Total des dépenses	2,499,472 03	2,800,136 47	3,100,825 55

Pendant ces mêmes périodes les sommes perçues à titre de revenus et créditées au revenu casuel ont également augmenté, surtout par suite des paiements semestriels faits par la province de la Saskatchewan. Les revenus furent:

Nature des revenus	1927-28	1928-29	1929-30

Remboursements par les provinces et les ministères fédéraux	$ 8,716 72	$ 87,598 48	$ 200,230 07

Le développement des revenus et des dépenses de 1929-30 paraît dans le volume II, partie X.

Fonds d'amortissement

En 1929-30, les montants suivants étaient disponibles pour les fins d'amortissement de certains emprunts émis à Londres:—

Versement annuel de un demi p. 100 sur le montant des emprunts	$ 1,272,263 60
Intérêts sur placements aux fonds d'amortissement (Emprunts de Londres)	1,820,319 99
	3,092,583 59

Des obligations du Dominion d'une valeur nominale de $3,599,574.52, furent achetées pour $3,092,583.59, y compris les $9,157.28 de frais de courtage et de droits de transferts. Comme les années précédentes, les fonds d'amortissement furent crédités de la valeur nominale de ces obligations et les $516,148.21, représentant la différence entre la valeur nominale et le cours du marché, crédités aux revenus de l'année courante (volume II, partie F, page 4).

Au 31 mars 1930, la valeur des placements au crédit des fonds d'amortissement des emprunts émis à Londres se comparait comme suit avec celle au 1er avril 1929:—

Emprunts	31 mars 1930	1er avril 1929	Augmentation
Emprunt 3½ p.c.—1909–1934	$ 15,396,154 12	$ 14,684,116 98	$ 712,037 14

	54,499,672 82	50,900,098 30	3,599,574 52

Les intérêts des valeurs et de l'argent liquide en dépôt à Montréal, à la banque de Montréal, pour les fonds d'amortissement des emprunts de guerre 1916-31 et 1917-37, émis au Canada, s'élevèrent à $103,090.52.

Il fut acheté au pair pour $412,000.00 d'obligations de l'emprunt de guerre 1916-31. Le tableau ci-après permet la comparaison du montant des placements au crédit des fonds d'amortissement de ces emprunts au 31 mars 1930 et au 1 avril 1929:—

Emprunts	31 mars 1930	1er avril 1929	Augmentation ou *Diminution
Emprunt 1916–31	$ 1,211,300 00	$ 799,300 00	$ 412,000 00

	1,671,400 88	1,568,310 36	103,090 52

Subventions aux provinces

Les subventions statutaires payées aux différentes provinces s'élevèrent à $12,496,958, soit sur 1928-29, une diminution de $56,766, représentée par la différence entre la retenue de $93,750, sur le montant payable le 1er mars 1930 à la province d'Alberta pour les trop-payés de 1914, 1915 et 1916 (voir rapport 1924-25, volume II, page 71), et les $36,984, versés en plus aux trois provinces des prairies par suite de l'augmentation de leur population au 1er janvier 1929.

En attendant la revision du montant des subventions à verser aux provinces, la Nouvelle-Ecosse, le Nouveau-Brunswick et l'Ile-du-Prince-Edouard reçurent, en plus des subventions statutaires, les montants prévus au crédit 274 de la Loi des Subsides, 1929-30.

Dépenses imprévues

Les dépenses à même le crédit de $80,000 pour "Dépenses imprévues" s'élevèrent à $55,735.86. Elles furent autorisées par le Gouverneur en son Conseil, conformément aux termes du crédit, et le détail, par ministère, en paraît dans ce volume, page 48.

Commission du district fédéral

Les comptes de la Commission du distrit fédéral en 1929-30 furent vérifiés conformément aux dispositions de l'article 18 de la "Loi de la Commission du district fédéral, 1927". Les états suivants relatifs aux activités de la Commission paraissent dans ce volume, pages 199 à 203: (*a*) Etats des recettes et des dépenses; (*b*) Comparaison entre les crédits autorisés et les dépenses et (*c*) Sommaire des dépenses au 31 mars 1930.

Je fis remarquer au secrétaire que dans dix des projets de travaux, les crédits autorisés avaient été dépassés, et qu'en plus une somme de $15,698.45 avait été dépensée pour un projet que le Gouverneur en son Conseil n'avait pas approuvé.

Je transmis au Ministère des Finances mes observations fondées sur les constatations faites au cours de la vérification spéciale et de l'examen des méthodes de comptabilité mentionnées dans mon dernier rapport.

Une nouvelle vérification, mais partielle, faite en juin 1930, dans les bureaux de la Commission, fit voir que plusieurs de mes recommandations avaient été adoptées, particulièrement en rapport avec l'établissement du coût des travaux de construction et d'entretien des différentes entreprises de la Commission.

"Loi de l'indemnisation des employés de l'Etat"

Le total des dépenses, engagées en vertu des dispositions de cette loi, fut de $452,626.11, soit une augmentation de $50,374.30 sur l'année précédente. Aucune vérification des dépenses des Commissions provinciales n'a été faite sur place cette année. Le détail des dépenses paraît dans le volume II, partie W, pages 17 à 23.

Commission des pêcheries internationales

Les dépenses de la Commission internationale des pêcheries s'élevèrent durant l'année à $61,216.97 et leur développement paraît dans le volume II, page O, 74. Sur ce montant $710.17 étaient entièrement à la charge du Canada, laissant à payer conjointement par les deux Gouvernements $60,506.80.

Commission d'utilisation du lignite

Un arrêté en Conseil approuva, le 17 février 1930, la convention intervenue entre les trois gouvernements intéressés relativement à la disposition de l'encaisse et autres éléments d'actif restant entre les mains de la Commission (rapport 1928-29, page lxii).

D'après les termes de cette convention, les gouvernements du Dominion et de la province de Saskatchewan conservaient les fournitures, le matériel, etc., se trouvant entre leurs mains lors du transfert de l'usine, et l'encaisse de $1,524.05 fut réparti comme suit:

Dominion du Canada	$	784 95
Province de la Saskatchewan		392 47
Province du Manitoba		346 63
		1,524 05

Le Sous-ministre des Mines m'a informé que la répartition avait été faite et les comptes de la Commission définitivement clos.

Commission de biologie marine

La "Loi du Conseil de biologie" (S.R.C. 1927, Chap. 18), prévoit que "le secrétaire-trésorier, sous la direction du Conseil, dépense les sommes nécessaires pour les travaux de ce Conseil, que ces sommes proviennent de crédits parlementaires, de legs ou de donations".

Le Ministère a coutume de payer à la Commission, par versements mensuels égaux, la totalité du crédit voté par la Chambre, et la Commission, de reporter à l'année suivante les montants inemployés le 31 mars. C'est ainsi qu'en 1928-29 une balance inemployée de $24,877.43, fut reportée à 1929-30 et, en 1929-30, $109,411.51 furent reportés à 1930-31.

Cette pratique qui ne saurait faire question pour les balances provenant de donations ou de legs, est évidemment, en ce qui concerne les argents votés par le Parlement, en contravention des dispositions de l'alinéa 2 de l'article 49 de la Loi du Revenu consolidé et de la Vérification qui demande que "les prévisions budgétaires soumises au Parlement aient trait aux services pour lesquels il y a des paiements à effectuer au cours de l'année". Un autre article de la même loi prévoit la remise de toutes les sommes en mains, le 31 mars. En outre il faut remarquer que ces avances inemployées qui, le 31 mars 1926, n'étaient que de $1,352.79 étaient de $109,411.51 le 31 mars 1930, et je n'ai pas connaissance qu'au cours de ces quatre années la Commission ait reçu des donations, ou des legs.

La question de la retenue de ces avances inemployées a été soumise par moi au Conseil du Trésor.

Le développement des recettes et des dépenses de la Commission paraît dans le volume II, page O-75.

PENSIONS DE VIEILLESSE

Depuis mon dernier rapport des arrangements furent conclus avec les provinces d'Alberta et d'Ontario pour organiser dans ces provinces le paiement des pensions, conformément aux dispositions de la "Loi des Pensions de vieillesse".

Dans une lettre au Ministère du Travail, écrite à la suite de l'inspection faite en 1929 dans plusieurs des bureaux provinciaux chargés de l'application de la Loi des Pensions de vieillesse, je signalais le manque de méthode uniforme dans l'établissement des revenus des pensionnés et j'insistais sur la nécessité d'établir une règle précise à ce sujet. Je mis aussi en question la légalité de payer des retraites aux pensionnaires des asiles provinciaux ou autres institutions de charité publique. Le Ministère m'a avisé qu'il examinait soigneusement ces questions "en vue de s'assurer que tous les versements pour le paiement des pensions de vieillesse se font en conformité de la loi".

Une nouvelle vérification d'épreuve fut faite en 1930 dans différents bureaux provinciaux et, dans les commentaires qui seront adressés au Ministère, j'attirerai son attention sur certains trop-payés de pensions.

Cette vérification révéla aussi que l'une des provinces, ayant faussement interprété certaines dispositions de la loi concernant les revenus, il en était résulté que plusieurs paiements étaient probablement irréguliers. Je recommande au Ministère de faire faire par ses fonctionnaires la vérification complète des quelque quatre mille pensions payées dans cette province.

Le montant total payé aux provinces durant l'année pour les pensions de vieillesse fut de $1,537,173.55, dont le détail est donné dans le volume II, page M 11.

CÂBLE DU PACIFIQUE

Le "Pacific Cable Board" a vendu à l'"International Communications Limited", pour le prix de £516,486 le Câble du Pacifique, et pour £300,000 celui des Antilles.

En 1929-30, le Canada reçut sur cette vente les montants ci-après qui furent crédités aux revenus des Postes:—

Octobre 1929	£ 105,421-11-4	ou	$ 518,726 81
Avril 1930	14,990-17-4	ou	72,935 06
Total	120,412- 8-8	ou	591,661 87

Je fis remarquer au Ministère des Postes que le montant de cette vente aurait dû être crédité au revenu casuel et non au revenu ordinaire des Postes, mais comme il était trop tard pour faire cet ajustement, les écritures de 1929-30 étant arrêtées, je lui demandai de virer du Revenu ordinaire au revenu casuel le montant reçu en 1930-31. Un montant additionnel de £2,217-2-2 reçu au mois de mai 1930 fut aussi crédité au revenu casuel de 1930-31.

Des détails plus complets sur cette vente seront fournis quand le conseil d'administration aura fait paraître son rapport final.

CONSEIL DES RECHERCHES

Sur les crédits alloués, en 1929-30, par le Parlement, le Conseil dépensa $398,256.60, contre $299,745.68, l'année précédente. Sur ce montant, pour les aider dans des recherches scientifiques, il fut remis à des comités spéciaux $189,252.97, auxquels il faut ajouter $18,617.48 provenant de contributions, intérêts de banque, etc., et $36,195.29 virés du Fonds des recherches sur les grains, virement expliqué ci-après.

Les $219,119.95 virés du Compte provisoire (voir rapport 1928-29, page lxxii) furent employés à la création d'un Fonds de recherches sur les grains, une partie en étant placée pour ce fonds en obligations du Dominion du Canada. Le montant de $36,195.29, mentionné plus haut, comprenant les intérêts reçus sur les obligations et l'argent en banque, ayant été dans la suite versé à la Commission des recherches sur les grains, il ne resta plus au 31 mars 1930, que $190,000.00 d'obligations au crédit du Fonds. Les allocations pour aider aux recherches industrielles et scientifiques, non justifiées en fin d'année, s'élevaient à $202,502.53.

Quoique ce Conseil ait prétendu ne pas être tenu de fournir des pièces justificatives pour les sommes versées aux laboratoires associés (voir rapport 1928-29, page lxxii), des états approuvés de toutes les dépenses me furent fournis et il a été rendu compte de tous les argents reçus au cours de l'année.

Un état détaillé relatif aux activités du Conseil des Recherches, paraît dans le volume II de mon rapport partie ZZ, pages 27 à 34.

Comptes du Gouvernement fédéral dans le Yukon

Afin d'en permettre la comparaison, je donne, sous forme de tableau, à la page 259 de ce volume, un état aussi exact que possible, des revenus et des dépenses des différents ministères dans le territoire du Yukon, au cours des trois dernières années.

Il ressort de cet état qu'en même temps que les revenus accusent une augmentation de $21,930.17, les dépenses font voir un fléchissement de $5,244.89 sur 1928-29. Les principales différences sont des augmentations de $13,601.35 dans le Ministère de l'Intérieur et de $9,305.71 dans celui du Revenu national.

L'excédent des dépenses sur les revenus a constamment diminué comme le font voir les chiffres des trois dernières années: 1927-28, $419,878.31; 1928-29, $396,115.68; 1929-30, $368,940.62.

Comptes du Territoire du Yukon

Au cours de l'été de 1930 un de mes inspecteurs se rendit au Yukon pour faire sur place une vérification des comptes du Gouvernement du Territoire, et tout spécialement du compte des liqueurs, financé par des découverts en banque qui, dans mes rapports précédents, firent l'objet de critiques. Des recommandations, basées sur son rapport, seront en temps voulu transmises au Ministère de l'Intérieur.

Des états comparatifs détaillés du Compte d'administration générale et du Compte des liqueurs, paraissent dans ce volume pages 260 à 264. Ces états, établis d'après le rapport imprimé annuel du Trésorier du Territoire, prêtent aux remarques suivantes:

Compte d'administration générale—(Fonds du Revenu consolidé du Yukon) —Les transactions de ce compte sont données page 260. Une somme de $35,000 allouée par le Gouvernement du Dominion pour le paiement de primes pour la destruction des loups et des coyottes est incluse dans le total de $251,672.15 de revenus et un même montant est également compris dans les $256,004.69 de dépenses, comme déboursés pour le paiement de ces primes. En fait, les déboursés ne s'élevèrent qu'à $2,125.05 et la balance de $32,874.95 fut reversée au Dominion, et créditée comme remboursement aux appropriations. En déduisant le montant de ce remboursement, les recettes nettes furent de $218,797.20 et les dépenses réelles de $223,129.72. L'ajustement de ces chiffres fait voir sur 1928-29 une diminution de $1,471.14 dans les recettes et une augmentation de $11,897.66 dans les dépenses.

Compte des liqueurs—Ce compte fut encore financé par des découverts en banque, portant intérêts à 9 p. 100, mais pour un montant beaucoup moindre que ceux des années précédentes, le découvert, déduction faite de l'encaisse, ayant été réduit de $59,633.75, au 31 mars 1929 à $22,803.15 et les intérêts, qui en 1928-29 s'étaient élevés à $4,642.77, ne furent en 1929-30 que de $712.57. Le stock des liqueurs, y compris les droits payés ou à payer, est donné comme étant de $97,754.84, contre $100,422.76 au 31 mars 1929, et $101,554.62 au 31 mars 1928. Comme les années précédentes, sur les $87,788.99 de profit résultant de la vente des liqueurs, $50,000 furent virés au compte d'administration, laissant $37,788.99 au crédit de ce compte et portant au 31 mars 1930, son surplus à $58,757.81, soit une augmentation de $31,788.99 sur le surplus de l'année précédente.

J'attire l'attention sur l'état comparatif des profits et pertes de la page 264, où l'on verra que les profits qui, en 1926-27, étaient de $44,515.24, furent de $87,788.99, en 1929-30. Cette amélioration provient en grande partie de l'adoption des recommandations adressées au Ministère à la suite d'une vérification faite sur place en 1927, par un de mes examinateurs.

Comme je l'ai déjà dit, ces chiffres sont établis d'après le rapport annuel du Trésorier du Territoire. Mon inspecteur toutefois a fait rapport que par suite d'une évaluation inexacte, la valeur du stock inventorié, au 31 mars 1930, a depuis été réduite de $1,909.88, diminuant d'autant le profit net et le surplus.

DÉPENSES EN CAPITAL

Les montants "imputables au capital", prévus dans la Loi des crédits de 1929-30, s'élevaient à $29,801,178.85, dont $24,737,018.25 furent dépensés, laissant, inemployée, une balance de $5,064,160.60. En vertu des jugements adjudicatifs de la Cour de l'Echiquier, un montant additionnel de $645,544.54, payé à même les argents non-votés du Fonds consolidé, porta les dépenses en capital de l'année à $25,382,562.79.

Un montant total de $3,049,738.67, provenant de ventes, et autres recettes, fut crédité directement au Compte capital comme recouvrements sur les dépenses des années précédentes.

Le sommaire ci-après donne, par ministère, le montant des dépenses et des recouvrements. Le développement en paraît dans le volume II, aux pages indiquées et suivantes:—

Ministères	Vol. II Pages	Dépenses	Recouvrements	Montant net
Marine et Pêcheries	O— 78	$ 3,161,046 44	$ 447,648 55	$ 2,713,397 89
Travaux publics	V—154	5,387,526 96	1,567,843 93	3,819,683 03
Chemins de fer et Canaux	W— 54	16,833,989 39	1,034,246 19	15,799,743 20
		25,382,562 79	3,049,738 67	22,332,824 12

Les montants correspondants pour 1929-30 sont: dépenses, $23,515,570.81; recouvrements, $706,295.68; montant net, $22,809,275.13.

Les dépenses les plus importantes de l'année furent: Canal de navigation Welland, $10,238,997.43; Chemin de fer de la baie d'Hudson et gare maritime, $6,485,559.33; Chenal de navigation du S.-Laurent, y compris les chantiers maritimes de Sorel, et les barrages pour la régularisation du régime des eaux, $3,158,608.34. Les montants crédités comme recouvrements sur les dépenses comprenaient $684,313.53, reçus du Chemin de fer national du Canada pour la construction du pont tournant de Dainville; $444,524.79 provenant de la vente de bateaux du Gouvernement et $1,552,827.43 de la fermeture du compte du bassin de radoub d'Halifax, qui fait l'objet d'un chapitre de ce rapport (page lxxxvi).

Je suis toujours d'avis qu'une revision et un réajustement devraient être faits de certaines valeurs de l'actif paraissant dans les Comptes publics, et que la classification des dépenses, qu'il s'agisse de dépenses en capital ou de dépenses ordinaires, devrait aussi être établie clairement afin que le budget des dépenses présenté à la Chambre puisse être préparé conformément à cette classification. J'ai déjà porté cette question à la connaissance du Parlement et, tout particulièrement dans l'introduction de mes rapports de 1924-25 (page xxxvi), 1925-26 (page lii) et 1926-27 (page lxvi), où je donnais des renseignements, remontant même jusqu'à 1878, sur la façon dont dans le passé les ministères traitaient ces dépenses.

Je suis d'avis également que chaque département devrait préparer une liste complète des biens immobiliers appartenant à la Couronne, indiquant autant que possible pour chaque propriété, le prix d'achat et son usage actuel. Cette liste, dressée à intervalles réguliers, non seulement aurait un intérêt documentaire, mais ferait voir si les immeubles de l'Etat ne servent qu'à des fins dûment autorisées. A la page lxv de l'Introduction de mon rapport de 1926-27, il est fait mention d'une recommandation analogue présentée à la Chambre en 1908 par une sous-commission du comité des Comptes publics.

CHEMIN DE FER DE LA BAIE D'HUDSON

Les dépenses de construction du chemin de fer de la baie d'Hudson s'élevèrent à $6,485,559.33; on en trouve le développement dans le volume II, partie W, pages 55 à 59.

Des recouvrements sur les dépenses des années antérieures s'élevant à $88,732.89 furent crédités au Compte du capital. Au 31 mars 1930, le montant total des dépenses en capital était de $39,667,477.96.

CANAL DE NAVIGATION WELLAND

Les dépenses de construction imputables aux crédits prévus par la Loi des Subsides s'élevèrent à $10,238,997.43, y compris une somme de $75,000, représentant les subventions accordées à trois municipalités pour l'installation dans chacune d'elles d'un système de filtrage des eaux. En vertu des dispositions de la Loi d'expropriation une somme additionnelle de $8,713.36 fut payée pour l'acquisition d'une propriété dans le canton de Thorold. Déduction faite des recouvrements sur les dépenses des années antérieures, soit $869,084.64, les dépenses en capital de l'année s'élevèrent à $9,378,626.15 et le coût total du canal au 31 mars 1930, à $112,891,841.73.

Le détail des dépenses de l'année paraît dans le volume II, partie W, pages 60 à 68.

VÉRIFICATION DES COMPTES-MATIÈRES

Le tableau comparatif suivant, donnant la valeur des matières en magasin le 31 mars 1930, a été établi par mon bureau d'après les inventaires certifiés fournis par les différents ministères:—

Ministères	31 mars 1930	31 mars 1929	Augmentation	Diminution
Affaires indiennes	$ 50,228 24	$ 60,867 56	....	$ 10,639 32

Gendarmerie royale à cheval	250,380 05	270,121 54	....	19,741 49
Imprimerie et papeterie	472,108 33	540,630 57	....	68,522 24

Marine et Pêcheries	952,398 10	906,732 24	45,665 86	
Mines	82,847 32	73,832 58	9,014 74	
Postes	1,612,173 99	1,442,208 18	169,965 81	
Travaux publics	168,976 24	140,566 31	28,409 93	
Total	4,989,133 22	4,761,059 42	341,510 25	113,436 45
Augmentation nette	....	....	....	228,073 80

Pour les raisons données dans mes rapports précédents, la valeur des matières du Ministère de la Défense nationale n'est pas comprise dans le tableau ci-dessus, bien qu'il en ait été fait des inventaires certifiés.

La vérification statutaire annuelle des matières et des écritures de l'Imprimeur du Roi, y compris le service de distribution, appelé maintenant service des documents, fut faite le 31 mars 1930. Le résultat en est donné dans ce volume, page lxix.

Conformément à la Proclamation royale du 2 novembre 1907, les vérifications bisannuelles du numéraire et des lingots de la succursale d'Ottawa de l'Hôtel royal des Monnaies furent faites conjointement par des fonctionnaires de mon Bureau et du Ministère des Finances. Les résultats en ont été communiqués au Sous-directeur de la Monnaie.

Outre ces vérifications faites à intervalles réguliers, depuis mon dernier rapport, il a été fait, à l'improviste et sous ma direction personnelle, des vérifications d'épreuves, dans les arsenaux de l'armée et de la marine à Québec et dans les Provinces maritimes, dans les magasins des postes des Provinces maritimes, et dans ceux du Ministère de la Marine et des Pêcheries à Saint-Jean et Halifax.

Dans les remarques que j'adressais aux différents ministères à la suite de ces inspections, j'attirais leur attention: (*a*) sur l'augmentation des frais d'entretien et de manutention et l'affaiblissement du contrôle dus au mauvais état des bâtiments; (*b*) sur les pertes résultant du mauvais état de certains bâtiments; (*c*) sur ce que les grandes quantités de marchandises de rebut ou en surplus, augmentaient les frais d'entretien, et dans un magasin, leur mauvais état, dû aux conditions atmosphériques locales, occasionnait des pertes; (*d*) sur l'insuffisance du contrôle dans les magasins des unités militaires; (*e*) sur la nécessité des vérifications d'épreuves périodiques du stock en mains par des fonctionnaires indépendants du Ministère; (*f*) sur un cas particulier nécessitant l'adoption d'un système d'écritures plus adéquat et une surveillance plus étroite sur les sorties de marchandises. Il est aussi fait mention de ces inspections au chapitre "Vérifications spéciales", page xcvi.

Afin que les dépôts de matières de tous les ministères soient organisés d'après une méthode uniforme qui faciliterait la vérification des réceptions et des sorties de matières, tout comme la gestion et le contrôle des dépôts, je recommande qu'une réglementation uniforme, approuvée par le Conseil du Trésor, soit adoptée dans tous les ministères.

Matières en surplus et de rebut — Le tableau comparatif suivant a été établi d'après les renseignements fournis par le fonctionnaire du Comité de surveillance des contrats du Gouvernement en charge des matières de rebut:—

—	1929-30	1928-29	Augmentation
Transférés à d'autres Ministères	$ 92,373 84	$ 59,268 57	$ 33,105 27
Ventes au public	86,344 00	53,630 33	32,713 67
	178,717 84	112,898 90	65,818 94

L'augmentation de $65,818.94 est due en grande partie aux ventes et transferts des ministères de la Marine et des Pêcheries, de la Défense nationale (service de la milice) et des Travaux publics. Bien que certains ministères, qui jusqu'à présent n'avaient pas eu recours au service des objets de rebut, aient fait de grands progrès dans la disposition de leurs matières en surplus ou de rebut, par des ventes ou tout autre moyen, il se trouve encore dans quelques-uns des magasins récemment inspectés par moi de grandes quantités de ces matières.

COMPTES SPÉCIAUX

Sommes dues au Gouvernement du Dominion

Les montants dus au Dominion paraissant dans les livres du Département des Finances, furent encore examinés au cours de l'année, et les chapitres qui suivent concernent ceux de ces comptes présentant un intérêt particulier.

Comme les années précédentes, les montants ne figurant pas dans le Bilan du Dominion, mais portés comme arriérés dans leurs livres, m'ont été fournis par les divers ministères; ils paraissent dans un état d'"Arriérés", page 260 et suivantes, qui est suivi de mes observations.

Avances aux gouvernements étrangers

Conformément à l'entente de 1923, le Gouvernement grec paya sur sa dette une somme de $215,000, réduisant, au 31 mars 1930, le montant dû en capital à $6,865,000.00. Les intérêts sur cette créance furent aussi payés en totalité.

Les intérêts sur les obligations du Royaume de Roumanie, détenues en garantie des avances lui ayant été consenties, ont été payés. Les gouvernements russe et italien ne firent aucun paiement, en capital ou intérêts, sur les sommes dues par eux.

COMMISSION CANADIENNE DES PRÊTS AGRICOLES

Conformément aux dispositions de l'article 5, paragraphe (a) de la "Loi du Prêt agricole canadien" (S.R.C., 1927, Ch. 66), et de celles d'un arrêté en Conseil du 4 mai 1929, quarante-huit versements de $50,000 chacun formant un total de $2,400,000 furent faits à la Commission acompte sur le capital initial. Ces argents, exempts d'intérêts durant les trois premières années, sont après ce temps productifs de 5 p. 100 l'an.

Un montant additionnel de $59,023 fut aussi payé à la Commission à titre de souscription au capital social, en conformité de l'article 5, paragraphe (b), alinéa i de ladite loi.

Outre les versements ci-dessus, le Ministère des Travaux publics paya pour la location des bureaux de la Commission et l'abonnement au téléphone différentes sommes s'élevant à $1,455.72, qui fournirent matière à correspondance avec le Ministère des Finances. Ces paiements furent dans la suite référés au Conseil du Trésor (voir pages 302 et 303 de ce volume). Le Ministère des Travaux publics a payé pour l'entretien des bureaux de la Commission, en dehors d'Ottawa, une somme additionnelle de $3,253.05.

FONDS DES RENTES VIAGÈRES DE L'ÉTAT

Le montant au crédit du Fonds des rentes viagères de l'Etat était, en fin d'année, de $20,612,250.28, et le passif, à cette même date, était évalué à $20,720,895, soit un excédent sur l'actif de $108,644.72. A la fin de l'année précédente, l'actif excédait le passif de $33,906.88 (voir rapport 1928-29).

Le montant du passif fut établi trop tard pour permettre de virer du Fonds du revenu consolidé un montant couvrant ce déficit de $108,644.72, au 31 mars 1930.

Un relevé des transactions du Fonds des rentes viagères paraît à la page 213 de ce volume. Il est suivi d'un état du passif, ou valeur nette des rentes en cours au 31 mars 1930, établi par le Service des rentes viagères du Ministère du Travail.

BASSIN DE RADOUB D'HALIFAX—CHANTIERS MARITIMES D'HALIFAX, LTÉE

Après la publication de mon dernier rapport, le Ministère des Finances ayant fait les ajustements nécessaires dans ses écritures pour donner effet aux recommandations faites à la page LI de mon rapport de 1925-26, relativement à la vente de ce bassin de radoub, le compte s'y rapportant fut clos et remplacé dans les comptes publics par un autre au nom des acquéreurs.

Il en résulta une charge de $602,827.43 au compte du Fonds du Revenu consolidé et une diminution correspondante de l'actif paraissant aux Comptes publics, le 31 mars 1930, représentée par la différence entre les $1,552,827.43, paraissant dans le Bilan du Dominion comme prix de revient du bassin de radoub, et les $1,250,000.00 pour lesquels il fut vendu à la "Halifax Shipyards, Ltd." ainsi que les $300,000 payés à compte par cette compagnie antérieurement au 1er avril 1929, qui, à réception, furent crédités comme revenu casuel au Fonds du Revenu consolidé.

Le paiement annuel de $50,000, échu le 1er janvier 1930, fut crédité directement au compte de la "Halifax Shipyards, Limited", laissant à payer, par versements annuels semblables une somme de $900,000.

COMMISSAIRE DES INDIENS—COMPTE D'INTENSIFICATION DE PRODUCTION

L'exploitation de la ferme pour l'intensification de la production est maintenant autorisée par statut, la Loi des Indiens ayant été modifiée au cours de la dernière session du Parlement par l'addition de l'article 94A relatif à cette exploitation.

Une somme de $7,143.25 payée pour des travaux ne se rapportant pas directement à cette exploitation fut chargée à ce compte au cours de l'année, mais depuis elle a été recouvrée et portée à son crédit pour 1930-31.

Ci-après est un sommaire des mouvements de caisse de ce compte depuis 1919 jusqu'au 31 mars 1930:—

Aucune inspection du bureau du Commissaire des Indiens de Régina n'a été faite cette année, mais les nouveaux états reçus maintenant à mon Bureau permettent une vérification plus étendue de ces comptes.

Le développement des transactions financières de l'année paraît à la page 208 de ce volume.

PRÊTS AUX COMMISSIONS DES PORTS

Le montant des avances consenties à la Commission du port des Trois-Rivières, paraissant dans le tableau ci-dessus, ne comprend que celles autorisées par le Chapitre 59 des Statuts de 1929 et qui furent faites à la Commission actuelle, établie par une loi de 1923. A la page lxxi de mon rapport de 1926-27 se trouvent certaines observations sur l'ancienne Commission.

D'après le ministère des Finances les intérêts courus et impayés étaient au 1er janvier 1930: Commission du port de Québec, $10,826,805.62; Commission du port de Trois-Rivières (ancienne Commission), $394,191.00. La réclamation de la Commission du port de Québec, contre l'usage que fait de ses propriétés le Gouvernement fédéral, n'est pas encore réglée.

COMPTE DES CHÈQUES IMPAYÉS

A la fin de l'année financière, un montant de $42,241.33 ayant été viré du Fonds consolidé à ce compte, son solde créditeur fut porté à $86,199.96, représentant, à cette date, la totalité du passif des chèques impayés émis entre le 1er avril 1924 et le 31 mars 1928. Ce solde ne représente pas, toutefois, le passif total de tous les chèques non présentés à l'encaissement à cette dernière date, car il ne comprend pas ceux émis antérieurement au 1er avril 1924.

Afin de maintenir une balance équivalente au total du passif pour une période de dix ans, un ajustement semblable sera fait chaque année, le Ministère des Finances considérant que, pour toutes fins utiles, la somme ainsi établie représente le total dû.

FONDS DES PASSAGES À NIVEAU

Au cours de l'année, pour aider à la construction de passages à niveau, la Commission des chemins de fer autorisa des débours s'élevant à $475,055.11, soit, une diminution de $380,760.06 sur l'année précédente. Pour faire face à ces dépenses, un montant égal fut porté au crédit de ce Fonds et chargé au Fonds du Revenu consolidé, conformément aux dispositions de l'article 262 de la Loi des Chemins de fer, modifié par le chapitre 43 des Statuts de 1928.

Au 31 mars 1930, le montant total des débours à même ce fonds était de $2,699,224.44, laissant une balance disponible de $1,500,775.56 sur le total de $4,200,000.00 que, par différents crédits, le Parlement avait prévu pour cette fin.

Le détail des dépenses de l'année paraît dans ce volume, pages 225 et 226.

AVANCES POUR GRAINS DE SEMENCES ET SECOURS

Grains de semence et secours, Ministère de l'Intérieur—Le Ministère, durant l'année, raya de ses livres un nouveau montant de $94,362.89 qu'il crédita à la partie du Compte pour grains de semences mentionnée dans mon rapport de

1927-28 comme ayant été virée dans les Comptes publics au nombre des comptes inactifs. Au 31 mars 1930, ce compte s'établissait comme suit:—

Viré, en 1928-29, aux comptes inactifs		$ 2,000,000 00
Moins—		
Ajustements de la balance avec les livres du Ministère de l'Intérieur (voir rapport 1928-29, page lxxxii)	$ 745,496 23

	125,674 27	
		871,170 50
Balance, Appendice "L", Placements divers (improductifs)		1,128,829 50

Un état des mouvements de ce compte en 1929-30, paraît à la page 212. La balance impayée de capital dû, était de $3,633,848.64 au 31 mars 1930, et comprenait les $1,128,829.50 ci-dessus, auxquels, selon le Ministère de l'Intérieur, il faut ajouter $2,145,516.60 d'intérêts courus, portant au 31 mars 1930, le total à $5,779,365.24, soit une diminution de $235,297.66 sur l'année précédente.

Gouvernement de la Saskatchewan—Avances de grains de semences de 1908—Le gouvernement de la Saskatchewan versa, à compte sur les avances reçues, une somme de $741.01 ramenant à $89,562.32 le principal dû. D'après le Ministère des Finances, le 1er janvier 1930, cette province devait à titre d'intérêts une somme de $217,237.16, soit une augmentation de $4,518.76 sur l'année précédente.

Compte provisoire

La balance débitrice de ce compte fut ramenée pendant l'année de $287,909.25 à $108,943.54.

Les principales transactions, furent les suivantes:—

Réserve de la Commission canadienne du blé—Au cours de l'année, conformément aux dispositions d'un arrêté en Conseil du 15 mars 1927 (C.P. 471), le solde créditeur de ce compte, soit $173,235.53, a été viré comme revenu spécial au Fonds du Revenu consolidé.

Pertes par le feu—$5,568.31.—Des incendies ayant éclaté dans les immeubles expropriés à Ottawa, entre les rues Sparks et Wellington, à l'est d'Elgin, ce montant fut viré au crédit du Compte capital des Travaux publics. Le détail des sommes accordées par la Cour de l'Echiquier relativement à ces expropriations paraît dans le volume II pages V 159.

Déficit d'exploitation de la ligne des Antilles—$53,582.92.—Les Gouvernements de la Jamaïque et des îles Sous-le-Vent versèrent à la "Canadian National West Indies Steamships Ltd.", qui exploite cette ligne, une somme de $53,582.92, représentant leur part dans le déficit d'exploitation.

FONDS FIDUCIAIRES

Le tableau ci-après permet la comparaison aux 31 mars 1929 et 1930 des soldes en caisse de ces comptes spéciaux qui, dans mes rapports précédents et le Bilan des Comptes publics paraissent sous le nom de "Comptes fiduciaires". Un nouveau compte fut ouvert pendant l'année sous le titre de "Fonds de pension des pilotes de la Colombie-Britannique " auquel les pilotes de cette province ont. à partir du 1er novembre 1929, versé 7 p. 100 de leurs traitements.

Au cours de l'année la gestion de certains de ces Fonds motiva les remarques contenues dans les chapitres suivants.

Fonds de cantine de l'armée canadienne

Les $20,000 que la "Loi du Fonds de cantine, 1925," ordonnait au Receveur général de détenir jusqu'au 1er juillet 1929, pour le paiement des réclamations ou des comptes en suspens, n'ayant pas été dépensés, furent répartis entre les bureaux des fidéicommissaires des différentes provinces, d'après les proportions prévues à l'article 6 (*e*) de la Loi.

Comptes fiduciaires des agents des Indiens

Conformément aux recommandations que j'adressai au Département à la suite de l'inspection du bureau de Regina en 1928, un vérificateur spécial fut nommé par le Département, et les rapports périodiques qu'il fournit sont vérifiés dans mon bureau, en plus des états, pièces justificatives de dépenses, chèques, etc., que l'on me communique comme auparavant.

Comptes des fonds fiduciaires des Indiens

Un état sommaire des fonds fiduciaires des Indiens, établi d'après les Comptes publics, paraît dans ce volume, page 209, et, sous forme de tableau, un sommaire des comptes des différentes bandes indiennes, dans le volume II, partie I, pages 47 à 65.

Des renseignements sur le détail des revenus et des dépenses de chacune des bandes peuvent toujours être fournies par mon Bureau.

Fonds de prévoyance des employés de chemin de fer de l'Intercolonial et de l'Ile du Prince-Edouard

En plus des contributions statutaires du Gouvernement et des employés, le Chemin de fer National du Canada a dû verser un montant supplémentaire de $456,706.58.

L'état des recettes et des déboursés de l'année paraît dans ce volume, page 224.

Fonds des terres d'écoles

A la page 211 paraît, par province, le développement de l'état sommaire global ci-après des fonds des terres d'écoles des trois provinces des prairies.

Sur la balance du capital restant au fonds le 31 mars, au début de 1930-31, $509,000 furent placés en obligations 5% du Canada.

Les encaissements faits par le Ministère de l'Intérieur pour ventes de terrains, loyers, coupes de bois, etc., s'élevait à $2,260,765.78, soit une diminution de $384,536.64 sur les encaissements de 1928-29, qui avaient été de $2,645,302.42. Les frais d'administration représentent le 4·88 p.c. des encaissements au lieu du 4·98 l'année précédente.

ÉTATS DIVERS

Des états se rapportant aux diverses activités du gouvernement paraissent dans ce volume, pages 230 à 264. Ces états sont les mêmes que ceux de mon dernier rapport, sauf l'exclusion du relevé des recettes et des dépenses de 1928-1929 de la Commission du Câble du Pacifique, dont la vente de l'actif est expliquée à la page lxxx, et qui prit effet à dater du 1er avril 1928.

ARRIÉRÉS

Les arriérés, dus le 31 mars 1930 au gouvernement du Dominion, paraissent aux pages 230 à 232 de ce volume sous forme de tableaux comparatifs dont voici les titres:

Arriérés en général.
Intérêts courus sur prêts et avances aux chemins de fer.
Arriérés en capital provenant des ventes de terres des Indiens.

Ces états ont été établis par mon Bureau d'après les rapports que les différents Ministères m'ont fourni sur les sommes figurant dans leurs livres de compte et ne paraissant pas au Bilan du Dominion, publié par le Ministère des Finances.

Le Ministère du Revenu national n'ayant transmis aucun état d'arriérés de taxes de vente, de bénéfices commerciaux et d'impôt sur le revenu, comme les années précédentes il n'en est pas fait mention dans ces tableaux. On m'apprend, cependant, qu'au cours de l'année, ces arriérés ont été réduits de façon substantielle.

Ainsi que je le mentionnais dans mon dernier rapport, j'ai demandé aux ministères de me fournir des états définitifs des arriérés qu'ils tiennent pour irrécouvrables. Jusqu'ici, j'ai reçu les suivants:

Affaires indiennes	$ 4,180 89
Affaires extérieures	65 00
Agriculture	12,099 19
Chemins de fer et canaux	5,846 99

Total	1,043,453 10

Comme je le dis dans l'introduction de mon rapport de 1928-1929, (page lxxxviii), et, comme je l'avais déjà dit dans d'autres rapports antérieurs, le Parlement ayant seul pouvoir pour annuler des dettes dues à la Couronne, je soumis au Conseil du Trésor des états des montants jugés irrécouvrables par les Ministères de l'Agriculture, de la Défense nationale, de l'Etablissement des soldats, des Mines, des Pêcheries et des Postes, afin qu'il lui soit possible de faire les démarches nécessaires pour obtenir du Parlement l'autorité pour les annuler.

Des états similaires me furent également transmis par les autres Ministères, mentionnés dans le tableau ci-dessus, mais je les détiens en attendant que le Conseil ait pris une décision définitive au sujet de ceux qui lui ont déjà été soumis. Bien qu'il ressorte des lettres publiées dans ce volume, pages 292 et 293, que le Conseil ne se proposait pas alors de prendre de décision à ce sujet, j'espère qu'il jugera opportun de le faire au cours de l'une des prochaines sessions de la Chambre des communes.

Certains de ces arriérés, considérés irrécouvrables, remontant jusqu'à 1861 et, comme d'après le référé du Ministère de la Justice publié à la page 293, "l'annulation de ces dettes n'empêcherait pas la Couronne, quand elle le jugerait à propos, d'engager des poursuites pour appuyer ses revendications", je suis d'avis qu'il soit demandé au Parlement d'accorder le pouvoir de rayer ces sommes des livres, après que le Conseil du Trésor et le comité des Comptes publics en auront un nouvel examen.

Au sujet des sommes jugées encore recouvrables, figurant dans les livres de l'administration centrale ou des bureaux de l'extérieur, les ministères à qui elles sont dues, devraient, à mon avis, en faire, sans délai, une vérification serrée et prendre les mesures pour les recouvrer, le Ministère de la Justice, si nécessaire, intentant des poursuites judiciaires à cette fin. Le Conseil du Trésor devrait aussi déterminer dans quel laps de temps toute somme due à la Couronne doit être payée.

Arriérés en général.—Dans l'état comparatif de cette année, le montant global des arriérés, au 31 mars 1929, est donné comme étant de $9,050,913.81 au lieu de $9,216,453.36 (rapport de 1929). La différence d'environ $165,000 est due aux ajustements de peu d'importance faits par les Ministères, et surtout à ce que des avances d'un total global de $50,334.46 n'y étant pas comprises l'an dernier le sont cette année, et que les montants ci-après n'y ont pas été inclus comme en 1928-1929:—

Conseil des recherches	$ 152,178 52
Immigration et Colonisation—	
Comptes des immigrants en instance d'admission	18,178 60
Canadiens nécessiteux	47,158 34
Ayants droit de soldats	10,474 38
Divers	9,125 98
	237,115 82

Les Ministères ont fourni les renseignements suivants sur les montants ci-dessus: Le premier de ces montants représente des argents retenus par les sous-comités du Conseil des recherches pour leur permettre de poursuivre des études en cours. La réduction du montant global des arriérés des comptes des immigrants en instance d'admission, est due à ce que dans de nombreux cas, le Ministère a remboursé les frais mis par ses agents à la charge des compagnies de transport à la suite d'appels intentés par les immigrants cherchant à entrer au Canada contre les décisions des agents. Les montants donnés sous les rubriques "Canadiens nécessiteux" et "Ayants-droit des soldats" représentent des avances faites à des citoyens canadiens pour aider à leur rapatriement. Le montant de $9,125.98, "Divers", comprend des avances qui, en vertu des dispositions de l'article 81 de la loi, furent faites aux immigrants peu de temps après leur arrivée pour les aider à s'établir au Canada. Il sera fait un nouvel examen de ces avances du Ministère de l'Immigration.

Au 31 mars 1930, le montant global d'arriérés en général, était de $8,967,456.19, soit une diminution de $83,457.62 sur le montant correspondant du 31 mars 1929 qui, après ajustement, était de $9,050,913.81. Les principales diminutions de l'année furent constatées dans les montants dus au Ministère de l'Intérieur pour vente ou location de terres du gouvernement. Les fluctuations dans les arriérés de ce Ministère peuvent être attribuées aux mêmes causes qu'en 1927-1928 (voir rapport de cette année, page xciii).

La diminution de $29,342.60, mentionnée par le Ministère de la Marine est due en grande partie à ce que l'avance de $25,000 faite au Dr Barnes, en 1928-1929, fut réglée en 1929-1930.

Les arriérés du Ministère des Pensions et de l'Hygiène ont augmenté de $47,467.31 par suite de trop-payés de pension et des comptes impayés du service des ateliers d'invalides.

Sur l'augmentation de $46,579.65, mentionnée par le Ministère du Commerce, $39,131.59 représentent des avances non justifiées en fin d'année, faites au commissaire des expositions du gouvernement canadien pour les expositions devant avoir lieu dans les Iles Britanniques.

Bien qu'en vertu d'une décision du Conseil Privé impérial, dont il est fait mention dans mon dernier rapport, une somme de $128,084.17, représentant le produit de licences de pêche, ne puisse plus être regardée comme un arriéré, ce montant, en attendant l'autorisation du Parlement de l'annuler, paraît toujours dans les arriérés du Ministère de la Marine et des Pêcheries.

Le 30 mai 1930, la Cour de l'Echiquier rendit son jugement dans l'affaire de l'exploitation de la tourbière d'Alfred contre la "Peat Fuels, Ltd.", de Montréal, le montant à payer devant être fixé par le régistrateur. Le département des Mines fait rapport que, au 31 mars 1930, le montant dû de ce chef s'élevait à $88,993.24.

Aucun arrangement n'est encore intervenu au sujet de la réclamation du Secrétariat d'Etat contre le greffier de la Justice de paix du comté d'York, qui s'élève maintenant à $13,142.50, $1,085 de nouveaux droits ayant été encaissés par lui en 1929. A mon avis, cette réclamation depuis très longtemps en suspens devrait être réglée dans le plus bref délai.

Intérêts courus sur prêts et avances aux chemins de fer.—D'après le Ministère des Finances, le montant net des intérêts courus sur ces prêts et avances était, en 1930, de $30,716,499.67, soit une diminution de $8,283,210.31 sur le montant de 1929. Cette diminution provient en grande partie de ce que tous les intérêts dus sur la vente des navires de la marine marchande du gouvernement canadien ont été annulés.

Arriérés de capital sur les ventes des terres des Indiens (Fonds fiduciaire des Indiens).—D'après le rapport du département des Affaires indiennes, le montant des arriérés de capital sur les ventes des terres des Indiens étaient, le 31 mars 1930, de $1,623,931.58 contre $1,422,530.71, le 31 mars 1929, soit une augmentation de $201,400.87. On ne m'a encore fourni aucun état des intérêts courus ou des arrérages de fermages.

TRAVAUX PUBLICS—BASSINS DE RADOUB—REVENUS ET DÉPENSES

A la page 252 de ce volume paraît un état comparatif des revenus et des dépenses pour 1927-28, 1928-29 et 1929-30, des bassins de radoub et des cales de réparation appartenant au Gouvernement. Il ressort de cet état que les revenus et les dépenses de 1929-30 accusent respectivement une augmentation de $23,172.01 et de $10,593.44. L'excédent des dépenses sur les revenus qui, en 1928-29, était de $56,745.95, n'était plus que de $44,167.38 en 1929-30.

TÉLÉGRAPHES, TRAVAUX PUBLICS—REVENUS ET DÉPENSES

Un état comparatif des revenus et des dépenses des trois dernières années des lignes télégraphiques et téléphoniques exploitées par le Gouvernement paraît à la page 252 de ce rapport. Il en ressort, que les revenus et les dépenses de 1929-1930 furent, respectivement, inférieurs de $19,066.33 et de $30,407.14, à celles de 1928-1929. Les dépenses de l'année s'élevèrent à $693,172.04 et excédèrent de $411,576.10 les revenus qui ne furent que de $281,595.94.

Les augmentations et les diminutions des revenus et des dépenses des différents réseaux furent:—

La vente au cours de l'année, à la compagnie des téléphones de la Colombie Britannique, de la dernière partie du réseau continental de la Colombie Britannique est cause du nouveau fléchissement constaté dans les recettes et les dépenses de ce réseau, les $65,600 en provenant ayant été crédités au revenu casuel.

L'inspection faite par un de mes vérificateurs, l'été dernier, dans plusieurs bureaux des réseaux du Yukon, de la Colombie-Britannique et de l'Ile de Vancouver, a mis à jour plusieurs irrégularités dont il est question au chapitre suivant.

VÉRIFICATIONS SPÉCIALES

En plus de la vérification courante des revenus et des dépenses effectuée dans mon Bureau, des vérifications statutaires spéciales et autres furent faites, dont plusieurs sous ma direction, dans les bureaux de l'extérieur de divers ministères, et les remarques auxquelles elles donnèrent lieu ont été transmises aux ministères intéressés. Des observations concernant ces vérifications paraissent ci-dessous et dans d'autres chapitres de ce rapport.

Fonds patriotique canadien; Bureaux des douanes et du service de surveillance, à Halifax et S.-Jean, Arsenal à Québec; Timbres des douanes et d'accise à l'importation; Commission du district fédéral; Paiement des réparations par l'Allemagne; Commission de secours d'Halifax; Bureaux de l'Immigration, Montréal, Québec, Halifax et S.-Jean; Comptes des avances à l'Imprimerie du Roi; Bureaux de la Marine, Darmouth et S.-Jean; Magasins militaires, Québec et Halifax; Revenu national, réclamations de drawbacks; Magasins de la Marine, Halifax; Projet d'établissement dans le Nouveau-Brunswick; Paiement des pensions de guerre pour la Nouvelle-Zélande; Pensions de vieillesse, Manitoba, Saskatchewan, Alberta et Colombie-Britannique; Bureau du pilotage, Halifax; Bureau de poste, Halifax et S.-Jean; Fonds de garantie des postes; Bureau des

Travaux publics, Halifax; Gendarmerie Royale à cheval du Canada, Halifax; Hôtel de la Monnaie; Projet d'établissement des 3,000 familles; Comptes du Territoire du Yukon.

FONDS PATRIOTIQUE CANADIEN

La vérification du compte de ce Fonds, pour 1929-1930, fut faite conformément aux dispositions de l'article 10 de la Loi du Fonds patriotique canadien, 1914.

Les recettes ordinaires ayant été inférieures de $284,725.23 aux déboursés, le déficit fut comblé par la vente d'obligations d'une valeur nominale de $300,000 à un bénéfice de $2,662.50, qui, au 31 mars 1930, réduisit le montant au crédit du Fonds à $1,276,420.22, représenté par une encaisse de $68,976.06 et des obligations d'une valeur de $1,207,264.15.

BUREAUX DES DOUANES ET DU SERVICE DE SURVEILLANCE, HALIFAX ET S.-JEAN

En 1929, j'inspectai ces deux bureaux avec un de mes vérificateurs. Le Ministère en vue de réorganiser le service de surveillance de la Nouvelle-Ecosse, faisait, à ce moment, une enquête sur les conditions résultant de la contrebande des liqueurs dans la province.

Je comprends que par suite des mesures prises, les conditions se sont depuis sensiblement améliorées dans cette région.

TIMBRES DE DOUANES ET D'ACCISE

J'ai fait faire un examen des méthodes suivies par le Ministère du Revenu national pour la perception des revenus provenant des timbres de douanes et d'accise. D'une manière générale, cet examen fit ressortir un état de chose satisfaisant, toutefois, afin de prévenir une perte possible de revenu, je fis certaines recommandations dont quelques-unes ont depuis été adoptées par le Ministère.

COMMISSION DE SECOURS D'HALIFAX

En 1929, la vérification des comptes de cette commission fut faite jusqu'à la fin du mois de janvier de cette année, date de la nomination des nouveaux commissaires, qui n'avaient pas encore pu étudier les recommandations de mon rapport de 1928, En 1930, au cours d'une nouvelle vérification, il fut constaté qu'à une ou deux exceptions près, toutes mes recommandations avaient été adoptées.

FONDS DE GARANTIE DES POSTES

Ce fonds, établi en mars 1898, conformément aux dispositions de la Loi des Postes, et en vertu des règlements édictés par le Ministre des Postes, a pour but de rembourser la Couronne de toutes pertes dues à la malveillance ou résultant de détournements par des fonctionnaires du Ministère, pertes couvertes auparavant par des assurances ou par d'autres formes de garantie.

A l'origine ce fonds était alimenté par des contributions versées par les employés. En avril 1909, sa balance créditrice étant de $147,589 le taux des contributions ont considérablement réduit et, le 1er avril 1919, cette balance étant montée à $304,636.30, on n'exigea plus de versements; cette encaisse et les intérêts en provenant, ont servi depuis à rembourser les pertes payables à même ce fonds.

Une vérification des transactions du fonds, pour les six années commençant le 1er avril 1923, fut faite dernièrement par un de mes examinateurs. Ces transactions se résument comme suit:—

Balance au crédit du fonds, 1er avril 1923		$ 316,500 81
Intérêts du 1er avril 1923 au 31 mars 1929		54,964 09
		371,464 90
A déduire—Pertes, etc., payées au 31 mars 1929	$ 75,807 66	
Moins—Montant recouvré	3,262 03	
		72,545 63
Balance au crédit du fonds le 31 mars 1929		298,919 27

Les observations auxquelles donna lieu cette inspection furent communiquées au Ministre des Postes à qui je demandai de me fournir des renseignements concernant l'administration du fonds et particulièrement sur certaines catégories de paiements y étant chargés. Je recommandai aussi certaines améliorations de méthodes de règlement des réclamations.

PAIEMENTS AU TITRE DES RÉPARATIONS

Ci-après est un sommaire des montants votés par le Parlement, pour indemniser la population civile du Canada des pertes subies pendant la dernière guerre, ainsi que des sommes versées par le curateur jusqu'au 31 mars 1930:

Une vérification des paiements qui, au 31 octobre 1929, s'élevaient à $6,514,741.85, fut faite sous ma direction et les observations auxquelles elle donna lieu ont été transmises au Secrétariat d'Etat. Il sera procédé à une vérification semblable pour les paiements restant à faire.

BUREAUX TÉLÉGRAPHIQUES DE LA COLOMBIE-BRITANNIQUE ET DU TERRITOIRE DU YUKON

L'été dernier, un de mes vérificateurs inspecta quinze bureaux des lignes télégraphiques de la Colombie-Britannique, du Yukon et de l'île de Vancouver.

Dans un bureau important, il fut constaté que des détournements s'élevant à $1,180.49, y avaient été commis au cours des trois dernières années. Sur ce montant $1,033.19 provenaient de détournements sur les remises à faire au gouvernement fédéral, et $147.30 de majorations au public. J'ai été prévenu que l'agent avait depuis remboursé la totalité de cette somme.

Des malversations semblables, mais de moindre importance, furent constatées dans trois autres bureaux; l'agent de l'un des bureaux remboursa $200, représentant des déficits dans les remises de taxes téléphoniques; le surintendant du district de Prince-Rupert continue l'inspection des deux autres bureaux.

Les remarques auxquelles donna lieu cette inspection sont transmises au Ministère des Travaux publics. D'autres détails paraîtront à ce sujet dans mon rapport de 1930-1931.

PENSIONS ET RETRAITES CIVILES ET MILITAIRES

L'état des recettes et des déboursés, du chef des retraites et des pensions civiles et militaires en 1929-1930, paraît, suivi de notes explicatives à la page 253 de ce volume.

Retenues n'étant pas faites sur la totalité du traitement.—De nouveaux progrès furent faits dans l'évaluation, prévue par la Loi des pensions, des indemnités de vivres et de résidence allouées, en plus de leur traitement, à certains fonctionnaires, (voir rapport 1928-1929, page 91). Toutefois, le Ministère de l'Agriculture et le Département des Affaires indiennes, n'ayant pas encore fait approuver par le Gouverneur en son Conseil, la valeur de ces allocations, les retenues statutaires ne sont pas encore faites sur la totalité du traitement de certains de leurs fonctionnaires.

La vérification des recettes et des dépenses des pensions donnèrent naissance à certaines questions qui furent soumises au Conseil du Trésor. La correspondance échangée à ce sujet paraît dans un chapitre subséquent de ce rapport, ces questions sont spécialement mentionnées ici à cause de leur importance et afin que les fonctionnaires des ministères puissent avoir une directive si des cas semblables venaient à se reproduire.

Paiement d'une gratification de mise à la retraite à un fonctionnaire révoqué.—A la page 293 paraît la correspondance échangée relativement au paiement d'une gratification de mise à la retraite à un fonctionnaire révoqué. Dix ans de service sont nécessaires pour qu'un contributaire ait droit à cette gratification; or, dans le cas actuel ce fonctionnaire n'avait que 9 ans et 6 mois de service réel, mais, afin de lui donner droit à cette gratification, on fit entrer en ligne de compte deux périodes de suspension, lui donnant ainsi 10 ans et 10 jours de service. Lui eût-on accordé un congé sans traitement, il n'aurait pas pu le faire compter comme temps de service, à moins de verser la totalité des abattements sur le traitement qu'il n'avait pas touché. Il semblerait donc qu'un fonctionnaire suspendu peut être traité avec plus de considération que le fonctionnaire bien noté à qui l'on accorde un congé sans traitement. A mon avis, il serait à recommander que les règlements soient modifiés de façon à couvrir les cas de suspension comme ceux de congé.

Fonctionnaires ayant dépassé la limite d'âge—La correspondance paraissant à la page 306 de ce volume fait ressortir les difficultés auxquelles donne lieu l'application de l'article 10 (2) de la loi, prévoyant qu'aucun contributaire ne sera retenu dans le service après avoir atteint 70 ans, sauf si, par suite de certaines circonstances, il est nécessaire de le garder pour une durée n'excédant pas 5 ans, l'autorisation en étant demandée chaque année. Quoique l'intention de la loi soit bien évidente, dans quelques cas, des fonctionnaires restent dans le service après 70 ans révolus sans que l'on s'y soit conformé, parfois aussi, d'autres, ayant dépassé la limite de 75 ans, continuent de toucher leur traitement sans qu'une autorisation spéciale du Parlement ait été obtenue.

Employés saisonniers et de session.—La décision du Conseil du Trésor (voir page 298), stipulant que seules les périodes de service réel doivent entrer en compte pour le calcul de la pension, rend maintenant uniforme l'application de la loi en ce qui concerne le service de tous les contributaires qu'ils soient permanents, saisonniers ou de session. Cette décision fait disparaître les difficultés que l'on avait autrefois à surmonter dans le cas où des employés de session voulaient faire compter comme une année entière de service chaque session du Parlement.

Lois des pensions.—Les paiements de pensions aux vétérans de la guerre européenne furent l'objet, au cours de l'année, d'une vérification assez étendue, continuée actuellement au Ministère des Pensions et de l'Hygiène. Au cours de cette vérification, quelque 3,000 dossiers furent examinés à fond et de nombreuses observations faites aux membres de la Commission des pensions et au Ministère. Leur attention fut attirée sur des pensions paraissant payées de façon irrégulière, du fait qu'aucune vérification préalable n'avait été faite par des fonctionnaires du Ministère et qu'il n'existait aucune méthode de contrôle efficace. Le résultat de cette vérification fut qu'un montant considérable de trop-payés a été recouvré et que dans plusieurs autres cas des paiements ont été réduits ou même discontinués.

Comme aucune vérification préalable n'avait été faite, je pensai que dans l'examen de ces paiements, il faudrait, outre la vérification statutaire, appliquer la vérification comptable pour m'assurer si les argents avaient été employés pour les fins indiquées par le Parlement et si aucun des paiements n'avait été *ultra vires*. Je ne crois pas en agissant ainsi avoir été au delà de mes attributions, car si d'après un principe reconnu l'Auditeur Général ne doit pas s'occuper de questions purement administratives, il est dans ses pouvoirs discrétionnaires de commenter tout acte d'administration qui semblerait devoir résulter en un emploi irrégulier des fonds votés par le Parlement dans un but déterminé. Je dois, en effet, m'assurer si les fonds ainsi votés ont été employés conformément aux intentions du Parlement et n'ont pas été détournés, même temporairement des fins du vote, sans cela tout contrôle sur les dépenses engagées en vertu des crédits parlementaires serait illusoire.

Au cours d'une vérification qui, de toute nécessité, doit comprendre l'examen de toutes les pièces justificatives de paiements, le vérificateur doit, par tous les moyens dont il peut disposer, se renseigner sur tous les faits relatifs à ces paiements. Les fonctionnaires concernés pourront parfois arguer que l'examinateur outrepasse ses pouvoirs, mais comme il n'est pas toujours possible de fixer les limites d'une vérification sans empêcher le contrôle nécessaire sur les paiements engagés, il est inévitable qu'il n'en soit ainsi.

Pour se conformer aux dispositions de l'article 54 de la Loi du Revenu consolidé et de la Vérification, stipulant que "les Sous-ministres des différents ministères doivent faire respectivement et en premier lieu la vérification des détails des comptes des différents services, et sont responsables de l'exactitude de cette vérification", je suis d'avis, par suite de la forte augmentation de dépenses, résultant des modifications apportées à la Loi des Pensions au cours de la dernière session, que pour sauvegarder le Trésor contre toute perte, le Ministère organise sans délai, un système de vérification efficace de ces paiements.

APPLICATION DE LA LOI DU SERVICE CIVIL

Parmi les questions ayant fourni matière à la correspondance échangée avec le Conseil du Trésor ou les différents ministères, je crois devoir attirer tout spécialement l'attention sur les suivantes concernant l'application de la Loi du Service civil:—

Légalité du paiement de gratifications aux ayants droit de fonctionnaires ne relevant pas de la Loi du Service civil au moment de leur décès, page 303.

Ouvriers touchant un salaire supérieur au salaire courant (prevailing rate), page 309.

Fonctionnaire temporaire employé sans l'autorisation de la Commission du Service civil, page 333.

Gages d'un chauffeur, page 337.

Emploi à l'étranger, de commis aux écritures, page 331.

Ci-après sont exposées certaines questions qui n'ont pas été mentionnées dans le Précis de correspondance.

Classification des positions ne ressortissant pas à la Loi du Service civil.— Les ministères me fournissant maintenant des bordereaux mensuels de paye indiquant si les positions ne ressortissant pas à la loi sont ou non classifiées, mes vérificateurs peuvent signaler les cas où les règlements n'ont pas été suivis.

Congés des fonctionnaires, ne ressortissant pas à la Loi du Service civil.— A la suite d'une correspondance échangée avec le Ministère de la Justice et la Commission du Service civil, la question de ces congés a été mise à l'étude par le Conseil du Trésor.

Congé de maladie précédant la retraite.—La vérification des rapports mensuels de présence, fit ressortir que dans plusieurs ministères les congés de départ, approuvés par la Commission du Service civil, étaient quelquefois immédiatement précédés d'un congé de maladie avec traitement, faisant que dans quelques cas, après avoir pris sa retraite, le fonctionnaire avait 17 mois de congé payé. Comme ni les raisons que l'on avait en vue en permettant d'accorder des congés de maladie, ni l'esprit des règlements, ne paraissaient autoriser de donner à un employé, au moment de sa retraite, en plus de son congé de départ, tous les congés de maladie autorisés (article 67), le cas fut soumis au Ministère de la Justice et à la Commission du Service civil et cette dernière adressa, le 17 octobre 1930, une lettre circulaire à tous les ministères où l'on pouvait lire le passage suivant:

> La Commission juge nécessaire de prévenir les ministères que des congés de maladie ne devraient jamais être accordés quand le fonctionnaire n'est pas dans l'intention de reprendre son service à l'expiration de ce congé, ou quand il n'existe aucun espoir qu'il puisse suffisamment se rétablir pour lui permettre de le reprendre, et par suite dans tous les cas de congé de maladie de longue durée, une enquête minutieuse doit être faite sur la possibilité d'un rétablissement complet du fonctionnaire. Les départements sont en outre informés que, pour toutes les demandes de congés de départ adressées à la Commission, après qu'un congé de maladie de longue durée a déjà été accordé, ils devront certifier que la demande fut faite aussitôt qu'ils eurent connaissance que le fonctionnaire se pro-

posait de prendre sa retraite, et que le congé de maladie précédemment accordé, l'avait été avec la conviction que le fonctionnaire pourrait se rétablir et reprendre son service dans le département.

Congés des employés des ministères.—Certains ministères ne mentionnaient pas dans les rapports mensuels fournis à mon Bureau et à la Commission du Service civil, les congés de quelques-uns de leurs employés. A la suite de la correspondance qui fut échangée à ce sujet, ces rapports indiquent maintenant les congés accordés, avec ou sans traitement.

APPLICATION DE LA LOI DU REVENU CONSOLIDÉ ET DE LA VÉRIFICATION

Dans plusieurs de mes rapports précédents, j'avais fait remarquer certaines discordances entre les dispositions de la Loi du Revenu consolidé et de la Vérification et la pratique courante suivie par certains ministères relativement au paiement, à même les revenus encaissés par eux, de certaines catégories de dépenses, telles que les traitements de certains maîtres de poste, etc. J'ai aussi signalé, à différentes reprises, les difficultés qu'éprouvent les ministères et mon Bureau, les premiers pour se conformer rigoureusement aux dispositions de la loi précitée au sujet de l'annulation à la fin de l'année financière, des balances inemployées de crédit, le second pour s'assurer que ces dispositions ont été observées.

A la page xciv de mon rapport de 1928-29 se trouve un résumé de ces questions que je signale de nouveau pour faire ressortir la nécessité, si l'on décide de modifier la loi, de faire disparaître les anomalies et les difficultés que j'ai mentionnées et plus particulièrement celles relatives à la vérification du revenu, aux magasins, et à d'autres Comptes publics.

BUREAU DE L'AUDITEUR GÉNÉRAL

Personnel.—Le nombre des employés de mon Bureau était, en mars 1930, de 202, dont 92 hommes, au lieu de 200, dont 88 hommes, en 1929. En 1928-29, le pourcentage des congés, avec traitement, représenta les 5.45 p. 100 de la totalité des jours ouvrables, il ne fut cette année que de 3.62 p. 100; cette réduction provient de ce que les fonctionnaires atteints de maladies graves furent moins nombreux que l'année précédente.

Dans tous mes rapports antérieurs, j'insistais sur ce que, par suite de l'insuffisance d'employés compétents, je ne pouvais remplir efficacement tous les devoirs qui me sont assignés par la loi et, actuellement, quoique leur nombre soit plus élevé, il est encore bien inférieur aux besoins. Les travaux m'incombant ont beaucoup augmenté ces derniers temps et deviennent chaque jour plus lourds par suite de l'extension des activités gouvernementales, au nombre desquelles l'on peut citer le paiement des pensions de vieillesse des provinces et le relèvement du chiffre des déboursés de pensions militaires, les modifications apportées à la Loi des pensions militaires lors de la dernière session ayant eu pour résultat d'augmenter considérablement le nombre des pensionnés. En outre, comme au cours d'une vérification spéciale des comptes de graves irrégularités furent constatées dans les bureaux de certains ministères, je considère que des examens similaires devraient être faits le plus tôt possible dans les bureaux des autres ministères. Mais ces vérifications entraînant un travail additionnel qui ne peut être confié qu'à des comptables et à des vérificateurs de grande expérience, je me permettrai d'insister pour que le budget supplémentaire des dépenses m'accorde une somme suffisante pour couvrir les traitements d'un certain nombre d'employés ayant ces qualifications.

Désireux d'augmenter la compétence de mon personnel, je lui facilitai l'étude de la science comptable dont l'application est en évolution constante et dont le champ s'élargit sans cesse, en mettant à sa disposition, il y a quelques années, une bibliothèque renfermant les ouvrages les plus récents sur la comptabilité et la vérification. Dans le même but et tout dernièrement, voulant uniformiser les règles de vérification de mon Bureau, un " Manuel d'Instructions " (voir rapport 1928-1929, page xcvi), actuellement sous presse, a été préparé sous ma direction; il sera d'ici quelques mois à la disposition de mon personnel. Je me propose aussi de faire donner, par mes principaux assistants, des conférences sur la comptabilité, la vérification et autres sujets et grâce à ces facilités, tous mes employés pourront augmenter leur compétence dans l'exécution des travaux qui leur seront confiés.

Déménagement du Bureau.—A l'exception des fonctionnaires préposés à l'examen et à la destruction des obligations remboursées, des billets et autres valeurs (loi du Revenu consolidé et de la Vérification, art. 18, alinéa 2), le déménagement, dans le nouvel édifice de la Confédération, de mon personnel logé actuellement dans les édifices de l'Est et "Transportation" augmentera de beaucoup, j'en suis persuadé, l'efficience de mon personnel en général, car il placera sous ma surveillance immédiate et celle de mes principaux adjoints la presque totalité des services de mon Bureau. Je redoute, toutefois, l'effet que mon départ, celui de mes principaux assistants et de mes chefs examinateurs, chargés particulièrement de l'examen des Comptes publics du Ministère des Finances, aura peut-être sur l'accomplissement des devoirs ressortissant à mes fonctions de contrôle, les dispositions de l'article 40, paragraphes 1, 4 et 5 de la loi du Revenu consolidé et de la Vérification exigeant la collaboration constante et l'unité d'action entre le Ministre des Finances et l'Auditeur Général par rapport au déboursement des fonds publics et à d'autres opérations s'y rapportant. Pour qu'il soit possible en effet de se conformer strictement aux dispositions de l'article précité, ces deux départements doivent être installés de façon que leurs fonctionnaires aient entre eux un contact étroit, leur permettant de se communiquer sans délai, les dossiers se rapportant aux affaires devant être contrôlées conjointement par eux. Dans les lettres échangées en 1929, et depuis, avec le Ministre des Finances, j'ai manifesté de l'appréhension au sujet de l'effet que pourrait avoir ce déménagement et je suis toujours d'avis qu'il me privera des facilités nécessaires à l'exécution de certains des devoirs statutaires de mes fonctions d'Auditeur Général.

REMARQUES D'ORDRE GÉNÉRAL

De nouveau cette année, mes examinateurs m'apprennent, et je suis heureux de le confirmer, qu'en général, les ministères continuent de coopérer avec mon Bureau en vue d'améliorer les méthodes comptables suivies dans leurs services relativement au contrôle des deniers publics. Il est évident, toutefois, que, dans certains cas, ces méthodes sont inférieures à la norme d'efficacité des méthodes modernes et n'offrent pas une sauvegarde suffisante des fonds de l'Etat. Les mesures les plus efficaces pour sauvegarder ces argents devraient être appliquées avec rigidité afin d'assurer qu'il soit rendu compte promptement de tous les revenus perçus, de quelque source qu'ils proviennent. Au nombre des mesures considérées comme essentielles sont l'adoption, dans les ministères, où il n'en existe pas, d'une comptabilité à parties doubles et d'un système de vérification préalable et de contrôle adequat, car à leur défaut, les dangers de pertes sont infiniment plus grands.

Comme je l'ai déjà mentionné, dans certains services où le comptable est en même temps caissier et contrôleur aucun autre fonctionnaire responsable du Ministère n'est chargé de la vérification des revenus ou des dépenses, contrairement aux dispositions de l'article 54 de la loi du Revenu consolidé et de la Vérification, enjoignant au Sous-ministre, ou à certains autres hauts fonctionnaires, de vérifier tout d'abord le détail des comptes et d'assumer la responsabilité de leur exactitude. Dans ces cas, il n'y a comme vérification que celle faite dans mon Bureau, d'après les documents, pièces justificatives, etc., transmis et attestés par le fonctionnaire qui manipule les fonds et acquitte les créances, et par un autre fonctionnaire dont la signature n'est bien souvent qu'une simple formalité. Afin de rendre cette dernière vérification plus efficace, je me suis efforcé d'augmenter autant que je le pouvais les examens des livres dans les ministères mêmes; mais, comme je l'explique dans le chapitre précédent, l'insuffisance de mon personnel ne m'a pas permis de donner à ce programme toute l'ampleur voulue. Je suis d'avis, cependant, que ces examens devraient être effectués, surtout quant à certains services, par ma division d'experts-vérificateurs qui s'occuperaient d'une façon ininterrompue de ces travaux, visitant chaque année, sinon tous, du moins la plupart des ministères. Dans le passé, la vérification faite à mon Bureau ne portait que sur certains aspects de la vérification des comptes, en particulier sur l'aspect légal, mais la plupart des irrégularités, des pertes et des gaspillages résultant d'une comptabilité et de méthodes administratives et de contrôle inadéquates, de l'incompétence et de la négligence, ne peuvent être découverts que si des experts examinent les livres et dossiers originaux dans les services mêmes.

Le contrôle parlementaire des recettes et des déboursés des fonds de l'Etat, prévu par la loi du Revenu consolidé et de la Vérification, est, en principe, semblable à celui qui se pratique en Angleterre, la loi canadienne ayant été calquée sur la loi impériale de l'Echiquier et de la Vérification. Ce contrôle s'exerce par l'entremise d'organismes similaires sous la direction immédiate du comité des Comptes publics, dont la fonction est de "garantir la régularité au point de vue financier et de la vérification" des comptes relatifs aux fonds votés par le Parlement. Toutefois, on peut se demander si les organismes créés pour effectuer ce contrôle, fonctionnent tel que prévu et, au cas où il n'en serait pas ainsi, si des mesures ne devraient pas être prises pour se conformer à l'esprit et à la lettre de la loi.

EXPLANATION OF GRANT EXCEEDED — REMARQUES SUR LES CRÉDITS DÉPASSÉS

a. At the time this appropriation was exhausted arrangements were made with the Minister of Finance to continue paying accounts with the understanding that the over-expenditure would be covered by a supplementary vote; subsequently it was learned that the Treasury Board declined to accept any further supplementaries for the fiscal year — Quand le crédit fut épuisé il fut convenu, avec le Ministère des Finances, de continuer de payer les comptes, les dépassements devant être couverts par un crédit supplémentaire, mais on m'informa plus tard que le Conseil du Trésor avait refusé d'approuver ce crédit.

EXPLANATION OF GRANTS NOT USED — REMARQUES SUR LES CRÉDITS NON EMPLOYÉS

a. Due in part to the death of one of the Inspectors early in the year — Due en partie à la mort de l'un des inspecteurs survenue au début de l'année.

b. A determination of the actual cost of moving Alberta coal to Ontario was not made by the Railway Commission until late in the fiscal year, and up to the end of the year the railway companies had not billed the Government with the amounts due them under the Railway Commission's award, also the Railway Commissioners had not made an announcement as to the actual cost of the all-rail movement of coal from Nova Scotia and New Brunswick — La Commission des chemins de fer n'établit qu'à la fin de l'année financière le montant exact du coût du transport du charbon de l'Alberta en Ontario, et les Compagnies de chemin de fer n'avaient pas, à la fin de l'année, fait connaître au Gouvernement les montants leur étant dus, conformément aux prix fixés par la Commission des chemins de fer; les Commissaires des chemins de fer n'avaient également pas fait connaître le montant exact du coût du transport par chemin de fer des charbons de la Nouvelle-Ecosse et du Nouveau-Brunswick.

c. No attempt at operation was made, attention being devoted exclusively to sales of peat fuel — Aucune nouvelle tentative d'exploitation ne fut tentée, on s'occupa uniquement de la vente de la tourbe.

d. Smaller tonnage of ore for testing purposes received than anticipated — Les quantités de minerai reçues pour en faire l'épreuve furent inférieures à celles prévues.

e. Lessened activities of the Assay Office — Les opérations de l'essayerie furent moins actives.

Examined and certified — Examinés et certifiés.

EXPLANATION OF GRANTS NOT USED, AND GRANTS EXCEEDED — REMARQUES SUR LES CRÉDITS NON EMPLOYÉS OU DÉPASSÉS

a. Unable to estimate more closely— Impossibilité de prévoir plus exactement le montant des dépenses.

b. Employees at high salaries dropping out during the year have been succeeded by others at minimum salaries, and in some cases, positions have not been refilled — Fonctionnaires retirant le traitement maximum de leur classe , remplacés par d'autres n'en touchant que le traitement minimum, et dans quelques cas, positions laissées vacantes.

c. Work did not progress as rapidly as had been expected when the Estimate was being prepared. In a number of instances, although the work was actually accomplished during the closing months of the fiscal year, the certified accounts were not passed for payment before March 31st, and it was consequently possible to pay them only from the funds of the following year — Les travaux ne progressèrent pas comme il était prévu lors de la préparation du budget. Dans plusieurs cas bien que les travaux aient réellement été effectués durant les derniers mois de l'année financière, les comptes approuvés ne furent présentés pour paiement qu'après le 31 mars, et il ne fut par suite possible de les payer qu'à même les crédits de l'année suivante.

d. In these cases there had been an appropriation for 1928-29 and at the time (November and December of that year) when the Estimates for 1929-30 were being prepared, work was going on under that former appropriation. It was proceeding slowly, however, and as the expectation was that only a small sum would be paid out of the current year's appropriation a larger amount was estimated for the succeeding year. During the later months of 1928-29, however, the work was speeded up, with the result that a larger sum than expected was expended in that year, resulting in a reduction in expenditure out of the year now under review — Dans ces cas un crédit avait été voté en 1928-29, et à l'époque (novembre et décembre 1929) où fut établi le budget de 1929-30 les travaux étaient payés à même le premier de ces crédits. Toutefois, les travaux avançant lentement, on jugea qu'une faible partie seulement de ce crédit serait employée, et un montant plus élevé fut demandé pour l'année suivante. Au cours des derniers mois de 1928-29 une plus grande impulsion ayant été donnée aux travaux les paiements furent plus élevés, réduisant d'autant les dépenses à imputer sur le crédit de l'année suivante.

e. During the course of the execution of the work it was found that less expensive plan of construction would serve the purpose; in some instances one or more of the items originally provided for were dispensed with or held over for further consideration, thus reducing the cost of the work — Au cours de l'exécution des travaux il fut constaté qu'un genre de construction plus économique remplirait les conditions requises; dans certains cas, un ou plusieurs des travaux originairement prévus ne furent pas exécutés ou furent suspendus pour plus ample étude, réduisant d'autant les déboursés.

PUBLIC WORKS-Conc. — TRAVAUX PUBLICS-Fin

f. Unavoidable inaccuracies in preparing Parliamentary Estimates, etc. Although the fiscal year does not commence until 1st April, the Main Estimates are prepared and sent to Council during November and December of the preceding year. At such an early date it is impossible to foresee clearly all contingencies which may arise to affect the rate of expenditure during a period that is to close some sixteen months later than the making of the Estimate. — Inexactitudes inévitables en établissant le budget. Bien que l'année financière ne commence que le 1er avril, le budget principal est préparé et envoyé au Conseil en novembre et décembre de l'année précédente. A cette époque il n'est pas possible de prévoir exactement les événements pouvant influer sur le coût de travaux d'une période ne se terminant que près de seize mois plus tard.

g. Works not proceeded with during the fiscal year — Les travaux ne furent pas exécutés durant l'année financière.

h. The site for this building was finally acquired at a price considerably below that asked at first — L'emplacement pour la construction de cet immeuble fut acheté pour un prix beaucoup plus bas que celui tout d'abord demandé.

i. During the prosecution of this work it was found that the cribs were settling into the bottom to a much greater depth than had been anticipated, thereby involving an increased cost of some $1,260.00. As the special appropriation would have been entirely inadequate to meet the enhanced outlay, the whole expenditure ($3,261.06) was charged to the general appropriation "Harbours and Rivers Ontario Generally, Repairs and Improvements," and the special appropriation for Tobermory was left untouched. This action was approved by Order-in-Council of 18th September 1929 — Au cours de l'exécution des travaux, il fut constaté que les caissons s'enfonçaient à une plus grande profondeur qu'il n'avait été prévu, occasionnant une augmentation de dépense de $1,260.00. Comme le crédit spécial aurait été tout à fait insuffisant pour faire face à ce surcroît de dépenses, le coût total ($3,261.06) fut imputé au crédit général "Ports et Rivières, Ontario, En général, Réparations et améliorations," et le crédit spécial de Tobermory ne fut pas employé. Cette façon de faire fut approuvée par un arrêté en Conseil du 16 septembre 1929.

NOTE:—The decreases in the Revenue and Expenditure of the British Columbia Mainland lines are due to the sale of the Southern sections of the lines to the B.C. Telephone Co., in 1928.

REMARQUE:—Les diminutions dans les revenus et les dépenses des lignes de la Colombie-Britannique (Continent) sont dues à ce qu'en 1928, la section du Sud fut vendu à la Cie des téléphones de la Colombie-Britannique.

NOTES—

(a) Disbursements are charged and contributions credited directly to Consolidated Revenue Fund. Disbursements are greatly in excess of contributions chiefly for the reason that this is the oldest Superannuation Fund, having been superseded in 1893 by Fund No. 2. Most of those who were still contributing in 1924 transferred to Fund No. 5. (b) Treated as an open account. Receipts for this Fund include $116,664.21 charged to Interest on Public Debt. (c) This is covered by a Vote in the Supply Bill each year. No contributions were made by the employees retired under the Order in Council. (d) No contributions were received under this Act. Payments thereunder are charged directly to Consolidated Revenue Fund. (e) Treated as an open account. Receipts for this Fund include $1,892,590.92 as the Government's contribution and $984,843.93 charged to Interest on Public Debt. (f) Statutory; no contributions. (g) No contributions; covered by votes in the Supply Bill with the exception of $5,155.38 which is statutory. (h) Contributions are credited directly to Consolidated Revenue Fund. Of the disbursements, $146,420.97 is authorized by statute and the remainder covered by votes under the Supply Bill. (i) Covered by vote in the Supply Bill. (j) Disbursements are charged and contributions credited directly to Consolidated Revenue Fund.

REMARQUES—

(a) Les déboursés sont débités et les recettes créditées directement au Fonds du Revenu consolidé. Ce fonds, qui est le plus ancien des fonds de pension, fut, en 1893, remplacé par le fonds N° 2, et par suite les déboursés dépassent considérablement les recettes. Les recettes de ce fonds comprennent une somme de $116,644.21, chargée au compte des intérêts de la dette publique. (c) Ce montant est couvert chaque année par un crédit du Bill des Subsides. Aucune contribution ne fut versée par les employés ayant pris leur retraite en vertu de cet arrêté en Conseil (d) Aucune contribution n'a été perçue, en vertu de cette Loi—Les paiements sont imputés directement au Fonds du Revenu consolidé. TREASURY BOARD CORRESPONDENCE

Cheque issued by Department after refusal of Auditor General to certify payment

AUDIT OFFICE, November 12, 1929.

DEAR SIR,—In my letter of October 8th last with reference to an application for a withdrawal allowance under the Superannuation Act, in favour of Mr. F. Appleton, a dismissed employee of the Trade and Commerce Department, I gave reasons why I considered he was not entitled to this allowance and stated that until fuller information was supplied by the Department I did not feel justified in certifying payment of the amount claimed.

I now find from your list of cheques issued in October that notwithstanding my objection you have issued a letter of credit cheque to Mr. Appleton for the amount claimed. The issue of such a cheque after I had refused to certify payment appears to be in contravention of the terms of the Consolidated Revenue and Audit Act. Section 43 of that Act reads as follows:—

> " If the Auditor General has refused to certify that a cheque of the Minister of Finance may issue, on the ground that the money is not justly due, or that it is in excess of the authority granted by Council, or for any reason other than that there is no parliamentary authority, then upon a report of the case prepared by the Auditor General and the Deputy Minister of Finance, the Treasury Board shall be the judge of the sufficiency of the Auditor General's objection, and may sustain him or order the issue of the cheque in its discretion."

It seems to me that under the circumstances I am obliged to report upon this matter for the information of the Treasury Board and the House of Commons. If a department refuses to accept my objections the Act makes provision for the Treasury Board to decide upon the sufficiency of my objections and to overrule me.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

AUDIT OFFICE, June 19, 1930.

DEAR SIR,—Your attention is called to my letter of November 12th last to the Secretary of the Treasury Board in regard to the issue of a letter of credit cheque by the Finance Department after I had declined to certify payment of the amount claimed as a withdrawal allowance under the Superannuation Act for F. Appleton, a dismissed employee of the Department of Trade and Commerce.

No reply has been received to my letter and as the correspondence will be published in my next annual report to the House of Commons I shall be glad to include any explanation the Department of Finance may desire to make if received before the manuscript is sent to the Printer.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

DEPARTMENT OF FINANCE, June 19, 1930.

DEAR SIR,—I have your letter of the 19th instant with reference to the issue of a letter of credit cheque by the Finance Department in favour of Mr. F. Appleton, a former employee of the Department of Trade and Commerce, covering return of his contributions paid under the Civil Service Superannuation Act. You state that you had declined to certify payment of the amount involved and you ask for an explanation of this department's position in connection with the issue of the cheque.

As the case is explained to me, you sent to the Treasury Board copy of a letter dated May 27th, 1929, addressed by yourself to the Deputy Minister of Trade and Commerce in which occurred the following statement,—"I have signed the schedule as to the correctness of the amount of his contributions. Whether payment of this allowance should be made is a matter for the Treasury Board to decide." Previous to the date of that letter the Deputy Minister of Justice had written to the Deputy Minister of Trade and Commerce stating that Appleton was eligible to be granted a withdrawal allowance of the total amount of his contributions. On the 27th of June, the Deputy Minister of Finance again referred the case to the Department of Justice and received a reply dated July 8th, 1929, to the effect that in their opinion Mr. Appleton was entitled to a refund under the Superannuation Act.

On August 22nd, 1929, an Order in Council P.C. 293/1601 was passed approving the Treasury Board Minute stating that Mr. Appleton was eligible for a withdrawal allowance equal to the total amount of his contributions under the Civil Service Superannuation Act, without interest. Having reference to the statement in your letter of May 27th, 1929, quoted above, the Department of Finance was of the opinion that the Order in Council of August 22nd, 1929, was in compliance with your requirements.

We regret that there has been a misunderstanding in this case, but you will see from the foregoing explanation that this department was acting in good faith.

Yours very truly,

WATSON SELLAR, *Asst. D. M.*

The Auditor General.

AUDIT OFFICE, June 26, 1930.

DEAR SIR,—I am in receipt of your letter of the 19th inst. in reference to the return to F. Appleton of his contributions under the Superannuation Act.

In your letter you refer only to the correspondence that took place on the subject prior to the passing of the Order in Council of August 22, 1929, P.C. 293/1601. Other objections were made subsequent thereto and prior to the issue of the cheque on points that had not been dealt with previously and which were not specifically covered in any of the references to the Department of Justice. I refer to my letters of September 17th and October 8th, 1929. In the letter of the last named date to which no reply was ever received the point was raised as to Appleton's eligibility under Section 10 of the Act to receive the allowance. So far as I know this point was never referred to the Justice Department for an opinion as to its applicability in his case.

Yours truly,

GEO. GONTHIER, *A.G.*

The Asst. Deputy Minister, Finance Department.

DEPARTMENT OF FINANCE, 19th July, 1930.

DEAR SIR,—Receipt is acknowledged of your letter of the 26th ultimo with reference to the case of the return to Mr. Frank Appleton of his contributions under the Civil Service Superannuation Act.

Yours truly,

WATSON SELLAR, *Asst. D.M.*

The Auditor General.

NOTE.—*The reasons for refusing to certify payment until further information was forthcoming are given in the following correspondence with the department.*

AUDIT OFFICE, September 17, 1929.

DEAR SIR,—I am in receipt of your application for a cheque covering a withdrawal allowance to Frank Appleton, an employee of the Department of Trade and Commerce, who was dismissed from the service on October 25th last.

Although under the Order in Council of August 22, 1929 (P.C. 293/1601) payment is recommended of this allowance which represents the amount of his contributions under the Act and although the Deputy Minister of Justice, in his letter of March 19th last, has expressed the opinion that Mr. Appleton is eligible to be granted the allowance claimed, it seems to me that the intentions of the Act as expressed both in the Statute and in the Regulations do not warrant its payment.

In my letter of May 27th last to the Deputy Minister of Trade and Commerce, a copy of which was sent to the Treasury Board, I pointed out that this contributor's actual period of employment was less than ten years, the minimum number required to make him eligible under the Act for this allowance. The period of time from his first employment to the date of his dismissal was ten years and ten days but included in that are two periods in which he was under suspension, one month in 1927 and four months and twenty-four days in 1928. His second suspension dated from May 31st, 1928, and it was terminated by dismissal on October 25th so that although he was not allowed to return to his duties and was paid no salary during that period and made no contributions to the fund in respect of the salary for that period, it is counted as service and he is thereby made eligible for a withdrawal allowance.

Section 18 (*a*) of the Regulations passed under the authority of the Act provides that "No duly authorized period of absence of a contributor from duty without pay after the 14th of April, 1927, shall be counted as a period of service for the purpose of computing the length of the contributor's service on which his allowance will be based unless for such period of absence the contributor makes the contribution required by Section 4 of the Act."

Mr. Appleton did not make contributions on his salary for his period of absence. He was paid for a period of about nine years and six months and he made contributions on his salary for that period only. The inference from the decision that he has had ten years' service and is therefore eligible for the allowance is that Section 18 (*a*) covers period of duly authorized leave and not periods of suspension. Under this interpretation the employee who misbehaves and is suspended may be allowed to count his periods of absence without contribution while the efficient employee who exceeds his statutory leave cannot count his period of absence without pay unless he contributes in respect of salary for that period. The ruling of the Deputy Minister of Justice is that the suspended employee is eligible to count periods of suspension and that Section 18 (*a*) does not apply in his case but that ruling does not imply that he should be allowed to do so. It does not necessarily follow that because the payment of such an allowance would not be illegal that it would be a proper or equitable one or that it should be paid. The Act provides that the Governor in Council, "may grant" certain allowances under certain conditions, not "shall grant." In this case the verbal omission in the wording of the Regulations makes it legally possible for a contributor with a discreditable record, justifying dismissal, to receive more favourable consideration than the contributor with an honourable record. Obviously this is a discrimination against the employee whose services are satisfactory.

Your attention is called to a similar situation that existed, in respect of dismissed employees, prior to the amendment to the Act in April 1927. Under the original Act it was possible for a dismissed employee who was a contributor with less than ten years' service to receive on dismissal the return of his contributions but that was not permitted in the case of a male contributor with less than ten years' service who resigned voluntarily. This was recognized as an unfair discrimination and the anomaly was remedied by Parliament in its amendment to the Act in the Session of 1927 (Chap. 48, Sections 3 and 7). Parliament thereby recognized the principle that dismissed employees were not entitled to the same consideration as those retiring voluntarily yet in the present case more favourable consideration in the matter of counting absence without pay is given to the dismissed employee. It seems to me that the intention of Parliament as expressed in that amendment should be recognized in the present case also and that no dismissed employee should be allowed as service the period while under suspension unless he makes contributions on the salary for that period as is required under the Regulations in the case of other employees.

As the present anomaly is at least as serious as the one remedied by Parliament in 1927, is it not considered advisable to amend Section 18 (*a*) of the Regulations so as to cover periods of suspension as well as periods of duly authorized absence? If so, should not payment of the allowance in this case be withheld as, so far as I know, it is the first case of the kind and, if paid, will be a precedent for others?

I am holding the application until I hear from you in the matter.

Yours truly,

GEO. GONTHIER, *A.G.*

The Deputy Minister of Finance.

DEPARTMENT OF FINANCE, September 26, 1929.

DEAR SIR,—Having reference to your letter of the seventeenth instant concerning the question of payment to Mr. Frank Appleton of the amount of his contributions to the Civil Service Superannuation Fund No. 5, I enclose a memorandum prepared by the solicitor of this department which I trust may have your concurrence.

Yours very truly,

J. C. SAUNDERS, *D.M.*

The Auditor General.

September 26, 1929.

Memo for Mr. Saunders:

Order in Council, P.C. 293/1601, of August 22, 1929, recites that Mr. Appleton was dismissed from the Service by Order in Council, P.C. 215/2133, of the 29th November, 1928. He was weighman for the Board of Grain Commissioners at Calgary and the Order in Council of August 22, 1929, authorizes payment to him of a withdrawal allowance equal to his contributions to Superannuation Fund No. 5.

The Auditor General writes, under date of the 17th instant, that, in his opinion, the official had not ten years of service. He states that, while the period of time from his first employment to the date of his dismissal was ten years and ten days, there were included two periods in which he was under suspension and that these periods should not count as service and if not counted his remaining service would be less than ten years, which would render him ineligible to receive a withdrawal allowance.

The words which govern the point in question are those in Sec. 5 (*a*), "The Governor in Council may grant (*a*) to any contributor who ***has served in the Civil Service*** for ten years or upwards" and provision follows authorizing payment of a withdrawal allowance on severance from the Service under certain circumstances. With approval of the Department of Justice, as I understand, we have always interpreted the words "who has served in the Civil Service" to mean actual time spent as a Civil Servant irrespective of the provisions of the Civil Service Superannuation Act. For instance, say a man had three years of temporary service and seven years of permanent service and had been a contributor for six months in addition and had not elected to contribute with respect to past non-contributory service, such a man, on leaving the Service, would be considered as qualified to receive a withdrawal allowance and entitled to a return of the contributions which he made during the period of six months.

The Auditor General's point is, of course, well taken, having in mind service to be used in computing retiring annuity.

There are two letters from the Department of Justice, stating that in their opinion Mr. Appleton has had more than ten years' service and is eligible to be granted a withdrawal allowance of his contributions without interest. The Deputy Minister of Justice in a letter, dated March 19, 1929, to Mr. O'Hara, refers to the view first expressed by this department that Mr. Appleton had less than ten years' service, but states that he had ascertained a mistake had been made in computing Mr. Appleton's service.

I have discussed this question with Mr. Gullock and he is in agreement with the views expressed in this memorandum.

R. B. VIETS.

AUDIT OFFICE, October 8, 1929.

DEAR SIR,—I am in receipt of your reply of the 26th ult. enclosing a memorandum from your Department Solicitor in reference to the payment of a withdrawal allowance to Mr. Appleton of the Department of Trade and Commerce, who was suspended by his department before he had completed ten years' actual service.

The point in question is whether periods of suspension for which no salary was paid or superannuation contributions made shall count as service under the Superannuation Act. According to Mr. Viets the interpretation of the words "who has served in the Civil Service," has been accepted, with the approval of the Justice Department, as actual time spent as a civil servant irrespective of the provisions of the Superannuation Act. If that interpretation is accepted as the determining factor then this employee can be considered as having had ten years' service. I would point out though that Section 10 of the Superannuation Act provides that no person shall "be considered as having a right to any superannuation or retirement allowance but it shall be granted only in consideration of good and faithful service during the period in respect of which it is claimed." It is still therefore questionable whether a period of suspension which was terminated by dismissal can reasonably be considered as a period in which the employee rendered good and faithful service and that it should be included in counting the ten years necessary as to the minimum service required to qualify for such allowance. The fact that he was suspended and then dismissed is selfevidence that good and faithful service had not been rendered by him just prior to his suspension as well as subsequent thereto. It is one thing to determine what the period of service has been, it is another to determine what is good and faithful service within the meaning of the Act. The only Section under which this allowance may be paid is Section 5 of the Act but it has not been established that all the requirements of that Section have been met. Mr. Appleton was suspended for one month in 1927 for disorderly conduct and he was again suspended for four months and twenty-four days in 1928 and finally dismissed "in the public interest" and because he had "brought discredit upon the Service." If the reasons justifying his suspension and dismissal constituted misconduct he is ineligible to be granted a withdrawal allowance under Section 5 or any other Section of the Act.

Another point not mentioned in my previous letter is that the dismissal of this employee was recommended from October 25th, four months and twenty-four days subsequent to the date from which his suspension was authorized thus giving him ten years and ten days' service, that is ten days more than the minimum required. There may be a good and valid reason for fixing October 25th as the proper date of dismissal but if that date was fixed in order to complete a period of ten years' service and thus render him eligible for the withdrawal of his contributions, then it seems to me it is contrary to the spirit and intent of the Act. When a period of suspension is terminated by dismissal, and when practically all that period is required to qualify for an allowance the department concerned might reasonably be expected to furnish more information than is supplied in this case.

In my previous letter I pointed out that the Act was amended in 1927 to remove the discrimination against the employee who had rendered satisfactory service as compared with the employee who had been dismissed, Parliament thereby recognizing the principle that dismissed employees were not entitled to the same consideration as those retiring voluntarily. In the present case that discrimination still exists, for an employee with "good and faithful service" for nine years and six months retiring voluntarily cannot be granted any allowance, while in Mr. Appleton's case an allowance is recommended although he had less than nine years and six months "good and faithful service." If it is permissive and not obligatory for the Governor in Council to grant any allowance this would seem to be a case for the exercise of his discretionary powers especially since the only apparent reason for fixing October 25th as the date of retirement was to make the payment technically possible. If payment is made to Mr. Appleton his case will serve as a precedent for other claims of a similar nature with the result that the limitation of ten years has no practical meaning in such cases.

For the above reasons I do not consider that Mr. Appleton is entitled to this allowance and until fuller information is supplied by the Department to remove all the doubts mentioned as to his eligibility I do not feel justified in certifying payment of the amount claimed.

Yours truly,

GEO. GONTHIER, *A.G.*

The Deputy Minister of Finance.

Direction of Treasury Board requested in regard to Expenditures for Farm Loan Board charged to Public Works Department vote

AUDIT OFFICE, April 2, 1930.

DEAR SIR,—During the fiscal year 1929-30, several payments were made by the Public Works Department from Vote No. 130, for maintenance of offices occupied by the Canadian Farm Loan Board.

Vote No. 305, 1929-30, provided $50,000 for the payment of salaries and expenses in connection with the operation of the Canadian Farm Loan Act. Payments for maintenance of offices occupied by the Board would appear to be part of the expenses of the operation of the Act.

Under Section 59 of the Consolidated Revenue and Audit Act, I am referring this matter to the Treasury Board for direction as to whether these items of expenditure shall remain as charges against Vote No. 130, " Rents, Repairs, Heating, Lighting, etc., Public Buildings " or be transferred to Vote No. 305—" To provide for payment of salaries and expenses in connection with the operation of the Canadian Farm Loan Board."

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

AUDIT OFFICE, June 2, 1930.

DEAR SIR,—On April 2nd, last, I wrote you regarding several payments made by the Public Works Department from Vote No. 130 for the maintenance of offices occupied by the Canadian Farm Loan Board, asking for the direction of the Treasury Board as to whether these items shall remain as charges against Vote No. 130.

I have, as yet, received no reply. Could you give this question your early consideration?

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

TREASURY BOARD, 14th October, 1930.

DEAR SIR,—Referring to your letters of April 2nd and June 2nd last, concerning expenditure by the Public Works Department on account of the Farm Loan Board, I am directed by the Treasury Board to advise that this expenditure remain as charged, against Vote No. 130.

Yours truly,

WATSON SELLAR, *Acting Secretary.*

The Auditor General.

Lack of Uniformity in Removal Expense Charges

AUDIT OFFICE, March 27, 1930.

DEAR SIR,—I find that there is a lack of uniformity on the part of departments with regard to the nature of the charges included in claims for removal expenses of their employees, submitted to the Treasury Board for approval under the directions of Order in Council of September 8, 1871. In the majority of cases the claims include the transportation expenses of the officer himself in addition to the cost of moving his family and household effects, but in certain departments the practice appears to be to consider the officer's personal transportation expenses as ordinary travelling expenses and, accordingly, to omit them from the claim for removal expenses.

I have under consideration at the present time a case where a department has paid the removal expenses of an unmarried officer, whose transfer involved an increase in salary, without submitting the account to the Treasury Board for approval, there being no other charges than railway fares and maintenance *en route*.

In order that I may be in a position to make a uniform examination of all accounts for removal expenses I should like to have the opinion of the Treasury Board as to whether the term "removal allowance" is to be interpreted as including, in every case, the transportation expenses of the officer transferred or is to be regarded as applying only to the cost of moving the officer's family and household effects.

Yours truly,

WM. KEARNS, *Asst. A.G.*

The Secretary of the Treasury Board.

NOTE.—*No reply has been received as yet, but I understand the Treasury Board has this matter under consideration.*

Legality of Payment of Gratuities to Relatives of Deceased Employees who were not subject to Civil Service Act

AUDIT OFFICE, June 29, 1929.

DEAR SIR,—I enclose herewith copies of correspondence dealing with the question of the eligibility of the widow or other relative of a deceased employee of the Government who was an officer or member of any of His Majesty's ships or dredges, to receive on his death a gratuity equivalent to two months' salary.

Under the two rulings of the Deputy Minister of Justice of the 15th inst. (378/28 and 1952/28) the Civil Service Act does not provide for the payment of the two months' salary gratuity in the cases of such employees but the Governor in Council may grant authority for the payment if there is a parliamentary appropriation available.

Prior to 1908 a two months' salary gratuity was paid on the authority of the Governor in Council as provided for in the general Order in Council of February 1, 1868, and the amending Order in Council of December 26, 1887. The first Order in Council limited the payment to relatives of permanent employees but under the second Order provision was made for its extension to those temporary employees for whom the Governor in Council granted authority and Parliament gave consent. The payments in the case of permanent employees were provided for under the Vote "Miscellaneous Unforeseen Expenses" and in the case of temporary employees a special vote was usually made in each case to comply with the requirements of the Order in Council of 1887.

In 1908 statutory provision was made under the Civil Service Act passed in that year for the payment of this gratuity in the case of employees who had served at least two years in the public service and the payments thereunder were from this date made a direct charge to the Consolidated Fund. In the amendment to the Civil Service Act of 1918 it was provided that the provisions of the Civil Service Act were not to apply to positions in connection with the Government Railways or to positions on any ship of His Majesty until the Governor in Council otherwise directs and the Governor in Council was given power to make the Act apply in whole or in part to any of the said positions. No such action has been taken by the Governor in Council. In addition to these positions a large number of others have been excluded since 1918 by Orders in Council passed under the authority of the Act, the effect of which has been that they also are removed from the benefit of the provisions as to the salary gratuity.

The rulings of the Justice Department settle the question as to the eligibility of relatives or persons in exempted positions to receive the gratuity. The gratuity in such cases is not payable under the Statute and is not chargeable to the Consolidated Fund. Neither do the Orders in Council of 1868 nor 1887 any longer govern but a special Order in Council is required in each case and the necessary money has to be voted by Parliament.

In view of the fact that the Treasury Board dealt with this question on two previous occasions and that your regulations were observed until they were superseded by the statutes, the question of paying this gratuity in cases not covered by the Statute is now submitted for your direction. If no further direction is considered necessary by you I am of the opinion that no gratuity should be paid in any of these cases without being approved by the Governor in Council and until a special vote has been passed by Parliament covering the payment of such gratuities, that is, that a general departmental appropriation is not sufficient if gratuities are not indicated in the vote. If statutory authority is specially required for all employees under the Civil Service Act it would seem that some statutory authority is required for those not under that Act.

Yours truly,

WM. KEARNS, *for A.G.*

The Secretary of the Treasury Board.

TREASURY BOARD, March 6, 1930.

DEAR SIR,—With reference to your letter of the 29th June last, concerning payment of two months' salary gratuity to dependents of deceased employees who, at the date of death, occupied positions in the public service, not subject to the provisions of the Civil Service Act, I enclose copy of an opinion received from the Department of Justice. The Deputy Minister of Justice rules that the appropriations of Parliament referred to need not contain specific provision for payment of gratuities, provided there are general appropriations under the administration or control of the Department in which the deceased officer was employed.

It appears that the law is complied with if these gratuities are authorized by Order in Council and paid from a general appropriation. Under these circumstances, it seems that no further action is required.

Yours truly,

WATSON SELLAR, *for Secretary*

The Assistant Auditor General.

JUSTICE DEPT., December 30, 1929.

DEAR SIR,—I have the honour to refer to your letter of the 21st ultimo, with the correspondence therewith enclosed, relative to the payment of two months salary gratuity to dependents of deceased employees who at the date of death occupied positions in the public service not subject to the provisions of the Civil Service Act. I note that the Assistant Auditor General has expressed the opinion "that no gratuity should be paid in any of these cases without being approved by the Governor in Council and until a special vote has been passed by Parliament covering the payment of such gratuities, that is, that a general departmental appropriation is not sufficient if gratuities are not indicated in the vote." Reference is made upon this subject to my ruling of the 15th June, 1929, in which I expressed the opinion, in regard to these cases, that "it is competent to the Governor in Council to authorize payment of such gratuity provided an appropriation of Parliament is available for the purpose."

The question now submitted for my opinion is whether the appropriations of Parliament referred to must contain specific provision for payment of gratuities or whether the existence of funds in the appropriation from which the salary of the deceased was paid, or in other suitable vote, is sufficient. I am of opinion that an appropriation of Parliament is available for the payment of such gratuities, even though it contains no specific provision for the payment of such gratuities, if it be a general appropriation for purposes under the administration or control of the department in which the deceased officer was employed and with reference to the expenditure of which for such purposes the Government possesses a discretionary authority subject only to their responsibility to Parliament. This view appears to be sanctioned by the opinion which was expressed in 1897 by Sir Oliver Mowat, then Minister of Justice, wherein he advised the Treasury Board to the effect that the Governor-in-Council might, subject to the answerability of the Ministers to Parliament, authorize payment to be made for purposes provided for by general vote, although no legal liability existed for the payment. It is also in harmony with former practice. Prior to the Civil Service Amendment Act, 1908, which contained the first statutory provision for the payment of a death gratuity, such gratuities were paid under the authority of Order-in-Council of the 1st February, 1868, and an amending Order-in-Council of December 26, 1887, in the case of deceased permanent employees, out of the vote for "Unforeseen Expenses," although this was not a purpose indicated in the estimate upon which the vote was founded.

It was accordingly ruled by this Department on the 4th July last, that the Governor in Council might competently authorize payment of the gratuity in question to the dependents of a deceased employee on one of His Majesty's dredges out of the balance of funds in the appropriation for "Dredging—British Columbia" (Vote 141 in the Estimates of 1929-30), from which the salary of the deceased had been paid prior to his death. Similarly, I think it would be within the power of the Governor in Council to authorize payment of such gratuities out of a general departmental vote for "Salaries and Contingent Expenses" or other like appropriation; but I do not think that the vote, for instance, for Civil Government Salaries could properly be applied for that purpose, nor any other vote so specifically earmarked as to preclude its application to the payment of such gratuities.

Yours faithfully,

W. STUART EDWARDS, *D.M. of J.*

The Secretary, Treasury Board.

NOTE.—*Authority for the payment of the gratuity in such cases was subsequently provided by the following Order in Council, passed on the recommendation of the Treasury Board.*

ORDER IN COUNCIL, 13TH DAY OF MAY, 1930

TREASURY BOARD: The Board have had under consideration sundry submissions reporting:—

> That the provisions of section 56 of the Civil Service Act, which reads as follows: " If a person dies while in the civil service, after having been at least two years therein, an amount equal to two months of his salary shall be paid to his widow or to such person as the Treasury Board determines," do not authorize payment of the gratuity on death, as regards positions to which the provisions of the Civil Service Act do not apply;
>
> That the Deputy Minister of Justice has ruled that it is competent to the Governor in Council to authorize payment of such gratuity provided an appropriation of Parliament is available for the purpose;

That it has been the practice to pay such gratuities, regardless of whether or not positions were subject to the provisions of the Civil Service Act; and

That one of the principal objects of this provision, prompt payment to the widow, is defeated if the authority of the Governor in Council is required in individual cases.

The Board, accordingly, recommend that authority be granted for payment of such gratuities on account of positions to which the provisions of the Civil Service Act do not apply, on the same terms and conditions as provided by section 56 of the Civil Service Act.

Payment made in contravention of Judges Act

AUDIT OFFICE, June 11, 1930.

DEAR SIR,—Under the authority of an Order in Council dated January 14, 1927, County Court Judge L. St. G. Stubbs was appointed a Commissioner under the Inquiries Act to investigate and report on the circumstances in connection with the dismissal of Mr. A. M. Graham from the Soldier Settlement Board in August, 1920.

In May, 1929, the Board issued a cheque for $1,000, payable to the Judge for his services though the Order in Council of January 14th did not authorize payment of remuneration.

The issue of the cheque in question should not have been made for the following reasons:—

(1) Payment by fee or otherwise was not authorized by Council.
(2) Section 38 of the Judges' Act provides that no Judge shall receive any remuneration in addition to his Judicial salary for services, etc., etc.
(3) An Order in Council of September 14, 1922, provides that

> " Except in cases otherwise provided for by Order in Council, the fees allowable to a Commissioner appointed under the authority of the above mentioned Act (the Inquiries Act) shall not in any case exceed twenty dollars for each full day's attendance or occupation in connection with the work of the Commission, etc."

These objections were not answered to my satisfaction by the Soldier Settlement Board, and accordingly I hereby refer the matter to the Treasury Board in order that that Board may determine in what manner this item shall be entered in the appropriation account for the year or if the Judge should be called upon for a refund.

A copy of the correspondence with the Soldier Settlement Board regarding this matter accompanies this letter.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

AUDIT OFFICE, October 31st, 1929.

DEAR SIR,—I desire to call your attention to a payment of $1,000 to County Court Judge Lewis St. George Stubbs, by Department Letter of Credit Cheque No. 7005.

Mr. Stubbs was appointed by Order in Council No. 2 of January 14th, 1927, as Commissioner under Section 6 of the Inquiries Act to investigate and report upon the complaint of Mr. A. M. Graham regarding his dismissal, in August, 1920, from the service of the Soldier Settlement Board. As Mr. Stubbs received his regular salary as judge in the Eastern Judicial District of Manitoba during the whole course of this inquiry I am of opinion he was not entitled to extra remuneration for his services as Commissioner. Please explain.

Yours truly,

GEO. GONTHIER, *A.G.*

Chairman, Soldier Settlement Board.

AUDIT OFFICE, April 3rd, 1930.

DEAR SIR,—On October 31st last I wrote calling your attention to a payment of $1,000 to County Court Judge Lewis St. George Stubbs, for services as Commissioner inquiring into the dismissal of Mr. A. M. Graham.

Please inform me what action has been taken either for the recovery of the amount, or the regularizing of the payment which was made in contravention of Section 38 of the Judges Act, Chapter 105 of Revised Statutes of Canada.

Yours truly,

GEO. GONTHIER, *A.G.*

Chairman, Soldier Settlement Board.

THE SOLDIER SETTLEMENT BOARD, April 4th, 1930.

DEAR SIR,—In reply to your letter dated the 3rd inst., calling attention to the payment made to Mr. Stubbs last May, and asking what action has been taken for the recovery of the amount or regularizing the payment, I beg to advise you that no action has been taken, as we are of the opinion that the payment was legally made.

Mr. Stubbs was appointed as Commissioner to investigate charges by Mr. A. M. Graham that he was unfairly and improperly dismissed from our Board. Mr. Stubbs held the investigation and rendered an account for his services which we paid.

You call attention to Section 38 of the Judges Act, Chapter 105 of the Revised Statutes of Canada, which starts out by stating that no Judge shall receive any remuneration in addition to his Judicial salary, etc., and the entire section is in reference to the reception by a judge of remuneration in addition to his regular salary. We are unable to find anything in this Section prohibiting the payment to any Commissioner for services rendered and are of the opinion that the payment made by our Board is legal, but whether the reception of the amount by Mr. Stubbs is regular or not is not for us to decide.

Yours truly,

J. G. RATTRAY, *Chairman.*

The Auditor General.

AUDIT OFFICE, April 11, 1930.

DEAR SIR,—Referring to your letter of the 4th inst. in explanation of a payment, under your letter of credit, of $1,000 by cheque 7005 to Judge Stubbs for services under the Inquiries Act rendered by him in the case of the dismissal of Mr. A. M. Graham, I desire to point out that, apart from the propriety of the Judge's acceptance of the amount in question, I find that the Order in Council appointing him does not authorize payment of any fee.

In the absence of such authority I shall be obliged if you will let me know under what other authority the cheque was issued.

Yours truly,

GEO. GONTHIER, *A.G.*

The Chairman, Soldier Settlement Board.

THE SOLDIER SETTLEMENT BOARD, May 3, 1930.

DEAR SIR,—Your letter of April 11 came to hand in due course, and I note the last paragraph of same.

This cheque was issued under the authority of a letter signed by the Honourable Robert Forke on May 5, 1929. Should you require a copy of this letter I shall be pleased to forward it to you.

Yours faithfully,

J. G. RATTRAY, *Chairman.*

The Auditor General.

NOTE.—*The Treasury Board has not indicated, as yet, how this item should be entered on the appropriation account nor whether the Judge should be called upon for a refund.*

Prevailing Rates Employees paid at rates in excess of those authorized

AUDIT OFFICE, July 3, 1930.

DEAR SIR,—Under authority of an Order in Council (P.C. 1053) dated June 29, 1922, certain skilled labour classes of employees of the Department of Public Works paid at "prevailing rates," were exempted from the operation of the Civil Service Act with the proviso that the "prevailing rates" should be such as were recommended by the Department and approved by the Governor in Council.

By authority of Order in Council, P.C. 1816, of October 7, 1925, the prevailing rates for these employees of the Public Works Department were fixed at the rates they were then receiving. During the period, May to December, 1927, the Department increased the rates paid to several of the skilled labour classes and on December 21, 1927, I requested that a copy of the Order in Council approving these new rates be sent to me. On May 23, 1928, I repeated the request and on June 5 the Department replied that a recommendation was before Treasury Board and, when the Order in Council was obtained, a copy would be sent to me.

On August 29, 1929, and, again, on June 2, 1930, I advised the Department that the copy of the Order had not been received and each time the reply was that the Order would be sent as soon as obtained. In the meantime the Department has continued to pay these employees at rates higher than those authorized by the Governor in Council.

I have, therefore, to report to you that the Department have been paying and are now paying their skilled labour employees at rates higher than those authorized in the manner prescribed by P.C. 1053 of June 29, 1922.

Yours truly,

W. M. KEARNS, *Asst. A.G.*

The Secretary of the Treasury Board.

NOTE.—*No reply has been received, but I am informed that the Department has applied for the authorization of the increased rates, which are still being paid.*

Report under Section 41, Sub-Section 2, Consolidated Revenue and Audit Act

AUDIT OFFICE, October 4, 1930.

DEAR SIR,—On examination of payments made under Letter of Credit in favour of the proper officers of the House of Commons applicable to the current fiscal year, I find that cheque 549 of June 14, 1930, was issued in favour of B. W. Sherwood, Accountant, for $549.99 covering an increase of salary to $4,000 a year from April 1, 1930, and also that he was paid at the increased rate for the months of July, August and September.

I enclose copy of correspondence with the Clerk of the House of Commons in which I point out that there is no legislative authority for the increased salary.

I am referring the case to the Treasury Board under Section 41, Subsection 2 of the Consolidated Revenue and Audit Act for the reason that Mr. Sherwood as a sub-accountant has, by the issue of these cheques, expended money out of his accountable credit beyond the amount for which there is legislative authority.

I shall be glad if you will let me know what action the Treasury Board may take in this matter.

Yours truly.

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

AUDIT OFFICE, September 15, 1930.

DEAR SIR,—On December 20, 1929, the Civil Service Commission issued a certificate for the promotion of Mr. B. W. Sherwood from Departmental Accountant, Grade 2, to the position of Chief Accountant, House of Commons, at a salary of $2,700 per annum, dating from October 1, 1929.

On examination of the pay lists for the month of June last I find that payment was made to Mr. Sherwood at a salary of $4,000 per annum dating from April 1, 1930. As he is not entitled under the Civil Service Act to a salary in excess of that authorized by the Civil Service Commission, namely, $2,700, will you please state under what authority a cheque was issued for a salary at the rate of $4,000. If no such authority was obtained payment of salary at that rate should be discontinued.

As the paylist covering this increased salary bears no evidence that it received the customary approval of the Speaker and as your certificate is not inserted thereon it is returned to you so that the omissions may be supplied.

Yours truly,

GEO. GONTHIER, *A.G.*

The Clerk, House of Commons.

House of Commons, September 15, 1930.
(Received Sept. 20, A.G.)

Dear Sir,—Your letter of September 15 regarding the salary of Mr. B. W. Sherwood, Chief Accountant, House of Commons, was referred yesterday to the Commissioners of Internal Economy who held a regular meeting under the chairmanship of His Honour the Speaker.

The Commissioners took cognizance of all the correspondence and decided that in the circumstances payment of $4,000 a year to Mr. Sherwood was justified.

Yours very truly,

ARTHUR BEAUCHESNE, *Clerk.*

The Auditor General.

Audit Office, September 26, 1930.

Dear Sir,—I have your letter of September 15th in reply to mine of the same date, with reference to salary payments made to Mr. B. W. Sherwood, Chief Accountant, at the rate of $4,000 per annum rather than at the authorized rate of $2,700. You inform me that, on referring the matter to the Commissioners of Internal Economy, that body decided that "in the circumstances payment of $4,000 a year to Mr. Sherwood was justified."

The Civil Service Act, Section 61, Chapter 22, R.S.C., 1927, provides that "the provisions of this Act relating to appointment, transfer, promotion, salaries, increases thereof, classification, political partisanship and payment of gratuity on death shall apply to the permanent officers, clerks and employees of both Houses of Parliament."

In accordance with the provisions of that Section as well as Sections 9 and 12 of the same Act, the classification and salary range for the position of Chief Accountant of the House of Commons was established by the Governor in Council on the recommendation of the Civil Service Commission. This salary range provides for a minimum salary of $2,700 with yearly increases up to a maximum of $3,120.

Under these statutory provisions Mr. Sherwood cannot legally be paid a salary of $4,000 unless the classification of the Civil Service Commission is amended in the usual way or special authority is obtained from Parliament for such payment.

As the payment of salary at a rate in excess of $2,700 was beyond the amount for which legislative authority was provided I shall be obliged to report such overpayment to the Treasury Board under Section 41 (2) of the Consolidated Revenue and Audit Act.

Yours truly,

GEO. GONTHIER, *A.G.*

The Clerk, House of Commons.

House of Commons, September 29, 1930.

Dear Sir,—I am in receipt of your letter of the 26th instant in which you state that you shall report to the Treasury Board the payment of an increase in salary to Mr. B. W. Sherwood, Chief Accountant, House of Commons.

The decisions of the Commission of Internal Economy of the House of Commons are not subject to revision by the Treasury Board. These two bodies, appointed by Order in Council, are on equal footing—each being independent of the other within its own jurisdiction. The former is responsible jointly with the Speaker for moneys paid on account of House of Commons Estimates and Members' indemnities. Any divergence of opinion between the Auditor General and the Clerk of the House should be submitted to the Commissioners of Internal Economy who may make such order as appears just and reasonable.

The only provision of the Consolidated Revenue and Audit Act which applies to the House of Commons is embodied in section 35 which provides that our fees shall be deposited to the credit of the Minister of Finance and Receiver General and refunds may be made by direction of the Senate and House of Commons or in accordance with our rules and Standing Orders. It was found necessary to include this section because the Act does not apply to Parliament. Whenever it is deemed advisable to bind the House of Parliament in any statute, special clauses are passed. It is a well known principle that the rights, privileges and immunities of Parliament, like those of the Crown, are not affected by any law unless specially mentioned. Nobody will deny Parliament's right to manage its own finances. The question of the Auditor General's powers in relation to auditing our accounts came up before the House of Commons at the session of 1880, as shown at page 594 in the Debates of that year. Mr. Kirkpatrick, then chairman of the Public Accounts Committee, stated that the Audit Act did not give the Auditor General power to audit the accounts of the House of Commons. A resolution authorizing one of your predecessors to audit our accounts was then passed. The power given the Auditor General under this resolution is limited to auditing the accounts, and does not constitute the Treasury Board as an Appeal Court over the Commission of Internal Economy.

As far as we are concerned the decision of the Commission of Internal Economy with regard to our Accountant's salary can only be revised by the House of Commons.

Yours truly,

ARTHUR BEAUCHESNE, *Clerk.*

The Auditor General.

TREASURY BOARD, November 7th, 1930.

DEAR SIR,—The Treasury Board have had under consideration your letter of the 4th ultimo, concerning the salary of B. W. Sherwood, Accountant, House of Commons.

By direction of the Board, your letter with the attached correspondence was referred to the Deputy Minister of Justice, who has replied that in his opinion there is no legal authority for payment of salary to Mr. Sherwood in excess of the rate authorized by the Civil Service Commission.

A copy of Mr. Edward's letter dated October 29, 1930, is enclosed for your information, also copy of his letter to Mr. Beauchesne and the reply thereto.

Yours truly,

WATSON SELLAR, *Acting Secretary.*

The Auditor General.

JUSTICE DEPT., October 29, 1930.

DEAR SIR,—Referring to your letter of the 18th instant, with regard to the salary of Mr. B. W. Sherwood, Chief Accountant, House of Commons, I enclose for your information copy of a letter which I addressed to the Clerk of the House of Commons on the 22nd instant, and copy of his reply of the 24th instant.

In view of what is said in these communications, I am of opinion that there is no legal authority for payment of salary to Mr. Sherwood in excess of the rate authorized by the Civil Service Commission.

Papers returned.

Yours truly,

W. STUART EDWARDS, *D.M.J.*

The Acting Secretary, Treasury Board.

JUSTICE DEPT., October 22, 1930.

Dear Mr. BEAUCHESNE,—I have before me a reference from the Treasury Board dated the 18th instant, asking for advice as to whether there is legal authority for payment of a salary to Mr. B. W. Sherwood, Accountant, House of Commons, in excess of the rate authorized by the Civil Service Commission, namely: $2,700 per annum. Attached to the reference are copies of correspondence which has taken place between the Auditor General and yourself bearing upon the subject. I observe in going over this correspondence that you do not point to any statute which authorizes the Board of Internal Economy of the House of Commons to override the provisions of the Civil Service Act or the powers of the Civil Service Commission with regard to the salaries of officials of the House of Commons, and I am therefore at a loss to understand upon what principle the Board of Internal Economy reached the decision mentioned in your letter to the Auditor General of the 15th September, 1930.

Possibly you do not wish to discuss the matter further, but if you know of any statutory provision of the kind I have mentioned, and desire to draw it to my attention before the matter is disposed of here I shall be very glad to hear from you.

Yours sincerely,

W. STUART EDWARDS, *D.M.J.*

The Clerk, House of Commons.

HOUSE OF COMMONS, October 24, 1930.

Dear Mr. EDWARDS,—I am in receipt of your letter of the 22nd inst., and I am very thankful for your courtesy in writing to me that your Department has been asked by the Treasury Board to give legal opinion with regard to the payment of an increase in the salary of Mr. B. W. Sherwood, Chief Accountant, House of Commons.

I note your statement that you are at a loss to understand upon what principle the Commissioners of Internal Economy reached the decision mentioned in my letter to the Auditor General of the 15th of September, 1930; but I cannot question the Commissioners' decisions which have to be reported to the Commons under standing Order 80 of the House. I do not contend that the Commissioners are authorized to override the provisions of the Civil Service Act, but I claim that if they go beyond their powers they are not amenable to the Treasury Board and the orders they may give under sec. 18 of the House of Commons Act, Ch. 145, R.S.C., are final until changed by themselves or by the House. Such is also the Commissioners' opinion. They take the ground that they are the treasury board so far as the House of Commons is concerned and that if the Auditor General does not agree with me in relation to any payment made by our accountant they and not the Treasury Board should be seized with the matter. It will be my duty to submit to them the whole correspondence which has taken place between Mr. Gonthier and myself with reference to our Accountant's salary, and they may possibly reconsider their decision; but I do not think they will accept the theory that their orders are subject to an appeal to the Treasury Board.

Yours truly,

ARTHUR BEAUCHESNE, *Clerk.*

The Deputy Minister of Justice.

NOTE.—*Notwithstanding the action of the Treasury Board and the opinion of the Deputy Minister of Justice, the Chief Accountant was paid for November at a salary rate in excess of that legally authorized. The continuance of the payment of salary at the increased rate is being reported to the Treasury Board.*

Re Superannuation Act 1924—Employment beyond Age Limit

AUDIT OFFICE, October 15, 1930.

DEAR SIR,—I enclose correspondence dealing with the continuance of payment of salary to a contributor who has attained the age of 75 years and for whom further payment of salary is claimed. No action has been taken by the "deputy head", the "head", the Treasury Board or the Governor in Council as required by Section 10 (2) of the Superannuation Act, in respect of this officer's continuance in office beyond the age of 70 years or for his retirement from the service when the age limit of 75 was reached.

Section 10 (2) provides that "no contributor shall be retained in the service beyond the age of 70 years" except in special cases where specific requirements are met and in those cases the employment may be extended for five years only. In the case of the present application, this officer's employment has not been extended for any year since he reached the age of 70 and payment is now being claimed for him for service subsequent to his attaining the age of 75. In regard to employment beyond the age of 70 without such employment being extended in accordance with the statutory provisions the Justice Department has ruled that "the provisions of subsection 2 of section 10 that 'no contributor shall be retained in the service beyond the age of 70 years' does not itself operate automatically to remove a contributor who has attained that age but that it does impose a duty upon the Governor in Council to retire such contributor from the Service within a reasonable time after his attainment of the said age" (1546/26). In regard to employment beyond the age of 75, the Justice Department has expressed two opinions, one dealing with a contributor whose employment was extended beyond the age of 70 in accordance with the requirements of the section and the other dealing with the contributor whose employment has been continued without the approval of the Governor in Council. The opinions of the Justice Department in these two cases are briefly as follows:—(1) "The contributor whose service has been extended will cease to be in the service on the expiry of the 5th year" (1770/24) and (2) "subsection 2 does not operate to remove a contributor whose service has not been extended under the provisions of the proviso thereto but it imposes a duty upon the Governor in Council to retire the officer within a reasonable time after his attaining the given age" (1770/24).

The situation resulting from these opinions is that a contributor may be continued in the service beyond the age of 70 years whether the reports and recommendations referred to in that section are made or not. If the reports and recommendations are made each year the contributor's employment automatically terminates when he reaches 75. If the Governor in Council takes no action to terminate the officer's employment for the reason that the Deputy Head neglects or declines to take action in accordance with the provisions of the section, the contributor may be continued in the service indefinitely. That is, neglect or refusal to comply with one of the requirements renders the whole subsection nugatory and creates a situation similar to what would exist if it had never been incorporated in the Act.

It is reasonable to assume that Parliament intended the section to have some practical meaning and the only practical meaning it can have is that a contributor cannot be continued after the age of 70 except in certain prescribed cases and in no case beyond 75. That is the only practical meaning the section can have and if the wording fails to implement the intention or if there is any doubt as to the conditions on which or the manner in which the provisions of this section shall apply, could not action be taken by the Treasury Board and the Governor in Council under section 11 (*d*) to make regulations which would remove all doubt in the matter and thereby make the section operative?

> "The Governor in Council may, on the recommendation of the Treasury Board, make regulations, prescribing and determining, in any case of doubt to what persons in any branch or portion of the Civil Service the provisions of this Act do or do not apply and the conditions on which, and the manner in which they shall apply in any case or class of cases."

If it is considered that the Treasury Board and the Governor in Council have no authority to make a regulation which would meet the difficulty then I think Parliament should be informed of the situation in order that the Act may be amended and all doubt removed in the matter.

There has been, as you are aware and as the present letter indicates, previous correspondence in regard to cases of a similar nature and in which like difficulties were encountered. For your information I might mention also that there are nearly two hundred contributors still employed who are over seventy years of age and that in the case of about thirty-five of them no authorizations have been granted by the Governor in Council for the continuance of their employment.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

AUDIT OFFICE, September 29, 1930.

DEAR SIR,—On your paylist for the current month salary was included for Mr. M. C. MacCormac for the full month.

According to the record of his age as supplied to this Office Mr. MacCormac is seventy-five years of age to-day. As he elected to accept the provisions of the Superannuation Act of 1924 he is therefore ineligible under Section 10 (2) of that Act to be paid further salary.

Yours truly,

GEO. GONTHIER, *A.G.*

The Librarians, Library of Parliament, Ottawa.

LIBRARY OF PARLIAMENT, October 10, 1930.

SIR,—In regard to your recent letter (of Sept. 29th) in which you say that a further payment of Mr. M. C. MacCormac, Assistant Librarian, could not be authorized on account of his having reached the age of 75, I beg to observe as follows:

Mr. MacCormac has been in the Library of Parliament since 1885; he has been a most faithful and efficient officer and is thoroughly familiar with the library and the frequent requirements of the Members and Senators who use it that I should regard it as a great misfortune if he were retired at the present time, more especially as the next session of Parliament will be a very important one and his absence would be, in my opinion, very detrimental to the service which the library has to perform. I may say, therefore, that I propose to ask the Minister of Finance to provide an amount in the estimates under Mr. McCormac's name which will cover the period of his services for such further time as he may be employed, and for the period, if necessary, which dates from the time he reached 75.

I have every reason to hope that the Government will approve this, and as Mr. MacCormac would seem to be in the service until an Order in Council is passed superannuating him, I respectfully submit that until such action is taken by the Governor in Council the payment of his salary should be continued.

Believe me, yours faithfully,

M. BURRELL, *Parliamentary Librarian.*

The Auditor General.

LIBRARY OF PARLIAMENT, October 13, 1930.

DEAR SIR,—In further reference to my letter of October 10 I beg to say that in the absence of the Acting Minister of Finance, the Hon. E. B. Ryckman, I have written to Sir George Perley, the Acting Prime Minister, respecting the case of Mr. M. C. MacCormac. I have pointed out the reasons why I think it would be both desirable and necessary to retain Mr. MacCormac's services in the library for some time yet, and propose to ask for the inclusion of an item in the Main Estimates which would provide for the further payment of Mr. MacCormac's services during the next fiscal year.

I have also pointed out to the Acting Prime Minister that if, as I hope may not be the case, it is found that his salary during the present fiscal year cannot be paid after he reached the age of 75, I should ask that an item in the Supplementary Estimates might be provided to cover his salary from October 1st to the end of the present fiscal year.

I understand, however, that even when such item is provided Mr. MacCormac would be in the unfortunate position of having to carry on his duties from October 1st without pay until that vote was passed during the end of next session.

I trust, therefore, that if there is any doubt whatever as to authorizing the continued payment of his salary, it may be resolved in his favour.

Believe me, yours faithfully,

M. BURRELL, *Parliamentary Librarian.*

The Auditor General.

AUDIT OFFICE, October 15, 1930.

DEAR SIR,—I am in receipt of your letters of the 10th and 13th inst. in reply to mine respecting the payment of salary to Mr. MacCormac beyond the age limit of seventy-five years.

Although you have officially requested the Acting Prime Minister to provide an item in the Supplementary Estimates to cover payment of salary to him for the balance of the current fiscal year I do not consider I should assume the responsibility for certifying payment of further salary until such provision is made in view of the obvious intention of Parliament in respect of this age limit as indicated in Section 10 (2).

There have been many difficulties encountered in the administration of this section and the whole matter is being referred to the Treasury Board for its consideration.

Yours truly,

GEO. GONTHIER, *A.G.*

Hon. M. Burrell, Parliamentary Librarian.

NOTE.—*No reply has, as yet, been received to my letter of October 15th to the Treasury Board, but no salary has been paid to Mr. MacCormac since September 30.*

Re Superannuation Act 1924—Period of employment as sessional Clerk claimed as full year of service instead of the actual time for which salary was paid

AUDIT OFFICE, February 27, 1930.

DEAR SIR.—I am in receipt for my verification of a certificate of the claims under the Superannuation Act of two employees of the Interior Department. In one case an amended Service-Salary-Contribution Record and Interest Computation Form is submitted for J. S. Morrison and the other is an application for a cheque of $1,115.92 in favour of L. E. Fontaine for a refund of the amount claimed to be over-contributed by him to the Superannuation Fund.

These claims are accepted by the Finance Department following the opinion of the Justice Department that Mr. Morrison's status in the House of Commons was that of a sessional employee, that each session should count as a full year for superannuation purposes and that the salaries he received in one or more Departments during the recesses of Parliament should not be included in calculating the amount of his arrears of contributions. In both cases the difficulty is in determining what was their service for superannuation purposes while on the staff of the House of Commons. They were employed as sessional clerks and were paid at a daily rate for the periods of the sessions only, Sundays and holidays being included.

Mr. Morrison was employed in the House of Commons from 1879 to 1916. In that period of 13,056 days he worked and was paid for only 5,035 days' service. Eliminating the years from 1879 to 1882 during which no claim is made for permanency he had 13 years' actual service in these 35 years and if a session is allowed to count as a year he could have counted these 13 years as 35 years' service. But since he has paid contributions for 9 years on salaries paid him by the Interior Department since 1916 his service in the House of Commons is counted as 26 years. He is, therefore, claiming approximately 26 years' service for superannuation purposes for a period of only 13 years' actual service and for which he has paid contributions on only 13 years' salary. In addition he had temporary service in one or more Departments between sessions. It is difficult to establish the amount of this service but it is ascertained that he had more than 4 years' actual service in the Department of the Interior and 396 days' extra service in the House of Commons between sessions prior to 1916.

Mr. Fontaine was a sessional employee from 1882 to 1899. In these 18 sessions he worked 2,080 days or less than 6 years for which he is now claiming 18 years' service. Between sessions he was also employed as a temporary clerk in the Interior Department, this service amounting to 438 days. Following my letter to the Deputy Minister of Finance of October 7, 1927, only actual time was counted in his case and contributions were collected in respect of his service between sessions, but in view of the Justice Department's opinions in regard to the Morrison case his record has again been amended and a refund is now being asked of the amount claimed to have been over-contributed by him.

The Justice Department has again ruled recently that Morrison may properly be considered as permanent in status while employed as a sessional clerk and in view of this ruling I make no further objection on that point. If he was permanent Mr. Fontaine should be considered as permanent also. In regard to the other two points, namely, that a session should count as a year and that periods of service between sessions should not be counted, I wish to make the following observations:

After the Act was passed in 1924 it was found that it did not cover the cases of employees whose service was of a seasonal nature. It was subsequently amended in 1927 to provide a basis for dealing with that class of service as follows:

> “The Governor in Council may on the recommendation of the Treasury Board make regulations in respect of persons whose duties or employment are of a seasonal nature...........determining whether and to what exent and under what conditions........their periods of work and lay off from work shall be counted for the purpose of computing any allowance or gratuity” (Sec. 11, subsec. 2-f).

The Treasury Board and the Governor in Council then passed a Regulation providing that—

> “Where a contributor prior to the date of his retirement from the Civil Service has had service as a seasonal employee, only the periods of active employment shall be counted for the purposes of the Act.” (Sec. 20-c).

Unless it is established that sessional employment is not seasonal, then these regulations should apply to sessional service also. It does not appear that the application of these regulations to sessional employment has ever been submitted to the Justice Department or been considered by the Treasury Board. The opinion of the Justice Department that a session should count as a year was given in 1924, prior to the amending statute under which this regulation was passed. In cases both of sessional and seasonal service the period of active employment does not extend over a full year and they are both irregular from year to year. These two classes of employees are, therefore, so alike in respect of the factors that distinguish them from full time employes that it would appear reasonable and fair to treat them as seasonal and apply the regulations to all alike. *To count 4 months' service in one case as 4 months and in another as a year is such an obvious discrimination against both full time and seasonal employees* that I consider it advisable that the Treasury Board's decision on these claims should be obtained before they are finally approved.

For purposes of illustration the following statement serves to exemplify this discrimination in the case of three employees who were paid approximately at the same rates throughout their whole service of thirty-five years, the last ten of which all three were in full time positions at annual salaries of $1,800, but in the first twenty-five years the seasonal and sessional clerks were employed for only four months each year:—

	Actual Service for which salary paid and contributions made Years	Retiring allowance as per opinion of Justice Department
Full time employees..	35	$1,260
Sessional employee..	18⅓	1,260
Seasonal employee..	18⅓	660

That is, the sessional employee receives a retiring allowance equal to that of the full time employee who had 16⅔ years' more contributory service, and almost twice as great as the seasonal employee with equal contributory service. The changing from a sessional employee to a full time employee in the last 10 years, the salary for which period is one of the factors in computing the retiring allowance, accounts in part for this discrimination. Mr. Morrison has been on a full time basis for nearly 15 years and Mr. Fontaine for about 10. Sessional employees are the only class of a seasonal nature in which periods of service for which no salary has been paid or contributions made are allowed to count in computing the period of 35 years' contributory service. As a matter of equity it would seem that sessional employees paid at a daily rate are no more entitled than any other class of employees, seasonal or full time, to count more than the actual time for which salary has been paid and contributions made. One of the fundamental features of the Act is that allowances and gratuities payable thereunder are directly proportional to the salary paid in the last 3, 5 or 10 years of service, and to the periods in respect of which contributions are made. In these cases the allowances payable would be out of all proportion to the periods for which contributions were made.

Under the Regulations above quoted, Mr. Morrison's arrears would amount to approximately $1,180 more than is reported for him and if retired now his allowance would be based on 29 years' service instead of 35, thus reducing his yearly allowance by about $200. The arrears in Mr. Fontaine's case would amount to approximately $1,800 more. If these claims are allowed they will serve as precedents for other claims of a similar nature, although it is not anticipated that the number of such cases will be large. In a couple of cases the sessional employee was treated as a seasonal and arrears were collected accordingly. They have since died. The others are now paying arrears under the Regulations that apply to seasonal service but if the two claims now before me are allowed the others will have to be adjusted in the same way in order to determine their 35 years' service.

The third claim that service in other departments between sessions should not be considered in calculating the amount of arrears of contributions arises out of the second. If the period of the session counts as a full year, it is claimed that all Government service between sessions can be ignored. But since " salary " is defined as the regular salary paid in respect of service and "service" includes "service rendered in a temporary capacity," it would appear equitable that contributors should pay contributions on all salaries received from the Government during any year if they were regularly appointed to other positions. If the session is not allowed to count as a full year no difficulty arises. The contributor then has the option of paying contributions on this extra service and of counting it for superannuation purposes or he may decide not to pay such arrears of contributions if he finds the amount burdensome. He is then allowed to count such service to the extent of one-half, without paying contributions, which is considered sufficiently generous in the case of all other classes of service.

If it is decided to allow these claims there is another important point to be considered in the Morrison case, namely, when did he cease to be a permanent employee of the House of Commons? He was employed as a sessional clerk until the end of the session of 1916, but according to the records he has been continuously employed by the Interior Department as a full time employee at a yearly salary since April 14, 1915, that is for the full period of the session of 1916, namely, 128 days, he was paid as an employee of the House of Commons at $5 per day and also in the Interior Department at $1,200 per annum. As it is contrary to proper procedure to employ and pay an employee two full time salaries for the same period, this overpayment raises the question as to when his employment in the House of Commons really terminated. There appears to be no instrument of resignation or acceptance of his resignation from the House of Commons staff and therefore it would appear reasonable to recognize his services as an employee in the Interior Department from the date since which he has been continuously employed in that Department on a yearly salary, namely, April, 1915, and to ignore his services in the House of Commons after the session of 1915. Mr. Morrison has already benefited by an overpayment of salary and he now claims the right of choosing for superannuation purposes the lesser salary of the two received by him in the period in which the overpayment took place.

These cases have been under consideration for a long time but in my opinion the points referred to justify a reference to the Treasury Board, not only in respect of these two cases but for guidance in dealing with others that will arise in the future.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

MINUTE OF A MEETING OF THE TREASURY BOARD, APPROVED BY HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, ON THE 1ST OCTOBER, 1930

FINANCE.—The Board had under consideration the following memorandum from the Honourable the Acting Minister of Finance:—

> "The undersigned, Acting Minister of Finance, has the honour to report that the Treasury Board have had under consideration a reference by the Auditor General whether a contributor under the Civil Service Superannuation Act, who had prior service as a sessional employee of Parliament, should properly be allowed to count his period of sessional service as a whole year.
>
> "The Justice Department has expressed the opinion on several occasions that service for a Session of Parliament may count as a full year's service for the purpose of the Civil Service Superannuation Act, and that where during recess an employee served with a department of the Civil Service it is not necessary that he should contribute with respect to salary received during such service.
>
> "The clear intention of the Civil Service Superannuation Act is that only periods of actual service shall count, and in the case of seasonal employees, to whom the benefits of the Act were extended by an amendment in 1927, it is expressly stated by regulation that only periods of active service may be taken into account. Prior service of sessional employees is the only instance where a period other than that of active employment can be counted in full, and this appears to be a departure from the principle and intention of the Act.
>
> "The undersigned recommends that, where any part of the prior service of a contributor consists of service as a sessional clerk or other sessional employee, only periods of active employment shall be counted for the purposes of the Act, but that where a contributor during any such

recesses served in the Civil Service, the period of such service may be counted in full for the purposes of the Act if the contributor substantiates the period or periods and makes payment with respect thereto in accordance with the Act and Regulations."

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

E. J. LEMAIRE, *Clerk.*

Uncollectible Arrears

AUDIT OFFICE, May 2, 1930.

DEAR SIR,—On the 8th November, 1928, the Department of National Revenue submitted to the Honourable, The Treasury Board, a statement of certain items shown by that department as arrears due and which they considered should be written off. The submission requested your Board to take such action as would be necessary to authorize that department to write off the items.

Will you kindly inform me the action taken in this matter as I have, in addition to the items mentioned in this report, other arrears due to the Department of National Revenue which they state are uncollectible and that action should be taken to write off the items from the list of arrears.

A copy of the report by the department is attached herewith.

Yours truly,

GEO. GONTHIER. *A.G.*

The Secretary, Treasury Board.

AUDIT OFFICE, May 13, 1930.

DEAR SIR,—I am enclosing herewith a statement of amounts remaining due to the Department of Marine and Fisheries at the close of the fiscal year 1928-29 and which that department reports as uncollectible. I also enclose a copy of a letter forwarded by that department in which an explanation is given in regard to each particular item.

I submit the above statement for the consideration of the Treasury Board in accordance with the remarks, under Arrears Due, in the Introduction to my annual report to the House of Commons for 1928-29, page xxxix.

Yours truly,

GEO. GONTHIER. *A.G.*

The Secretary, Treasury Board.

Note.—Letters similar to the above were written to the Board including statements of uncollectible arrears due the following Departments: Agriculture, Fisheries, Mines, National Defence, Post Office and the Soldier Settlement Board. The following reply of the Treasury Board was considered as applying equally in the case of all these references.

TREASURY BOARD, June 4, 1930.

DEAR SIR,—The Treasury Board have had under consideration your letters of the 2nd and 13th ultimo, concerning arrears in the Departments of Marine and Fisheries and National Revenue, which are said to be uncollectible.

As it is not within the competence of the Governor in Council to write off these arrears, the Treasury Board is unable to take any effective action at this time. A copy of an opinion of the Deputy Minister of Justice, dated December 30, 1924, wherein it is stated that "Parliament alone has authority to do this" is enclosed.

Yours truly,

WATSON SELLAR, *Acting Secy.*

The Auditor General.

JUSTICE DEPT., September 30, 1924.

SIR,—I have the honour to acknowledge the receipt of your letter of 21st ultimo asking to be advised as to the authority, if any, to have such debts written off the books of your department. You inquire whether the Minister's authority would be sufficient for this purpose, or whether the matter should be submitted to the Treasury Board, or whether Parliament alone has the power to deal with such debts.

In reply I beg to state that I am not aware of any authority, statutory or otherwise, for the writing off of such debts from the books of your department. Parliament alone has authority to do this and I think it would have to be effected by statute rather than by a resolution of Parliament. Moreover the mere writing off of such debts would not, of course, release the debts as proceedings could at any time be taken by the Crown to enforce the claim unless a statute of limitations applicable to the Crown should bar the claim.

I am Sir,

Your obedient servant,

W. STUART EDWARDS, *D.M.J.*

The Secretary, Department of Public Works.

CORRESPONDANCE ÉCHANGÉE AVEC LE CONSEIL DU TRÉSOR

Arriérés irrécouvrables

BUREAU DE L'AUDITEUR GÉNÉRAL, 2 mai 1930.

MONSIEUR,—Le 8 novembre 1928, le Ministère du Revenu national soumettait au Conseil du Trésor un état comprenant certains montants paraissant comme arriérés dans ses livres et, estimant qu'ils devraient être annulés, il demandait au Conseil de prendre les mesures qu'il jugerait nécessaires à cette fin.

Je vous prie de me faire connaître les décisions prises à ce sujet, car, outre les arriérés paraissant dans cet état, il en existe d'autres que le Ministère du Revenu national dit être irrécouvrables, et voudrait rayer de ses livres.

Ci-inclus ampliation du rapport fourni par le Ministère.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor,
Ottawa.

BUREAU DE L'AUDITEUR GÉNÉRAL, 13 mai 1930.

MONSIEUR,—Je vous envoie, ci-inclus, un état des montants dus, à la fin de l'année financière 1928-29, considérés comme irrécouvrables par le Ministère de la Marine et des Pêcheries. J'y joins ampliation de la lettre qui me fut adressée par ce Ministère où il donne des explications sur chacun de ces montants.

Je soumets cet état au Conseil du Trésor pour qu'il l'examine, en tenant compte des remarques parues dans l'Introduction de mon rapport annuel à la Chambre des communes, 1928-29, au chapitre "Arriérés", page lxxvii.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

Remarque.—Des lettres semblables auxquelles étaient joints les états des arriérés irrécouvrables des Ministères suivants: Agriculture, Défense nationale, Mines, Pêcheries, Postes, Rétablissement des Soldats, furent adressées au Conseil du Trésor. La réponse ci-après, du Conseil du Trésor, paraît pouvoir s'appliquer à toutes ces lettres.

CONSEIL DU TRÉSOR, 4 juin 1930.

MONSIEUR,—Vos lettres des 2 et 13 du mois dernier, relatives aux arriérés irrécouvrables des Ministères de la Marine et des Pêcheries et du Revenu national ont été prises en considération par le Conseil du Trésor.

Le Gouverneur en son Conseil n'ayant pas autorité pour annuler ces arriérés, il n'est actuellement pas possible au Conseil du Trésor de prendre à ce sujet des mesures appropriées. Ci-inclus ampliation d'une lettre du Sous-ministre de la Justice, en date du 30 décembre 1924, où il dit "que seul le Parlement a le pouvoir de le faire.

Votre dévoué,

WATSON SELLAR,
Secrétaire intérimaire.

L'Auditeur Général.

MINISTÈRE DE LA JUSTICE, 30 septembre 1924.

MONSIEUR,—J'ai l'honneur de vous accuser réception de votre lettre du 21 du mois dernier, me demandant de vous faire connaître qui avait pouvoir, si quelqu'un l'avait, de rayer de semblables dettes des livres de votre Ministère. Vous me demandez si les pouvoirs du Ministre sont suffisants pour le faire, ou si la question doit être soumise au Conseil du Trésor, ou encore si seul le Parlement a ce pouvoir.

En réponse, je dois dire, qu'à ma connaissance, il n'existe aucune autorité, statutaire ou autre, permettant d'annuler de telles dettes dans les livres de votre Ministère. Seul le Parlement a ce pouvoir et je pense que cette annulation devrait être faite par une loi plutôt que par une résolution. En outre, il est certain, que l'annulation de ces dettes n'empêcherait pas la Couronne, quand elle le jugerait à propos, d'engager des poursuites pour appuyer ses revendications, à moins qu'elle n'en soit empêchée par la prescription.

Je suis, Monsieur,

Votre obéissant serviteur,

W. STUART EDWARDS, *Sous-ministre de la Justice.*

Le Secrétaire du Ministère
des Travaux publics.

Chèque émis par un Ministère après que l'Auditeur Général eut refusé d'en approuver le paiement

BUREAU DE L'AUDITEUR GÉNÉRAL, 12 novembre 1929.

MONSIEUR,—Dans ma lettre du 8 octobre dernier, relative à votre demande de verser, conformément aux dispositions de la Loi des Pensions, une gratification de mise à la retraite à M. F. Appleton, fonctionnaire révoqué du Ministère du Commerce, je vous exposai pour quels motifs je jugeais qu'il n'avait pas droit à cette gratification et j'ajoutais qu'à moins que de plus amples renseignements ne me soient fournis par le Ministère, je me croirais justifié de ne pas approuver cette demande.

D'après la liste de chèques du mois d'octobre, je constate que, malgré mes objections, vous avez émis en faveur de M. F. Appleton un chèque sur votre lettre de crédit pour le montant demandé. Emettre un chèque pour un paiement que j'ai refusé d'approuver, me paraît être en contravention des provisions de la Loi du Revenu consolidé et de la Vérification, dont l'article 43 prévoit que:

> "Si l'Auditeur Général a refusé de certifier qu'un chèque du Ministre des Finances peut être émis pour la raison que la somme n'est pas légitimement due, ou qu'elle est en excédent de l'autorisation donnée par le conseil ou pour toute autre raison autre que l'absence d'autorisation parlementaire, alors, sur le rapport des faits préparé par l'Auditeur Général et par le Sous-ministre des Finances, le Conseil du Trésor pourra juger de la validité de l'objection de l'Auditeur Général, et, à sa discrétion, l'appuyer ou ordonner l'émission du chèque."

Dans ces circonstances je me vois dans l'obligation de porter ce paiement à la connaissance du Conseil du Trésor et de la Chambre des communes. Si un Ministère refuse de se conformer à mes objections, la Loi laisse à la discrétion du Conseil du Trésor de reconnaître le bien fondé de ma décision ou de la renverser.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

BUREAU DE L'AUDITEUR GÉNÉRAL, 19 juin 1930.

MONSIEUR,—Je vous rappelle ma lettre en date du 12 novembre dernier, relative à mon refus d'approuver un chèque sur lettre de crédit, émis par le Ministère des Finances, pour payer à M. A. F. Appleton, fonctionnaire révoqué du Ministère du Commerce, la gratification prévue par la Loi des Pensions, lors de la mise à la retraite d'un fonctionnaire.

Ma lettre est restée sans réponse et comme je désire faire paraître cette correspondance dans mon prochain rapport à la Chambre des communes, je serais heureux d'y ajouter toutes les explications que le Ministère des Finances pourrait avoir à fournir, si elles me parviennent avant que le manuscrit ne soit envoyé à l'imprimerie.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

MINISTÈRE DES FINANCES, 19 juin 1930.

Monsieur,—J'ai reçu votre lettre du 19 du courant au sujet du chèque sur lettre de crédit émis par le Ministère des Finances, pour rembourser à M. F. Appleton, ancien fonctionnaire du Ministère du Commerce, le montant des contributions qu'il avait versées conformément aux dispositions de la Loi des Pensions du Service Civil. Vous me dites avoir refusé d'approuver ce paiement et me demandez des explications sur la position prise par ce Ministère relativement à l'émission de ce chèque.

D'après ce que je comprends, vous avez délivré ampliation au Conseil du Trésor d'une lettre que vous aviez écrite, le 27 mai 1929, au Sous-ministre du Commerce contenant le passage suivant. "J'ai approuvé le bordereau, quant à l'exactitude du montant de ses contributions; mais, c'est au Conseil du Trésor qu'il appartient de décider si ce paiement doit être fait". Antérieurement à la date de cette lettre, le Sous-ministre de la Justice avait écrit au Sous-ministre du Commerce lui disant qu'Appleton avait droit à une gratification de mise à la retraite égale au montant total des contributions versées par lui. Le 27 juin, le Sous-ministre des Finances ayant de nouveau soumis le cas au Ministère de la Justice, ce dernier répondit le 8 juillet 1929, qu'à son avis, en vertu des dispositions de la Loi des Pensions, M. Appleton avait droit à ce remboursement.

Le 22 août 1929, un arrêté en Conseil, C.P. 293/1601, approuvait la minute du Conseil du Trésor décidant que M. Appleton avait droit, d'après la Loi des Pensions du Service Civil, au paiement d'une gratification de mise à la retraite, égale au montant total des contributions versées par lui, mais sans intérêts. En se rapportant à votre lettre du 27 mai 1929, citée plus haut, le Ministère des Finances fut d'avis que l'arrêté en Conseil du 22 août 1929, couvrait l'objection que vous aviez soulevée.

Nous regrettons le malentendu qui s'est produit, mais les explications qui précèdent vous prouveront que ce Ministère agissait de bonne foi.

Votre tout dévoué,

WATSON SELLAR, *Sous-ministre adjoint.*

L'Auditeur Général.

BUREAU DE L'AUDITEUR GÉNÉRAL, 26 juin 1930.

MONSIEUR,—J'ai reçu votre lettre du 19 du courant au sujet du remboursement des contributions versées par M. Appleton, conformément à la Loi des Pensions.

Dans votre lettre vous mentionnez seulement la correspondance échangée antérieurement à l'arrêté en Conseil du 22 août 1929 (C.P. 293/1607), mais ne répondez pas aux objections faites dans la suite, et avant l'émission du chèque, bien qu'elles ne soient couvertes par aucune des décisions du Ministère de la Justice. Je vous réfère à mes lettres des 17 septembre et 8 octobre 1929. Dans la dernière en date, toujours restée sans réponse, je demandais si, en vertu de l'article 10 de la Loi, Appleton était en droit de recevoir cette gratification. A ma connaissance il n'a jamais été demandé au Ministère de la Justice de se prononcer sur l'application de cet article au cas actuel.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Sous-ministre adjoint des Finances.

MINISTÈRE DES FINANCES, 19 juillet 1930.

MONSIEUR,—Je vous accuse réception de votre lettre du 26 écoulé relative au remboursement à M. Appleton, des contributions versées par lui en vertu des dispositions de la Loi des Pensions du Service Civil.

Votre dévoué,

WATSON SELLAR, *Sous-ministre adjoint.*

L'Auditeur Général.

Remarque: La correspondance ci-après, échangée avec le Ministère des Finances, fait voir les raisons pour lesquelles je refusai d'approuver ce paiement, tant que de plus amples renseignements ne m'auraient pas été fournis.

BUREAU DE L'AUDITEUR GÉNÉRAL, 17 septembre 1929.

MONSIEUR,—J'ai reçu votre demande d'approuver l'émission d'un chèque pour le payement de la gratification de mise à la retraite de Frank Appleton, fonctionnaire du Ministère du Commerce, révoqué le 25 octobre dernier.

Bien que l'arrêté en Conseil du 22 août 1929 (C.P. 293/1601), autorisa le paiement de cette gratification, représentant le montant des versements faits par Appleton, conformément à la Loi et bien que dans sa lettre du 19 mars dernier le Sous-ministre de la Justice soit d'avis qu'il ait droit à ce remboursement, il me semble que l'intention de la Loi, telle qu'elle ressort des Statuts et des règlements n'autorise pas ce paiement.

Dans ma lettre au Sous-ministre du Commerce, en date du 27 mai dernier, et dont ampliation a été délivrée au Conseil du Trésor, je faisais remarquer que la durée réelle des services de ce contributaire était inférieure à dix ans, durée minimum requise par la loi pour avoir droit à ce remboursement. Lors de sa révocation, M. Appleton avait dix ans et dix jours de service, mais en y comprenant les deux périodes durant lesquelles il fut suspendu, soit, un mois en 1927, et quatre mois et dix jours en 1928. La seconde période de suspension, allant du 31 mai au 25 octobre 1928, date de sa révocation, lui est comptée comme service et lui donne ainsi droit au remboursement des contributions versées bien qu'il ne lui fut pas permis de reprendre son service pendant cette période et n'ait, ni touché de traitement, ni fait de versement au Fonds de pension.

L'article 18 (a) des règlements, établis en conformité de la Loi, stipule que "A dater du 14 avril 1927, en calculant le temps de service de ce contributaire, pour déterminer le montant de son remboursement, aucune période d'absence sans traitement, bien que dûment autorisée, ne pourra être comptée à un contributaire comme temps de service, à moins que pendant cette absence il n'ait fait les versements prescrits par l'article 4 de la loi".

M. Appleton ne versa aucune contribution pendant cette absence. Il toucha son traitement pendant environ neuf ans et six mois et ne versa de contributions que pour cette période. En décidant qu'il a dix ans de service, et par suite droit au remboursement, il faut en conclure que l'article 18 (a) s'applique aux absences sans traitement dûment autorisées et non aux périodes de suspension. Une telle interprétation de cet article ferait qu'un fonctionnaire suspendu pour inconduite pourrait compter son temps d'absence, bien que n'ayant pas versé de contribution, alors que le fonctionnaire zélé, qui prend quelques jours de plus de congé que ceux auxquels il a droit, ne peut les faire compter, s'il n'a pas versé sa contribution pour le traitement qu'il eut dû toucher. D'après le Sous-ministre de la Justice, le fonctionnaire suspendu a droit de faire entrer en compte ses périodes de suspension et l'article 18 (a) ne s'applique pas à son cas, mais cela ne veut pas dire que la chose doive être faite. Parce qu'un tel remboursement n'est pas illégal il ne s'ensuit pas nécessairement qu'il soit juste ou à recommander et doive être fait. La loi stipule que le Gouverneur en son Conseil "peut accorder" dans certaines circonstances des remboursements et non pas "doit accorder". Dans le cas actuel l'omission d'un mot dans la rédaction des règlements rend légalement possible de traiter plus favorablement un contributaire dont l'inconduite a nécessité la révocation qu'un contributaire s'étant toujours comporté honorablement. C'est évidemment une injustice envers les fonctionnaires dont la conduite est satisfaisante.

J'attire votre attention sur la situation analogue qui existait relativement aux fonctionnaires révoqués antérieurement à la modification qui fut apportée à la loi en avril 1927. D'après la Loi, telle que votée originairement, il était possible à un contributaire révoqué, bien que n'ayant pas dix ans de service, d'être remboursé du montant des contributions versées, mais le contributaire démissionnant volontairement, avant d'avoir dix ans de service, ne jouissait pas du même privilège. Cette disposition fut reconnue injuste et le Parlement remédia à cette disparité de traitement, par les modifications qu'il apporta à cette loi au cours de la session de 1927 (Ch. 48, articles 3 et 7). Le Parlement reconnaissait ainsi qu'un fonctionnaire révoqué ne doit pas être traité avec la même considération qu'un fonctionnaire démissionnant volontairement et cependant dans le cas actuel, l'on est moins sévère pour évaluer la durée des absences sans traitement d'un fonctionnaire révoqué.

Dans le cas actuel, on devrait, il me semble, se conformer aux intentions du Parlement, telles qu'elles ressortent de la modification apportée à la Loi, et, ne pas compter comme temps de service à un fonctionnaire révoqué, son temps de suspension, à moins qu'il n'ait versé les contributions prévues par le règlement dans le cas des autres fonctionnaires. La disparité de traitement, étant tout au moins aussi grave que celle à laquelle remédia le Parlement en 1927, n'est-il pas à conseiller de modifier l'article 18 (a) des règlements pour qu'il s'applique aux périodes de suspension comme à celles d'absence régulièrement autorisées. S'il en est ainsi ce remboursement ne devrait-il pas être refusé, car, à ma connaissance, aucun cas semblable ne s'est encore produit, mais si le remboursement est accordé, ce sera créer un précédent, si des cas analogues venaient à se représenter.

Je garde la demande en attendant votre réponse.

Le Sous-Ministre des Finances.

MINISTÈRE DES FINANCES, 26 septembre 1929.

MONSIEUR,—En réponse à votre lettre du 17 du courant, relative au remboursement des contributions versées au Fonds de pension du Service Civil, N° 5, par M. Frank Appleton, je vous envoie un mémorandum préparé par l'avocat du Ministère, dont, j'espère, vous partagerez le point de vue.

Votre dévoué,

J. C. SAUNDERS,
Sous-ministre des Finances.

L'Auditeur Général.

MINISTÈRE DES FINANCES, 26 septembre 1929.

MÉMORANDUM POUR M. SAUNDERS:

L'arrêté en Conseil du 22 août 1929 (C.P. 293/1601), expose que M. Appleton fut revoqué par l'arrêté en Conseil du 29 novembre 1928 (C.P. 215/2133). M. Appleton était peseur pour la Commission des grains de Calgary, et l'arrêté en Conseil du 22 août 1929, autorisait de lui payer une gratification de retraite égale au montant versé par lui comme contributions au Fonds de pension n° 5.

Dans sa lettre du 17 du courant, l'Auditeur Général écrivait que, à son avis, ce fonctionnaire n'avait pas dix ans de service. Il exposait que dans les dix ans et dix jours écoulés entre la date de son entrée dans le service et celle de sa révocation, sont comprises les deux périodes de suspension qui ne devraient pas être comptées comme service, et si elles ne le sont pas, son temps réel de service étant inférieur à dix ans, il n'a pas droit à recevoir une gratification de mise à la retraite.

Les mots qui régissent le point en question sont ceux de l'article 5 (*a*) "Le Gouverneur en son Conseil peut (*a*) accorder à tout contributaire qui a fait partie du Service civil pendant dix ans ou plus", et les dispositions qui suivent autorisent dans certaines circonstances, le paiement d'une gratification au fonctionnaire sortant du Service civil. Avec l'assentiment du Ministère de la Justice, nous avons toujours, à ma connaissance, interprété les mots "qui a fait partie du Service Civil" comme signifiant le temps réel passé dans le Service Civil, abstraction faite de la Loi de pension du Service Civil. Par exemple, un fonctionnaire qui aurait été temporaire pendant trois ans et permanent pendant sept et aurait en plus versé ses contributions pendant six autres mois, mais n'aurait pas décidé de les verser pour la période de temps où il n'était pas obligé de le faire, ce fonctionnaire en quittant le service serait considéré comme qualifié pour recevoir une gratification de mise à la retraite, et aurait droit au remboursement des contributions versées par lui pendant les six mois.

L'objection de l'Auditeur Général est assurément bien fondée car il a en vue le temps de service d'après lequel doit être calculée la pension de retraite.

Dans deux lettres le Ministère de la Justice est d'avis que M. Appleton a plus de dix ans de service et a droit au remboursement, sans intérêts, du montant des contributions versées par lui. Dans sa lettre à M. O'Hara, en date du 19 mars 1929, le Sous-ministre de la Justice fait allusion à l'opinion tout d'abord exprimée par ce Ministère et d'après laquelle M. Appleton n'avait pas dix ans de service, mais il dit s'être assuré qu'une erreur avait été commise en déterminant la durée de service de M. Appleton.

J'ai discuté cette question avec M. Gullock, qui partage l'opinion exprimée dans ce mémorandum.

R. B. VIETS.

BUREAU DE L'AUDITEUR GÉNÉRAL, 8 octobre 1929.

MONSIEUR,—J'ai reçu votre réponse en date du 26 du mois dernier, à laquelle était jointe un mémorandum de l'avocat de votre Ministère, au sujet du paiement d'une gratification de mise à la retraite à M. Appleton, fonctionnaire du Ministère du Commerce, qui fut suspendu par son Ministère avant d'avoir accompli dix ans de service effectif.

Le point en question est de déterminer si les périodes de suspension durant lesquelles aucun traitement ne fut payé, et aucun versement fait au Fonds de pension, doivent être considérées comme temps de service, d'après la Loi de Pension. D'après M. Viets l'interprétation du mot "qui a fait partie du service civil" a été acceptée, avec l'assentiment du Ministère de la Justice, comme signifiant le temps réel passé dans le service civil, abstraction faite des dispositions de la Loi de Pension du Service civil. Si cette interprétation est admise comme facteur déterminant, ce fonctionnaire peut être considéré comme ayant dix ans de service. Je ferai toutefois remarquer que l'article 10 de la Loi des Pensions stipule qu'aucune personne "ne doit considérer qu'il a droit à cette allocation. mais elle n'est accordée qu'en considération d'un bon et fidèle service, durant la période pour laquelle elle est calculée". En plus, il fait question de savoir si une période de suspension se terminant par la révocation peut être regardée comme un temps de "bon et fidèle service", et doit être comprise dans les dix ans de service, minimum nécessaire pour avoir droit à cette gratification. Le fait d'avoir été suspendu, et ensuite révoqué, est une preuve évidente que ce fonctionnaire ne donnait pas de "bons et fidèles services" ni avant, ni après sa suspension. C'est une chose de déterminer quelle a été la durée du service, mais ç'en est une toute autre de déterminer si ce fut un "bon et fidèle service", comme le demandent les dispositions de la Loi. Le seul article de la Loi qui pourrait permettre de payer cette gratification est l'article 5 et encore il n'est pas prouvé que l'on se soit conformé à toutes ses dispositions. En 1927, M. Appleton fut suspendu pendant un mois pour inconduite, et en 1928 il fut suspendu de nouveau pour 4 mois et 24 jours, et enfin révoqué "dans l'intérêt public" pour "avoir jeté du discrédit sur le service". S'il est établi que l'inconduite fut le motif de sa suspension, et ensuite de sa révocation, il n'a droit à la gratification de mise à la retraite ni en vertu de l'article 5, ni de tout autre article de la Loi.

Un autre point que je ne mentionnais pas dans ma lettre précédente est que la révocation de cet employé fut décidée le 25 octobre, soit 4 mois et 24 jours après la date de sa suspension, lui donnant ainsi dix ans et dix jours de service, soit 10 jours de plus que le minimum exigé. Il peut exister de bonnes raisons pour que la révocation n'ait été prononcée que le 25 octobre, mais si cette date n'a été choisie que pour que ce fonctionnaire ait les dix ans de service requis, pour lui permettre de retirer les contributions versées, il me semble qu'en agissant ainsi on ne s'est conformé ni à l'esprit, ni à la lettre de la loi. Quand une période de suspension se termine par la révocation, et que cette période était nécessaire pour donner droit à une gratification, il serait raisonnable que le Ministère donnât plus d'informations que dans le cas présent.

Je faisais remarquer dans ma lettre précédente, qu'en 1927, la loi avait été modifiée pour mettre fin à la disparité de traitement existant entre les fonctionnaires ayant fourni de bons et loyaux services et ceux ayant été révoqués. Le Parlement reconnaissait par là que les fonctionnaires révoqués n'avaient pas droit au même traitement que les fonctionnaires donnant volontairement leur démission. Dans le cas présent on fait revivre cette anomalie car un fonctionnaire démissionnant volontairemet après neuf ans et six mois "de bons et fidèles services" ne peut toucher cette gratification, alors que l'on recommande de la payer à M. Appleton, bien qu'il ait moins de neuf ans et six mois "de bons et loyaux services". S'il est possible au Gouverneur en son Conseil, mais sans que cela lui soit obligatoire, d'accorder des gratifications, le cas actuel paraît être un de ceux où il lui serait permis d'exercer ses pouvoirs discrétionnaires, la seule raison plausible pour fixer au 25 octobre la date de la retraite étant de rendre possible le paiement de la gratification. Si ce paiement est fait à M. Appleton, son cas servira de précédent pour d'autres réclamations de même nature, et il en résultera que la limite de 10 ans sera sans signification.

Pour les raisons ci-dessus je ne peux pas reconnaître que M. Appleton ait droit à cette gratification, et tant que le Ministère ne m'aura pas fourni de plus amples renseignements pour faire disparaître tout doute sur la régularité de ce versement, je n'estime pas avoir le droit d'autoriser le paiement du montant demandé.

Lois des Pensions 1924—Durée de service en qualité d'employé saisonnier, revendiquée comme année entière, au lieu du temps réel durant lequel le traitement fut touché

BUREAU DE L'AUDITEUR GÉNÉRAL, 27 février 1930.

MONSIEUR,—J'ai reçu pour vérification, un certificat des réclamations faites en vertu de la Loi des Pensions par deux fonctionnaires du Ministère de l'Intérieur. L'un, M. Morrison, fait transmettre un bordereau modifié des contributions prélevées sur son traitement et du calcul des intérêts; l'autre, L. E. Fontaine, demande un chèque de $1,115.92, représentant le montant qu'il aurait payé en trop au Fonds de pension.

Ces réclamations furent acceptées par le Ministère des Finances, à la suite d'une opinion reçue du Ministère de la Justice que le statut de M. Morrison à la Chambre des communes était celui d'un fonctionnaire employé pendant la session, et que relativement à la pension, chaque session devait compter comme une année entière et, en outre, dans le calcul de ses versements arriérés au Fonds de pension il ne devait pas être tenu compte du traitement qu'il recevait, d'un ou de plusieurs Ministères, durant les prorogations du Parlement. Dans le cas de ces deux fonctionnaires, la difficulté est de déterminer quelle est, au point de vue de la pension, la durée à donner à leur temps de service pendant qu'ils étaient à la Chambre des communes. Ils étaient employés pour la durée de la session et recevaient tant par jour pendant la session seulement, y compris les dimanches et jours fériés.

M. Morrison fut employé à la Chambre des communes de 1879 à 1916. Durant cette période de 13,056 jours il ne fut payé que pour les 5,035 jours où il fut employé. En ne tenant pas compte des années de 1879 à 1882 pour lesquelles il n'est pas question de permanence, son temps réel de service au cours de ces 35 années fut de 13 années; mais, si l'on admet qu'une session équivaut à une année entière, il pourrait pour ces 13 années compter 35 années de service. Comme il a versé des contributions pendant 9 ans sur le traitement qui lui fut payé par le Ministère de l'Intérieur, depuis 1916, ses services comme fonctionnaire de la Chambre des communes sont comptés pour 26 ans. Il s'ensuit que pour une durée de service effectif de 13 années, durant lesquelles seulement il versa ses contributions, il réclame au point de vue de la retraite une durée de service d'environ 26 ans. En outre, entre les sessions, il occupa des situations temporaires dans un ou plusieurs Ministères. Il est difficile d'évaluer le montant de ce service, mais il est prouvé que pendant plus de 4 ans il fut réellement employé par le Ministère de l'Intérieur, et qu'antérieurement à 1916 il avait, entre les sessions, 396 journées supplémentaires de travail à la Chambre des communes.

M. Fontaine fut employé pendant les sessions de 1882 à 1899. Au cours de ces 18 sessions il travailla 2,080 jours, soit, moins de 6 ans, représentant, dit-il, aujourd'hui, 18 années de service. Entre les sessions il fut également employé à titre temporaire par le Ministère de l'Intérieur pendant 438 jours. A la suite de ma lettre au Sous-ministre des Finances, en date du 7 novembre 1927, il ne fut tenu compte dans son cas que du temps réel de service, et les contributions furent perçues au pro rata de son temps de service entre les sessions; mais, d'après la jurisprudence du Ministère de la Justice dans le cas Morrison, ses états de service ont encore été modifiés et l'on réclame maintenant le remboursement des contributions qu'il aurait, dit-on, versées en trop.

D'après une récente décision du Ministère de la Justice, le statut de Morrison peut être justement considéré comme celui d'un fonctionnaire permanent pour la durée de son service pendant les sessions et, par suite, je n'élèverai pas de nouvelles objections sur ce point. Si M. Morrison était permanent, M. Fontaine doit lui aussi être considéré comme permanent. Sur les deux autres points, à savoir, qu'une session doit compter comme une année entière, et qu'il ne doit pas être tenu compte de son temps de service entre les sessions, je tiens à faire les observations suivantes:

Après que la loi eut été votée en 1924, il fut constaté qu'elle ne couvrait pas le cas des fonctionnaires saisonniers. Elle fut modifiée en 1927 pour couvrir comme suit cette catégorie de fonctionnaires:

"Le Gouverneur en son Conseil peut, sur la recommandation du Conseil du Trésor, établir des règlements relativement aux fonctionnaires dont les devoirs ou les fonctions sont de nature saisonnière... déterminant si, dans quelle mesure et à quelles conditions. . .les périodes de service et d'inactivité de ces fonctionnaires doivent être comptées pour les fins du calcul d'une allocation ou gratification dans la présente loi"—(article 11, paragraphe 2, alinéa f).

Le Gouverneur en son Conseil et le Conseil du Trésor passèrent un règlement stipulant que—

"Quand un contributaire, antérieurement à la date de sa mise à la retraite du Service Civil, a été employé saisonnier, seules les périodes de service effectif doivent entrer en ligne de compte pour les fins prévues par la Loi."

A moins qu'il ne soit admis qu'un fonctionnaire travaillant pendant la session n'est pas saisonnier, ces règlements doivent s'appliquer aux fonctionnaires ne travaillant que pendant la session. A ma connaissance, le Ministère de la Justice ou le Conseil du Trésor, n'ont jamais eu à se prononcer sur l'application de ces règlements aux fonctionnaires employés seulement pendant les sessions.

C'est en 1924, antérieurement aux modifications apportées aux Statuts en vertu desquels fut passé ce règlement, que le Ministère de la Justice émit l'opinion qu'une session devait compter pour une année entière. Tant dans le cas d'un fonctionnaire de session, que d'un fonctionnaire saisonnier, les périodes de service effectif ne se continuent pas durant toute l'année et leur durée varie d'une année à l'autre. Les conditions différenciant ces deux classes de fonctionnaires de ceux employés à l'année sont par suite si semblables qu'il semblerait raisonnable et juste de les traiter tous deux comme saisonniers, et de leur appliquer également le règlement. *Compter dans un cas un service de 4 mois pour 4 mois, et dans l'autre cas pour une année est établir une disparité de traitement si évidente tant avec les fonctionnaires saisonniers qu'avec ceux employés à l'année,* qu'à mon avis, il serait à propos que le Conseil du Trésor se prononçat sur ces réclamations avant qu'elles ne soient définitivement approuvées.

L'état suivant est un exemple illustrant cette disparité de traitement dans le cas de trois fonctionnaires ayant touché à peu près le même traitement pendant toute la durée de leurs 35 ans de service, tous trois, pendant les dix dernières années, ayant été employés à titre permanent avec un traitement de $1,800, mais pendant les vingt-cinq premières années les périodes de service du fonctionnaire de session et du saisonnier n'ayant été que de 4 mois chaque année:

	Durée réelle du service pour laquelle un traitement fut touché et une contribution versée	Montant de la pension d'après l'opinion émise par le Ministère de la Justice
Fonctionnaire employé à l'année..	35 ans	$1,260
Fonctionnaire employé pendant les sessions..	18⅓ ans	1,260
Fonctionnaire saisonnier..	18⅓ ans	660

Il en ressort que le fonctionnaire de session retire une pension de retraite égale à celle du fonctionnaire permanent qui fut contributaire pendant 16⅔ ans de plus, et près de deux fois supérieure à celle du fonctionnaire saisonnier qui versa des contributions égales aux siennes. Le changement du statut de fonctionnaire de session à fonctionnaire permanent pendant les dix dernières années, période durant laquelle le traitement est un des facteurs servant à établir la pension de retraite, est en partie cause de cette disparité. M. Morrison fut employé à l'année pendant près de 15 ans et M. Fontaine pendant 10 ans. Les fonctionnaires de session, seuls parmi les saisonniers, sont autorisés, en calculant les 35 ans de service, durant lesquels ils versèrent leurs contributions, à faire compter des périodes où ils ne reçurent pas de traitement et ne firent pas de versements. Il semblerait qu'en toute justice, les fonctionnaires de session, payés tant par jour, n'ont pas plus de droit que les autres classes de fonctionnaires, saisonniers ou permanents, de compter plus que le temps réel durant lequel ils reçurent un traitement et payèrent leurs contributions. Un des points fondamentaux de la loi est que les allocations et les gratifications dont elle autorise le paiement, doivent être en proportion directe du traitement des 3, 5 ou 10 dernières années de service, et des périodes durant lesquelles les contributions furent versées. Dans les cas ci-dessus les pensions sont hors de toute proportion des périodes pendant lesquelles les contributions furent versées.

En vertu du règlement mentionné ci-dessus, les versements arriérés de M. Morrison s'élèveraient à environ $1,180 de plus que ce qui est mentionné pour lui, et sa pension, s'il la retirait maintenant, serait établie sur 29 ans de service, au lieu de 35 ans, la réduisant d'environ $200 par an. Dans le cas de M. Fontaine les arriérés seraient d'environ $1,800 de plus. Si ces demandes sont admises elles créeront un précédent pour des réclamations de même nature, bien qu'il ne soit pas à prévoir que des cas semblables soient nombreux. Dans deux ou trois cas des fonctionnaires de session furent considérés comme des saisonniers, et les arriérés perçus en conséquence. Les autres paient actuellement leurs arriérés en vertu des règlements s'appliquant au service saisonnier; mais si les deux demandes qui m'ont été présentées sont accordées les autres devront être revisées sur cette même base, pour établir les 35 ans de service.

La troisième prétention voulant qu'il ne soit pas tenu compte du service dans les Ministères entre les sessions est la conséquence de la seconde. Si une session compte comme une année entière, on admet par là même qu'il ne doit être tenu aucun compte du temps passé au service du Gouvernement entre les sessions. Mais puisque "traitement" signifie le "traitement régulier versé à l'égard de son service" et que "service" comprend "le service rendu par un fonctionnaire à titre temporaire", il semblerait juste que les contributaires soient tenus de verser au fonds de pension une retenue sur tous les traitements reçus du Gouvernement au cours de chacune des années où ils furent régulièrement nommés à d'autres positions. Il ne surgit aucune difficulté si la durée d'une session n'est pas considérée comme une année entière. Le contributaire peut alors opter, ou de verser une retenue sur le traitement additionnel qu'il a reçu et faire compter ce temps de service pour la pension, ou ne pas payer les contributions arriérées s'il trouve cette charge trop lourde, ses services lui étant comptés pour la moitié de son temps réel d'emploi, ce qui dans le cas de toutes les autres classes de fonctionnaires est regardé comme raisonnable.

Si l'on décide d'admettre ces réclamations il est encore un point important à considérer dans le cas de M. Morrison à savoir: Quand cessa-t-il d'être fonctionnaire permanent de la Chambre des communes? Il fut fonctionnaire de la Chambre jusqu'à la fin de la session de 1916, alors que d'après ses états de services, il a été employé de façon continue par le Ministère de l'Intérieur et reçut un traitement annuel depuis le 14 avril 1915, c'est-à-dire que pendant toute la durée de la session de 1916, soit 128 jours, il toucha comme fonctionnaire de la Chambre des communes $5.00 par jour et comme employé du Ministère de l'Intérieur $1,200 par an. Comme il est contraire à un principe établi d'employer et de payer à un fonctionnaire deux traitements en même temps, ce trop-payé soulève la question de savoir quand sa permanence à la Chambre prit réellement fin. Il semble n'exister aucun document fixant la date de sa démission, ou de l'acceptation de sa démission du personnel de la Chambre, et il paraîtrait par suite raisonnable de le considérer comme ressortissant au Ministère de l'Intérieur depuis qu'il y fut employé de façon continue et en reçut un traitement annuel, c'est-à-dire depuis avril 1915, et ne pas tenir compte de ses services à la Chambre des communes après la session de 1915. M. Morrison a déjà bénéficié d'un trop-payé de traitement et maintenant il réclame le droit de choisir, au point de vue des paiements à faire pour la retraite, le plus faible des traitements qu'il toucha durant la période où il fut trop payé.

Ces cas ont été à l'étude depuis longtemps, et à mon avis, les points que j'ai exposés justifient qu'ils soient référés au Conseil du Trésor, non seulement à leur propos, mais aussi pour avoir une directive relativement aux autres cas qui pourront se reproduire.

MINUTE D'UNE ASSEMBLÉE DU CONSEIL DU TRÉSOR APPROUVÉE PAR SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN SON CONSEIL, LE 1 OCTOBRE 1930

FINANCES.—Le Conseil a été saisi du mémoire suivant par l'Honorable Ministre des Finances par intérim:—

"Le soussigné, Ministre des Finances par intérim, a l'honneur de faire rapport que l'Auditeur Général a sollicité du Conseil un référé pour savoir si un contributaire à la "Loi de Pension du Service Civil", ayant une période de service antérieure, en qualité de fonctionnaire de session du Parlement, devait être autorisé à compter chaque période de service de session comme une année entière.

"A différentes reprises, le Ministère de la Justice a émis l'opinion, que le service fait pendant la durée d'une session du Parlement pouvait compter comme une année entière pour les fins de la "Loi de Pension du Service Civil", et que si, pendant la prorogation, un fonctionnaire était employé dans le service civil, il n'était pas nécessaire qu'il versât de contributions sur le traitement reçu pendant ladite période de service.

"L'intention bien évidente de la Loi de Pension du Service Civil est que, seules les périodes de service réel, doivent entrer en ligne de compte, et que dans le cas des employés saisonniers, admis à bénéficier des avantages de la loi, à la suite des modifications qui y furent apportées en 1927, le règlement prévoit de façon formelle que seules les périodes de service actif peuvent être admises.

"Le service antérieur des fonctionnaires de session, est le seul cas où une période autre qu'une période de service actif puisse être comptée en totalité, et ceci paraît s'écarter du principe et de l'esprit de la Loi.

"Le soussigné recommande que quand toute durée de service antérieure d'un contributaire a été en qualité de commis, ou de toute autre emploi de session, les périodes seules de service actif doivent compter pour les fins de la Loi, mais que quand un contributaire durant lesdites prorogations a été employé dans le Service Civil, la période dudit service peut être comptée en totalité pour les fins de la Loi, si le contributaire établit la période ou les périodes de service, et effectue les versements s'y rapportant, en conformité des dispositions de la Loi et des règlements."

Le Conseil reconnaît le bien fondé du rapport et de la recommandation ci-dessus et la soumet à l'approbation de Son Excellence.

Instructions demandées au Conseil du Trésor au sujet des dépenses de la Commission canadienne des prêts agricoles imputées aux crédits du Ministère des Travaux publics

BUREAU DE L'AUDITEUR GÉNÉRAL, 2 avril 1930.

MONSIEUR,—Durant l'année financière 1929-30, le Ministère des Travaux publics fit, à même le crédit 130, plusieurs paiements pour l'entretien des bureaux de la Commission canadienne des prêts agricoles.

Le crédit 305, 1929-30, prévoyant un montant de $50,000 pour le paiement des traitements et des dépenses résultant de l'application de la Loi du Prêt agricole canadien, les paiements pour l'entretien des bureaux occupés par la Commission paraîtraient devoir être compris dans les dépenses résultant de l'application de cette loi.

En vertu des dispositions de l'article 59 de la Loi du Revenu consolidé et de la Vérification, je soumets ce cas au Conseil du Trésor pour qu'il décide si ces dépenses doivent rester une charge sur le crédit 130, "Loyer, Réparations, Eclairage, Chauffage, etc. Edifices publics", ou être virées au crédit 305, "Pour couvrir traitements et dépenses au sujet de l'application de la Loi canadienne des prêts agricoles".

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

BUREAU DE L'AUDITEUR GÉNÉRAL, 2 juin 1930.

MONSIEUR,—Le 2 avril dernier, je vous écrivis au sujet de certains paiements, faits par le Ministère des Travaux publics à même le crédit 130, pour l'entretien des Bureaux de la Commission canadienne des prêts agricoles. Je demandais au Conseil du Trésor de me faire savoir si ces dépenses devaient rester une charge sur ce crédit.

Je n'ai pas encore reçu de réponse. Pourriez-vous prendre ce cas en considération aussitôt qu'il vous sera possible.

CONSEIL DU TRÉSOR, OTTAWA, 14 octobre 1930.

MONSIEUR,—En réponse à vos lettres des 2 avril et 2 juin derniers concernant des dépenses de la Commission des prêts agricoles, payées par le Ministère des Travaux publics, je suis chargé par le Conseil du Trésor de vous informer que ces dépenses doivent rester chargées au crédit 130.

Légalité du paiement de gratification aux ayants droit de fonctionnaires ne relevant pas, au moment de leur décès, de la Loi du Service Civil

BUREAU DE L'AUDITEUR GÉNÉRAL, 29 juin 1929.

MONSIEUR,—Ci-inclus ampliation d'une correspondance relative à la légalité du paiement d'une gratification équivalente à deux mois de traitement à la veuve ou autres ayants droit d'un fonctionnaire qui, à l'époque de son décès, faisait partie en qualité d'officier ou de matelot, de l'équipage d'un navire ou d'une drague de Sa Majesté.

D'après les deux décisions du Sous-ministre de la Justice, en date du 15 du courant (378/28 et 1952/28), la Loi du Service Civil n'autorise pas le paiement d'une gratification égale à deux mois de traitement aux ayants droit de ces fonctionnaires, mais il est loisible au Gouverneur en son Conseil d'en autoriser le paiement, si le Parlement a prévu un crédit à cette fin.

Antérieurement à 1908 le Gouverneur en son Conseil pouvait autoriser le versement d'une gratification équivalente à deux mois de traitement, en vertu des dispositions générales de l'arrêté en Conseil du 1er février 1868 et de celui du 26 décembre 1887 le modifiant. Le premier de ces arrêtés n'autorisait le versement de ces gratifications qu'aux ayants droit des fonctionnaires permanents, mais le second les autorisait pour les temporaires avec la permission du Gouverneur en son Conseil et l'approbation du Parlement. Dans le cas des fonctionnaires permanents les paiements étaient imputés au crédit "Dépenses imprévues diverses", et dans le cas des fonctionnaires temporaires, pour se conformer aux dispositions de l'arrêté en Conseil de 1887, un crédit spécial pour chacune des gratifications était ordinairement voté.

D'après les dispositions de la Loi du Service Civil, adoptée en 1908, ces gratifications devinrent statutaires pour les fonctionnaires étant depuis au moins deux ans dans le service public, et à partir de cette date, les sommes ainsi payées furent imputées directement au Fonds consolidé. D'après les modifications apportées, en 1918, à la Loi du Service Civil, les employés des chemins de fer du Gouvernement et les membres des équipages des navires de Sa Majesté ne relevaient pas des dispositions de cette loi, à moins que le Gouverneur en son Conseil n'en décide autrement et il lui fut donné pouvoir de déterminer si ces positions relèveraient en totalité ou en partie de cette Loi. Aucune action en ce sens n'a été prise par le Gouverneur en son Conseil. Depuis 1918, les arrêtés en Conseil pris conformément aux dispositions de la Loi exclurent en plus de celles ci-dessus, de nombreuses autres positions qui, elles aussi, ne peuvent plus bénéficier des dispositions relatives aux gratifications.

La jurisprudence du Ministère de la Justice a solutionné la question de la légalité des gratifications à verser aux ayants droit des fonctionnaires ne relevant pas des dispositions de la Loi. Les gratifications dans ces cas, ne sont pas payables statutairement et ne peuvent être imputées au Fonds consolidé, et les arrêtés en Conseil de 1868 et de 1887 n'étant plus en vigueur un arrêté spécial est requis dans chaque cas et les fonds nécessaires doivent être votés par le Parlement.

Le Conseil du Trésor s'étant déjà, à deux reprises différentes, occupé de cette question, et vos règlements ayant été observés jusqu'à ce qu'ils aient été remplacés par une loi, la régularité des paiements de gratifications qui ne sont pas autorisés par les statuts est laissée à votre appréciation. Si vous pensez qu'aucun nouveau règlement n'est nécessaire, je suis d'avis que dans ces cas aucune gratification ne doit être payée à moins qu'elle n'ait été autorisée par le Gouverneur en son Conseil et que la Chambre n'ait voté un crédit spécial à cette fin, un crédit ordinaire du Ministère n'étant pas suffisant, à moins que la gratification n'y soit spécialement mentionnée. Si une autorisation légale est nécessaire pour les fonctionnaires relevant de la Loi du Service Civil, il semble qu'une autorisation légale quelconque doive être nécessaire pour ceux qui n'en relèvent pas.

Votre dévoué,

WM. KEARNS, *A.G. adjoint.*

Le Secrétaire du Conseil du Trésor.

CONSEIL DU TRÉSOR, 6 mars 1930.

MONSIEUR,—En réponse à votre lettre du 29 juin 1929, relative au paiement de gratifications équivalentes à deux mois de traitement aux ayants droit d'un fonctionnaire qui, au moment de son décès, n'occupait pas une position relevant de la Loi du Service Civil, je vous délivre ampliation d'une lettre du Ministère de la Justice. D'après le Sous-ministre de la Justice, les gratifications pour être payées ne doivent pas nécessairement être mentionnées dans les crédits parlementaires pourvu qu'il y ait des crédits ordinaires devant être administrés et contrôlés par le Ministère où le fonctionnaire décédé était employé.

Il semble que l'on se conforme à la Loi si le paiement de ces gratifications est autorisé par arrêté en Conseil et imputé à un crédit général. Dans ces circonstances il ne semble pas qu'il soit nécessaire de prendre d'autres mesures.

Votre dévoué,

(Signé) WATSON SELLAR, *pour le Secrétaire.*

L'Auditeur Général adjoint.

MINISTÈRE DE LA JUSTICE, 30 décembre 1929.

MONSIEUR,—J'ai l'honneur de vous accuser réception de votre lettre du 21 du mois dernier et des documents qu'elle contenait relativement au paiement des gratifications équivalentes à deux mois de traitement aux ayants droit des fonctionnaires qui, au moment de leur décès occupaient une position ne relevant pas de la Loi du Service Civil. Je remarque que l'Auditeur Général adjoint émet l'opinion "qu'aucune gratification ne doit être payée, à moins qu'elle n'ait été approuvée par le Gouverneur en son Conseil et que la Chambre n'ait voté un crédit spécial à cette fin, un crédit ordinaire du Ministère n'étant pas suffisant, à moins que la gratification n'y soit spécialement mentionnée." Il se fonde sur ma décision du 15 juin 1929 où j'émettais l'opinion "qu'il est loisible au Gouverneur en son Conseil d'autoriser les paiements de telles gratifications pourvu qu'un crédit parlementaire soit disponible à cette fin".

Le point sur lequel j'ai à me prononcer maintenant est de savoir si les crédits du Parlement, ci-dessus mentionnés, doivent contenir une disposition spéciale prévoyant le paiement d'allocations, ou s'il est suffisant qu'il reste un montant disponible; soit au crédit à même lequel était payé le traitement du fonctionnaire décédé, soit à un autre crédit approprié. Je suis d'avis qu'un crédit parlementaire peut être employé au paiement de ces gratifications, même s'il ne contient aucune disposition spéciale à ce sujet, pourvu que ce soit un crédit ordinaire administré et contrôlé par le Ministère oú le fonctionnaire décédé était employé, et que le Gouvernement ait un pouvoir discrétionnaire, sur les dépenses à y imputer, sous réserve seulement de sa responsabilité envers le Parlement. Cette façon de voir paraît confirmée par l'opinion exprimée, en 1897, par Sir Oliver Mowat, alors Ministre de la Justice, lorsqu'il prévenait le Conseil du Trésor que le Gouverneur en son Conseil pouvait, sous réserve de la responsabilité des Ministres devant le Parlement, autoriser des paiements pour des fins prévues par le crédit ordinaire bien qu'il n'existe aucune obligation légale. Elle est également conforme à la coutume suivie autrefois. Antérieurement à la loi modifiant la Loi du Service Civil de 1908 qui contenait les premières dispositions statutaires pour le paiement de gratifications en cas de décès, ces gratifications, en vertu d'un arrêté en Conseil du 1er février 1868 et d'un autre du 26 décembre 1857, modifiant le premier, dans le cas du décès d'un fonctionnaire permanent, étaient payées à même le crédit "Dépenses imprévues", bien qu'un tel emploi des fonds ne fût pas spécifié dans le crédit.

En conséquence, le 4 juillet dernier, le Ministère décidait que le Gouverneur en son Conseil avait pouvoir pour autoriser le paiement de la gratification en question aux ayants droit d'un membre décédé de l'équipage de l'une des dragues de Sa Majesté, à même le crédit "Dragages-Colombie-Britannique" (crédit 141, Loi des Subsides 1929-30), à même lequel était prélevé le salaire du décédé. Je pense également que le Gouverneur en son Conseil aurait pouvoir pour autoriser le paiement de telles gratifications à même un crédit général du Ministère tel que "Traitements et dépenses contingentes" ou tout autre crédit similaire, mais je ne crois pas que l'on puisse régulièrement l'imputer à un crédit tel que "Gouvernement civil—Traitements", ou à tout autre crédit rédigé de telle sorte que l'on ne puisse l'employer au paiement de telles gratifications.

Votre dévoué,

W. STUART EDWARDS, *Sous-ministre de la Justice.*

Le Secrétaire du Conseil du Trésor, Ottawa.

Remarque: Le paiement de ces gratifications fut, dans la suite, autorisé par l'arrêté en Conseil ci-après, adopté à la demande du Conseil du Trésor.

Arrêté en Conseil du 13 mai 1930

CONSEIL DU TRÉSOR.—Le Conseil a été saisi de diverses expressions d'opinions portant que:—

> Les dispositions de l'article 56 de la Loi du Service Civil qui se lit comme suit: " Si quelqu'un meurt pendant qu'il est dans le Service Civil, après y avoir été au moins deux ans, une somme égale à deux mois de ses appointements doit être payée à sa veuve ou à la personne que désigne le Conseil du Trésor" n'autorisent pas le paiement de la gratification en cas de décès des titulaires de positions auxquelles les dispositions de la Loi du Service Civil ne s'appliquent pas;
>
> Que d'après la décision établie par le Sous-ministre de la Justice, il est loisible au Gouverneur en son Conseil d'autoriser le paiement de ces gratifications, sous condition qu'un crédit parlementaire soit disponible à cette fin; et
>
> Qu'il a été d'usage de payer ces gratifications sans tenir compte si les positions étaient sujettes ou non aux dispositions de la Loi du Service Civil; et
>
> Que le but primordial de cette disposition, c'est-à-dire un versement immédiat à la veuve, n'est pas atteint si l'autorisation du Gouverneur en son Conseil est nécessaire dans chaque cas.

Le Conseil, en conséquence, recommande, que le paiement de ces gratifications soit autorisé pour les positions auxquelles les dispositions de la Loi du Service Civil ne s'appliquent pas, dans les mêmes termes et conditions prévus par l'article 56.

Loi de pension 1924—Fonctionnaire ayant dépassé la limite d'âge

BUREAU DE L'AUDITEUR GÉNÉRAL, 15 octobre 1930.

MONSIEUR,—Ci-inclus, ampliation de la correspondance relative au paiement du traitement d'un contributaire ayant 75 ans révolus. Aucune mesure n'a été prise par le "sous-chef", le "chef", le Conseil du Trésor ou le Gouverneur en son Conseil, tel que prévu à l'article 10, alinéa 2, de la Loi de Pension, pour le maintien en fonctions de cet employé quand il eut 70 ans ou sa mise à la retraite après qu'il eut 75 ans révolus.

D'après les dispositions de l'article 10, alinéa 2, " Nul contributaire n'est retenu dans le Service Civil lorsqu'il est âgé de plus de 70 ans", sauf dans des circonstances exceptionnelles et, encore son temps de service ne peut être prolongé que de cinq ans. Dans le cas actuel aucune demande de prolongation n'a été faite depuis qu'il a atteint l'âge de 70 ans et on voudrait maintenant lui continuer son traitement bien qu'il ait plus de 75 ans révolus. En ce qui concerne le maintien dans le service d'un fonctionnaire ayant plus de 70 ans, et pour qui l'on ne s'est pas conformé aux dispositions de l'article 10, le Ministère de la Justice a émis l'opinion que "les dispositions de l'alinéa 2, de l'article 10, d'après lesquelles aucun fonctionnaire ne doit être retenu dans le service après 70 ans, ne permettent pas de mettre d'office à la retraite un contributaire ayant atteint cet âge, mais font un devoir au Gouverneur en son Conseil de le mettre à la retraite dans un laps de temps raisonnable après qu'il a atteint un tel âge" (1546/26). En ce qui concerne l'emploi d'un fonctionnaire ayant dépassé 75 ans, le Ministère de la Justice a émis deux opinions: la première se rapporte au cas d'un contributaire dont le service a été prolongé, en conformité des dispositions de l'article ci-dessus, la seconde à celui d'un contributaire resté dans le service sans l'approbation du Gouverneur en son Conseil. Ci-après en est un résumé: (1) Le contributaire, dont le service a été prolongé cessera de faire partie du Service Civil à l'expiration de la cinquième année (1770/24) et (2) "l'alinéa 2 ne suffit pas pour mettre d'office à la retraite un contributaire dont le service n'a pas été prolongé, conformément aux dispositions dudit article, mais il fait un devoir au Gouverneur en son Conseil de mettre à la retraite ce fonctionnaire après qu'il a atteint l'âge prévu" (1770/24).

La situation résultant de ces deux opinions est qu'un contributaire peut rester dans le service après 70 ans, que les rapports et les recommandations prévus dans cet article aient ou n'aient pas été faits. S'ils sont faits chaque année, le fonctionnaire est à la retraite d'office quand il atteint 75 ans. Si le Gouverneur en son Conseil ne prend aucune mesure pour mettre fin aux fonctions d'un fonctionnaire, pour la raison que le sous-chef a négligé ou refusé de se conformer aux dispositions de l'article de la Loi, le contributaire peut alors rester indéfiniment dans le service. Il en résulte que pour négliger ou refuser de se conformer à une des dispositions tout l'alinéa est inutile, et l'on donne naissance à une situation analogue à celle qui existerait si l'alinéa n'avait jamais été inséré dans la Loi.

Il est raisonnable de supposer que le Parlement entendait que cet article eût un effet pratique, et le seul effet pratique qu'il pût avoir, est qu'un contributaire ne peut rester dans le service après 70 ans, sauf dans des circonstances spéciales, mais jamais après 75 ans. Tel est le seul effet pratique que puisse avoir cet article, mais, si sa rédaction n'en rend pas l'intention, ou s'il existe quelque doute sur les conditions ou la manière dont l'article doive être appliqué, le Conseil du Trésor ou le Gouverneur en son Conseil ne pourraient-ils pas, en vertu des dispositions de l'article 11 (*d*), adopter des règlements qui feraient disparaître toute ambiguïté et permettraient son application:—

> "Le Gouverneur en son Conseil peut, sur la recommandation du Conseil du Trésor, établir des règlements prescrivant et déterminant dans un cas de doute à quelles personnes dans une division ou partie du Service Civil s'appliquent, ou non, les dispositions de la présente loi, et les conditions auxquelles, et la manière dont elles s'appliquent dans chaque cas ou catégorie de cas ".

Si l'on considère que le Conseil du Trésor et le Gouverneur en son Conseil n'ont pas pouvoir pour établir ce règlement qui ferait disparaître cette difficulté, je crois que le Parlement devrait être prévenu de cette situation afin que la loi soit modifiée de façon à faire disparaître toute ambiguïté.

Comme vous le savez, et comme il ressort de cette lettre, des cas analogues ayant occasionné de semblables difficultés avaient déjà fourni matière à correspondance. Je dois ajouter, pour votre gouverne, qu'il y a dans le Service civil près de deux cents contributaires ayant plus de 70 ans et qu'environ trente-cinq d'entre eux ont été maintenus sans l'autorisation du Gouverneur en son Conseil.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

BUREAU DE L'AUDITEUR GÉNÉRAL, 29 septembre 1930.

MONSIEUR,—Sur votre bordereau de paie du mois courant le traitement de M. M. C. MacCormac était porté pour la totalité du mois.

D'après les pièces fournies à ce Bureau, M. MacCormac a eu 75 ans ans aujourd'hui et comme il a opté pour la Loi de Pension, 1924, d'après les dispositions de l'article 10, alinéa 2, de cette Loi, il n'est plus en droit de recevoir son traitement.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Les Bibliothécaires du Parlement.

BIBLIOTHÈQUE DU PARLEMENT, 10 octobre 1930.

MONSIEUR,—En réponse à votre récente lettre (29 septembre) où vous me dites que M. MacCormac, bibliothécaire adjoint, étant âgé de 75 ans ne peut plus toucher son traitement je tiens à vous faire les remarques suivantes:

M. MacCormac qui est à la bibliothèque depuis 1885, a toujours été un fonctionnaire dévoué et compétent, connaissant parfaitement la bibliothèque et, si familier avec les demandes des membres des deux Chambres la fréquentant, qu'en ce moment je considérerais sa mise à la retraite en ce moment comme très regrettable, la prochaine session du Parlement devant être très importante. A mon avis, son départ serait très préjudiciable au service que l'on attend de la bibliothèque. Je me propose par suite de demander au Ministère des Finances de prévoir dans le budget, en faveur de M. MacCormac, un montant qui couvrirait la période pendant laquelle il serait employé, et si nécessaire, pour celle depuis qu'il est âgé de 75 ans.

J'ai toute raison d'espérer que le Gouvernement accordera ma demande, et comme M. MacCormac semble devoir rester dans le service jusqu'à sa mise à la retraite par arrêté en Conseil, je demande respectueusement qu'en attendant que le Gouverneur en son Conseil ait pris cette décision, le traitement de M. MacCormac continue de lui être payé.

Croyez-moi votre dévoué,

M. BURRELL, *Bibliothécaire du Parlement.*

L'Auditeur Général.

BIBLIOTHÈQUE DU PARLEMENT, 13 octobre 1930.

MONSIEUR,—Pour faire suite à ma lettre du 10 octobre, je tiens à vous informer qu'en l'absence du Ministre des Finances intérimaire, l'Hon. E. B. Ryckman, j'ai écrit à Sir George Perley, Premir Ministre intérimaire, pour lui soumettre le cas de M. MacCormac. Je lui ai donné les raisons pour lesquelles je pensais qu'il était désirable, et même nécessaire, qu'il restât encore quelque temps à la bibliothèque et que je me proposais dans le budget principal d'inclure un montant pour payer son traitement au cours de la prochaine année financière.

J'ai également fait remarquer au Premier Ministre intérimaire que si, mais j'espère que tel ne sera pas le cas, l'on pensait que son traitement de l'année financière en cours, ne pouvait plus lui être payé du jour où il eut 75 ans, je demanderais d'inclure, dans le budget supplémentaire un montant pour lui payer son traitement du 1er octobre dernier à la fin de l'année financière.

Je crois toutefois comprendre, que, même si cette somme est prévue M. MacCormac sera dans la triste nécessité, à partir du 1er octobre de s'acquitter de son service sans toucher de traitement, tant que ce crédit n'aura pas été voté à la fin de la prochaine session.

J'espère toutefois que s'il y avait quelque doute sur la possibilité de continuer à lui verser son traitement il serait résolu en sa faveur.

Croyez-moi votre dévoué,

M. BURRELL, *Bibliothécaire du Parlement.*

L'Auditeur Général.

BUREAU DE L'AUDITEUR GÉNÉRAL, 15 octobre 1930.

MONSIEUR,—J'ai bien reçu vos lettres en date des 10 et 13 du courant, en réponse à celle que je vous avais écrite au sujet du paiement du traitement de M. MacCormac, après qu'il eut atteint 75 ans.

Bien que vous ayez officiellement demandé au Premier Ministre intérimaire de prévoir dans le budget supplémentaire, un montant pour couvrir le paiement de son traitement pour les derniers mois de l'année financière courante, je ne pense pas pouvoir assumer la responsabilité d'approuver la continuation du paiement de son traitement avant que des mesures ne soient prises en vue des intentions évidentes du Parlement au sujet de cette limite d'âge, tel qu'indiqué dans l'article 10, alinéa 2.

L'application de cet article a déjà occasionné de nombreuses difficultés et toute cette question a été soumise au Conseil du Trésor pour qu'il la prenne en considération.

Votre dévoué,

GEO. GONTHIER, *A.G.*

L'hon. M. BURRELL,
Bibliothécaire du Parlement.

Remarque: Ma lettre du 11 octobre au Conseil du Trésor n'a pas encore été l'objet d'une réponse et M. MacCormac n'a pas touché de traitement depuis le 30 septembre.

Manque d'uniformité dans les comptes pour frais de déménagement

BUREAU DE L'AUDITEUR GÉNÉRAL, 27 mars 1930.

MONSIEUR,—Je constate un manque d'uniformité dans la nature des frais que, lors du déplacement d'un de leurs employés, les Ministères doivent faire approuver par le Conseil du Trésor, conformément à l'arrêté en Conseil du 8 septembre 1871.

Dans la plupart des cas, ces dépenses comprennent les frais de voyage du fonctionnaire lui-même, en plus de ceux de sa famille et du transport de ses effets mobiliers, mais certains Ministères ont coutume de considérer les frais de voyage du fonctionnaire lui-même comme un déplacement ordinaire et par suite ne les incluent pas dans leur demande de frais de déménagement.

J'ai actuellement devant moi un cas où le Ministère paya les frais de voyage d'un fonctionnaire célibataire transféré avec une augmentation de traitement, sans les avoir fait approuver par le Conseil du Trésor, ces dépenses ne comprenant que le prix du billet et les frais de route.

Afin de pouvoir vérifier de façon uniforme tous les comptes de frais de déplacement j'aimerais connaître l'opinion du Conseil du Trésor sur la définition du terme "frais de déménagement"; ce terme doit-il dans chaque cas comprendre les frais de voyage du fonctionnaire transféré ou ne doit-il s'appliquer qu'aux frais de voyage de sa famille et à ceux du déménagement de ses effets mobiliers?

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor,
Ottawa.

Remarque: Aucune réponse n'a encore été reçue, mais je crois savoir que le Conseil du Trésor étudie la question.

Ouvriers touchant un salaire supérieur au salaire courant (prevailing rate)

BUREAU DE L'AUDITEUR GÉNÉRAL, 3 juillet 1930.

MONSIEUR,—Conformément à un arrêté en Conseil du 29 juin 1922 (C.P. 1053), certaines catégories d'ouvriers spécialistes du Ministère des Travaux publics recevant le salaire courant ne furent plus soumis à la Loi du Service Civil, sous condition que "ce salaire courant" soit tel que recommandé par le Ministère et approuvé par le Gouverneur en son Conseil. D'après un arrêté en Conseil du 7 octobre 1925, C.P. 1816, le salaire courant de ces ouvriers des Travaux publics devait être le salaire qu'ils recevaient présentement. Durant la période de mai à décembre 1927, le Ministère ayant augmenté les salaires de plusieurs catégories d'ouvriers spécialistes, je demandai, le 21 décembre 1927, qu'une copie de l'arrêté en Conseil autorisant ces augmentations me soit communiquée. Je renouvelai cette demande le 23 mai 1928 et le 5 juin le Ministère m'informait qu'une demande, recommandant cette augmentation, avait été présentée au Conseil du Trésor et qu'aussitôt l'arrêté en Conseil passé j'en recevrais une copie. Le 29 août 1929 et de nouveau le 2 juin 1930 ayant prévenu le Ministère que je n'avais pas encore reçu une copie de l'arrêté en Conseil, il me répondit chaque fois qu'elle me serait transmise aussitôt qu'il aurait été passé, et le Ministère a continué de payer à ces employés un salaire plus élevé que celui autorisé par le Gouverneur en son Conseil.

Je dois, par suite, vous faire rapport que le Ministère a payé, et paye encore actuellement à ses ouvriers spécialistes des salaires supérieurs à ceux qu'a autorisés l'arrêté en Conseil du 29 juin 1922, C.P. 1053.

Votre dévoué,

WM. KEARNS, *A.G. adjoint.*

Le Secrétaire du Conseil du Trésor.

Remarque: Je n'ai pas reçu de réponse, mais j'apprends que le Ministère a demandé l'approbation de ces salaires supérieurs aux tarifs courants qu'on continue cependant de verser.

Paiement fait en contravention des dispositions de la Loi des Juges

BUREAU DE L'AUDITEUR GÉNÉRAL, 11 juin 1930.

MONSIEUR,—En vertu d'un arrêté en Conseil du 14 janvier 1927, L. St. G. Stubbs, juge de la Cour de comté, fut, conformément aux dispositions de la Loi des Enquêtes, nommé commissaire, pour faire un rapport sur les circonstances ayant amené, en août 1920, la révocation de M. A. M. Graham, fonctionnaire de la Commission d'établissement des soldats.

Au mois de mai 1929, la Commission émettait un chèque de $1,000 en paiement des services du juge Stubbs, bien que l'arrêté en Conseil du 14 janvier, n'autorisât aucun paiement.

Ce chèque n'aurait pas dû être émis pour les raisons suivantes:—

(1) L'arrêté en Conseil n'autorisait pas de paiement d'honoraires, ou autre paiement.

(2) D'après les dispositions de l'article 38 de la Loi des juges, aucun juge n'est autorisé à recevoir un paiement additionnel à son traitement de juge, pour services, etc.

(3) Un arrêté en Conseil du 14 septembre 1922 stipule que:

> "A moins qu'il n'en soit autrement stipulé par arrêté en Conseil, les honoraires d'un Commissaire nommé en vertu des dispositions de la loi ci-dessus (Loi des Enquêtes), ne doivent en aucun cas dépasser vingt dollars pour chaque journée de présence, ou employée aux travaux de la Commission, dont il fait partie, etc.

La Commission d'établissement des soldats n'ayant pas à mon avis répondu de façon satisfaisante à mes objections, je soumets ce cas au Conseil du Trésor afin qu'il décide de quelle manière porter ce paiement dans les appropriations de l'année, ou si l'on doit demander au juge Stubbs un remboursement.

Je joins à ma lettre ampliation de la correspondance échangée avec la Commission d'établissement des soldats.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

BUREAU DE L'AUDITEUR GÉNÉRAL, 31 octobre 1929.

MONSIEUR,—Je désire attirer votre attention sur un paiement de $1,000 fait à Lewis St. Georges Stubbs, juge de la Cour de comté, par chèque n° 7005, sur lettre de crédit de la Commission.

M. Stubbs, en vertu de l'arrêté en Conseil n° 2, du 14 janvier 1927, et conformément aux dispositions de l'article 6, de la Loi des Enquêtes, fut chargé, en qualité de commissaire, de faire une enquête sur le cas de M. Graham, fonctionnaire de la Commission d'établissement des soldats, révoqué en août 1920. Comme durant le cours de l'enquête M. Stubbs toucha son traitement comme juge du District de l'Est du Manitoba, je suis d'opinion qu'il n'avait pas droit à une rémunération additionnelle pour avoir rempli les fonctions de commissaire. Voudriez-vous m'expliquer ce paiement?

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Président de la Commission d'Etablissement des Soldats.

BUREAU DE L'AUDITEUR GÉNÉRAL, 3 avril 1930.

MONSIEUR,—Le 31 octobre dernier je vous écrivis attirant votre attention sur un paiement de $1,000 à Lewis St. Georges Stubbs, juge de la Cour de comté, pour avoir en qualité de Commissaire, fait une enquête au sujet de la révocation de M. A. M. Graham.

Je vous prierai de me faire savoir quelles mesures ont été prises, soit, pour le recouvrement de cette somme, soit pour la régularisation de ce paiement, fait en contravention des dispositions de l'article 38 de la Loi des juges (Ch. 105, S.R.C.).

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Président de la Commission d'établissement des Soldats.

COMMISSION D'ETABLISSEMENT DES SOLDATS, 4 avril 1930.

MONSIEUR,—En réponse à votre lettre du 3 du courant attirant mon attention sur le paiement fait à M. Stubbs au mois de mai dernier, et me demandant quelles mesures avaient été prises, soit pour le recouvrement de cette somme, soit pour la régularisation du paiement, je tiens à vous informer qu'aucune mesure n'a été prise, le paiement, à notre avis, étant régulier.

M. Stubbs fut nommé comme commissaire pour faire une enquête sur le cas de M. Graham, qui se plaignait d'avoir été injustement et sans cause révoqué de notre Commission.

Vous mentionnez l'article 38 de la Loi des Juges (Ch. 105, S.R.C.), qui stipule au début qu'aucun juge ne devra recevoir une rémunération additionnelle à son traitement de juge, et l'article tout entier ne parle que de la réception par un juge d'une rémunération additionnelle à son traitement régulier. Nous ne voyons rien dans cet article interdisant de payer les services d'un commissaire quel qu'il soit. D'après notre opinion le paiement fait par la Commission est légal, mais ce n'est pas à nous de décider si M. Stubbs avait le droit ou non de recevoir ce montant.

Votre dévoué,

J. G. RATTRAY, *Président.*

L'Auditeur Général.

BUREAU DE L'AUDITEUR GÉNÉRAL, 11 avril 1930.

MONSIEUR,—En réponse à votre lettre du 4 du courant au sujet de l'explication d'un paiement de $1,000 fait par chèque n° 7005 sur votre lettre de crédit fait au juge Stubbs, pour services rendus en vertu de la Loi des Enquêtes, au sujet de la révocation de M. A. M. Graham, je tiens à vous faire remarquer qu'en plus de savoir si le juge avait le droit de recevoir ce montant, l'arrêté en Conseil le nommant n'autorisait pas le paiement d'honoraires.

Cette autorisation faisant défaut je vous serais obligé si vous vouliez me faire connaître en vertu de quelle autre autorité le chèque fut émis.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Président de la Commission d'Etablissement des Soldats.

COMMISSION D'ETABLISSEMENT DES SOLDATS, 3 mai 1930.

MONSIEUR,—Votre lettre du 11 avril m'est parvenue en son temps et je prends note du dernier paragraphe.

Le chèque fut émis en vertu de l'autorisation donnée par l'hon. Robert Forke, dans une lettre en date du 5 mai 1929. Au cas où vous en désireriez une copie je me ferai un plaisir de vous la faire adresser.

Votre dévoué,

J. G. RATTRAY, *Président.*

Rapport fait conformément aux dispositions de l'article 41, alinéa 2, de la Loi du Revenu consolidé et de la Vérification

BUREAU DE L'AUDITEUR GÉNÉRAL, 4 octobre 1930.

MONSIEUR,—En vérifiant les paiements sur lettre de crédit des fonctionnaires de la Chambre des communes, pour l'année financière, je constate qu'un chèque n° 549, en date du 14 juin 1930, et d'un montant de $549.99, fut émis en faveur de B. W. Sherwood, comptable, pour couvrir l'augmentation de son traitement, porté à $4,000 par an, à partir du 1er avril 1930, et qui lui fut payé au même taux en juillet, août et septembre.

Ci-inclus ampliation de la correspondance échangée avec le Greffier de la Chambre des communes, où je fais remarquer qu'il n'existe pas d'autorité législative permettant cette augmentation de traitement.

Je soumets ce cas au Conseil du Trésor, conformément aux dispositions de l'article 41, alinéa 2, de la Loi du Revenu consolidé et de la Vérification. M. Sherwood, en qualité de sous-comptable, ayant par l'émission de ces chèques, employé des deniers sur les produits d'un crédit comptable au delà de la somme autorisée par autorité législative.

Je serais heureux si vous vouliez me faire connaître l'opinion du Conseil du Trésor à ce sujet.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le secrétaire du Conseil du Trésor.

BUREAU DE L'AUDITEUR GÉNÉRAL, 15 septembre 1930.

MONSIEUR,—Le 20 décembre 1929, la Commission du Service Civil émettait un certificat, autorisant qu'à dater du 1er octobre 1929, M. B. W. Sherwood, comptable de Département, grade 2, soit promu chef comptable de la Chambre des communes, avec un traitement de $2,700 par an.

La vérification des bordereaux de paie du mois de juin dernier a fait constater, qu'à dater du 1er avril 1930, M. Sherwood avait été payé à raison de $4,000 par an. Comme d'après la Loi du Service Civil il n'a pas droit à un traitement excédent celui fixé par la Commission du Service Civil, à savoir $2,700, voudriez-vous me dire en vertu de quelle autorisation un chèque fut émis pour lui payer son traitement à raison de $4,000 par an. S'il n'existe pas d'autorisation, le paiement de son traitement à ce taux devra être discontinué.

Comme le bordereau de paie couvrant cette augmentation ne fait pas foi qu'il fut, comme il est d'usage, approuvé par le Président de la Chambre, et qu'en outre votre certificat n'y était pas joint, je vous le renvoie pour que ces omissions puissent être réparées.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Greffier de la Chambre des communes.

CHAMBRE DES COMMUNES, 15 septembre 1930.

(Reçue le 20 septembre.—A.G.)

MONSIEUR,—Votre lettre du 15 septembre au sujet du traitement de M. B. W. Sherwood, chef comptable de la Chambre des communes a été soumise à la Commission de régie interne de la Chambre, qui tenait une de ses séances régulières, sous la présidence de Son Honneur, le Président de la Chambre.

Après avoir pris connaissance de toute la correspondance, la Commission décida que dans la circonstance, un paiement de $4,000 par an à M. Sherwood était justifié.

Votre dévoué,

ARTHUR BEAUCHESNE,

Greffier de la Chambre des communes.

L'Auditeur Général.

BUREAU DE L'AUDITEUR GÉNÉRAL, 26 septembre 1930.

MONSIEUR,—J'ai bien reçu votre lettre du 15 septembre en réponse à la mienne de même date, relative au traitement de $4,000 l'an payé à M. Sherwood au lieu de celui de $2,700.

Vous me dites que ce cas fut soumis à la Commission de régie interne qui fut d'avis que "dans la circonstance un paiement de $4,000 par an était justifié".

L'article 41 de la Loi du Service Civil (S.R.C. 1927) prévoit que "les dispositions de la présente loi relatives à la nomination, à la permutation, à la promotion, aux traitements, aux augmentations, à la classification, à l'immixtion dans les affaires politiques et au paiement de gratification au décès s'appliquent aux fonctionnaires, commis et employés à titre permanent des deux Chambres du Parlement".

Conformément aux dispositions de cet article, comme aussi d'ailleurs de celles des articles 9 et 12 de la même loi, la classification et le barème du traitement de la position de chef comptable de la Chambre des communes fut établi par le Gouverneur en son Conseil, sur la recommandation de la Commission du Service Civil. Ce barème prévoit un traitement minimum de $2,700 qui par augmentations annuelles sera porté à $3,120. Par suite de ces dispositions de la loi, M. Sherwood ne peut légalement recevoir un traitement de $4,000, à moins que la classification de la Commission du Service Civil ne soit modifiée conformément à la règle ordinairement suivie, ou que l'on obtienne du Parlement une autorisation spéciale.

Comme le paiement d'un traitement supérieur à $2,700 dépassait le montant prévu par l'autorité législative, je suis dans l'obligation de faire rapport de ce trop-payé au Conseil du Trésor, conformément aux dispositions de l'article 41 (2) de la Loi du Revenu consolidé et de la Vérification.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Greffier de la Chambre des communes.

CHAMBRE DES COMMUNES, 29 septembre 1930.

MONSIEUR,—J'ai bien reçu votre lettre du 26 du courant, me disant que vous étiez dans l'obligation de faire rapport au Conseil du Trésor au sujet de l'augmentation de traitement accordée à M. B. W. Sherwood, chef-comptable de la Chambre des communes.

Les décisions de la Commission de régie interne de la Chambre des communes ne sont pas sujettes à être revisées par le Conseil du Trésor. Ces deux organisations, nommées par arrêté en Conseil, sont toutes deux égales et indépendantes l'une de l'autre dans leur juridiction. La première est responsable, conjointement avec le Président de la Chambre, des argents payés pour les dépenses de la Chambre et l'indemnité parlementaire. Toute divergence de vue entre l'Auditeur Général et le Greffier de la Chambre des communes doit être soumise à la Commission de régie interne qui peut émettre tel ordre qui lui paraîtra juste et raisonnable.

La seule disposition de la Loi du Revenu consolidé et de la Vérification concernant la Chambre des communes est celle de l'article 35 qui prévoit que nos deniers doivent être versés au crédit du Ministre des Finances et Receveur Général, et que les remboursements peuvent être faits sur l'ordre du Sénat ou de la Chambre des communes ou en conformité de nos règlements et ordres permanents. Il fut jugé nécessaire d'inclure cet article, la Loi ne s'appliquant pas au Parlement. Chaque fois qu'il est jugé nécessaire qu'une loi soit applicable aux Chambres du Parlement des dispositions spéciales sont incluses. C'est un principe admis que les droits, privilèges et franchises du Parlement, comme ceux de la Couronne, ne sont pas soumis à aucune loi à moins de n'être spécialement mentionnés. Personne n'osera dénier au Parlement le droit de gérer lui-même ses propres finances. La question du droit qu'a l'Auditeur Général de vérifier nos comptes fut, en 1880, portée devant la Chambre (voir *Débats* de cette année, page 594), et M. Kirkpatrick, alors Président du Comité des Comptes publics, déclara que la loi de l'Audition ne donnait pas pouvoir à l'Auditeur Général de vérifier les comptes de la Chambre des communes. Il fut alors passé une résolution autorisant un de vos prédécesseurs à en faire une vérification. D'après cette résolution, les pouvoirs de l'Auditeur Général se bornaient à la vérification de nos comptes, et ne faisaient pas du Conseil du Trésor une cour d'appel pouvant juger les décisions de la Commission de régie interne.

En ce qui nous concerne, la décision de la Commission de régie interne au sujet du traitement de notre comptable, ne peut être renversée que par la Chambre des communes.

Votre dévoué,

ARTHUR BEAUCHESNE,

Greffier de la Chambre des communes.

L'Auditeur Général.

CONSEIL DE TRÉSOR, 7 novembre 1930.

MONSIEUR,—Le Conseil du Trésor a pris en considération votre lettre du 4 du mois dernier concernant le traitement de M. B. W. Sherwood, comptable de la Chambre des communes.

Sur l'ordre du Conseil du Trésor, votre lettre ainsi que la correspondance qui y était jointe, furent référées au Sous-ministre de la Justice qui répondit qu'à son avis, il n'y avait pas d'autorité légale pour payer à M. Sherwood un traitement excédent celui autorisé par la Commission.

Ci-inclus, pour votre gouverne, ampliation de la lettre de M. Edwards, en date du 29 octobre 1930, ainsi que sa lettre à M. Beauchesne et la réponse de ce dernier.

Votre dévoué,

WATSON SELLAR, *Secrétaire intérimaire.*

L'Auditeur Général.

MINISTÈRE DE LA JUSTICE, 29 octobre 1930.

MONSIEUR,—En réponse à votre lettre du 18 du courant au sujet du traitement de M. B. W. Sherwood, chef comptable de la Chambre des communes, je vous délivre, pour votre gouverne, ampliation d'une lettre que j'écrivis le 22 courant au Greffier de la Chambre des communes et de sa réponse, en date du 24 courant.

Par suite des vues exprimées dans cette lettre, je suis d'avis qu'il n'existe pas d'autorité légale permettant de payer à M. Sherwood, un traitement excédant celui autorisé par la Commission du Service Civil.

Votre dévoué,

W. STUART EDWARDS, *Sous-ministre de la Justice.*

Le Secrétaire intérimaire du Trésor.

MINISTÈRE DE LA JUSTICE, 22 octobre 1930.

Cher monsieur BEAUCHESNE,

Je viens de recevoir une lettre du Conseil du Trésor, en date du 18 courant, me demandant si je suis d'opinion qu'il existe une autorité légale permettant de payer, à M. B. W. Sherwood, comptable de la Chambre des communes, un traitement excédant celui autorisé par la Commission du Service Civil, à savoir, $2,700 l'an. A cette lettre était jointe ampliation de la correspondance échangée à ce sujet entre l'Auditeur Général et vous. Je remarque, en lisant ces lettres, que vous ne citez aucun Statut donnant pouvoir à la Commission de régie interne de la Chambre de passer outre aux dispositions de la Loi du Service Civil ou de rejeter les décisions de la Commission, relativement aux traitements des fonctionnaires de la Chambre des communes, et je ne puis absolument pas comprendre sur quel principe s'est basée la Commission de régie interne pour en arriver à la décision mentionnée dans votre lettre à l'Auditeur Général, en date du 15 septembre.

Vous ne désirez peut-être pas discuter cette question plus à fond, mais s'il existait, à votre connaissance, quelque disposition statutaire concernant le point que je vous ai mentionné, et si vous vouliez me le signaler avant que la question ne soit réglée je serai très heureux de la connaître.

Très sincèrement à vous,

W. STUART EDWARDS,

Sous-ministre de la Justice.

Le Greffier de la Chambre des communes.

CHAMBRE DES COMMUNES, 24 octobre 1930.

Cher M. EDWARDS,

J'ai reçu votre lettre du 22 du courant, et je vous suis très reconnaissant de me faire savoir que le Conseil du Trésor a écrit à votre Ministère pour lui demander de donner son opinion quant à la légalité de l'augmentation de traitement accordée à M. B. W. Sherwood, chef comptable de la Chambre des communes.

Je note que vous ne pouvez absolument pas comprendre sur quel principe se sont basés les membres de la Commission de régie interne de la Chambre pour en arriver à la décision mentionnée dans ma lettre à l'Auditeur Général en date du 15 septembre 1930; il ne m'est pas possible de mettre en question les décisions des membres de la Commission, dont conformément au règlement 86 de la Chambre il doit être fait un compte rendu aux Communes. Je ne prétends pas que la Commission puisse passer outre aux dispositions de la Loi du Service Civil, mais je prétends que s'ils outrepassent leurs pouvoirs ils ne sont pas justiciables du Conseil du Trésor, et qu'en vertu de l'article 18 de la Loi de la Chambre des communes, Chap. 145, S.R.C., les ordres qu'ils ont donnés sont définitifs, tant qu'ils n'ont pas été modifiés par eux ou, par la Chambre. Ils allèguent qu'en ce qui concerne la Chambre des communes ils sont le Conseil du Trésor, et que si l'Auditeur Général conteste un paiement fait par notre comptable, c'est eux et non le Conseil du Trésor qui doivent être saisis de la question. Il est de mon devoir de leur communiquer toute la correspondance que j'ai échangée avec M. Gonthier au sujet du traitement de notre comptable, et il est possible qu'ils puissent revenir sur leur décision; mais je ne crois pas qu'ils acceptent la théorie d'après laquelle il peut en être appelé au Conseil du Trésor relativement à leur décision.

Votre dévoué,

A. BEAUCHESNE. *Greffier.*

Le Sous-ministre de la Justice.

Remarque: Nonobstant l'attitude du Conseil du Trésor et le référé du ministère de la Justice, le chef-comptable a touché, en novembre, un traitement calculé sur un tarif supérieur à celui qu'autorise la loi. Il est fait rapport au Conseil du Trésor de la continuation du versement de cette augmentation de traitement non autorisée.

PRECIS OF CORRESPONDENCE

The following is a precis of the correspondence between the Auditor General and the various departments with regard to observations and objections made in the course of the audit of the accounts for 1929-30.

DEPARTMENT OF AGRICULTURE

Debts due the Crown Written Off

I asked the Department for an explanation of items which had been deducted from statements of sales of produce at the Central Experimental Farm and was informed that the amounts were considered uncollectible.

I subsequently drew the attention of the Department to the opinion of the Department of Justice that Parliament alone has the power to write off amounts due the Government.

No reply has been received to the last letter.—A.G.

DEPARTMENT OF INDIAN AFFAIRS

Horses given Indians free of Charge

On my requesting to be furnished with a list of any equipment, livestock, etc., which may have been supplied to Indians free of charge, the original cost of which had been met from Greater Production funds I was informed that the Indian Commisioner at Regina had presented Indians with seven horses which had been condemned as useless for working on the Greater Production Farm, as he thought they might be able to make some use of them for light work. I therefore informed the Deputy Superintendent General that this procedure was not in accordance with approved governmental practice.

These condemned horses should have been disposed of through the Government Contracts Supervision Committee.—A.G.

Cancellation of Debts due the Crown

I requested information as to the authority under which the Department cancelled debts amounting to $4,576.03 due the Department by the Indians of a certain band, and pointed out that no amount due the Crown should be written off without Parliamentary authority.

In reply the Deputy Superintendent General stated that under the circumstances he was issuing instructions that this amount should again be taken into account and a further effort made to collect.

INTERIOR DEPARTMENT

Employment of Temporary Official without Approval of the Civil Service Commission

I asked the authority under which a motion picture operator was temporarily employed without a certificate from the Civil Service Commission and was informed that as he was employed on the Arctic trip of the SS. *Beothic* it was considered that no certificate was necessary, as section 57 of the Civil Service Act exempts positions on any ship of His Majesty from the provisions of that Act.

In reply I stated that I did not consider the provisions of section 57 were applicable in this case, as the duties assigned, namely, those of moving picture operator and historian, were not of the nature of those contemplated in that section.

The Department subsequently agreed with my contention and stated that, in future, application would be made to the Commission for appointments of a similar nature but that as in the present case the employee was no longer in the service it would hardly be in order to ask the Commission for a certificate when they had not been consulted in the first instance.

In view of the Department's explanation no further action was taken.—A.G.

DEPARTMENT OF JUSTICE—PENITENTIARY BRANCH

Payment for Special Services without Authority of Council

I questioned the propriety of a payment of $4,700, without the authority of the Governor in Council, to a member of a Committee employed in connection with the purchase of properties for St. Vincent de Paul Penitentiary, being for 47 days special services at $100 per day, and pointed out that, as a means of controlling expenditures, it has always been the practice to obtain such authority for payment for special or expert services for which regular rates of remuneration have not been established.

No Order in Council has been obtained.—A.G.

Payment of Hospital and Medical Expenses incurred after discharge of Convict

The attention of the Superintendent of Penitentiaries was called to payments amounting to $723.40 on account of the hospital and medical expenses of a convict discharged from the British Columbia Penitentiary.

In reply to a request for an explanation of these payments I was informed that as a result of an accident in the Penitentiary the convict in question required hospitalization and medical attention after his discharge and as he had no funds of his own the expenses thus incurred were paid from the penitentiary appropriation and that this amount was included in Vote 355 of the Supplementary Estimates for 1929-30, but no special mention of this item was made therein.

I subsequently informed the Superintendent of Penitentiaries that I considered special expenditures of this nature should be approved by the Governor in Council.

No Order in Council has been obtained in this case.—A.G.

LABOUR DEPARTMENT

Payments for transportation not in accordance with provisions of Order in Council regarding travelling expenses

In reply to a request that the Department furnish me with details of payments to certain delegates attending the Annual International Labour Conference a Geneva, for transportation and sundry expenses, I was informed that usually delegates are allowed an amount not exceeding $500 for steamship fares, and that the balances of the payments represent rail fares in Canada and Europe and other travelling expenses.

I pointed out that while the Governor in Council had approved of a living allowance for each delegate no such approval for an allowance for steamship fares had been obtained and that the information supplied was not sufficient to allow of an adequate check being made of these expenditures. The Department replied that it was considered an allowance of $250 each way for ocean passage would be reasonable and would secure uniformity in the charges of the various delegates.

No satisfactory detailed accounts have been furnished me as yet. All payments not vouched in accordance with section 45, C.S. & A. Act should be authorized by the Governor in Council.—A.G.

Payments to Annuitants under Last Survivor Contracts

I questioned the Department as to its reasons for making payments under Last Survivor Annuity contracts by cheques made payable to the order of either annuitant instead of to their joint order, as called for by the contract, and was informed that this was done for the convenience of the annuitants, as in cases of illness either could negotiate the cheques.

On the question being submitted by the Department to the Department of Justice for an opinion I was sustained in my view that both contracts and cheques should be drawn jointly instead of separately.

As the practice of drawing cheques in favour of each annuitant was being continued notwithstanding the above opinion I again wrote to the Department who in reply referred me to a number of special cases and asked what method of payment I would advise for these and similar cases, pending an amendment to the Annuities Act, to which I replied that advice on such cases should be sought from the Justice Department.

No further communication on this subject has been received from the Department.—A.G.

Purchase of Automobile

A cheque for $3,924.25 was issued against the appropriation for Administration of The Employment Offices Co-ordination Act, being the price of a Cadillac car less an allowance of $1,800 for a used Willys-Knight car.

I advised the Department that I considered this purchase should be authorized by the Governor in Council, and pointed out that such authority had been obtained for the purchase of the first car in 1927, by Order in Council of March 3, 1927.

On the Department replying that in their opinion a further Order in Council was not necessary I drew their attention to the fact that the price of the new car, $5,724.25, exceeded the limit of $5,000 which the Order in Council of March 3, 1927, placed on the price of the car to be purchased in that year, and stated that, for that reason, I considered authority of Council should be obtained for the new purchase.

No Order in Council has yet been obtained.—A.G.

LEGISLATION—HOUSE OF COMMONS

Allowance to Speaker's Secretary paid in Advance

The annual allowance of $600 provided by Parliament was paid in full tc Mrs. D. Barbès, as secretary to the Speaker, on June 15, 1929. On my questioning the authority for paying this allowance in advance instead of in monthly instalments of $50, I was informed that the payment was made on instructions from the Speaker.

No further action was taken with regard to this matter.—A.G.

DEPARTMENT OF MARINE AND FISHERIES

Arrears of Wharfage Dues, Cheverie, N.S.

I directed the attention of the department to wharfage charges, amounting to $1,772.35, due by the Rock Plaster Company of New York, on gypsum shipped from the Cheverie wharf during the fiscal years 1926-27, 1927-28, and 1928-29, and asked why the amount in question had not been collected and brought to account.

The Department replied that as they had been unable to obtain settlement from the company the claim had been placed in the hands of the Department of Justice with instructions to take action for the recovery of the amount due and that as soon as a report had been received from that department it would be communicated to me.

Up to the time of the preparation of this report, the Marine Department had received no information on the matter from the Department of Justice.—A.G.

Cheques not numbered nor destroyed in accordance with Treasury Board Regulations

The attention of the Department of Marine and Fisheries was drawn to the fact that the cheques in use at the Marine Agencies were not numbered consecutively in print, commencing with No. 1 at the beginning of each fiscal year, as directed by Treasury Minute of June 13, 1903. I also inquired to what extent the direction of the Treasury Board " that all unused cheques be destroyed in the presence of two officers " was being observed. In reply the Department stated that all agents were being instructed to adhere strictly to the provisions of the Minute.

Purchase of Pneumatic Tools in excess of Authority

I directed the attention of the Department to payments to a certain firm, amounting to $18,307.50, for pneumatic tools and equipment for the Sorel Shipyards, although an Order in Council of May 4th, 1929, authorized an expenditure for this purpose " not in excess of $16,000."

The Department explained that only $16,415.28 of the amount in question was expended under the authority of the Order in Council in question, the balance being for ordinary maintenance of equipment already in use at the Shipyard, and added that, if considered necessary, authority would be sought for the excess expenditure of $415.28.

I subsequently informed the Department that I considered the authority of Council should be obtained for the excess expenditure.

No further Order in Council has as yet been received.—A.G.

Purchase of property without authority of Governor in Council

The attention of the Department was called to the prevailing practice of purchasing sites and rights of way for lighthouses without obtaining the approval of the Governor in Council. I pointed out that as the title in all real property is vested in the Crown and not in any one department, the approval of the Governor in Council should be obtained for all such purchases.

No reply has been received to my letter and I have referred the question to the Treasury Board.—A.G.

Purchase of Coal

Payments amounting to $47,306 and $98,811.53 having been made during the year to St. Lawrence Coaling Ltd., Three Rivers, and the St. Lawrence Coal Co., Ltd., Montreal, respectively, for steam coal, $20,536.75 of the latter amount being for purchases under contracts approved by Orders in Council of October 18th, 1928, and November 6th, 1929, I asked the Department if tenders had been invited for the supply of the balance of the coal in question and if so, if the contracts had been approved by the Governor in Council.

The Department replied that the contracts approved by the above Orders in Council were for the purchase of a special grade of coal required for delivery at Sorel for winter requirements, at a price in excess of that paid for the ordinary bunker quality. The other purchases were for bunker coal, which it is the practice to purchase as required, and as no individual purchase was in excess of $5,000, it was not considered necessary to ask the approval of Council.

The Department further stated that in 1928 tenders had been invited and a price arranged for bunker requirements at Montreal, Sorel and Three Rivers, and that, on account of the satisfactory services rendered by the contractors, the agreements were extended to the requirements for 1929-30 without inviting new tenders.

Repayment of Moneys withheld from Contractors

Upon receipt of an application for the payment of $32,700 to the Halifax Shipyards Limited, being a portion of an amount of $42,700 previously retained from instalments due on their contract for the construction of an ice-breaker for the Hudson Strait service, I asked the department why the deduction had been made in the first instance and if there had been any dispute between the contractors and employees as to the rates of wages paid.

In reply I was informed that while the Department was not aware that there had been any dispute with regard to the wages, the Department of Labour, on its own initiative, had entered into a discussion with the contractors as to the rates of wages paid certain classes of labour. The interpretation of the fair wage clause in the contract was then referred to the Department of Justice who expressed the opinion that this question must be decided by the Department of Marine. The latter, however, regarded it advisable to leave the final decision to the Department of Labour, withholding in the meantime 10 per cent of the instalments as they fell due. Subsequently, the amount withheld, $42,700, being considered excessive, was reduced to $10,000, and the payment of $32,700 was applied for.

In view of the above explanation the payment of $32,700 was approved. Pending a final decision by the Department of Labour the above amount of $10,000 is still withheld by the Department.—A.G.

Travelling Expenses of a Civil Service Commission Official paid from a Marine Department Vote

A payment was made from the vote for Meteorological Service to an official of the Civil Service Commission for travelling expenses.

I pointed out to the Department that, as the duties on which this official was engaged were similar to those indicated in section 4 of the Civil Service Act as pertaining to the Civil Service Commission, these expenses should have been paid from a vote under the administration of the Commission.

In reply the Department stated that while they agreed with my view of the matter, they had undertaken to pay the expenses, as the service was urgent and the Commission represented that they had no funds available.

The payment remained a charge against the Meteorological Service vote.—A.G.

DEPARTMENT OF NATIONAL DEFENCE

Advance of Pay to Warrant Officer

On confirmation in the position of Warrant Officer a quartermaster sergeant in the Air Force was given an advance of $120 on account of his pay, to enable him to settle arrears of pension abatements incurred while serving as Acting Warrant Officer.

The Department explained that this was the usual practice, as otherwise, a Warrant Officer would suffer serious hardship when, in order to avoid complications in the Pension Fund, he is required to pay, immediately on confirmation, all abatement arrears unavoidably incurred.

In reply I pointed out that such advances appear to be prohibited by Article 7 of the Pay and Allowance Regulations.

No reply has been received from the Department.—A.G.

Application for Transfer of Expenditure from 1930-31 to 1929-30

On April 30, 1930, I received an application from the Department requesting a transfer to the 1929-30 appropriation for Non-Permanent Active Militia, of an amount of $1,045 paid in April, 1930, from the corresponding appropriation for 1930-31. I declined to approve the application on the grounds that the appropriation for 1929-30 had lapsed on March 31, and that, consequently the expenditure in question must remain a charge on the appropriation for 1930-31.

The refusal to approve this transfer was based on the provisions of section 49 of the Consolidated Revenue and Audit Act and was concurred in by the Department of Finance.—A.G.

DEPARTMENT OF NATIONAL REVENUE

Lease of Property not Authorized by Governor in Council

I inquired whether the approval of the Governor in Council had been obtained for a payment of $1,038.63 to the Robins Agency, Ltd., of Toronto, for the rental of offices for the period from December 2, 1929, to January 31, 1930, and pointed out that it was the established practice for leases of private property for Government purposes to be effected by the Department of Public Works and paid from that department's appropriation for Rent of Public Buildings.

In reply I was informed that additional space at Toronto was urgently needed during the Christmas season by the Department of National Revenue and that the Department of Public Works was requested to provide the required accommodation but was unable to do so within the limited time available. It was therefore arranged that the rental to January 31 would be paid by the Department of National Revenue and that the Department of Public Works would obtain the approval of the Governor in Council to the lease and assume responsibility for payments of rental from February 1.

The necessary Order in Council was subsequently obtained by the Department of Public Works.—A.G.

Payment to Owners of Steamship not in accordance with Agreement

In 1926 an agreement was entered into by the Department with the Margaree Steamship Co., Ltd., for the chartering of the steamship *Constance* for use in the Preventive Service, at the rate of $3,350 a month, subject to the condition that if from any cause the vessel was unable for a period of twenty-four hours or over to perform the services contemplated the current monthly payment would be subject to a *pro rata* deduction for such period.

In July, 1929, a deduction of $1,458 was made from the monthly payment on account of the vessel having been out of commission while undergoing annual inspection and overhaul and, subsequently, I was asked by the Department if the amount of this deduction might be paid the owners.

In reply I stated that the deduction appeared to be in accordance with the stipulation in the agreement and that, consequently, I did not consider the amount should be paid.

A supplementary agreement was subsequently entered into providing that no deduction should be made for any period that the vessel was out of commission, during the charter year 1929, on account of inspection and repairs consequent thereto, and the amount of the deduction was paid to the owners.—A.G.

Salary of Chauffeur

The attention of the Department was called to the absence of the approval of the Governor in Council to the salary rate of $1,800 per annum paid a chauffeur in the Preventive Service from April 1, 1928.

I pointed out that the position of chauffeur had been excluded from the operation of the Civil Service Act, the rate of pay to be such as might be approved by the Governor in Council, and that an Order in Council of October 21, 1926, fixed the maximum rate of pay to a civilian chauffeur at $1,620 per annum.

The approval of the Governor in Council to a salary rate of $1,800 in this case was subsequently obtained, effective from December 1, 1929.

There appears to be no authority for the higher rate of pay between April 1, 1928 and December 1, 1929.—A.G.

PUBLIC PRINTING AND STATIONERY DEPARTMENT

Purchase of Machinery without Authority of Council

On my asking if the authority of the Governor in Council had been obtained for the purchase of a Dexter Folder, at an approximate cost of $8,000, the Department replied that such authority had not been obtained and requested to be informed as to any regulation requiring the approval of Council to such purchases.

I then pointed out that previous purchases of a like nature had either been authorized or approved by Council and stated that I considered it necessary to know the reason for departing from the established practice.

In reply the Department stated that the omission of an Order in Council in this case was accidental, but that in the absence of any evidence of a definite regulation requiring the authority of the Governor in Council for making purchases of this nature, the continuance of the practice of obtaining such authority will depend on the Minister's desire.

As a means of control I consider it advisable that the authorization should be obtained.—A.G.

DEPARTMENT OF PUBLIC WORKS

Insurance on "Canada House," London

I drew the attention of the Department to payments, amounting to £100 8s. 9d., of premiums for insurance on " Canada House ", London, and referred them to a recent decision of the Treasury Board to the effect that no insurance should be effected on Government property wherever situated. The Department replied that in view of this decision of the Board the carrying of insurance on " Canada House " would be discontinued.

DEPARTMENT OF TRADE AND COMMERCE

Disposal of Surplus Grain in Public Terminal Elevators

I inquired of the Department if an amount of $14,465.02 due the government on account of grain overages for the crop year 1927-28 had been collected and, if so, had been applied, under direction of the Governor in Council, towards the cost of the administration of the Canada Grain Act in accordance with subsection 6 of section 87 of that Act.

The Department informed me, under date of June 10, 1930, that the amount in question had been collected by the Board of Grain Commissioners and deposited to their credit in a bank at Fort William and that, in June, 1929, a recommendation regarding its disposal was forwarded to Council but that no definite action in the matter had, as yet, been taken by the Treasury Board.

Employment of Clerical Staff, Exhibition Branch, London, Eng.

It has been the practice of the Department to employ certain clerical assistance in the Exhibition Branch at London, England, under section 39 (2) of the Civil Service Act, which permits the responsible officer of a department to engage the necessary employees for a period of ninety days without the approval of the Civil Service Commission.

I directed the attention of the Department to the fact that this section of the Act could not be applied in these cases as the positions to which the employees in question were appointed had been exempted from the operation of the Civil Service Act by Order in Council of January 31, 1922 (P.C. 8/200), which provides that such appointments shall be made by the Governor in Council on the recommendation of the department. I further stated that until such authority had been obtained the employment of the clerks in question and of all others occupying similar positions outside of Canada is irregular.

The Department replied that the holding up of appointments until the necessary authority could be obtained from Council would result in serious delay in the work and considerable loss to the Department, and suggested that they be permitted to engage the help and obtain the necessary authority subsequently, whereupon I informed the Department that I considered all requirements would be met if the necessary authority of Council was available when the paylists were submitted to this office for audit.

Modifications in original contract agreed to by contractor and approved by Council

Certain contracts, amounting to $51,448.10, in connection with the re-organization of the Board of Grain Commissioners' Grain Research Laboratory at Winnipeg were authorized by the Governor in Council, but the Department, in carrying out the works, modified the terms of the contracts.

Upon receipt from the Department of an application for a cheque in favour of one of the contractors, in final settlement, I directed its attention to the fact that the total amount to be paid the contractor was $2,932.90 less than the amount of the approved contract and that any change in a contract authorized by Council should be approved by the same authority; and also that I considered that the contractor should in each case give his written consent to any change.

Upon the Department furnishing me with a certified copy of a letter from the contractor stating that the proposed payment would fully satisfy his claim, I passed the application, but as the supervising architects stated that they considered they might use their own discretion in making changes in the contract work so long as the total authorization of $51,448.10 was not exceeded, I informed the Department that I would be unable to authorize payment to any contractor of any sum in excess of the amount of his original contract.

The approval of Council to the revised contracts was subsequently obtained.—A.G.

Vouchers for Taxicab Hire by Trade Commissioner

Monthly charges were included in the expense accounts of the Canadian Trade Commissioner at Chicago, for taxicab transportation, on official business. As no details were given I asked to be informed if these payments were of the nature of an allowance and, if so, under what authority they were made.

The Department replied that the payments were approved of, not as allowances but as a "natural outlay" for taxis, and pointed out the difficulties encountered in opening an office in a large centre and the impracticability of obtaining vouchers from taxicab drivers. They further stated that if it were considered advisable authority would be sought for a monthly allowance to cover all taxi hire.

Since the above correspondence I have received detailed monthly statements, certified by the Trade Commissioner as required by section 45 of the C.S. and A. Act.—A.G.

PRÉCIS DE CORRESPONDANCE

Ce précis est un résumé de la correspondance échangée entre l'Auditeur Général et les Ministères relativement aux observations et objections auxquelles donna lieu la vérification des comptes de 1929-30

DÉPARTEMENT DES AFFAIRES INDIENNES

Annulation de dettes dues à la Couronne

Je demandai au Département en vertu de quelle autorité il annulait une somme de $4,576.03, lui étant due par une des bandes d'Indiens. Je lui fis remarquer qu'aucun montant dû à la Couronne ne pouvait être annulé sans l'autorisation du Parlement.

Le Surintendant général adjoint me répondit que, s'il en était ainsi, il donnait ordre de reporter en compte ce montant et que de nouvelles tentatives seraient faites pour l'encaisser.

Chevaux donnés à des Indiens

A ma demande d'une liste du matériel, bétail, etc., originairement payés à même les fonds du Compte pour l'intensification de la production, et qui dans la suite auraient pu être donnés à des Indiens, je fus informé que le Commissaire des Indiens, de Regina, les pensant à même de pouvoir faire encore un léger service, avait donné à des Indiens sept chevaux réformés provenant de la ferme pour l'intensification de la production. J'informai alors le Surintendant général adjoint que cette façon de procéder n'était pas conforme à la pratique adoptée par le Gouvernement.

Ces chevaux réformés auraient dû être vendus par l'entremise du Comité de surveillance des contrats du Gouvernement.—A.G.

MINISTÈRE DE L'AGRICULTURE

Annulation de dettes dues à la Couronne

Ayant demandé au Ministère de m'expliquer pour quels motifs il avait rayé certaines sommes figurant dans l'état des ventes des produits de la ferme expérimentale centrale, il me répondit qu'il les considérait comme irrécouvrables.

Je lui fis remarquer dans la suite que, d'après une opinion émise par le Ministère de la Justice, le Parlement seul avait le droit d'annuler des sommes dues au Gouvernement.

Cette dernière lettre est restée sans réponse.—A.G.

MINISTÈRE DU COMMERCE

Agent commercial n'ayant pas fourni de reçus pour la location de taxis-autos

Le compte de dépenses de l'agent commercial du Canada à Chicago mentionnait des paiements mensuels pour des taxis-autos pris pour affaires de service. Aucun détail n'étant donné je m'enquis si ces dépenses étaient payées à même une allocation, et en ce cas qui l'avait autorisée.

Le Ministère me répondit que ces paiements étaient approuvés, non comme allocation, mais comme " déboursés ordinaires " pour la location de taxis-autos; il me fit remarquer les difficultés que présente l'ouverture d'un bureau dans une grande ville et l'impossibilité d'obtenir des reçus des chauffeurs; mais s'il était nécessaire, il obtiendrait une allocation mensuelle pour couvrir tous les frais de taxis-autos.

J'ai reçu depuis des états détaillés mensuels, certifiés par l'agent commercial, comme le demande l'article 45 de la loi du Revenu consolidé et de la Vérification. — A.G.

Emplois de commis aux écritures, Bureau de l'Exposition, Londres

Le Ministère avait coutume de nommer des commis auxiliaires aux écritures des bureaux de l'exposition, à Londres, en se basant sur les dispositions de l'article 39 (2) de la Loi du Service Civil, autorisant le fonctionnaire responsable d'un Ministère de nommer, pour une période de 90 jours, les auxiliaires lui étant nécessaires sans l'assentiment du Service Civil.

J'attirai l'attention du Ministère sur ce qu'un arrêté en Conseil du 31 janvier 1922 (C.P. 8/200), avait exclu ces positions de la Loi du Service Civil, et avait décidé que les titulaires en seraient nommés par le Gouverneur en son Conseil sur la recommandation du Ministère. J'ajoutai que tant que cette autorisation n'aurait pas été obtenue les nominations de ces employés, comme de tous ceux occupant des positions analogues à l'étranger, seraient irrégulières.

Le Ministère me répondit que si l'on attendait d'avoir obtenu l'autorisation nécessaire pour faire ces nominations, il en résulterait un retard préjudiciable dans l'exécution des travaux et, pour lui une perte considérable, il proposait qu'il lui fut permis de faire d'abord les nominations et d'obtenir ensuite l'autorisation. Je répondis que, à mon avis, toutes les conditions seraient remplies si l'on obtenait l'autorisation du Conseil avant que les bordereaux de paie ne soient transmis à ce Bureau pour vérification.

Modifications à des contrats acceptés par l'entrepreneur et autorisés par arrêté en Conseil

Des contrats concernant la réorganisation du laboratoire des recherches de la Commission des grains, à Winnipeg, s'élevant à $51,448.10, furent approuvés par le Gouverneur en son Conseil mais au cours de l'exécution des travaux le Ministère modifia les termes du contrat.

Le Ministère m'ayant demandé d'approuver un chèque, représentant ie montant du dernier versement à faire à l'un des entrepreneurs, je lui fis remarquer que le montant total payé à cet entrepreneur était inférieur de $2,932.90 à celui approuvé et que toute modification apportée dans un contrat, approuvé par arrêté en Conseil, devait être autorisée par la même autorité; j'ajoutai que toute modification devait, à mon avis, être approuvée par écrit par l'entrepreneur.

Le Ministère m'ayant délivré ampliation d'une lettre de l'entrepreneur acceptant le montant proposé en règlement final, j'approuvai la demande, mais comme les architectes chargés de la direction des travaux croyaient qu'ils pourraient, à leur gré, apporter des modifications au programme projeté, pourvu qu'ils ne dépassent pas les $51,448.10 prévus, je prévins le Ministère qu'il ne me serait pas possible d'autoriser que l'on paie à l'un des entrepreneurs un montant supérieur à celui indiqué dans son contrat.

Un arrêté en Conseil autorisa dans la suite les modifications apportées au contrat. — A.G.

Vente des grains en surplus dans les élévateurs des terminus

Je demandai au Ministère si une somme de $14,465.02, provenant de la vente des grains en surplus dans les élévateurs des terminus avait été perçue et, en ce cas si, conformément à un arrêté du Gouverneur en son Conseil, on l'avait employée à défrayer les dépenses résultant de l'application de la Loi sur les grains du Canada, tel que prévu à l'alinéa 6 de l'article 87 de ladite Loi.

Le 10 juin 1930, le Ministère m'informait que les Commissaires des grains avaient touché cette somme et l'avaient déposée à leur crédit dans une banque de Fort-William. Il ajoutait que, en juin 1929, des recommandations avaient été faites au Conseil relativement à son emploi, mais que le Conseil du Trésor n'avait encore pris aucune décision à ce sujet.

MINISTÈRE DE LA DÉFENSE NATIONALE

Avance sur la solde d'un sous-officier

Un fourrier de l'aviation, nommé à titre définitif au grade de sous-officier, reçut sur sa solde une avance de $120 pour lui permettre de verser des retenues de pension arriérées, pour le temps de service où il fit fonction de sous-officier.

Le Ministère m'expliqua que c'était la façon ordinaire de procéder dans de tels cas, sans cela un sous-officier serait exposé à de sérieux désagréments, quand pour éviter des complications dans les comptes du fonds de pension il est tenu de payer immédiatement tous les abattements échus qui ne peuvent être évités.

Je fis remarquer, dans ma réponse, que ces avances paraissaient être interdites par les dispositions de l'article 7 des règlements sur la solde et les allocations.

Le Ministère a donné des instructions à tous les officiers commandant de districts, que la coutume de faire des avances de solde dans des cas semblables ne soit pas continuée. — A.G.

Demande de virer des dépenses de 1930-31 à 1929-30

Le 30 avril 1930, le Ministère de la Défense nationale me demandait l'autorisation de virer au crédit " Milice active non permanente " une somme de $1,045, payée en avril 1930 à même le crédit correspondant de 1930-31. Je refusai d'accorder cette demande, les crédits de 1929-30 étant périmés depuis le 31 mars, et les dépenses en question devant par suite rester chargées au crédit de 1930-31.

Le Ministère des Finances a été d'accord avec ce refus d'approuver ce virement, basé sur les dispositions de l'article 49 de la Loi du Revenu consolidé et de la Vérification.—A.G.

IMPRIMERIE ET PAPETERIE DE L'ÉTAT

Achat d'une machine, non autorisé par arrêté en Conseil

Ayant demandé au Département s'il avait obtenu l'autorisation du Gouverneur en son Conseil, pour acheter un plioir Dexter, il me répondit qu'il n'avait pas obtenu cette autorisation et demanda s'il existait des règlements prescrivant de l'obtenir pour de tels achats.

Je fis remarquer que les achats analogues faits précédemment ayant été ou autorisés ou approuvés par le Gouverneur en son Conseil, je jugeais nécessaire de connaître les motifs pour lesquels cette coutume avait été discontinuée.

Le Ministère me répondit que dans le cas actuel c'était un oubli, mais qu'en l'absence de tout règlement formel prescrivant d'obtenir l'autorisation du Gouverneur en son Conseil pour des achats de cette nature, la coutume d'obtenir l'autorisation du Gouverneur en son Conseil ne serait continuée que si tel était le désir du Ministre.

Comme moyen de contrôle, je suis d'avis qu'il serait utile de demander l'autorisation du Conseil.—A.G.

MINISTÈRE DE L'INTÉRIEUR

Fonctionnaire temporaire employé sans l'autorisation de la Commission du Service Civil

Ayant demandé, en vertu de quelle autorité un opérateur de cinématographe avait été employé sans certificat de la Commission du Service Civil, il me fut répondu que comme il avait été nommé pour faire partie de l'expédition arctique du S.S. *Beothic* il n'avait pas été jugé nécessaire de demander un certificat, l'article 57 de la loi du Service Civil exemptant des dispositions de cette loi toute position sur un navire de Sa Majesté.

Je répondis, qu'à mon avis, les dispositions de l'article 57 ne s'appliquaient pas à ce cas, car ayant été employé en qualité d'opérateur de cinématographe et d'historiographe, ses fonctions n'étaient pas de celles visées par cet article.

Le Ministère, dans la suite, reconnut le bien fondé de mon objection et m'assura, qu'à l'avenir, il s'adresserait à la Commission pour des nominations analogues, mais, comme dans le cas présent le fonctionnaire ne faisait plus partie du service, il serait difficile de demander un certificat à la Commission quand elle n'avait pas été consultée en premier lieu.

A la suite de cette explication je ne fis pas de nouvelles objections.—A.G.

MINISTÈRE DE LA JUSTICE — PÉNITENCIERS

Frais médicaux et d'hôpital postérieurs à la libération d'un prisonnier, payés par le Ministère

J'attirai l'attention du Surintendant des pénitenciers sur ce que des frais médicaux et d'hôpital, postérieurs à la libération d'un détenu du pénitencier de la Colombie-Britannique, avaient été payés par le Département.

Il me fut répondu que ces dépenses étaient la conséquence d'un accident dont le prisonnier avait été victime au pénitencier. A sa libération, se trouvant sans argent, comme son état nécessitait un séjour à l'hôpital et les soins d'un médecin, ces dépenses furent payées sur le crédit du pénitencier; ce montant avait été prévu dans le crédit 355 du budget supplémentaire de 1929-30, bien qu'il n'en fût pas fait spécialement mention.

Je prévins dans la suite le Surintendant des pénitenciers, qu'à mon avis, des dépenses de cette nature devraient être approuvées par arrêté en Conseil.

Il ne m'a pas été transmis d'arrêté en Conseil au sujet de ce paiement.—A.G.

Paiement pour services spéciaux non autorisé par arrêté en Conseil

Un membre de la Commission chargée de l'achat des terrains pour le pénitencier de Saint-Vincent de Paul, ayant touché $4,700, représentant 47 journées à $100 par jour, sans que le Gouverneur en son Conseil ait autorisé ce paiement, je fis remarquer qu'il avait toujours été d'usage, comme moyen de contrôle sur de telles dépenses, d'obtenir l'autorisation du Conseil quand des paiements, pour des services spéciaux ou d'experts différaient du taux courant.

Il ne m'a pas été transmis d'arrêté en Conseil.—A.G.

LÉGISLATION — CHAMBRE DES COMMUNES

Paiement anticipé à la secrétaire du Président de la Chambre des Communes

Le 15 juin 1929, l'allocation annuelle de $600 accordée par le Parlement fut payé en totalité à Mme D. Barbès en sa qualité de secrétaire du Président de la Chambre. Ayant demandé en vertu de quelle autorité ce paiement avait été fait en une fois, au lieu de l'être par mensualités de $50, il me fut répondu que c'était à la demande du Président de la Chambre.

Aucune action n'a encore été prise à ce sujet.—A.G.

MINISTÈRE DE LA MARINE ET DES PÊCHERIES

Achat de machines pneumatiques pour un montant supérieur à celui autorisé

J'attirai l'attention du Ministère sur ce qu'une certaine firme, pour des achats de machines pneumatiques et de matériel destinés aux chantiers maritimes de Sorel, avait touché $18,307.50, quoique l'arrêté en Conseil du 4 mai 1929, autorisant ces achats, ait spécifié qu'ils ne devaient pas dépasser $16,000.00.

Le Ministère m'expliqua que sur ce montant, $16,415.28 avaient été dépensés en vertu de l'arrêté en Conseil, la balance représentant les frais d'entretien du matériel déjà en service dans les chantiers. Il ajoutait que, si je le jugeais nécessaire, il obtiendrait l'autorisation pour le dépassement de $415.28.

Dans la suite, j'informai le Ministère que je pensais que le dépassement devrait être autorisé par arrêté en Conseil.

Cet arrêté en Conseil n'a pas encore été reçu.—A.G.

Achat de terrains sans l'autorisation du Gouverneur en son Conseil

Je fis remarquer au Ministère qu'il achetait habituellement des terrains pour la construction des phares sans obtenir l'autorisation du Gouverneur en son Conseil. Tous les biens-fonds étant propriété de la Couronne et non d'un Ministère, ces achats ne peuvent se faire qu'après avoir été approuvés par le Gouverneur en son Conseil.

Ma lettre est restée sans réponse, et j'ai soumis le cas au Conseil du Trésor.—A.G.

Achats de charbon

Des paiements s'élevant respectivement à $47,306 et $98,811.33 furent faits pendant l'année à la "St. Lawrence Coaling Ltd.", à Trois-Rivières, et à la "St. Lawrence Coal Co. Ltd.", Montréal, pour des achats de charbon de soute. Sur le dernier de ces montants, $20,536.75 représentaient des achats faits conformément à des marchés approuvés par des arrêtés en Conseil en date des 18 octobre 1928 et 6 novembre 1929. Je demandai au Ministère si des soumissions avaient été provoquées pour la fourniture de la balance du charbon en question, et, en ce cas, si les marchés avaient été approuvés par le Gouverneur en son Conseil.

Le Ministère me répondit que les marchés approuvés par les arrêtés en Conseil ci-dessus concernant l'achat d'une qualité spéciale de charbon, d'un prix supérieur au prix courant des charbons de soute, devant être livrée à Sorel pour les besoins de l'hiver. Les autres marchés étant pour du charbon de soute ordinaire, acheté habituellement au fur et à mesure des besoins, il n'avait pas été jugé nécessaire de demander l'autorisation du Conseil, aucun de ces achats n'étant supérieur à $5,000.

Le Ministère ajoutait, qu'en 1928, des soumissions avaient été provoquées et un prix convenu pour les charbons de soute à livrer à Trois-Rivières, Sorel et Montréal, et que, les marchés avaient été renouvelés pour 1929-30, sans provoquer de nouvelles soumissions, les soumissionnaires ayant rempli fidèlement les conditions des marchés.

Chèques n'étant ni numérotés ni détruits conformément aux règlements du Conseil du Trésor

J'attirai l'attention du Ministère de la Marine sur ce que, au début de chaque année financière, les chèques dont se servaient les bureaux de l'extérieur de la Marine n'étaient pas numérotés à partir de 1 par l'Imprimerie comme le stipule la minute du Conseil du Trésor du 13 juin 1903. Je demandai également si l'on observait le règlement du Conseil du Trésor stipulant " que tous les chèques non employés doivent être détruits en présence de deux fonctionnaires ". Le Ministère me répondit que ses agents avaient reçu ordre de se conformer strictement aux dispositions de cette minute.

Droits de quai impayés—Cheverie (N.-E.)

Je demandai au Ministère de la Marine les motifs l'ayant empêché d'encaisser et de porter en compte une somme de $1,772.25, due par la "Rock Plaster Company ", de New-York, pour du quayage sur du gypse, embarqué à Cheverie durant les années financières 1926-27, 1927-28 et 1928-29.

Le Ministère me répondit que n'ayant pu en arriver à un règlement avec cette compagnie, il avait remis l'affaire entre les mains du Ministère de la Justice lui demandant d'intenter des poursuites pour le recouvrement de cette somme et qu'aussitôt que ce Ministère aurait fait un rapport à ce sujet il me serait communiqué.

Au moment de la préparation de mon rapport le Ministère n'avait encore reçu aucune information du Ministère de la Justice. — *A.G.*

Frais de voyage d'un fonctionnaire de la Commission du Service Civil payés à même un crédit du Ministère de la Marine

Les frais de voyage d'un fonctionnaire de la Commission du Service Civil furent payés à même le crédit " Service météorologique ".

Je fis remarquer au Ministère que les devoirs dont avait eu à s'acquitter ce fonctionnaire étant analogues à ceux prévus dans l'article 4 de la Loi du Service Civil, ressortissaient à la Commission du Service Civil, les dépenses auraient dû être imputées au crédit de cette Commission.

Le Ministère me répondit que, quoiqu'il partageât mon point de vue, il avait décidé de payer ces dépenses, la Commission disant ne pas avoir de fonds disponibles, et les services de ce fonctionnaire étant urgents.

Le paiement est toujours chargé au crédit " Service météorologique ". — *A.G.*

Remboursement de retenues faites à des entrepreneurs

Ayant reçu une demande pour approuver, en faveur de la " Halifax Shipyards " un paiement de $32,700, représentant une portion des $42,700 retenus sur les versements faits à cette firme, pour la construction d'un brise-glace pour le détroit d'Hudson, je demandai au Ministère la raison de ces retenues et si les salaires payés avaient été cause de différends entre les entrepreneurs et les ouvriers.

Le Ministère me répondit que bien qu'il n'ait pas eu connaissance que les salaires payés aient été cause d'un différend, le Ministère du Travail, de sa propre initiative, avait engagé des pourparlers avec les entrepreneurs relativement aux salaires de certaines classes d'ouvriers. Le Ministère de la Justice ayant été chargé d'interpréter la clause du contrat concernant les salaires équitables, il fut d'avis de laisser le Ministère de la Marine juge de cette question. Ce dernier tout en jugeant à propos de laisser le Ministère du Travail prendre une décision définitive fit une retenue de 10 pour cent sur chacun des paiements faits à la Compagnie. Les retenues étant dans la suite montées à $42,700, et cette somme ayant été jugée trop élevée, fut ramenée à $10,000 et une demande faite pour payer $32,700.

A la suite de cette explication j'approuvai le paiement de $32,700 et la somme de $10,000 est toujours retenue en attendant la décision du Ministère du Travail. — A.G.

MINISTÈRE DU REVENU NATIONAL

Gages d'un chauffeur

J'attirai l'attention du Ministère sur ce que l'autorisation du Gouverneur en son Conseil n'avait pas été obtenue pour payer à un chauffeur du service de surveillance, à dater du 1er avril 1928, à raison de $1,800 par an.

Je faisais remarquer que la position de chauffeur ne relevant pas de la Loi du Service Civil, le montant des gages devait être approuvé par le Gouverneur en son Conseil, et en outre, un arrêté en Conseil du 21 octobre 1926 fixait à $1,260 les gages maximum d'un chauffeur civil.

L'approbation du Gouverneur en son Conseil pour payer dans ce cas, des gages de $1,800, à dater du 1er décembre 1929 fut obtenue dans la suite.

A ma connaissance aucune autorisation n'a été obtenue pour payer des gages plus élevés entre le 1er avril 1928 et le 1er décembre 1929.—A.G.

Paiement projeté à des armateurs, contrairement aux clauses du contrat

En 1926, une convention fut conclue entre le Ministère et la "Margaree Steamship Co. Ltd.", pour l'affrètement du navire à vapeur *Constance,* moyennant un prix mensuel de $3,350, sous condition que, pour quelque raison que ce soit, si le navire était immobilisé pour vingt-quatre heures, ou plus, le prix convenu serait réduit d'un montant proportionnel à la durée de l'indisponibilité.

En juillet 1929, une déduction de $1,458 fut faite sur le paiement du mois, le navire ayant été indisponible pendant l'inspection annuelle et les remaniements en résultant. Dans la suite le Ministère me demanda si le montant déduit pourrait être payé aux armateurs.

Dans ma réponse je disais au Ministère que la déduction paraissant être conforme aux clauses de la convention, je ne croyais pas que ce montant pût être payé.

Une convention additionnelle, conclue dans la suite, stipulait qu'aucune déduction ne pourrait être faite pour toute période de désarmement du navire en 1929, occasionnée par l'inspection ou les réparations en résultant et le montant déduit fut versé aux armateurs.—A.G.

Propriété louée sans autorisation du Gouverneur en son Conseil

Je m'informai si l'autorisation du Gouverneur en son Conseil avait été obtenue pour payer à la " Robins Agency Limited ", Toronto, une somme de $1,038.63 pour location de bureaux, du 2 décembre 1929 au 31 janvier 1930. Je faisais remarquer que, d'après l'usage établi, les propriétés particulières louées pour le Gouvernement doivent l'être par l'entremise des Travaux publics et les loyers payées à même les crédits de ce Ministère "Edifices publics: Loyers, etc.".

Le Ministère me répondit que pour Noël, ayant eu un besoin urgent de bureaux additionnels, il s'était adressé au Ministère des Travaux publics, mais celui-ci avait été dans l'impossibilité de les lui procurer en temps voulu. Il fut alors convenu que la location serait payée par le Ministère du Revenu national jusqu'au 31 janvier 1930, les Travaux publics devant obtenir l'approbation du Gouverneur en son Conseil pour cette location et se charger ensuite du paiement du loyer à partir du 1er février.

Le Ministère des Travaux publics a, dans la suite, obtenu l'arrêté en Conseil nécessaire. — A.G.

MINISTÈRE DU TRAVAIL

Achat d'une automobile

Un chèque de $3,924.25 représentant le prix d'achat d'un Cadillac, déduction faite des $1,800 alloués pour un Willis-Knight usagé, fut imputé au crédit "Loi de coordination des bureaux de placement".

J'informai le Ministère qu'à mon avis cet achat aurait dû être autorisé par arrêté en Conseil, et lui fis remarquer qu'en 1927 l'achat de la première voiture avait été autorisé par un arrêté en Conseil du 3 mars 1927.

Le Ministère m'ayant répondu qu'il était d'avis qu'un deuxième arrêté en Conseil n'était pas nécessaire, je lui fis remarquer que le coût de la nouvelle voiture était de $5,724.25, et dépassait le prix limite de $5,000 fixé par l'arrêté en Conseil du 3 mars 1927, et pour cette raison je jugeais un arrêté en Conseil nécessaire.

Un arrêté en Conseil n'a pas encore été passé.—A.G.

Frais de voyages payés contrairement aux dispositions de l'arrêté en Conseil relatif à ces frais

Ayant demandé au Ministère de me transmettre les pièces justificatives de dépenses concernant le paiement des frais de voyages, ou autres, de certains des délégués à la Conférence internationale annuelle du travail, à Genève, il m'informa qu'habituellement on allouait aux délégués une somme ne dépassant pas $500 pour leurs frais de traversée et que la balance des dépenses en question était représentée par le prix des billets de chemin de fer, au Canada et en Europe, et autres dépenses de voyage.

Je fis remarquer au Ministère que, si le Gouverneur en son Conseil avait autorisé de payer à chacun des délégués une indemnité de séjour, il n'avait autorisé le paiement d'aucuns frais de traversée et, en outre, les pièces fournies étaient insuffisantes pour permettre un contrôle adéquat de ces dépenses. Le Ministère me répondit qu'il jugeait que la somme de $250 allouée pour chacune des traversées, aller et retour, était raisonnable et rendait uniforme les dépenses de chacun des délégués.

Je n'ai pas encore reçu de compte détaillé de ces dépenses, et tous les paiements qui ne sont pas justifiés conformément aux dispositions de l'article 45 de la loi du Revenu consolidé et de la Vérification doivent être autorisés par le Gouverneur en son Conseil. — A.G.

Rentes viagères payées pour des contrats en faveur du dernier survivant

Je demandai au Ministère pour quelles raisons les paiements de rentes viagères en vertu de contrats en faveur du dernier survivant étaient faits par chèques payables à l'un ou l'autre des retraités au lieu de l'être au nom des deux époux comme le demande une des clauses du contrat. Il me fut répondu que c'était pour la commodité des retraités, afin qu'en cas de maladie l'un des deux puisse négocier le chèque.

Le Ministère ayant demandé l'opinion du Ministère de la Justice, celui-ci partagea mon point de vue que, contrats et chèques, devaient être rédigés conjointement au lieu de séparément.

La pratique d'émettre des chèques payables à l'un ou l'autre des retraités ayant été continuée, malgré l'opinion ci-dessus, j'écrivis de nouveau au Ministère qui, en me répondant me signala des cas spéciaux, et me demanda en attendant que des modifications soient apportées à la Loi, le mode de paiement que je conseillerais dans des cas semblables. Je lui répondis que dans ces cas il devait demander l'opinion du Ministère de la Justice.

Le Ministère n'a envoyé aucune autre communication à ce sujet.—A.G.

Assurance du "Canada House" Londres

Je fis remarquer au Ministère que des primes d'assurance s'élevant à £100.8.9 avaient été payées pour le "Canada House", Londres, bien que d'après une décision récente du Conseil du Trésor aucune des propriétés du Gouvernement, en quelque lieu qu'elles soient situées, ne doivent être assurées. Le Ministère me répondit qu'il se conformerait à cette décision et que l'assurance du "Canada House" serait discontinuée.
